§ 2.2-3708.2. Meetings held through electronic communication means during declared states of emergency.

A. The following provisions apply to all public bodies:

1. Subject to the requirements of subsection C, all public bodies may conduct any meeting wherein the public business is discussed or transacted through electronic communication means if, on or before the day of a meeting, a member of the public body holding the meeting notifies the chair of the public body that:

a. Such member is unable to attend the meeting due to (i) a temporary or permanent disability or other medical condition that prevents the member's physical attendance or (ii) a family member's medical condition that requires the member to provide care for such family member, thereby preventing the member's physical attendance; or

b. Such member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. Participation by a member pursuant to this subdivision b is limited each calendar year to two meetings or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

2. If participation by a member through electronic communication means is approved pursuant to subdivision 1, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public. If participation is approved pursuant to subdivision 1 a, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to (i) a temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) a family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 1 b, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to subdivision 1 b is disapproved because such participation would violate the policy adopted pursuant to subsection C, such disapproval shall be recorded in the minutes with specificity.

3. Any public body, or any joint meetings thereof, may meet by electronic communication means without a quorum of the public body physically assembled at one location when the Governor has declared a state of emergency in accordance with § 44-146.17 or the locality in which the public body is located has declared a local state of emergency pursuant to § 44-146.21, provided that (i) the catastrophic nature of the declared emergency makes it impracticable or unsafe to assemble a quorum in a single location and (ii) the purpose of the meeting is to provide for the continuity of operations of the public body or the discharge of its lawful purposes, duties, and responsibilities. The public body convening a meeting in accordance with this subdivision section shall:

a. 1. Give public notice using the best available method given the nature of the emergency, which notice shall be given contemporaneously with the notice provided to members of the public body

conducting the meeting;

b. 2. Make arrangements for public access to such meeting through electronic communication means, including videoconferencing if already used by the public body;

c. 3. Provide the public with the opportunity to comment at those meetings of the public body when public comment is customarily received; and

d. 4. Otherwise comply with the provisions of this chapter.

The nature of the emergency, the fact that the meeting was held by electronic communication means, and the type of electronic communication means by which the meeting was held shall be stated in the minutes.

The provisions of this subdivision 3 section shall be applicable only for the duration of the emergency declared pursuant to § 44-146.17 or 44-146.21.

B. The following provisions apply to regional public bodies:

1. Subject to the requirements in subsection C, regional public bodies may also conduct any meeting wherein the public business is discussed or transacted through electronic communication means if, on the day of a meeting, a member of a regional public body notifies the chair of the public body that such member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting.

2. If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public.

If a member's participation from a remote location is disapproved because such participation would violate the policy adopted pursuant to subsection C, such disapproval shall be recorded in the minutes with specificity.

C. Participation by a member of a public body in a meeting through electronic communication means pursuant to subdivisions A 1 and 2 and subsection B shall be authorized only if the following conditions are met:

1. The public body has adopted a written policy allowing for and governing participation of its members by electronic communication means, including an approval process for such participation, subject to the express limitations imposed by this section. Once adopted, the policy shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting;

2. A quorum of the public body is physically assembled at one primary or central meeting location; and

3. The public body makes arrangements for the voice of the remote participant to be heard by all persons at the primary or central meeting location.

D. The following provisions apply to state public bodies:

1. Except as provided in subsection D of § 2.2-3707.01, state public bodies may also conduct any meeting wherein the public business is discussed or transacted through electronic communication means, provided that (i) a quorum of the public body is physically assembled at one primary or central meeting location, (ii) notice of the meeting has been given in accordance with subdivision 2, and (iii) members of the public are provided a substantially equivalent electronic communication means through which to witness the meeting. For the purposes of this subsection, "witness" means observe or listen.

If a state public body holds a meeting through electronic communication means pursuant to this subsection, it shall also hold at least one meeting annually where members in attendance at the meeting are physically assembled at one location and where no members participate by electronic communication means.

2. Notice of any regular meeting held pursuant to this subsection shall be provided at least three working days in advance of the date scheduled for the meeting. Notice, reasonable under the circumstance, of special, emergency, or continued meetings held pursuant to this section shall be given contemporaneously with the notice provided to members of the public body conducting the meeting. For the purposes of this subsection, "continued meeting" means a meeting that is continued to address an emergency or to conclude the agenda of a meeting for which proper notice was given.

The notice shall include the date, time, place, and purpose for the meeting; shall identify the primary or central meeting location and any remote locations that are open to the public pursuant to subdivision 4; shall include notice as to the electronic communication means by which members of the public may witness the meeting; and shall include a telephone number that may be used to notify the primary or central meeting location of any interruption in the telephonic or video broadcast of the meeting. Any interruption in the telephonic or video broadcast of the meeting shall result in the suspension of action at the meeting until repairs are made and public access is restored.

3. A copy of the proposed agenda and agenda packets and, unless exempt, all materials that will be

distributed to members of a public body for a meeting shall be made available for public inspection at the same time such documents are furnished to the members of the public body conducting the meeting.

