8. **Fiscal Implications:** This bill increases the administrative responsibilities of the Department of Professional and Occupational Regulation (DPOR) by requiring amendments to the Board for Barbers and Cosmetology (Board) regulations to reduce the number of required training hours to no more than 1,000 hours. DPOR estimates that two additional board meetings will be required to revise the regulations, which is estimated to cost \$4000. Additionally, staff will need to review amended curriculum for approximately 250 cosmetology and barbering schools. The Department says the workload cannot be absorbed by existing staff, and estimates needing three temporary employees for 17 weeks. The total staff cost would be approximately \$36,725. It is anticipated that the agency has sufficient appropriation to support the additional staff and costs associated with additional board meetings.
