**1. That §§ 32.1-325, 38.2-3418.16, and 38.2-4319, as it is currently effective and as it shall become effective, of the Code of Virginia are amended and reenacted as follows:**

**§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.**

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such

60 continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the  
61 purposes of this section, family planning services shall not cover payment for abortion services and no  
62 funds shall be used to perform, assist, encourage or make direct referrals for abortions;

63 8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow  
64 transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast  
65 cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a  
66 performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant.

67 Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;  
68 9. A provision identifying entities approved by the Board to receive applications and to determine

73 seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance  
74 directives and how the applicant may make an advance directive;

75 10. A provision for breast reconstructive surgery following the medically necessary removal of a  
76 breast for any medical reason. Breast reductions shall be covered, if prior authorization has been  
77 obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

78 11. A provision for payment of medical assistance for annual pap smears;

79 12. A provision for payment of medical assistance services for prostheses following the medically  
80 necessary complete or partial removal of a breast for any medical reason;

81 13. A provision for payment of medical assistance which provides for payment for 48 hours of  
82 inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of  
83 inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for  
84 treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring  
85 the provision of inpatient coverage where the attending physician in consultation with the patient  
86 determines that a shorter period of hospital stay is appropriate;

87 14. A requirement that certificates of medical necessity for durable medical equipment and any  
88 supporting verifiable documentation shall be signed, dated, and returned by the physician, physician  
89 assistant, or nurse practitioner and in the durable medical equipment provider's possession within 60

94 guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal  
95 examinations, all in accordance with American Cancer Society guidelines. For the purpose of this  
96 subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate  
97 specific antigen;

99 determining the presence of occult breast cancer. Such coverage shall make available one screening  
100 mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through  
101 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an

103 not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average  
104 radiation exposure of less than one rad mid-breast, two views of each breast;

105 17. A provision, when in compliance with federal law and regulation and approved by the Centers  
106 for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to  
107 Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid  
108 program and may be provided by school divisions;

109 18. A provision for payment of medical assistance services for liver, heart and lung transplantation  
110 procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or

screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3); and

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

6. [Expired.]

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based

upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. "Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

313 *require a provider to use proprietary technology or applications in order to be reimbursed for providing*  
314 *telemedicine services.*

315 E. Nothing shall preclude the insurer, corporation, or health maintenance organization from  
316 undertaking utilization review to determine the appropriateness of telemedicine services, provided that  
317 such appropriateness is made in the same manner as those determinations are made for the treatment of  
318 any other illness, condition, or disorder covered by such policy, contract, or plan. Any such utilization  
319 review shall not require pre-authorization of emergent telemedicine services.

320 F. An insurer, corporation, or health maintenance organization may offer a health plan containing a  
321 deductible, copayment, or coinsurance requirement for a health care service provided through  
322 telemedicine services, provided that the deductible, copayment, or coinsurance does not exceed the  
323 deductible, copayment, or coinsurance applicable if the same services were provided through face-to-face  
324 diagnosis, consultation, or treatment.

325 G. No insurer, corporation, or health maintenance organization shall impose any annual or lifetime  
326 dollar maximum on coverage for telemedicine services other than an annual or lifetime dollar maximum

329 any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits  
330 or services, that is not equally imposed upon all terms and services covered under the policy, contract,  
331 or plan.

332 H. The requirements of this section shall apply to all insurance policies, contracts, and plans  
333 delivered, issued for delivery, reissued, or extended in the Commonwealth on and after January 1, ~~2014~~

339 ~~state or~~ federal governmental plans.

340 J. The coverage required by this section shall include the use of telemedicine technologies as it  
341 pertains to medically necessary remote patient monitoring services to the full extent that these services  
342 are available.

343 K. *Prescribing of controlled substances via telemedicine shall comply with the requirements of*  
344 *§ 54.1-3303 and all applicable federal law.*
