**3. Committee:** Passed both houses

**4. Title:** Community schools; establishment, community programs.

**5. Summary:** Requires the Department of Education to establish an interagency task force composed of state and local agencies and entities in the areas of early childhood development, health, social services, community engagement, family engagement, higher education, communities in schools, and workforce development for the purpose of developing a program for the establishment of community schools whereby public elementary and secondary schools serve as centers for the provision of such community programs and services to students and their families as may be necessary on the basis of the unique needs of the student population to be served. The bill requires such program to include a process by which school boards and community partnerships may apply to the Department of Education to designate an elementary or secondary school in the local school division as a community school. The bill requires the Department of Education, in implementing these provisions, to adhere to its recommendations as published in the Virginia Community School Framework in October 2019, subject to any further research, development, modification of, or addition to such recommendations by the Department.

**6. Budget Amendment Necessary:** Yes, Item 137.

**7. Fiscal Impact Estimates:** Final. See Item 8.

**8. Fiscal Implications:** The Department of Education (DOE) estimates an additional state cost of \$55,075 in FY 2021 and \$45,075 in FY 2022 and outgoing years to implement the provisions of this bill. DOE will need additional staff to support the program and grant management requirements of this bill. This estimate reflects 0.25 of a full-time-equivalent pay band five position with \$30,075 for salary and benefits and \$10,000 to support technology, travel, and professional development costs. Additionally, DOE will need to convene stakeholder meetings at an estimated cost of \$2,500 per meeting with six meetings in the first year (\$15,000) and two meetings in each outgoing year (\$5,000).

The additional state cost for the community school planning grants cannot be determined, as any cost is dependent on the amount of funding appropriated by the General Assembly for this program.

Any fiscal impact to local school divisions is indeterminate.

**9. Specific Agency or Political Subdivisions Affected:** Department of Education, local school divisions
