13 The Governor shall be Director of Emergency Management. He shall take such action from time to 14 time as is necessary for the adequate promotion and coordination of state and local emergency services 15 activities relating to the safety and welfare of the Commonwealth in time of disasters.

16 The Governor shall have, in addition to his powers hereinafter or elsewhere prescribed by law, the 17 following powers and duties:

(1) To proclaim and publish such rules and regulations and to issue such orders as may, in his 18 judgment, be necessary to accomplish the purposes of this chapter including, but not limited to such 19 20 measures as are in his judgment required to control, restrict, allocate or regulate the use, sale, production 21 and distribution of food, fuel, clothing and other commodities, materials, goods, services and resources 22 under any state or federal emergency services programs.

He may adopt and implement the Commonwealth of Virginia Emergency Operations Plan, which 23 24 provides for state-level emergency operations in response to any type of disaster or large-scale emergency affecting Virginia and that provides the needed framework within which more detailed 25 emergency plans and procedures can be developed and maintained by state agencies, local governments 26 27 and other organizations.

28 He may direct and compel evacuation of all or part of the populace from any stricken or threatened 29 area if this action is deemed necessary for the preservation of life, implement emergency mitigation, 30 preparedness, response or recovery actions; prescribe routes, modes of transportation and destination in connection with evacuation; and control ingress and egress at an emergency area, including the 31 32 movement of persons within the area and the occupancy of premises therein.

Executive orders, to include those declaring a state of emergency and directing evacuation, shall have 33 34 the force and effect of law and the violation thereof shall be punishable as a civil penalty of not more 35 than \$500 or as a Class 1 misdemeanor in every case where the executive order declares that its 36 violation shall have such force and effect. Where an executive order declares a violation shall be 37 punishable as a civil penalty, such violation shall be charged by summons and may be executed by a 38 law-enforcement officer when such violation is observed by the officer. The summons used by a 39 law-enforcement officer pursuant to this section shall be, in form, the same as the uniform summons for 40 motor vehicle law violations as prescribed pursuant to § 46.2-388. The proceeds of such civil penalties 41 collected pursuant to this section shall be paid and collected only in lawful money of the United States 42 and paid into the state treasury to the credit of the Literary Fund.

43 Such executive orders declaring a state of emergency may address exceptional circumstances that 44 exist relating to an order of quarantine or an order of isolation concerning a communicable disease of public health threat that is issued by the State Health Commissioner for an affected area of the 45 Commonwealth pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1. 46

47 Except as to emergency plans issued to prescribe actions to be taken in the event of disasters and **48** emergencies, no No rule, regulation, or order issued under this section shall have any effect beyond June 49 30 next following the next adjournment of the regular session of the General Assembly but the same or a similar rule, regulation, or order may thereafter be issued again if not contrary to law 30 days after the 50 date of issuance unless extended as provided herein. Thirty days after the date of issuance, the 51 Governor may extend the rule, regulation, or order for a period of 30 days, during which period the 52 53 General Assembly may be convened at any time to consider and take action on the rule, regulation, or 54 order. The Governor shall report to the General Assembly on the status of the continued necessity of the 55 rule, regulation, or order at the time of any extension.

56 If the General Assembly takes no action on the rule, regulation, or order within 60 days of the 57 issuance of the rule, regulation, or order, the Governor may extend the rule, regulation, or order for an additional period of 30 days, during which period the General Assembly may be convened at any time 58 59 to consider and take action on the rule, regulation, or order. In the event the Governor deems it to be

 related to the same emergency without the approval of the General Assembly;

64 (2) To appoint a State Coordinator of Emergency Management and authorize the appointment or
 65 employment of other personnel as is necessary to carry out the provisions of this chapter, and to
 66 remove, in his discretion, any and all persons serving hereunder;

67 (3) To procure supplies and equipment, to institute training and public information programs relative
68 to emergency management and to take other preparatory steps including the partial or full mobilization
69 of emergency management organizations in advance of actual disaster, to insure the furnishing of
70 adequately trained and equipped forces in time of need;

(4) To make such studies and surveys of industries, resources, and facilities in the Commonwealth as
 may be necessary to ascertain the capabilities of the Commonwealth and to plan for the most efficient
 emergency use thereof;

After a state of emergency is declared in another state and the Governor receives a written request for assistance from the executive authority of that state, the Governor may authorize the use in the other state of personnel, equipment, supplies, and materials of the Commonwealth, or of a political subdivision, with the consent of the chief executive officer or governing body of the political subdivision;

80 (6) To delegate any administrative authority vested in him under this chapter, and to provide for the81 further delegation of any such authority, as needed;

82 (7) Whenever, in the opinion of the Governor, the safety and welfare of the people of the
83 Commonwealth require the exercise of emergency measures due to a threatened or actual disaster, to
84 declare a state of emergency to exist;

(8) To request a major disaster declaration from the President, thereby certifying the need for federal disaster assistance and ensuring the expenditure of a reasonable amount of funds of the Commonwealth, its local governments, or other agencies for alleviating the damage, loss, hardship, or suffering resulting from the disaster;

(9) To provide incident command system guidelines for state agencies and local emergency response organizations;

(10) Whenever, in the opinion of the Governor or his designee, an employee of a state or local

imperil the health and safety of an immediate family member of the employee, to direct the Comptroller
of the Commonwealth to issue warrants not to exceed \$2,500 per month, for up to three calendar
months, to the employee to assist the employee with the hardship; and

(11) During a disaster caused by a communicable disease of public health threat for which a state of 97 98 emergency has been declared pursuant to subdivision (7), to establish a program through which the 99 Governor may purchase PPE for private, nongovernmental entities and distribute the PPE to such 100 private, nongovernmental entities. However, if federal funding is not available to establish and fund the program, the Governor shall, prior to making such purchases, receive a contract for payment for purchase from the 105 private nongovernmental entities for the full cost of procuring and distributing the PPE, which shall 106 include any amortized costs of administering the program. Any purchase made by the Governor pursuant to this subdivision shall be exempt from the provisions of the Virginia Public Procurement Act 107 108 (§ 2.2-4300 et seq.), except the Governor shall be encouraged to comply with the provisions of 109 110 § 2.2-4310 when possible. The Governor shall also provide for competition where practicable and include a written statement regarding the basis for awarding any contract. Prior to implementing such a 111 program, the Department of Emergency Management shall consult with and survey private, 112 nongovernmental entities in order to assess demand for participation in the program as well as the 113 114 quantity and types of personal protective equipment such entities would like to procure.
