

22107417D

## SENATE BILL NO. 4

## AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the House Committee on Rules  
on March 3, 2022)

(Patrons Prior to Substitute—Senators Suetterlein, Peake [SB 166], and Lewis [SB 731])

A BILL to amend and reenact § 44-146.17, as it is currently effective and as it shall become effective, of the Code of Virginia, relating to powers of the Governor; limited duration of rules, regulations, and orders.

Be it enacted by the General Assembly of Virginia:

1. That § 44-146.17, as it is currently effective and as it shall become effective, of the Code of Virginia is amended and reenacted as follows:

§ 44-146.17. (Effective until July 1, 2023) Powers and duties of Governor.

The Governor shall be Director of Emergency Management. He shall take such action from time to time as is necessary for the adequate promotion and coordination of state and local emergency services activities relating to the safety and welfare of the Commonwealth in time of disasters.

The Governor shall have, in addition to his powers hereinafter or elsewhere prescribed by law, the following powers and duties:

(1) To proclaim and publish such rules and regulations and to issue such orders as may, in his judgment, be necessary to accomplish the purposes of this chapter including, but not limited to such measures as are in his judgment required to control, restrict, allocate or regulate the use, sale, production and distribution of food, fuel, clothing and other commodities, materials, goods, services and resources under any state or federal emergency services programs.

He may adopt and implement the Commonwealth of Virginia Emergency Operations Plan, which provides for state-level emergency operations in response to any type of disaster or large-scale emergency affecting Virginia and that provides the needed framework within which more detailed emergency plans and procedures can be developed and maintained by state agencies, local governments and other organizations.

He may direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is deemed necessary for the preservation of life, implement emergency mitigation, preparedness, response or recovery actions; prescribe routes, modes of transportation and destination in connection with evacuation; and control ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein.

Executive orders, to include those declaring a state of emergency and directing evacuation, shall have the force and effect of law and the violation thereof shall be punishable as a civil penalty of not more than \$500 or as a Class 1 misdemeanor in every case where the executive order declares that its violation shall have such force and effect. Where an executive order declares a violation shall be punishable as a civil penalty, such violation shall be charged by summons and may be executed by a law-enforcement officer when such violation is observed by the officer. The summons used by a law-enforcement officer pursuant to this section shall be, in form, the same as the uniform summons for motor vehicle law violations as prescribed pursuant to § 46.2-388. The proceeds of such civil penalties collected pursuant to this section shall be paid and collected only in lawful money of the United States and paid into the state treasury to the credit of the Literary Fund.

Such executive orders declaring a state of emergency may address exceptional circumstances that exist relating to an order of quarantine or an order of isolation concerning a communicable disease of public health threat that is issued by the State Health Commissioner for an affected area of the Commonwealth pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1.

Except as to emergency plans issued to prescribe actions to be taken in the event of disasters and emergencies, no rule, regulation, or order issued under this section shall have any effect beyond June 30 next following the next adjournment of the regular session of the General Assembly but the same or a similar rule, regulation, or order may thereafter be issued again if not contrary to law 30 days after the date of issuance unless extended as provided herein. Thirty days after the date of issuance, the Governor may extend the rule, regulation, or order for a period of 30 days, during which period the General Assembly may be convened at any time to consider and take action on the rule, regulation, or order. The Governor shall report to the General Assembly on the status of the continued necessity of the rule, regulation, or order at the time of any extension.

If the General Assembly takes no action on the rule, regulation, or order within 60 days of the issuance of the rule, regulation, or order, the Governor may extend the rule, regulation, or order for an additional period of 30 days, during which period the General Assembly may be convened at any time to consider and take action on the rule, regulation, or order. In the event the Governor deems it to be

60 *in the interest of the Commonwealth that the rule, regulation, or order be in effect for more than 90*  
61 *days, the General Assembly shall be convened to consider and take action on such extension. The*  
62 *Governor shall thereafter be prohibited from issuing the same or a similar rule, regulation, or order*  
63 *related to the same emergency without the approval of the General Assembly;*

64 (2) To appoint a State Coordinator of Emergency Management and authorize the appointment or  
65 employment of other personnel as is necessary to carry out the provisions of this chapter, and to  
66 remove, in his discretion, any and all persons serving hereunder;

67 (3) To procure supplies and equipment, to institute training and public information programs relative  
68 to emergency management and to take other preparatory steps including the partial or full mobilization  
69 of emergency management organizations in advance of actual disaster, to insure the furnishing of  
70 adequately trained and equipped forces in time of need;

71 (4) To make such studies and surveys of industries, resources, and facilities in the Commonwealth as  
72 may be necessary to ascertain the capabilities of the Commonwealth and to plan for the most efficient  
73 emergency use thereof;

74 (5) On behalf of the Commonwealth to enter into mutual aid arrangements with other states and to  
75 coordinate mutual aid plans between political subdivisions of the Commonwealth. After a state of  
76 emergency is declared in another state and the Governor receives a written request for assistance from  
77 the executive authority of that state, the Governor may authorize the use in the other state of personnel,  
78 equipment, supplies, and materials of the Commonwealth, or of a political subdivision, with the consent  
79 of the chief executive officer or governing body of the political subdivision;

