316 for the Commonwealth objects, the court may order that the report contain no more than the defendant's
317 criminal history, any history of substance abuse, any physical or health-related problems as may be
318 pertinent, and any applicable sentencing guideline worksheets. This expedited report shall be subject to
319 all the same procedures as all other sentencing reports and sentencing guidelines worksheets. The
320 probation officer, after having furnished a copy of this report at least five days prior to sentencing to

326 of its contents and be given the right to cross-examine the investigating officer as to any matter
327 contained therein and to present any additional facts bearing upon the matter. The report of the
328 investigating officer shall at all times be kept confidential by each recipient, and shall be filed as a part
329 of the record in the case. Any report so filed shall be made available only by court order and shall be
330 sealed upon final order by the court, except that such reports or copies thereof shall be available at any
331 time to any criminal justice agency, as defined in § 9.1-101, of this or any other state or of the United
332 States; to any agency where the accused is referred for treatment by the court or by probation and
333 parole services; and to counsel for any person who has been indicted jointly for the same felony as the
334 person subject to the report. Subject to the limitations set forth in § 37.2-901, any report prepared
335 pursuant to the provisions hereof shall without court order be made available to counsel for the person
336 who is the subject of the report if that person (a) is charged with a felony subsequent to the time of the
337 preparation of the report or (b) has been convicted of the crime or crimes for which the report was
338 prepared and is pursuing a post-conviction remedy. Such report shall be made available for review
339 without a court order to incarcerated persons who are eligible for release by the Virginia Parole Board,
340 or such person's counsel, pursuant to regulations promulgated by the Virginia Parole Board for that
341 purpose. The presentence report shall be in a form prescribed by the Department of Corrections. In all
342 cases where such report is not ordered, a simplified report shall be prepared on a form prescribed by the
343 Department of Corrections. For the purposes of this subsection, information regarding the accused's
344 participation or membership in a criminal street gang may include the characteristics, specific rivalries,
345 common practices, social customs and behavior, terminology, and types of crimes that are likely to be

348 for which the defendant was convicted was a felony, the court probation officer shall advise any victim
349 of such offense in writing that he may submit to the Virginia Parole Board a written request (i) to be
350 given the opportunity to submit to the Board a written statement in advance of any parole hearing
351 describing the impact of the offense upon him and his opinion regarding the defendant's release and (ii)
352 to receive copies of such other notifications pertaining to the defendant as the Board may provide
353 pursuant to subsection B of § 53.1-155.

354 C. As part of any presentence investigation conducted pursuant to subsection A when the offense for
355 which the defendant was convicted was a felony drug offense set forth in Article 1 (§ 18.2-247 et seq.)
356 of Chapter 7 of Title 18.2, the presentence report shall include any known association of the defendant
357 with illicit drug operations or markets.

358 D. As a part of any presentence investigation conducted pursuant to subsection A, when the offense
359 for which the defendant was convicted was a felony, not a capital offense, committed on or after
360 January 1, 2000, the defendant shall be required to undergo a substance abuse screening pursuant to
361 § 18.2-251.01.

362 **§ 19.2-310.2. Blood, saliva, or tissue sample required for DNA analysis upon conviction of**
363 **certain crimes; fee.**

364 A. Every person convicted of a felony on or after July 1, 1990, every person convicted of a felony
365 offense under Article 7 (§ 18.2-61 et seq.) of Chapter 4 of Title 18.2 who was incarcerated on July 1,
366 1989, and every person convicted of a misdemeanor violation of § 16.1-253.2, 18.2-57, 18.2-60.3,

18.2-60.4, or 18.2-67.4, former § 18.2-67.4:1, § 18.2-67.4:2, 18.2-67.5, 18.2-102, 18.2-119, 18.2-121, 18.2-130, 18.2-370.6, 18.2-387, or 18.2-387.1, or subsection E of § 18.2-460 or of any similar ordinance of any locality shall have a sample of his blood, saliva, or tissue taken for DNA (deoxyribonucleic acid) analysis to determine identification characteristics specific to the person. If a sample has been previously taken from the person as indicated by the Local Inmate Data System (LIDS), no additional sample shall be taken. The Department of Forensic Science shall provide to LIDS the most current information submitted to the DNA data bank on a weekly basis and shall remove from LIDS and the data bank persons no longer eligible to be in the data bank. A fee of \$53 shall be charged for the withdrawal of this sample. The fee shall be taxed as part of the costs of the criminal case resulting in the conviction and \$15 of the fee shall be paid into the general fund of the locality where the sample was taken and \$38 of the fee shall be paid into the general fund of the state treasury. This fee shall only be taxed one time regardless of the number of samples taken. The assessment provided for herein shall be in addition to any other fees prescribed by law. The analysis shall be performed by the Department of Forensic Science or other entity designated by the Department. The identification characteristics of the profile resulting from the DNA analysis shall be stored and maintained by the Department in a DNA data bank and shall be made available only as provided in § 19.2-310.5.

B. After July 1, 1990, the blood, saliva, or tissue sample shall be taken prior to release from custody. Notwithstanding the provisions of § 53.1-159, any person convicted of an offense listed in subsection A who is in custody after July 1, 1990, shall provide a blood, saliva, or tissue sample prior to his release. Every person so convicted after July 1, 1990, who is not sentenced to a term of confinement shall provide a blood, saliva, or tissue sample as a condition of such sentence. A person required under this section to submit a sample for DNA analysis is not relieved from this requirement regardless of whether no blood, saliva, or tissue sample has been taken from the person or, if a sample has been taken, whether the sample or the results from the analysis of a sample cannot be found in the DNA data bank maintained by the Department of Forensic Science.

