The 64 Authority may disburse from the Fund its reasonable costs and expenses incurred in the administration 65 and management of the Fund and a reasonable fee to be approved by the Board for its management 66 services. The Authority may provide a portion of that fee to the Department of Conservation and 67 Recreation to cover the Department's costs and expenses in administering the Fund.

68 § 10.1-603.30. Deposit of moneys; expenditures; investments.

69 All moneys belonging to the Fund shall be deposited in an account or accounts in banks or trust companies organized under the laws of the Commonwealth or in national banking associations located 70 in Virginia or in savings institutions located in Virginia organized under the laws of the Commonwealth 71 72 or the United States. The money in these accounts shall be paid by electronic transfer or check signed by the Executive Director of the Authority or other officers or employees designated by the Board of 73 74 Directors of the Authority. All deposits of money shall, if required by the Authority, be secured in a 75 manner determined by the Authority to be prudent, and all banks, trust companies, and savings institutions are authorized to give security for the deposits. Money in the Fund shall not be commingled 76 with other money of the Authority. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including any 80 appropriated funds and all principal, interest accrued, and payments at the end of each fiscal year shall 81 not revert to the general fund but shall remain in the Fund. 82 83

§ 10.1-603.31. Annual audit.

84 The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the 85 accounts of the Authority, and the cost of such audit services as shall be required shall be borne by the 86 Authority. The audit shall be performed at least each fiscal year, in accordance with generally accepted 87 auditing standards and, accordingly, include such tests of the accounting records and such auditing 88 procedures as considered necessary under the circumstances. The Authority shall furnish copies of such 89 audit to the Governor and to the Board. 90

§ 10.1-603.32. Collection of money due to Fund.

91 The Authority is empowered to collect, or to authorize others to collect on its behalf, amounts due to 92 the Fund under any loan to a local government, including, if appropriate, taking the action required by 93 § 15.2-2659 to obtain payment of any amounts in default. Proceedings to recover amounts due to the 94 Fund may be instituted by the Authority in the name of the Fund in the appropriate circuit court. 95

§ 10.1-603.33. Loans to local governments.

96 Except as otherwise provided in this chapter, moneys in the Fund shall be used to make loans to 97 local governments to finance or refinance the cost of any project. The local governments to which loans 98 are to be made, the purposes of the loan, the amount of each such loan, the interest rate thereon, and 99 the repayment terms thereof, which may vary between loan recipients, shall be designated in writing by 100 the Board to the Authority following consultation with the Authority. No loan from the Fund shall 101 exceed the total cost of the project to be financed or the outstanding principal amount of the 102 indebtedness to be refinanced plus reasonable financing expenses.

103 Except as set forth in this section, the Authority shall determine the terms and conditions of any loan 104 from the Fund, which may vary between loan recipients. Each loan shall be evidenced by appropriate bonds or notes of the local government payable to the Fund. The bonds or notes shall have been duly 105 106 authorized by the local government and executed by its authorized legal representatives. The Authority is authorized to require in connection with any loan from the Fund such documents, instruments, 107 108 certificates, legal opinions, and other information as it may deem necessary or convenient. In addition 109 to any other terms or conditions that the Authority may establish, the Authority may require, as a 110 condition to making any loan from the Fund, that the local government receiving the loan covenant to 111 perform any of the following:

112 1. Establish and collect rents, rates, fees, and charges to produce revenue sufficient to pay all or a 113 specified portion of (i) the costs of operation, maintenance, replacement, renewal, and repairs of the 114 project; (ii) any outstanding indebtedness incurred for the purposes of the project, including the principal of and premium, if any, and interest on the loan from the Fund to the local government; and 115 116 (iii) any amounts necessary to create and maintain any required reserve, including any rate stabilization 117 fund deemed necessary or appropriate by the Authority to offset the need, in whole or part, for future 118 increases in rents, rates, fees, or charges;

2. With respect to local governments, levy and collect ad valorem taxes on all property within the 119 jurisdiction of the local government subject to local taxation sufficient to pay the principal of and 120 121 premium, if any, and interest on the loan from the Fund to the local government;

SB756S1

128 4. Create and maintain other special funds as required by the Authority; and

129 5. Perform other acts, including the conveyance of, or the granting of liens on or security interests 130 in, real and personal property, together with all rights, title, and interest therein, to the Fund, or take 131 other actions as may be deemed necessary or desirable by the Authority to secure payment of the 132 principal of and premium, if any, and interest on the loan from the Fund and to provide for the 133 remedies of the Fund in the event of any default in the payment of the loan, including, without 134 limitation, any of the following:

135 a. The procurement of insurance, guarantees, letters of credit, and other forms of collateral, security, 136 liquidity arrangements, or credit supports for the loan from any source, public or private, and the 137 payment therefor of premiums, fees, or other charges;

138 b. The combination of one or more projects, or the combination of one or more projects with one or 139 more other undertakings, facilities, utilities, or systems, for the purpose of operations and financing, and 140 the pledging of the revenues from such combined projects, undertakings, facilities, utilities, and systems 141 to secure the loan from the Fund made in connection with such combination or any part or parts 142 thereof:

143 c. The maintenance, replacement, renewal, and repair of the project; and

144 d. The procurement of casualty and liability insurance.