4. Public access to the remote locations from which additional members of the public body participate through electronic communication means shall be encouraged but not required. However, if three or more members are gathered at the same remote location, then such remote location shall be open to the public.

5. If access to remote locations is afforded, (i) all persons attending the meeting at any of the remote locations shall be afforded the same opportunity to address the public body as persons attending at the primary or central location and (ii) a copy of the proposed agenda and agenda packets and, unless exempt, all materials that will be distributed to members of the public body for the meeting shall be made available for inspection by members of the public attending the meeting at any of the remote locations at the time of the meeting.

6. The public body shall make available to the public at any meeting conducted in accordance with this subsection a public comment form prepared by the Virginia Freedom of Information Advisory Council in accordance with § 30-179.

7. Minutes of all meetings held by electronic communication means shall be recorded as required by § 2.2-3707. Votes taken during any meeting conducted through electronic communication means shall be recorded by name in roll-call fashion and included in the minutes. For emergency meetings held by electronic communication means, the nature of the emergency shall be stated in the minutes.

8. Any authorized state public body that meets by electronic communication means pursuant to this subsection shall make a written report of the following to the Virginia Freedom of Information Advisory Council by December 15 of each year:

a. The total number of meetings held that year in which there was participation through electronic communication means;

b. The dates and purposes of each such meeting;

c. A copy of the agenda for each such meeting;

d. The primary or central meeting location of each such meeting;

e. The types of electronic communication means by which each meeting was held;

f. If possible, the number of members of the public who witnessed each meeting through electronic communication means;

g. The identity of the members of the public body recorded as present at each meeting, and whether each member was present at the primary or central meeting location or participated through electronic communication means;

h. The identity of any members of the public body who were recorded as absent at each meeting and any members who were recorded as absent at a meeting but who monitored the meeting through electronic communication means;

i. If members of the public were granted access to a remote location from which a member participated in a meeting through electronic communication means, the number of members of the public at each such remote location;

j. A summary of any public comment received about the process of conducting a meeting through electronic communication means; and

k. A written summary of the public body's experience conducting meetings through electronic communication means, including its logistical and technical experience.

E. Nothing in this section shall be construed to prohibit the use of interactive audio or video means to expand public participation.

§ 2.2-3708.3. Meetings held through electronic communication means; situations other than declared states of emergency.

A. Public bodies are encouraged to (i) provide public access, both in person and through electronic communication means, to public meetings and (ii) provide avenues for public comment at public meetings when public comment is customarily received, which may include public comments made in person or by electronic communication means or other methods.

B. Individual members of a public body may use remote participation instead of attending a public meeting in person if, in advance of the public meeting, the public body has adopted a policy as described in subsection D and the member notifies the public body chair that:

1. The member has a temporary or permanent disability or other medical condition that prevents the member's physical attendance;

2. A medical condition of a member of the member's family requires the member to provide care that prevents the member's physical attendance;

3. The member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or

4. The member is unable to attend the meeting due to a personal matter and identifies with

specificity the nature of the personal matter. However, the member may not use remote participation due to personal matters more than two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public and may be identified in the minutes by a general description. If participation is approved pursuant to subdivision 1 or 2, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a (i) temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 3, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to the distance between the member's principal residence and the meeting location. If participation is approved pursuant to subdivision 4, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

C. With the exception of local governing bodies, local school boards, planning commissions, architectural review boards, zoning appeals boards, and boards with the authority to deny, revoke, or suspend a professional or occupational license, any public body may hold all-virtual public meetings, provided that the public body follows the other requirements in this chapter for meetings, the public body has adopted a policy as described in subsection D, and:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting is included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;

2. Public access to the all-virtual public meeting is provided via electronic communication means;

3. The electronic communication means used allows the public to hear all members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the members of the public body as well;

4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;

5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to members of the public body;

6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;

7. No more than two members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;

8. If a closed session is held during an all-virtual public meeting, transmission of the meeting to the public resumes before the public body votes to certify the closed meeting as required by subsection D of § 2.2-3712;

9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and

10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

D. Before a public body uses all-virtual public meetings as described in subsection C or allows members to use remote participation as described in subsection B, the public body shall first adopt a policy, by recorded vote at a public meeting, that shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. The policy shall:

1. Describe the circumstances under which an all-virtual public meeting and remote participation

will be allowed and the process the public body will use for making requests to use remote participation, approving or denying such requests, and creating a record of such requests; and

2. Fix the number of times remote participation for personal matters or all-virtual public meetings can be used per calendar year, not to exceed the limitations set forth in subdivisions B 4 and C 9.

Any public body that creates a committee, subcommittee, or other entity however designated of the public body to perform delegated functions of the public body or to advise the public body may also adopt a policy on behalf of its committee, subcommittee, or other entity that shall apply to the committee, subcommittee, or other entity's use of individual remote participation and all-virtual public meetings.

§ 2.2-3714. Violations and penalties.

A.