C. Nothing in this section shall prevent the Department of Forensic Science from including the identification characteristics of an individual's DNA profile in the DNA data bank as ordered by a circuit court pursuant to a lawful plea agreement.

D. A collection or placement of a sample for DNA analysis that was taken or retained in good faith does not invalidate the sample's use in the data bank pursuant to the provisions of this article. The detention, arrest, or conviction of a person based upon a data bank match or data bank information is not invalidated if it is determined that the sample was obtained, placed, or retained in the data bank in good faith, or if the conviction or juvenile adjudication that resulted in the collection of the DNA sample was subsequently vacated or otherwise altered in any future proceeding, including but not limited to post-trial or post-fact-finding motions, appeals, or collateral attacks.

E. The Virginia Department of Corrections and the Department of Forensic Science shall, on a quarterly basis, compare databases of offenders under the custody or supervision of the Department of Corrections with the DNA data bank of the Department of Forensic Science. The Virginia Department of Corrections shall require a DNA sample of those offenders under its custody or supervision if they are not identified in the DNA data bank.

F. The Department of State Police shall verify that a DNA sample required to be taken for the Sex Offender and Crimes Against Minors Registry pursuant to § 9.1-903 has been received by the Department of Forensic Science. In any instance where a DNA sample has not been received, the Department of State Police or its designee shall obtain from the person required to register a sample for DNA analysis.

G. Each community-based probation services agency established pursuant to § 9.1-174 shall determine by reviewing the Local Inmate Data System upon intake and again prior to discharge whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

H. The sheriff or regional jailer shall determine by reviewing the Local Inmate Data System upon intake and again prior to release whether a blood, saliva, or tissue sample has been taken for DNA analysis for each offender required to submit a sample pursuant to this section and, if no sample has been taken, require an offender to submit a sample for DNA analysis.

"Life-prolonging procedure" means any medical procedure, treatment or intervention which (i) utilizes mechanical or other artificial means to sustain, restore or supplant a spontaneous vital function, or is otherwise of such a nature as to afford a patient no reasonable expectation of recovery from a terminal condition and (ii) when applied to a patient in a terminal condition, would serve only to prolong the dying process. The term includes artificially administered hydration and nutrition. However, nothing in this act shall prohibit the administration of medication or the performance of any medical procedure deemed necessary to provide comfort care or to alleviate pain, including the administration of pain relieving medications in excess of recommended dosages in accordance with §§ 54.1-2971.01 and 54.1-3408.1. Four members of the patient care consulting committee shall constitute a quorum of the patient care consulting committee.

"Persistent vegetative state" means a condition caused by injury, disease or illness in which a patient has suffered a loss of consciousness, with no behavioral evidence of self-awareness or awareness of surroundings in a learned manner, other than reflex activity of muscles and nerves for low level conditioned response, and from which, to a reasonable degree of medical probability, there can be no recovery.

"Physician" means a person licensed to practice medicine in the Commonwealth of Virginia or in the jurisdiction where the health care is to be rendered or withheld.

"Qualified advance directive facilitator" means a person who has successfully completed a training program approved by the Department of Health for providing assistance in completing and executing a written advance directive, including successful demonstration of competence in assisting a person in completing and executing a valid advance directive and successful passage of a written examination.

§ 54.1-2983. Procedure for making advance directive; notice to physician.

Any adult capable of making an informed decision may, at any time, make a written advance directive to address any or all forms of health care in the event the declarant is later determined to be incapable of making an informed decision. A written advance directive shall be signed by the declarant in the presence of two subscribing witnesses and may (i) specify the health care the declarant does or does not authorize; (ii) appoint an agent to make health care decisions for the declarant; and (iii) specify an anatomical gift, after the declarant's death, of all of the declarant's body or an organ, tissue or eye donation pursuant to Article 2 (~~§ 32.1-289.2~~ § 32.1-291.1 et seq.) of Chapter 8 of Title 32.1. A written advance directive may be submitted to the Advance Health Care Directive Registry, pursuant to Article 9 (§ 54.1-2994 et seq.).

Further, any adult capable of making an informed decision who has been diagnosed by his attending physician as being in a terminal condition may make an oral advance directive (i) directing the specific health care the declarant does or does not authorize in the event the declarant is incapable of making an informed decision, and (ii) appointing an agent to make health care decisions for the declarant under the circumstances stated in the advance directive if the declarant should be determined to be incapable of

making an informed decision. An oral advance directive shall be made in the presence of the attending physician and two witnesses.

An advance directive may authorize an agent to take any lawful actions necessary to carry out the declarant's decisions, including, but not limited to, granting releases of liability to medical providers, releasing medical records, and making decisions regarding who may visit the patient.

It shall be the responsibility of the declarant to provide for notification to his attending physician that an advance directive has been made. If an advance directive has been submitted to the Advance Health Care Directive Registry pursuant to Article 9 (§ 54.1-2994 et seq.), it shall be the responsibility of the declarant to provide his attending physician, legal representative, or other person with the information necessary to access the advance directive. In the event the declarant is comatose, incapacitated or otherwise mentally or physically incapable of communication, any other person may notify the physician of the existence of an advance directive and, if applicable, the fact that it has been submitted to the Advance Health Care Directive Registry. An attending physician who is so notified shall promptly make the advance directive or a copy of the advance directive, if written, or the fact of the advance directive, if oral, a part of the declarant's medical records.

In the event that any portion of an advance directive is invalid or illegal, such invalidity or illegality shall not affect the remaining provisions of the advance directive.
