2. Patron: Levine

3. Committee: Rehabilitation and Social Services

4. Title: Child-placing agencies; conscience clause.

5. Summary: Amends provisions that allow child-placing agencies to refuse to perform, assist with, counsel, recommend, consent to, refer, or participate in any child placements when the proposed placement would violate the agency's written religious or moral convictions or policies.

An enactment clause makes the amended provisions effective on July 1, 2022.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: See Item 8.

8. Fiscal Implications: The Virginia Department of Social Services (VDSS) is aware of eight licensed child-placing agencies that are faith-based and may invoke the conscience clause. Faith-based licensed child-placing agencies (LCPA) have approved 476 families that are currently caring for 372 of Virginia's children in foster care. Faith-based LCPA were operating in Virginia prior to § 63.2-1709.3 of the Code of Virginia going into effect in 2012; DSS believes that this suggests that some faith-based LCPAs will continue to operate if this code section is amended. Should some faith-based LCPA cease operations, foster and adoptive families could transition their home approval between LCPA or to local departments without any disruption of approval or placement of children. However, should the family choose not to transition to a new agency, some children's placements may be disrupted. DSS does not expect that this change would have any significant impact on the availability of foster homes. According to the agency, this bill supports the agency's current best practices and does not have a fiscal impact on the agency.

9. Specific Agency or Political Subdivisions Affected: Department of Social Services, local departments of social services

10. Technical Amendment Necessary: No.
