A. The Commission shall have all the powers necessary to implement the provisions of this chapter and is specifically authorized to:

1. Enter into contracts as necessary or proper to carry out the provisions and purposes of this chapter, including contracts for the administration of the Program, as well as other approved initiatives under the State Innovation Waiver, and with appropriate administrative staff, consultants, and legal counsel;

2. Take action as necessary to avoid the payment of improper claims under the Program;

3. Establish administrative and accounting procedures for the operation of the Program and other approved initiatives under the State Innovation Waiver;

5. Establish or adjust the payment parameters in accordance with subdivision B 2 of § 38.2-6602 for each benefit year;

6. Apply for a State Innovation Waiver, federal funds, or both, in accordance with § 38.2-6606, for the implementation and operation of the Program, as well as other initiatives designated by the established work group convened by the Secretary of Health and Human Resources;

7. Apply for, accept, administer, and expend gifts, grants, and donations and any federal funds that become available for the operation of the Program, as well as other initiatives designated by the established work group convened by the Secretary of Health and Human Resources; and

8. Adopt rules as necessary to implement, administer, and enforce this chapter, including rules necessary to align state law with any federal program.

B. If the State Innovation Waiver is granted pursuant to § 38.2-6606, the Commission, during implementation of the Program, shall evaluate the effect of the Program on access to affordable, high-value health insurance for consumers who are eligible for premium tax credit subsidies and cost-sharing reductions.

§ 38.2-6602. Commonwealth Health Reinsurance Program; established.

A. The Commission shall implement a reinsurance program, known as the Commonwealth Health Reinsurance Program. Implementation and operation of the Program is contingent upon approval of the State Innovation Waiver submitted by the Commission in accordance with § 38.2-6606. If the State Innovation Waiver and federal funding request submitted by the Commission pursuant to § 38.2-6606 are approved, the Commission shall implement and operate the Program in accordance with this section.

B. The Commission or its designee shall collect or access data from an eligible carrier as necessary to determine reinsurance payments, according to the data requirements under subdivision C 1.

1. Unless an eligible carrier is notified otherwise by the Commission, on a quarterly basis during the applicable benefit year, each eligible carrier shall report to the Commission its claims costs that exceed the attachment point for that benefit year. For each applicable benefit year, the Commission shall notify eligible carriers of reinsurance payments to be made for the applicable benefit year no later than September 30 of the year following the applicable benefit year. By November 15 of the year following the applicable benefit year, the Commission shall disburse all applicable reinsurance payments to an eligible carrier.

2. For the 2023 benefit year and each benefit year thereafter, the Commission shall establish and publish the payment parameters for the applicable benefit year by May 1 of the year immediately preceding the applicable benefit year. In setting the payment parameters under this subsection, the Commission shall consider the following factors: (i) stabilized or reduced premium rates in the individual market; (ii) increased participation in the individual market; (iii) improved access to health care services and their providers for enrolled individuals; (iv) mitigation of the impact high-risk individuals have on premium rates in the individual market; (v) transfers made under the federal risk adjustment program to eliminate double reimbursement for high-cost cases; (vi) the availability of any federal funding available for the Program; and (vii) the total amount available to fund the Program.

183 3. If the Commission determines that all reinsurance payments for a covered person's covered
184 benefits requested under the Program by eligible carriers for a benefit year will not be equal to the
185 amount of funding allocated to the Program, the Commission shall determine a uniform pro rata
186 adjustment to be applied to all such requests for reinsurance payments.

187 C. A carrier that meets the requirement of this subsection and subsection D shall be eligible to
188 request reinsurance payments from the Program. An eligible carrier shall make requests for reinsurance
189 payments in accordance with the requirements established by the Commission.

190 1. To receive reinsurance payments through the Program, an eligible carrier shall, by April 30 of the
191 year following the benefit year for which reinsurance payments are requested, (i) provide the
192 Commission with access to the data within the dedicated data environment established by the eligible
193 carrier under the federal risk adjustment program under 42 U.S.C. § 18063 or access to other
194 carrier-specific data if and where necessary and (ii) submit to the Commission an attestation that the
195 carrier has complied with the dedicated data environments, data requirements, establishment and usage
196 of masked enrollee identification numbers, and data submission deadlines.

197 2. An eligible carrier shall maintain documents and records sufficient to substantiate the requests for
198 reinsurance payments made pursuant to this section for at least five years. An eligible carrier shall also
199 make those documents and records available upon request from the Commission for purposes of
200 verification, investigation, audit, or other review of reinsurance payment requests. The Commission may
201 audit an eligible carrier to assess the carrier's compliance with this section. The eligible carrier shall
202 ensure that its contractors, subcontractors, and agents cooperate with any audit under this section.

