The Board shall also diversify such investments so as to minimize the risk of large losses unless under the circumstances it is clearly prudent not to do so. *The Board's compliance with § 51.1-124.41 shall satisfy the standard of care described in this subsection.*

D. No officer, director, or member of the Board or of any advisory committee of the Retirement System or any of its tax exempt subsidiary corporations whose actions are within the standard of care in subsection C above shall be held personally liable for losses suffered by the Retirement System on investments made under the authority of this chapter.

E. In the case of a plan administered by the Board which provides individual accounts permitting an employee or beneficiary to exercise discretion over assets in his account, the Board shall not be liable for any loss resulting from such employee's or beneficiary's (i) exercise of discretion over the assets in his account or (ii) inaction with respect to the assets in his account that results in such assets being placed in a default investment option selected by the Board.

F. In the case of an automatic rollover of a mandatory cash-out, as that term is defined under I.R.C. § 401 (a)(31)(B) of the United States Internal Revenue Code of 1986 (including as such section is amended or renumbered, or any successor provision thereto) and regulations thereunder applicable to governmental plans, the Board shall not be liable for any loss resulting from the Board's selection of an individual retirement plan provider and investment product where the selection is made in accordance with guidelines to be adopted by the Board that are similar to the safe harbor guidelines adopted by the United States U.S. Department of Labor for this purpose.
