Background

Under current law, counties and cities may levy a general retail sales and use tax at the rate of one percent to provide revenue for the general fund of such city or county. The tax is added to the rate of the state sales and use tax and is administered and collected by the Tax Commissioner in the same manner and subject to the same penalties as the state tax. The revenue from the local portion of the sales tax is distributed by the Department to each locality monthly.

Legislation passed during the 2018 session of the General Assembly imposed an additional one percent sales and use tax in the "Historic Triangle," defined as the City of Williamsburg and the Counties of James City and York. Fifty percent of the revenues generated by the tax are transferred to the newly created Tourism Council of the Greater Williamsburg Chamber and Tourism Alliance to market, promote, and advertise the Historic Triangle as a tourism destination. The other fifty percent is distributed to the localities in which the revenues were collected.

Legislation passed during the 2019 session of the General Assembly authorized Halifax County to impose, by ordinance, an additional local sales and use tax at a rate of up to one percent as determined by its local governing body. This tax would be in addition to the one percent general local sales and use tax authorized under current law. The additional tax would be required to first be approved by voters at a referendum and initiated by a resolution of the local governing body. Further, the tax would expire on the date by which bonds or loans are repaid if the capital projects for the construction or renovation of schools are to be financed by bonds or loans; or if the capital projects for the construction or renovation of schools are not financed by bonds or loans, on a date chosen by the governing body and specified in any resolution that imposes the additional tax. The expiration date would not be permitted to be more than 20 years after the date of the resolution. Halifax County has adopted this additional local sales and use tax at the rate of one percent, effective July 1, 2020.
