§ 22.1-298.1. (For Expiration Date, see 2022 Acts cc. 549, 550, cl. 2) Regulations governing licensure.

A. As used in this section:

"Alternate route to licensure" means a nontraditional route to teacher licensure available to individuals who meet the criteria specified in the guidelines developed pursuant to subsection N or regulations issued by the Board of Education.

"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for 10 years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent of Public Instruction to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. Such license shall be valid only for teaching

G. Each local school board or division superintendent may waive for any individual whom it seeks to employ as a career and technical education teacher and who is also seeking initial licensure or renewal of a license with an endorsement in the area of career and technical education any applicable requirement set forth in subsection C or subdivision D 2, 4, or 6.

H. The Board's regulations shall require that initial licensure for principals and assistant principals be contingent upon passage of an assessment as prescribed by the Board.

I. The Board shall establish criteria in its regulations to effectuate the substitution of experiential learning for coursework for those persons seeking initial licensure through an alternate route as defined in Board regulations. Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

K. The Board's licensure regulations shall also provide for licensure by reciprocity:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts;

2. Each such individual shall establish a file in the Department by submitting a complete application packet, which shall include official student transcripts and an official copy of the military permanent assignment orders of the individual's spouse. 184 assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative
185 certification program that provides training in the pedagogy and methodology of the respective content
186 or special education areas prescribed by the Board. The curriculum of any such alternative certification
187 program shall be approved by the Board. Nothing in this subsection shall preclude the Board from
188 establishing other alternate routes to licensure.

189 M. The Board, in its regulations providing for licensure by reciprocity established pursuant to
190 subsection K, shall (i) permit applicants to submit third-party employment verification forms and (ii)
191 grant special consideration to individuals who have successfully completed a program offered by a
192 provider that is accredited by the Council for the Accreditation of Educator Preparation.

194 organization sponsored by a school board to petition the Board for approval of an alternate route to
195 licensure that may be used to meet the requirements for a provisional or renewable license or any
196 endorsement. Any such alternate route may include alternatives to the regulatory requirements for
197 teacher preparation, including alternative professional assessments and coursework. The petitioner may

With the exception of the local director, no person whose regular duties include substantial involvement with child abuse and neglect cases shall preside over the informal conference. If the local department refuses the request for amendment or fails to act within 45 days after receiving such request, the person may, within 30 days thereafter, petition the Commissioner, who shall grant a hearing to determine whether it appears, by a preponderance of the evidence, that the determination or record contains information which is irrelevant or inaccurate regarding the commission of abuse or neglect by the person

431 days in which the local department must act be extended. The extension period, which may be up to 60
432 days, shall begin at the end of the 45 days in which the local department must act. When there is an
433 extension period, the 30-day period to request an administrative hearing shall begin on the termination
434 of the extension period.

435 B. The Commissioner shall designate and authorize one or more members of his staff to conduct
436 such hearings. The decision of any staff member so designated and authorized shall have the same force
437 and effect as if the Commissioner had made the decision. The hearing officer shall have the authority to
438 issue subpoenas for the production of documents and the appearance of witnesses. The hearing officer is

449 compel the attendance of witnesses at the hearing, except that alleged child victims of the person and
450 their siblings shall not be subpoenaed, deposed or required to testify. The person who is the subject of

459 by the local department, he may remand the case to the local department for reconsideration. The local
460 department shall have 14 days in which to reconsider the case. If, at the expiration of 14 days, the local
461 department fails to act or fails to amend the record to the satisfaction of the appellant, the case shall be
462 returned to the hearing officer for a determination. If aggrieved by the decision of the hearing officer,
