- 8. Fiscal Implications:** It is anticipated that this bill will not result in a fiscal impact to the Department of Historic Resources (DHR), as the agency already administers the activities provided in the bill.

This bill specifically lists the Calloway Cemetery, Lomax Cemetery, Mount Salvation Cemetery, Stanton Family Cemetery, Cuffeytown Cemetery, and Newtown Cemetery with a combined total of 612 eligible graves. Based on the number of graves and the \$5.00 minimal payment for each, the estimated fiscal impact to the general fund would be at least \$3,060 per year. The fiscal impact of providing funding equal to the average actual cost of routine maintenance is indeterminate.

Budget language in paragraph I.1 of Item 385 in HB30/SB30, as introduced, provides \$100,000 in FY 2021 and \$150,000 in FY 2022 from the general fund to support the preservation and care of historical African American graves. Out of these amounts, \$54,655 in each year is for the care and maintenance of graves and cemeteries listed in the Code and in Item 385, paragraphs I.2. through I.10., and \$45,345 is available in FY 2021 and \$95,345 is available in FY 2022 to support the care and maintenance of historical African American cemeteries and graves in addition to those that are specifically listed in statute and the budget bill.

House amendments to HB30 include language to add the graves and cemeteries provided for in this bill to those specifically listed in the budget in paragraphs I.2. through I.10.

- 9. Specific Agency or Political Subdivisions Affected:** Department of Historic Resources.

- 10. Technical Amendment Necessary:** No.

- 11. Other Comments:** This bill is identical to SB881.

House Bills 210 and 314 add historical African American cemeteries and graves to the list of cemeteries in the Code for the care and maintenance of which DHR may disburse funds.
