6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: See Item 8.

8. Fiscal Implications: This legislation repeals the fourth and fifth enactments of Chapters 189 and 751 of the Acts of Assembly of 2017. These chapters established national fingerprint background check requirements for child care providers. The fourth enactment clause states that provisions of the act will expire on July 1, 2020. The fifth enactment clause states if the federal law establishing requirements for national fingerprint based criminal history checks changes or expires prior to July 1, 2020, the state law is repealed.

This legislation will allow the Department of Social Services (DSS) to continue the current practice and regulation of comprehensive child care background checks for child care providers that are required by the federal Child Care and Development Block Grant (CCDBG) Act of 2014. Therefore, this bill does not require additional fiscal resources. Additionally, this legislation provides cost avoidance for the agency. If the sunset and

contingency clauses are not repealed, DSS may face federal financial penalties related to noncompliance with the CCDBG Act of 2014.

The CCDBG Act of 2014 mandates that states require national fingerprint background checks for all child care providers who are licensed, regulated, or registered under state law or receive CCDBG funds. Senate Bill (SB) 897 and House Bill (HB) 1568 from the 2017 Session required all pertinent child care providers to submit to: fingerprint based background checks, a repeat background check every five years, and an out-of-state central registry check for individuals who have lived in another state in the previous five years. If the provisions expire, Virginia will be out of compliance with the CCDBG requirements as they relate to criminal background checks. This bill repeals the sunset clauses allowing Virginia to remain in compliance with federal law.

Based on federal child care regulations, a penalty of five percent of a state's Child Care Development Fund (CCDF) discretionary funds for a fiscal year shall be withheld if the Secretary of Health and Human Services determines that the state has failed to comply with criminal background check requirements. If Virginia ceases to comply with federal CCDF regulations as of July 1, 2020, it is assumed that the state would incur a penalty equal to five percent of its discretionary fund grant award during state fiscal year (SFY) 2021. In federal fiscal year (FFY) 2019, Virginia's CCDF discretionary award was \$99,946,327. Based on this award amount, a penalty of \$4,997,316 ($\$99,946,327 \times .05$) would be withheld from Virginia's discretionary grant award in FFY 2022 and each year thereafter, until the state complies with federal regulations.

The Governor's introduced budget transfers the CCDF grant to the Department of Education (DOE) effective July 1, 2021.

9. Specific Agency or Political Subdivisions Affected: Department of Social Services, local departments of social services, Department of Education (effective July 1, 2021)

10. Technical Amendment Necessary: No.

11. Other Comments: None.