80 (6) To delegate any administrative authority vested in him under this chapter, and to provide for the  
81 further delegation of any such authority, as needed;

82 (7) Whenever, in the opinion of the Governor, the safety and welfare of the people of the  
83 Commonwealth require the exercise of emergency measures due to a threatened or actual disaster, to  
84 declare a state of emergency to exist;

85 (8) To request a major disaster declaration from the President, thereby certifying the need for federal  
86 disaster assistance and ensuring the expenditure of a reasonable amount of funds of the Commonwealth,  
87 its local governments, or other agencies for alleviating the damage, loss, hardship, or suffering resulting  
88 from the disaster;

89 (9) To provide incident command system guidelines for state agencies and local emergency response  
90 organizations;

91 (10) Whenever, in the opinion of the Governor or his designee, an employee of a state or local  
92 public safety agency responding to a disaster has suffered an extreme personal or family hardship in the  
93 affected area, such as the destruction of a personal residence or the existence of living conditions that  
94 imperil the health and safety of an immediate family member of the employee, to direct the Comptroller  
95 of the Commonwealth to issue warrants not to exceed \$2,500 per month, for up to three calendar  
96 months, to the employee to assist the employee with the hardship; and

97 (11) During a disaster caused by a communicable disease of public health threat for which a state of  
98 emergency has been declared pursuant to subdivision (7), to establish a program through which the  
99 Governor may purchase PPE for private, nongovernmental entities and distribute the PPE to such  
100 private, nongovernmental entities. If federal funding is available to establish and fund the program, the  
101 Governor, if necessary to comply with any conditions attached to such federal funding, shall be entitled  
102 to seek reimbursement for such purchases from the private, nongovernmental entities and may establish  
103 and charge fees to recover the cost of administering the program, including the cost of procuring and  
104 distributing the PPE. However, if federal funding is not available to establish and fund the program, the  
105 Governor shall, prior to making such purchases, receive a contract for payment for purchase from the  
106 private nongovernmental entities for the full cost of procuring and distributing the PPE, which shall  
107 include any amortized costs of administering the program. Any purchase made by the Governor pursuant  
108 to this subdivision shall be exempt from the provisions of the Virginia Public Procurement Act  
109 (§ 2.2-4300 et seq.), except the Governor shall be encouraged to comply with the provisions of  
110 § 2.2-4310 when possible. The Governor shall also provide for competition where practicable and  
111 include a written statement regarding the basis for awarding any contract. Prior to implementing such a  
112 program, the Department of Emergency Management shall consult with and survey private,  
113 nongovernmental entities in order to assess demand for participation in the program as well as the  
114 quantity and types of personal protective equipment such entities would like to procure.

115 As used in this subdivision, "personal protective equipment" or "PPE" means equipment or supplies  
116 worn or employed to minimize exposure to hazards that cause serious workplace injuries and illnesses  
117 and may include items such as gloves, safety glasses and shoes, earplugs or muffs, hard hats, respirators,  
118 coveralls, vests, full body suits, hand sanitizer, plastic shields, or testing for the communicable disease  
119 of public health threat.

120 **§ 44-146.17. (Effective July 1, 2023) Powers and duties of Governor.**

121 The Governor shall be Director of Emergency Management. He shall take such action from time to

time as is necessary for the adequate promotion and coordination of state and local emergency services activities relating to the safety and welfare of the Commonwealth in time of disasters.

The Governor shall have, in addition to his powers hereinafter or elsewhere prescribed by law, the following powers and duties:

(1) To proclaim and publish such rules and regulations and to issue such orders as may, in his judgment, be necessary to accomplish the purposes of this chapter including, but not limited to such measures as are in his judgment required to control, restrict, allocate or regulate the use, sale, production and distribution of food, fuel, clothing and other commodities, materials, goods, services and resources under any state or federal emergency services programs.

He may adopt and implement the Commonwealth of Virginia Emergency Operations Plan, which provides for state-level emergency operations in response to any type of disaster or large-scale emergency affecting Virginia and that provides the needed framework within which more detailed emergency plans and procedures can be developed and maintained by state agencies, local governments and other organizations.

He may direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is deemed necessary for the preservation of life, implement emergency mitigation, preparedness, response or recovery actions; prescribe routes, modes of transportation and destination in connection with evacuation; and control ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein.

Executive orders, to include those declaring a state of emergency and directing evacuation, shall have the force and effect of law and the violation thereof shall be punishable as a Class 1 misdemeanor in every case where the executive order declares that its violation shall have such force and effect.

Such executive orders declaring a state of emergency may address exceptional circumstances that exist relating to an order of quarantine or an order of isolation concerning a communicable disease of public health threat that is issued by the State Health Commissioner for an affected area of the Commonwealth pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1.

