**1. Bill Number: SB 665**

House of Origin	<input type="checkbox"/>	Introduced	<input type="checkbox"/>	Substitute	<input type="checkbox"/>	Engrossed
Second House	<input type="checkbox"/>	In Committee	<input type="checkbox"/>	Substitute	<input checked="" type="checkbox"/>	Enrolled

**2. Patron: Boysko**

**3. Committee: Passed Both Houses**

**4. Title: Electronic Identity Management Act; federated digital identity systems.**

**5. Summary:** Amends the Electronic Identity Management Act to accommodate federated digital identity systems. A federated digital identity system (federation) is defined in the measure as a digital identity system that uses federated identity management to enable the portability of identity information across otherwise autonomous security domains. Federated identity management is defined in the measure as a process that allows the conveyance of identity credentials and authentication information across digital identity systems through the use of a common set of policies, practices, and protocols for managing the identity of users and devices across security domains. The digital identity systems involved in a federation are required to be compliant with the Commonwealth's identity management standards and with the provisions of the governing identity trust framework.

**6. Budget Amendment Necessary: No**

**7. Fiscal Impact Estimates: No state fiscal impact.**

**8. Fiscal Implications:** This bill is not expected to have a state fiscal impact. The state identity infrastructure does not include a federation so this is not applicable to the state.

**9. Specific Agency or Political Subdivisions Affected: None**

**10. Technical Amendment Necessary: No**

**11. Other Comments: None**
