The bill adds to the list of persons who are subject to Class 6 felony if they are in a positions of authority over any one who is detained in the custody of a private, local, or state law enforcement agency.

**6. Budget Amendment Necessary:** Yes, Item 402.

**7. Fiscal Impact Estimates:** Preliminary. See Item 8 below.

**8. Fiscal Implications:** For someone convicted of a Class 6 felony, a judge has the option of sentencing him to up to 12 months in jail, or one to five years in prison. Therefore, this proposal could result in an increase in the number of persons sentenced to jail or prison.

There is not enough information available to reliably estimate the increase in jail population as a result of this proposal. However, any increase in jail population will increase costs to the state. The Commonwealth currently pays the localities \$4.00 a day for each misdemeanor or otherwise local-responsible prisoner held in a jail and \$12.00 a day for each state-responsible prisoner. It also funds a considerable portion of the jails' operating costs, e.g. correctional officers. The state's share of these costs on a per prisoner, per day basis varies from locality to locality. However, according to the Compensation Board's most recent Jail Cost Report (November 2019), the estimated total state support for local jails averaged \$34.07 per inmate, per day in FY 2018.

Due to the lack of data, the Virginia Criminal Sentencing Commission has concluded, pursuant to §30-19.1:4 of the Code of Virginia, that the impact of the proposed legislation on state-responsible (prison) bed space cannot be determined. In such cases, Chapter 854, 2019 Acts of Assembly, requires that a minimum impact of \$50,000 be assigned to the bill.
