HB820E

§ 2.2-1610. Reports and recommendations; collection of data.

The Director shall, from time to time, submit directly or through an assistant to the Governor his recommendations for legislation or other action as he deems desirable to promote the purposes of this chapter.

The Director shall report, on or before November 1 of each year, to the Governor and the General Assembly the identity of the state departments and agencies failing to submit annual progress reports on small, women-owned, and minority-owned business procurement required by § 2.2-4310 and the nature and extent of such lack of compliance. The annual report shall include recommendations on the ways to improve compliance with the provisions of § 2.2-4310 and such other related matters as the Director deems appropriate.

The Director, with the assistance of the Comptroller, shall develop and implement a systematic data collection process that will provide information for a report to the Governor and General Assembly on state expenditures to small, women-owned, and minority-owned businesses during the previous fiscal year.

The Director shall conduct, or contract with an independent entity to conduct, a disparity study every five years. The study shall evaluate the need for enhancement and remedial measures to address the disparity between the availability and the utilization of women-owned and minority-owned businesses. The study shall recommend measures that consist of narrowly tailored procurement policies to address documented statistical disparities between the availability and utilization of women-owned and minority-owned businesses. The measures shall be consistent with rulings of the U.S. Supreme Court regarding the available remedies that may be employed to address past discrimination and the need for evidence to quantify past discrimination. The study shall incorporate the findings of past disparity studies conducted by Virginia and evaluate Virginia's progress toward the recommendations of those studies. The Director shall include the findings of each study in his annual report to the Governor and General Assembly required by this section.

An institution exercising authority granted under this section shall promptly make available to the Department, upon request, copies of its procurement records, receipts, and transactions in regard to procurement from small, women-owned, and minority-owned businesses in order for the Department to ensure institution compliance with its approved reporting and certification criteria.

§ 2.2-4310. Discrimination prohibited; participation of small, women-owned, minority-owned, and service disabled veteran-owned businesses and employment services organizations.

A. In the solicitation or awarding of contracts, no public body shall discriminate against a bidder or offeror because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment. Whenever solicitations are made, each public body shall include businesses selected from a list made available by the Department of Small Business and Supplier Diversity, which list shall include all companies and organizations certified by the Department.

B. All public bodies shall establish programs consistent with this chapter to facilitate the participation of small businesses, businesses owned by women, minorities, and service disabled veterans, and employment services organizations in procurement transactions. The programs established shall be in writing and shall comply with the provisions of any enhancement or remedial measures authorized by the Governor pursuant to subsection C or, where applicable, by the chief executive of a local governing body pursuant to § 15.2-965.1, and shall include specific plans to achieve any goals established therein. *Public bodies [shall may] rely on the recommendations of disparity studies conducted pursuant to § 2.2-1610 in establishing programs under this subsection.* State agencies shall submit annual progress reports on (i) small, women-owned, and minority-owned business procurement, (ii) service disabled veteran-owned business procurement, and (iii) employment services organization procurement to the Department of Small Business and Supplier Diversity in a form specified by the Department of Small Business and Supplier Diversity. Contracts and subcontracts awarded to employment services organizations and service disabled veteran-owned businesses shall be credited toward the small business, women-owned, and minority-owned business contracting and subcontracting goals of state agencies and contractors. The Department of Small Business and Supplier Diversity shall make information on service disabled veteran-owned procurement available to the Department of Veterans Services upon request.

C. Whenever there exists (i) a rational basis for small business or employment services organization enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women-owned and minority-owned businesses, the Governor is authorized and encouraged to require state agencies to implement appropriate enhancement or remedial measures consistent with prevailing law. *The Governor [shall may] rely on the recommendations of disparity studies conducted pursuant to § 2.2-1610 in implementing requirements pursuant to this subsection.* Any enhancement or remedial measure authorized by the Governor pursuant to this subsection for state public bodies may allow for small businesses certified by the Department of Small Business and Supplier Diversity or a subcategory of small businesses established as a part of the enhancement program to have

a price preference over noncertified businesses competing for the same contract award on designated procurements, provided that the bid of the certified small business or the business in such subcategory of small businesses established as a part of an enhancement program does not exceed the low bid by more than five percent.

D. In awarding a contract for services to a small, women-owned, or minority-owned business that is certified in accordance with § 2.2-1606, or to a business identified by a public body as a service disabled veteran-owned business where the award is being made pursuant to an enhancement or remedial program as provided in subsection C, the public body shall include in every such contract of more than \$10,000 the following:

"If the contractor intends to subcontract work as part of its performance under this contract, the contractor shall include in the proposal a plan to subcontract to small, women-owned, minority-owned, and service disabled veteran-owned businesses."

E. In the solicitation or awarding of contracts, no state agency, department, or institution shall discriminate against a bidder or offeror because the bidder or offeror employs ex-offenders unless the state agency, department, or institution has made a written determination that employing ex-offenders on the specific contract is not in its best interest.
