A. As used in this section, "disability that can impair communication" means a condition with symptoms that can impair the ability of a person with such condition to receive, send, process, or comprehend concepts or verbal, nonverbal, or graphic symbol systems, including autism spectrum disorders as defined in § 38.2-3418.17 and hearing loss.

B. [Any application on which the applicant indicates that he or a person who will regularly occupy his vehicle has such a disability shall be accompanied by a certification signed by a licensed physician that such individual has a disability that can impair communication. On any application on which the applicant indicates that a person who will regularly occupy his vehicle has such a disability, the Department may require the applicant to certify that he has the consent of the regular occupant of the vehicle to release information pursuant to subsection D].

C. Any vehicle owner with a driver's license indicator authorized pursuant to subsection K of § 46.2-342 or special identification card indicator authorized pursuant to subsection L of § 46.2-345 or whose vehicle is regularly occupied by an individual with such an indicator shall be eligible for the registration indicator. Vehicle owners with a driver's license indicator or special identification card indicator and vehicle owners whose vehicle is regularly occupied by an individual with a driver's license indicator or special identification card indicator may apply to the Department for a registration indicator in a manner prescribed by the Commissioner.
