**§ 54.1-2986.1. Duties and authority of agent or person identified in § 54.1-2986.**

A. If the declarant appoints an agent in an advance directive, that agent shall have (i) the authority to make health care decisions for the declarant as specified in the advance directive if the declarant is determined to be incapable of making an informed decision and (ii) decision-making priority over any person identified in § 54.1-2986. In no case shall the agent refuse or fail to honor the declarant's wishes in relation to anatomical gifts or organ, tissue or eye donation. Decisions to restrict visitation of the patient may be made by an agent only if the declarant has expressly included provisions for visitation in his advance directive; such visitation decisions shall be subject to physician orders and policies of the institution to which the declarant is admitted. No person authorized to make decisions for a patient under § 54.1-2986 shall have authority to restrict visitation of the patient, *unless such visitation was restricted by a guardian pursuant to the procedures prescribed by § 64.2-2019.1.*

B. Any agent or person authorized to make health care decisions pursuant to this article shall (i) undertake a good faith effort to ascertain the risks and benefits of, and alternatives to any proposed health care, (ii) make a good faith effort to ascertain the religious values, basic values, and previously expressed preferences of the patient, and (iii) to the extent possible, base his decisions on the beliefs, values, and preferences of the patient, or if they are unknown, on the patient's best interests.

**§ 64.2-2009. Court order of appointment; limited guardianships and conservatorships.**

A. The court's order appointing a guardian or conservator shall (i) state the nature and extent of the person's incapacity; (ii) define the powers and duties of the guardian or conservator so as to permit the incapacitated person to care for himself and manage property to the extent he is capable; (iii) specify whether the appointment of a guardian or conservator is limited to a specified length of time, as the court in its discretion may determine; (iv) specify the legal disabilities, if any, of the person in connection with the finding of incapacity, including but not limited to mental competency for purposes of Article II, § 1 of the Constitution of Virginia or Title 24.2; (v) include any limitations deemed appropriate following consideration of the factors specified in § 64.2-2007; (vi) set the bond of the guardian and the bond and surety, if any, of the conservator; and (vii) where a petition is brought prior to the incapacitated person's eighteenth birthday, pursuant to subsection C of § 64.2-2001, whether the order shall take effect immediately upon entry or on the incapacitated person's eighteenth birthday.

B. The court may appoint a limited guardian for an incapacitated person who is capable of addressing some of the essential requirements for his care for the limited purpose of medical decision making, decisions about place of residency, or other specific decisions regarding his personal affairs. The court may appoint a limited conservator for an incapacitated person who is capable of managing some of his property and financial affairs for limited purposes that are specified in the order.

C. Unless the guardian has a professional relationship with the incapacitated person or is employed by or affiliated with a facility where the person resides, the court's order may authorize the guardian to consent to the admission of the person to a facility pursuant to § 37.2-805.1, upon finding by clear and convincing evidence that (i) the person has severe and persistent mental illness that significantly impairs the person's capacity to exercise judgment or self-control, as confirmed by the evaluation of a licensed psychiatrist; (ii) such condition is unlikely to improve in the foreseeable future; and (iii) the guardian has formulated a plan for providing ongoing treatment of the person's illness in the least restrictive setting suitable for the person's condition.

D. A guardian need not be appointed for a person who has appointed an agent under an advance directive executed in accordance with the provisions of Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, unless the court determines that the agent is not acting in accordance with the wishes of the principal or there is a need for decision making outside the purview of the advance directive. A guardian need not be appointed for a person where a health care decision is made pursuant to, and

within the scope of, the Health Care Decisions Act (§ 54.1-2981 et seq.).

A conservator need not be appointed for a person (i) who has appointed an agent under a durable power of attorney, unless the court determines pursuant to the Uniform Power of Attorney Act (§ 64.2-1600 et seq.) that the agent is not acting in the best interests of the principal or there is a need for decision making outside the purview of the durable power of attorney or (ii) whose only or major source of income is from the Social Security Administration or other government program and who has a representative payee.

Such restrictions shall only be imposed pursuant to § 64.2-2019.1.*

3. Pursuant to § 64.2-2020 of the Code of Virginia, an annual report shall be filed by the guardian with the local department of social services for the jurisdiction where the incapacitated person resides.

4. Pursuant to § 64.2-2012 of the Code of Virginia, all guardianship orders are subject to petition for restoration of the incapacitated person to capacity; modification of the type of appointment or areas of protection, management, or assistance granted; or termination of the guardianship."

**§ 64.2-2019. Duties and powers of guardian.**

A. A guardian stands in a fiduciary relationship to the incapacitated person for whom he was appointed guardian and may be held personally liable for a breach of any fiduciary duty to the incapacitated person. A guardian shall not be liable for the acts of the incapacitated person unless the guardian is personally negligent. A guardian shall not be required to expend personal funds on behalf of the incapacitated person.