145 All local governments borrowing money from the Fund are authorized to perform any acts, take any 146 action, adopt any proceedings, and make and carry out any contracts that are contemplated by this chapter. Such contracts need not be identical among all local governments but may be structured as 147 148 determined by the Authority according to the needs of the contracting local governments and the Fund.

149 Subject to the rights, if any, of the registered owners of any of the bonds of the Authority, the 150 Authority may consent to and approve any modification in the terms of any loan subject to guidelines 151 adopted by the Board. 152

§ 10.1-603.34. Grants to local governments.

153 Subject to any restrictions that may apply to the use of money in the Fund, the Board may approve 154 the use of money in the Fund to make grants or appropriations to local governments to pay the cost of 155 any project. The Board may establish such terms and conditions on any grant as it deems appropriate. 156 Grants shall be disbursed from the Fund by the Authority in accordance with the written direction of 157 the Board.

158 § 10.1-603.35. Loans and grants for regional projects, etc.

159 In approving loans and grants, the Board shall give preference to loans and grants for projects that 160 will utilize private industry in the operation and maintenance of such projects where a material savings in cost can be shown over public operation and maintenance; will serve two or more local governments 161 162 to encourage regional cooperation; or both.

163 § 10.1-603.36. Loans and grants to a local government for a funding program.

164 Loans and grants may be made from the Fund, in the Board's discretion, to a local government that has developed a funding program to provide low-interest loans or grants to any persons of the 165 166 Commonwealth eligible for projects for resilience purposes. In order to secure the loans authorized 167 pursuant to this section, the local government is authorized to place a lien equal in value to the loan 168 against any property where such project is being undertaken. Such liens shall be subordinate to all liens 169 on the property as of the date the loan authorized under this section is made, except that with the prior 170 written consent of the holders of all liens on the property as of such date, the liens securing loans 171 authorized pursuant to this section shall be liens on the property ranking on parity with liens for unpaid 172 local taxes. The local government may bundle or package such loans for transfer to private lenders in 173 such a manner that would allow the liens to remain in full force to secure the loans.

174 § 10.1-603.37. Pledge of loans to secure bonds of Authority.

175 The Authority is empowered at any time and from time to time to transfer from the Fund to banks or 176 trust companies designated by the Authority any or all of the assets of the Fund to be held in trust as security for the payment of the principal of and premium, if any, and interest on any or all of the 177 178 bonds, as defined in § 62.1-199, of the Authority. The interests of the Fund in any obligations so 179 transferred shall be subordinate to the rights of the trustee under the pledge. To the extent that funds 180 are not available from other sources pledged for such purpose, any payments of principal and interest 181 received on the assets transferred or held in trust may be applied by the trustee thereof to the payment of the principal of and premium, if any, and interest on such bonds of the Authority to which the 182

183 obligations have been pledged, and if such payments are insufficient for such purpose, the trustee is 184 empowered to sell any or all of such assets and apply the net proceeds from the sale to the payment of 185 the principal of and premium, if any, and interest on such bonds of the Authority. Any assets of the 186 Fund transferred in trust as set forth in this section and any payments of principal, interest, or earnings 187 received thereon shall remain part of the Fund but shall be subject to the pledge to secure the bonds of 188 the Authority and shall be held by the trustee to which they are pledged until no longer required for 189 such purpose by the terms of the pledge. On or before January 10 of each year, the Authority shall 190 transfer, or shall cause the trustee to transfer, to the Fund any assets transferred or held in trust as set 191 forth in this section that are no longer required to be held in trust pursuant to the terms of the pledge. 192

§ 10.1-603.38. Sale of loans.

193 The Authority is empowered at any time and from time to time to sell, upon such terms and 194 conditions as the Authority shall deem appropriate, any loan, or interest therein, made pursuant to this 195 chapter. The net proceeds of sale remaining after the payment of the costs and expenses of the sale shall be designated for deposit to, and become part of, the Fund. 196

197 § 10.1-603.39. Powers of the Authority.

198 The Authority is authorized to do any act necessary or convenient to the exercise of the powers 199 granted in this chapter or reasonably implied thereby.

200 § 10.1-603.40. Liberal construction of chapter.

201 The provisions of this chapter shall be liberally construed to the end that its beneficial purposes may 202 be effectuated. Insofar as the provisions of this chapter are inconsistent with the provisions of any other law, general, special, or local, the provisions of this chapter shall be controlling. 203