203 D. The Commission or its designee shall calculate each reinsurance payment based on an eligible
204 carrier's incurred claims costs for a covered person's covered benefits in the applicable benefit year net
205 of transfers received for the same enrolled individual under the federal risk adjustment program. If the
206 net claims costs for a covered person's covered benefits in the applicable benefit year do not exceed the
207 attachment point for the applicable benefit year, the carrier shall not be eligible for a reinsurance
208 payment. If the claims costs exceed the attachment point for the applicable benefit year, the Commission
209 shall calculate the reinsurance payment as the product of the coinsurance rate and the eligible carrier's
210 claims costs up to the reinsurance cap. A carrier shall be ineligible for reinsurance payments for claims
211 costs for a covered person's covered benefits in the applicable benefit year that exceed the reinsurance
212 cap. The Commission shall ensure that reinsurance payments made to eligible carriers do not exceed the
213 total amount paid by the eligible carrier for any eligible claim. An eligible carrier may request that the
214 Commission reconsider a decision on the carrier's request for reinsurance payments within 21 days after
215 notice of the Commission's decision.

216 E. The Commission shall require each eligible carrier that participates in the Program to file with
217 the Commission, by a date and in a form and manner specified by the Commission by rule, the care
218 management protocols the eligible carrier will use to manage claims within the payment parameters.

219 **§ 38.2-6603. Accounting; reports.**

220 A. The Commission shall keep an accounting for each benefit year of all:

- 221 1. Funds appropriated for reinsurance payments and administrative and operational expenses;
222 2. Requests for reinsurance payments received from eligible carriers;
223 3. Reinsurance payments made to eligible carriers; and
224 4. Administrative and operational expenses incurred for the Program.

225 B. By November 1 of each year, the Commission shall report to the House Committees on Labor and
226 Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and
227 Appropriations, and the Governor on the operation of the Program. Such report shall be posted on the
228 Commission's website and shall include, at a minimum, the following information for the relevant benefit
229 year:

- 230 1. Amounts deposited into the Fund;
231 2. Requests for reinsurance payments received by eligible carriers;
232 3. Reinsurance payments made to eligible carriers;
233 4. Administrative and operational expenses incurred for the Program; and
234 5. Quantifiable impact of the Program on individual health insurance coverage rates.

235 **§ 38.2-6604. Commonwealth Health Reinsurance Program Special Fund.**

236 A. The Commission shall be authorized to fund the operations of the Program and to fund other
237 purposes to implement the approved State Innovation Waiver through funds provided to the
238 Commonwealth pursuant to the State Innovation Waiver requested pursuant to § 38.2-6606 and all funds
239 appropriated for such purpose. All funds received under this section and paid into the state treasury
240 shall be deposited to a special fund designated the "Commonwealth Health Reinsurance Program
241 Special Fund State Corporation Commission." Interest earned on moneys in the Fund shall remain in
242 the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the
243 end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Moneys in the
244 Fund shall be used for (i) the purposes of increasing affordability in the individual market through the

Program with a goal of decreasing premiums by up to 20 percent, depending on available revenue and (ii) the establishment, operation, and administration of the Program in carrying out the purposes authorized under this chapter, to include additional purposes to implement an approved State Innovation Waiver with funds that remain following the payment of all applicable reinsurance requests for a benefit year.

B. The Commission shall not use any special fund revenues dedicated to its other functions and duties, including revenues from utility consumer taxes or fees from licensees regulated by the Commission, or fees paid to the office of the Clerk of the Commission, to fund any of the activities or operating expenses of the Program. The Commission shall not pay any funds beyond the moneys in the Fund for the establishment, administration, or operation of the Program.

C. The provision of reinsurance payments shall not constitute an entitlement derived from the Commonwealth or a claim on any other money of the Commonwealth.

D. The Commission shall have no responsibility to make reinsurance payments that would be payable out of federal pass-through funding if such federal pass-through funding is insufficient to fully make such payments.

§ 38.2-6605. Confidentiality of data.

Data and information that an eligible carrier considers confidential proprietary information that is provided to the Commission pursuant to the provisions of this chapter shall be excluded from, and the Commission shall not be subject to, subpoena or public inspection with respect to such information.

§ 38.2-6606. State Innovation Waiver request.

A. The Commission shall apply to the appropriate federal agencies under 42 U.S.C. § 18052 for a State Innovation Waiver for benefit years beginning January 1, 2023, and future years, (i) to establish a reinsurance program, in accordance with the provisions of this chapter; (ii) to maximize federal pass-through funding for the reinsurance program; (iii) to be able to use remaining funds for other uses as recommended by a work group established by the Secretary of Health and Human Resources; and (iv) to waive any applicable provisions of the Affordable Care Act. An application for a State Innovation Waiver or for federal funds shall clearly state that operation of the Program is contingent on approval of the waiver or funding request. The Commission shall include in the application a request for pass-through of federal funding in accordance with § 1332(a)(3) of 42 U.S.C. § 18052 to allow the Commonwealth to obtain and use, for purposes of helping finance the Program, any federal funds that would, absent the waiver, be used to pay advance payment tax credits and cost-sharing reductions authorized under the federal act. The Commission is authorized to apply for, accept, administer, and expend gifts, grants, and donations, and any federal funds that become available for the implementation of the Program, including the use of amounts necessary to develop and submit the State Innovation Waiver and request for federal funding.

B. The Commission shall submit the waiver application to the appropriate federal agencies by January 1, 2022.
