Be it enacted by the General Assembly of Virginia:

1. That § 2.2-3708.2 of the Code of Virginia is amended and reenacted as follows:

§ 2.2-3708.2. Meetings held through electronic communication means.

A. The following provisions apply to all public bodies:

1. Subject to the requirements of subsection C, all public bodies may conduct any meeting wherein the public business is discussed or transacted through electronic communication means if, on or before the day of a meeting, a member of the public body holding the meeting notifies the chair of the public body that:

a. Such member is unable to attend the meeting due to (i) a temporary or permanent disability or other medical condition that prevents the member's physical attendance or (ii) a family member's medical condition that requires the member to provide care for such family member, thereby preventing the member's physical attendance; or

b. Such member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. Participation by a member pursuant to this subdivision b is limited each calendar year to two meetings or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

2. If participation by a member through electronic communication means is approved pursuant to subdivision 1, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public. If participation is approved pursuant to subdivision 1 a, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to (i) a temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) a family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 1 b, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to subdivision 1 b is disapproved because such participation would violate the policy adopted pursuant to subsection C, such disapproval shall be recorded in the minutes with specificity.

3. Any public body may meet by electronic communication means without a quorum of the public body physically assembled at one location when the Governor has declared a state of emergency in accordance with § 44-146.17, provided that (i) the catastrophic nature of the declared emergency makes it impracticable or unsafe to assemble a quorum in a single location and (ii) the purpose of the meeting is to address the emergency. The public body convening a meeting in accordance with this subdivision shall:

a. Give public notice using the best available method given the nature of the emergency, which notice shall be given contemporaneously with the notice provided to members of the public body conducting the meeting;

b. Make arrangements for public access to such meeting; and

c. Otherwise comply with the provisions of this section.

The nature of the emergency, the fact that the meeting was held by electronic communication means, and the type of electronic communication means by which the meeting was held shall be stated in the minutes.

B. The following provisions apply to regional public bodies:

1. Subject to the requirements in subsection C, regional public bodies may also conduct any meeting wherein the public business is discussed or transacted through electronic communication means if, on the day of a meeting, a member of a regional public body notifies the chair of the public body that such member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting.

59 2. If participation by a member through electronic communication means is approved pursuant to this
60 subsection, the public body holding the meeting shall record in its minutes the remote location from
61 which the member participated; however, the remote location need not be open to the public.

62 If a member's participation from a remote location is disapproved because such participation would
63 violate the policy adopted pursuant to subsection C, such disapproval shall be recorded in the minutes
64 with specificity.

65 C. Participation by a member of a public body in a meeting through electronic communication means
66 pursuant to subdivisions A 1 and 2 and subsection B shall be authorized only if the following conditions
67 are met:

68 1. The public body has adopted a written policy allowing for and governing participation of its
69 members by electronic communication means, including an approval process for such participation,
70 subject to the express limitations imposed by this section. Once adopted, the policy shall be applied
71 strictly and uniformly, without exception, to the entire membership and without regard to the identity of
72 the member requesting remote participation or the matters that will be considered or voted on at the
73 meeting;

74 2. A quorum of the public body is physically assembled at one primary or central meeting location;
75 and

76 3. The public body makes arrangements for the voice of the remote participant to be heard by all
77 persons at the primary or central meeting location.

78 D. The following provisions apply to state public bodies:

79 1. Except as provided in subsection D of § 2.2-3707.01, state public bodies may also conduct any
80 meeting wherein the public business is discussed or transacted through electronic communication means,
81 provided that (i) a quorum of the public body is physically assembled at one primary or central meeting
82 location, (ii) notice of the meeting has been given in accordance with subdivision 2, and (iii) members
83 of the public are provided a substantially equivalent electronic communication means through which to
84 witness the meeting. For the purposes of this subsection, "witness" means observe or listen.

85 If a state public body holds a meeting through electronic communication means pursuant to this
86 subsection, it shall also hold at least one meeting annually where members in attendance at the meeting
87 are physically assembled at one location and where no members participate by electronic communication
88 means.

89 2. Notice of any regular meeting held pursuant to this subsection shall be provided at least three
90 working days in advance of the date scheduled for the meeting. Notice, reasonable under the
91 circumstance, of special, emergency, or continued meetings held pursuant to this section shall be given
92 contemporaneously with the notice provided to members of the public body conducting the meeting. For
93 the purposes of this subsection, "continued meeting" means a meeting that is continued to address an
94 emergency or to conclude the agenda of a meeting for which proper notice was given.

95 The notice shall include the date, time, place, and purpose for the meeting; shall identify the primary
96 or central meeting location and any remote locations that are open to the public pursuant to subdivision
97 4; shall include notice as to the electronic communication means by which members of the public may
98 witness the meeting; and shall include a telephone number that may be used to notify the primary or
99 central meeting location of any interruption in the telephonic or video broadcast of the meeting. Any
100 interruption in the telephonic or video broadcast of the meeting shall result in the suspension of action
101 at the meeting until repairs are made and public access is restored.

102 3. A copy of the proposed agenda and agenda packets and, unless exempt, all materials that will be
103 distributed to members of a public body for a meeting shall be made available for public inspection at
104 the same time such documents are furnished to the members of the public body conducting the meeting.

105 4. Public access to the remote locations from which additional members of the public body
106 participate through electronic communication means shall be encouraged but not required. However, if
107 three or more members are gathered at the same remote location, then such remote location shall be
108 open to the public.

109 5. If access to remote locations is afforded, (i) all persons attending the meeting at any of the remote
110 locations shall be afforded the same opportunity to address the public body as persons attending at the
111 primary or central location and (ii) a copy of the proposed agenda and agenda packets and, unless
112 exempt, all materials that will be distributed to members of the public body for the meeting shall be
113 made available for inspection by members of the public attending the meeting at any of the remote
114 locations at the time of the meeting.

115 6. The public body shall make available to the public at any meeting conducted in accordance with
116 this subsection a public comment form prepared by the Virginia Freedom of Information Advisory
117 Council in accordance with § 30-179.

118 7. Minutes of all meetings held by electronic communication means shall be recorded as required by
119 § 2.2-3707. Votes taken during any meeting conducted through electronic communication means shall be
120 recorded by name in roll-call fashion and included in the minutes. For emergency meetings held by

121 electronic communication means, the nature of the emergency shall be stated in the minutes.

122 8. Any authorized state public body that meets by electronic communication means pursuant to this
123 subsection shall make a written report of the following to the Virginia Freedom of Information Advisory
124 Council by December 15 of each year:

135 communication means;

136 h. The identity of any members of the public body who were recorded as absent at each meeting and
137 any members who were recorded as absent at a meeting but who monitored the meeting through
138 electronic communication means;

139 i. If members of the public were granted access to a remote location from which a member
140 participated in a meeting through electronic communication means, the number of members of the public
141 at each such remote location;

142 j. A summary of any public comment received about the process of conducting a meeting through
143 electronic communication means; and

147 to expand public participation.