B. A guardian's duties and authority shall not extend to decisions addressed in a valid advance directive or durable power of attorney previously executed by the incapacitated person. A guardian may seek court authorization to revoke, suspend, or otherwise modify a durable power of attorney, as provided by the Uniform Power of Attorney Act (§ 64.2-1600 et seq.). Notwithstanding the provisions of the Health Care Decisions Act (§ 54.1-2981 et seq.) and in accordance with the procedures of § 64.2-2012, a guardian may seek court authorization to modify the designation of an agent under an advance directive, but the modification shall not in any way affect the incapacitated person's directives concerning the provision or refusal of specific medical treatments or procedures.

C. A guardian shall maintain sufficient contact with the incapacitated person to know of his capabilities, limitations, needs, and opportunities. The guardian shall visit the incapacitated person as often as necessary.

D. A guardian shall be required to seek prior court authorization to change the incapacitated person's residence to another state, to terminate or consent to a termination of the person's parental rights, or to initiate a change in the person's marital status.

E. A guardian shall, to the extent feasible, encourage the incapacitated person to participate in decisions, to act on his own behalf, and to develop or regain the capacity to manage personal affairs. A guardian, in making decisions, shall consider the expressed desires and personal values of the incapacitated person to the extent known and shall otherwise act in the incapacitated person's best interest and exercise reasonable care, diligence, and prudence. A guardian shall not ~~unreasonably~~ restrict an incapacitated person's ability to communicate with, visit, or interact with other persons with whom the incapacitated person has an established relationship, *unless such restriction is reasonable to prevent physical, mental, or emotional harm to or financial exploitation of such incapacitated person and after consideration of the expressed wishes of the incapacitated person. Such restrictions shall only be imposed pursuant to § 64.2-2019.1.*

F. A guardian shall have authority to make arrangements for the funeral and disposition of remains, including cremation, interment, entombment, memorialization, inurnment, or scattering of the cremains,

or some combination thereof, if the guardian is not aware of any person that has been otherwise designated to make such arrangements as set forth in § 54.1-2825. A guardian shall have authority to make arrangements for the funeral and disposition of remains after the death of an incapacitated person if, after the guardian has made a good faith effort to locate the next of kin of the incapacitated person to determine if the next of kin wishes to make such arrangements, the next of kin does not wish to make the arrangements or the next of kin cannot be located. Good faith effort shall include contacting the next of kin identified in the petition for appointment of a guardian. The funeral service licensee, funeral service establishment, registered crematory, cemetery, cemetery operator, or guardian shall be immune from civil liability for any act, decision, or omission resulting from acceptance of any dead body for burial, cremation, or other disposition when the provisions of this section are met, unless such acts, decisions, or omissions resulted from bad faith or malicious intent.

**§ 64.2-2019.1. Procedures to restrict communication, visitation, or interaction.**

A. A guardian may restrict the ability of a person with whom the incapacitated person has an established relationship to communicate with, visit, or interact with such incapacitated person only when such restriction is reasonable to prevent physical, mental, or emotional harm to or financial exploitation of such incapacitated person and after consideration of the expressed wishes of such incapacitated person. Any such restriction may include (i) limitations on time, duration, location, or method of visits or communication, (ii) supervised visitation, or (iii) prohibition of in-person visitation, and shall be the least restrictive means possible to prevent any such harm or exploitation.

B. The guardian shall provide written notice to the restricted person, on a form developed by the Office of the Executive Secretary of the Supreme Court of Virginia, stating (i) the nature and terms of the restriction, (ii) the reasons why the guardian believes the restriction is necessary, and (iii) how the restricted person or incapacitated person may challenge such restriction in court pursuant to § 64.2-2012. The guardian shall also inform the incapacitated person of such restriction and provide a copy of such written notice to the incapacitated person, unless the guardian has a good faith belief that such information would be detrimental to the health or safety of such incapacitated person. The guardian shall provide a copy of such written notice to the local department of social services of the jurisdiction where the incapacitated person resides and shall file a copy of such written notice with the circuit court that appointed the guardian. If the incapacitated person is in a hospital, convalescent home, or certified nursing facility licensed by the Department of Health pursuant to § 32.1-123, an assisted living facility as defined in § 63.2-100, or any other similar institution, the guardian shall also inform such hospital, home, facility, or institution of such restriction.

C. If the court finds that a restriction is reasonable to prevent harm to or financial exploitation of such incapacitated person, the court may continue or modify such restriction in its discretion.

D. If the court does not find that a restriction is reasonable to prevent harm to or financial exploitation of such incapacitated person, the court may issue an order terminating, continuing, or modifying any restriction the guardian imposed on the person challenging such restriction.

E. If the court finds that a guardian imposed a restriction in bad faith, primarily for the purposes of harassment, or that was clearly frivolous or vexatious, the court may require the guardian to pay or reimburse, from the guardian's personal funds, all or some of the costs and fees, including attorney fees, incurred by the restricted person in connection with such motion.

F. If the court finds that the claim of a restricted person who filed a motion pursuant to this section was made in bad faith, was brought primarily for the purposes of harassment, or was clearly frivolous or vexatious, the court may require such restricted person to pay or reimburse the guardian all or some of the costs and fees, including attorney fees, incurred by the guardian in connection with such claim.

G. Any court order issued pursuant to the provisions of this section shall be provided to the local department of social services of the jurisdiction where the incapacitated person resides.
