**§ 24.2-418.01. Verification of social security numbers.**

A. Before registering any applicant, the general registrars shall verify that the name, date of birth, and social security number provided by the applicant on the voter registration application match the information on file with the Social Security Administration or other database approved by the State Board. If the information provided by the applicant matches the information on file with the Social Security Administration or other database and the applicant is otherwise qualified, the applicant shall be registered to vote.

B. If the information provided by the applicant does not match the information on file with the Social Security Administration or other database, but the applicant is otherwise qualified, the applicant shall be provisionally registered to vote. The general registrar shall send a notice by mail to the applicant at the address provided on the voter registration application, informing him of his provisional registration status. Such notice shall inform the applicant of the information on his application that did not match and shall provide the opportunity to correct the information or to present one of the following forms of identification: his valid Virginia driver's license, his valid United States passport, or any other photo identification issued by the Commonwealth, one of its political subdivisions, or the United States.

An applicant who corrects the information on his application or presents one of the forms of identification shall be registered to vote. An applicant who does not correct the information on his application or does not present one of the forms of identification shall remain provisionally registered to vote and shall be permitted to vote in accordance with the provisions of § 24.2-653.4.