~~Except as to emergency plans issued to prescribe actions to be taken in the event of disasters and emergencies, no~~ No rule, regulation, or order issued under this section shall have any effect beyond June 30 next following the next adjournment of the regular session of the General Assembly but the same or a similar rule, regulation, or order may thereafter be issued again if not contrary to law 30 days after the date of issuance unless extended as provided herein. Thirty days after the date of issuance, the Governor may extend the rule, regulation, or order for a period of 30 days, during which period the General Assembly may be convened at any time to consider and take action on the rule, regulation, or order. The Governor shall report to the General Assembly on the status of the continued necessity of the rule, regulation, or order at the time of any extension.

If the General Assembly takes no action on the rule, regulation, or order within 60 days of the issuance of the rule, regulation, or order, the Governor may extend the rule, regulation, or order for an additional period of 30 days, during which period the General Assembly may be convened at any time to consider and take action on the rule, regulation, or order. In the event the Governor deems it to be in the interest of the Commonwealth that the rule, regulation, or order be in effect for more than 90 days, the General Assembly shall be convened to consider and take action on such extension. The Governor shall thereafter be prohibited from issuing the same or a similar rule, regulation, or order related to the same emergency without the approval of the General Assembly;

(2) To appoint a State Coordinator of Emergency Management and authorize the appointment or employment of other personnel as is necessary to carry out the provisions of this chapter, and to remove, in his discretion, any and all persons serving hereunder;

(3) To procure supplies and equipment, to institute training and public information programs relative to emergency management and to take other preparatory steps including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped forces in time of need;

(4) To make such studies and surveys of industries, resources, and facilities in the Commonwealth as may be necessary to ascertain the capabilities of the Commonwealth and to plan for the most efficient emergency use thereof;

(5) On behalf of the Commonwealth to enter into mutual aid arrangements with other states and to coordinate mutual aid plans between political subdivisions of the Commonwealth. After a state of emergency is declared in another state and the Governor receives a written request for assistance from the executive authority of that state, the Governor may authorize the use in the other state of personnel, equipment, supplies, and materials of the Commonwealth, or of a political subdivision, with the consent of the chief executive officer or governing body of the political subdivision;

(6) To delegate any administrative authority vested in him under this chapter, and to provide for the further delegation of any such authority, as needed;

183 (7) Whenever, in the opinion of the Governor, the safety and welfare of the people of the  
184 Commonwealth require the exercise of emergency measures due to a threatened or actual disaster, to  
185 declare a state of emergency to exist;

186 (8) To request a major disaster declaration from the President, thereby certifying the need for federal  
187 disaster assistance and ensuring the expenditure of a reasonable amount of funds of the Commonwealth,  
188 its local governments, or other agencies for alleviating the damage, loss, hardship, or suffering resulting  
189 from the disaster;

190 (9) To provide incident command system guidelines for state agencies and local emergency response  
191 organizations;

192 (10) Whenever, in the opinion of the Governor or his designee, an employee of a state or local  
193 public safety agency responding to a disaster has suffered an extreme personal or family hardship in the  
194 affected area, such as the destruction of a personal residence or the existence of living conditions that  
195 imperil the health and safety of an immediate family member of the employee, to direct the Comptroller  
196 of the Commonwealth to issue warrants not to exceed \$2,500 per month, for up to three calendar  
197 months, to the employee to assist the employee with the hardship; and

198 (11) During a disaster caused by a communicable disease of public health threat for which a state of  
199 emergency has been declared pursuant to subdivision (7), to establish a program through which the  
200 Governor may purchase PPE for private, nongovernmental entities and distribute the PPE to such  
201 private, nongovernmental entities. If federal funding is available to establish and fund the program, the  
202 Governor, if necessary to comply with any conditions attached to such federal funding, shall be entitled  
203 to seek reimbursement for such purchases from the private, nongovernmental entities and may establish  
204 and charge fees to recover the cost of administering the program, including the cost of procuring and  
205 distributing the PPE. However, if federal funding is not available to establish and fund the program, the  
206 Governor shall, prior to making such purchases, receive a contract for payment for purchase from the  
207 private nongovernmental entities for the full cost of procuring and distributing the PPE, which shall  
208 include any amortized costs of administering the program. Any purchase made by the Governor pursuant  
209 to this subdivision shall be exempt from the provisions of the Virginia Public Procurement Act  
210 (§ 2.2-4300 et seq.), except the Governor shall be encouraged to comply with the provisions of  
211 § 2.2-4310 when possible. The Governor shall also provide for competition where practicable and  
212 include a written statement regarding the basis for awarding any contract. Prior to implementing such a  
213 program, the Department of Emergency Management shall consult with and survey private,  
214 nongovernmental entities in order to assess demand for participation in the program as well as the  
215 quantity and types of personal protective equipment such entities would like to procure.

216 As used in this subdivision, "personal protective equipment" or "PPE" means equipment or supplies  
217 worn or employed to minimize exposure to hazards that cause serious workplace injuries and illnesses  
218 and may include items such as gloves, safety glasses and shoes, earplugs or muffs, hard hats, respirators,  
219 coveralls, vests, full body suits, hand sanitizer, plastic shields, or testing for the communicable disease  
220 of public health threat.
