The Virginia Department of Education shall provide the curriculum, content, and other information regarding the courses required to become certified driver education instructors in Virginia to any comprehensive community college within the Virginia Community College System. The content of each course must be accurate and rigorous and must meet the requirements for the Department of Education's Curriculum and Administrative Guide for Driver's Education, which includes the Board of Education's standards of learning.

Except for schools in the Commonwealth's public school system and providers of correspondence courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer computer-based driver education courses, including the parent/student driver education component of the driver education curriculum as established in § 22.1-205. Any driver training school licensed under the provisions of this chapter shall be authorized to provide the 90-minute parent/student driver education component of the driver education curriculum pursuant to § 22.1-205. Only public schools and those driver training schools that are licensed as computer-based driver education providers shall be authorized to administer the parent/student driver education component of the driver education curriculum through a virtual, computer-based program. Completion of such education component shall satisfy the requirement for the additional 90-minute parent/student driver education component so long as there is participation of the student's parent or guardian and the content provided is comparable to that which is offered in the Commonwealth's public schools and emphasizes (a) parental responsibilities regarding juvenile driver behavior, (b) juvenile driving restrictions pursuant to this Code, and (c) the dangers of driving while intoxicated and underage consumption of alcohol, and (d) the dangers of distracted driving.

The Commissioner shall have authority to approve any driver education course offered by any Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter and as otherwise established by the Department. Class A licensees shall not be permitted to administer behind-the-wheel examinations unless authorized pursuant to § 46.2-326.1. Driver education courses offered by any Class B licensee shall be based on the driver education curriculum currently approved by the Department of Education and the Department.
