11. Other Comments: It is unclear whether the intent of this bill is for the Commonwealth to bear responsibility for the costs associated with the "construction, maintenance, operation, staffing, and management" of facilities required to be included in the plan. This fiscal impact statement assumes no such responsibility. If state responsibility for these costs is intended, the cost to the state in terms of general fund and/or capital is indeterminate.

Additionally, the original bill included the Department of Health as part of the workgroup.
