60 E. The competency determination. — After receiving the report described in subsection D, the court 61 shall promptly determine whether the defendant is competent to stand trial. A hearing on the defendant's 62 competency is not required unless one is requested by the attorney for the Commonwealth or the 63 attorney for the defendant, or unless the court has reasonable cause to believe the defendant will be 64 hospitalized under § 19.2-169.2. If a hearing is held, the party alleging that the defendant is incompetent 65 shall bear the burden of proving by a preponderance of the evidence the defendant's incompetency. The 66 defendant shall have the right to notice of the hearing, the right to counsel at the hearing and the right 67 to personally participate in and introduce evidence at the hearing.

68 The fact that the defendant claims to be unable to remember the time period surrounding the alleged 69 offense shall not, by itself, bar a finding of competency if the defendant otherwise understands the 69 charges against him and can assist in his defense. Nor shall the fact that the defendant is under the 69 influence of medication bar a finding of competency if the defendant is able to understand the charges 69 against him and assist in his defense while medicated.

F. Finding. — If the court finds the defendant competent to stand trial, the case shall be set for trial or a preliminary hearing. If the court finds the defendant either incompetent but restorable or incompetent for the foreseeable future, the court shall proceed pursuant to § 19.2-169.2.

A. Upon finding pursuant to subsection E or Fof § 19.2-169.1 that the defendant, including a 77 78 juvenile transferred pursuant to § 16.1-269.1, is incompetent, the court shall order that the defendant 79 receive treatment to restore his competency on an outpatient basis or, if the court specifically finds that 80 the defendant requires inpatient hospital treatment, at a hospital designated by the Commissioner of 81 Behavioral Health and Developmental Services as appropriate for treatment of persons under criminal charge. Outpatient treatment may occur in a local correctional facility or at a location determined by the 82 appropriate community services board or behavioral health authority. Notwithstanding the provisions of 83 84 § 19.2-178, if the court orders inpatient hospital treatment, the defendant shall be transferred to and accepted by the hospital designated by the Commissioner as soon as practicable, but no later than 10 85 86 days, from the receipt of the court order requiring treatment to restore the defendant's competency. If the 87 10-day period expires on a Saturday, Sunday, or other legal holiday, the 10 days shall be extended to the next day that is not a Saturday, Sunday, or legal holiday. Any psychiatric records and other 88 89 information that have been deemed relevant and submitted by the attorney for the defendant pursuant to 90 subsection C of § 19.2-169.1 and any reports submitted pursuant to subsection D of § 19.2-169.1 shall be made available to the director of the community services board or behavioral health authority or his 91 92 designee or to the director of the treating inpatient facility or his designee within 96 hours of the 93 issuance of the court order requiring treatment to restore the defendant's competency. If the 96-hour period expires on a Saturday, Sunday, or other legal holiday, the 96 hours shall be extended to the next 94 95 day that is not a Saturday, Sunday, or legal holiday.

B. If, at any time after the defendant is ordered to undergo treatment under subsection A of this section, the director of the community services board or behavioral health authority or his designee or the director of the treating inpatient facility or his designee believes the defendant's competency is restored, the director or his designee shall immediately send a report to the court as prescribed in subsection D of § 19.2-169.1. The court shall make a ruling on the defendant's competency according to the procedures specified in subsection E of § 19.2-169.1.

102 \overline{C} . Notwithstanding the provisions of subsection A, upon finding pursuant to subsection E or F of § 19.2-169.1 that the defendant is incompetent, if such defendant has been charged with a misdemeanor 103 104 violation of Article 3 (§ 18.2-95 et seq.) of Chapter 5 of Title 18.2 or § 18.2-119 or 18.2-415 and the competency report described in subsection D of § 19.2-169.1 recommends the defendant be committed pursuant to the provisions of Article 5 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2, the court may, 105 106 with the concurrence of the Commonwealth, order the community services board or behavioral health 107 108 authority to petition for an order of involuntary commitment pursuant to the provisions of Article 5 109 (§ 37.2-814 et seq.) of Chapter 8 of Title 37.2 in lieu of ordering that the defendant receive treatment to 110 restore his competency and dismiss the charges without prejudice against the defendant.

111 D. The clerk of *the* court shall certify and forward forthwith to the Central Criminal Records 112 Exchange, on a form provided by the Exchange, a copy of an order for treatment issued pursuant to 113 subsection A.
