INTRODUCED

SB338

59 **established.**

60 A. The Commission shall implement a reinsurance program, known as the Commonwealth Health
61 Reinsurance Program. Implementation and operation of the Program is contingent upon approval of the
62 State Innovation Waiver submitted by the Commission in accordance with § 38.2-6606. If the State
63 Innovation Waiver and federal funding request submitted by the Commission pursuant to § 38.2-6606
64 are approved, the Commission shall implement and operate the Program in accordance with this section.

65 B. The Commission or its designee shall collect or access data from an eligible carrier as necessary
66 to determine reinsurance payments, according to the data requirements under subdivision C 1.

67 1. Unless an eligible carrier is notified otherwise by the Commission, on a quarterly basis during the
68 applicable benefit year, each eligible carrier shall report to the Commission its claims costs that exceed
69 the attachment point for that benefit year. For each applicable benefit year, the Commission shall notify
70 eligible carriers of reinsurance payments to be made for the applicable benefit year no later than
71 September 30 of the year following the applicable benefit year. By November 15 of the year following
72 the applicable benefit year, the Commission shall disburse all applicable reinsurance payments to an
73 eligible carrier.

74 2. For the 2023 benefit year and each benefit year thereafter, the Commission shall establish and
75 publish the payment parameters for the applicable benefit year by May 1 of the year immediately
76 preceding the applicable benefit year. In setting the payment parameters under this subsection, the
77 Commission shall consider the following factors: (i) stabilized or reduced premium rates in the
78 individual market; (ii) increased participation in the individual market; (iii) improved access to health
79 care services and their providers for enrolled individuals; (iv) mitigation of the impact high-risk
80 individuals have on premium rates in the individual market; (v) ~~transfers made under the federal risk~~
81 ~~adjustment program to eliminate double reimbursement for high-cost cases;~~ (vi) the availability of any
82 federal funding available for the Program; and ~~(vii) (vi)~~ the total amount available to fund the Program.

83 3. If the Commission determines that all reinsurance payments for a covered person's covered
84 benefits requested under the Program by eligible carriers for a benefit year will not be equal to the
85 amount of funding allocated to the Program, the Commission shall determine a uniform pro rata
86 adjustment to be applied to all such requests for reinsurance payments.

87 C. A carrier that meets the requirement of this subsection and subsection D shall be eligible to
88 request reinsurance payments from the Program. An eligible carrier shall make requests for reinsurance
89 payments in accordance with the requirements established by the Commission.

90 1. To receive reinsurance payments through the Program, an eligible carrier shall, by April 30 of the
91 year following the benefit year for which reinsurance payments are requested, (i) provide the
92 Commission with access to the data within the dedicated data environment established by the eligible
93 carrier under the federal risk adjustment program under 42 U.S.C. § 18063 or access to other
94 carrier-specific data if and where necessary and (ii) submit to the Commission an attestation that the
95 carrier has complied with the dedicated data environments, data requirements, establishment and usage
96 of masked enrollee identification numbers, and data submission deadlines.

97 2. An eligible carrier shall maintain documents and records sufficient to substantiate the requests for
98 reinsurance payments made pursuant to this section for at least five years. An eligible carrier shall also
99 make those documents and records available upon request from the Commission for purposes of
100 verification, investigation, audit, or other review of reinsurance payment requests. The Commission may
101 audit an eligible carrier to assess the carrier's compliance with this section. The eligible carrier shall
102 ensure that its contractors, subcontractors, and agents cooperate with any audit under this section.

103 D. The Commission or its designee shall calculate each reinsurance payment based on an eligible
104 carrier's incurred claims costs for a covered person's covered benefits in the applicable benefit year ~~net~~
105 ~~of transfers received for the same enrolled individual under the federal risk adjustment program.~~ If the
106 ~~net~~ claims costs for a covered person's covered benefits in the applicable benefit year do not exceed the
107 attachment point for the applicable benefit year, the carrier shall not be eligible for a reinsurance
108 payment. If the claims costs exceed the attachment point for the applicable benefit year, the Commission
109 shall calculate the reinsurance payment as the product of the coinsurance rate and the eligible carrier's
110 claims costs up to the reinsurance cap. A carrier shall be ineligible for reinsurance payments for claims
111 costs for a covered person's covered benefits in the applicable benefit year that exceed the reinsurance
112 cap. The Commission shall ensure that reinsurance payments made to eligible carriers do not exceed the
113 total amount paid by the eligible carrier for any eligible claim. An eligible carrier may request that the
114 Commission reconsider a decision on the carrier's request for reinsurance payments within 21 days after
115 notice of the Commission's decision.

116 E. The Commission shall require each eligible carrier that participates in the Program to file with the
117 Commission, by a date and in a form and manner specified by the Commission by rule, the care
118 management protocols the eligible carrier will use to manage claims within the payment parameters.
