**§ 54.1-2606. Audiology and Speech-Language Pathology Interstate Compact; purpose.**

The General Assembly hereby enacts, and the Commonwealth of Virginia hereby enters into, the Audiology and Speech-Language Pathology Interstate Compact with any and all states legally joining therein according to its terms, in the form substantially as follows:

## AUDIOLOGY AND SPEECH-LANGUAGE PATHOLOGY INTERSTATE COMPACT

The purpose of this Compact is to facilitate interstate practice of audiology and speech-language pathology with the goal of improving public access to audiology and speech-language pathology services. The practice of audiology and speech-language pathology occurs in the state where the patient/client/student is located at the time of the patient/client/student encounter. The Compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure.

This Compact is designed to achieve the following objectives:

1. Increase public access to audiology and speech-language pathology services by providing for the mutual recognition of other member state licenses;
2. Enhance the states' ability to protect the public's health and safety;
3. Encourage the cooperation of member states in regulating multistate audiology and speech-language pathology practice;
4. Support spouses of relocating active duty military personnel;
5. Enhance the exchange of licensure, investigative, and disciplinary information between member states;
6. Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state's practice standards; and
7. Allow for the use of telehealth technology to facilitate increased access to audiology and speech-language pathology services.

Upon application for a privilege to practice, the licensing board in the issuing remote state shall ascertain, through the data system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or privilege to practice held by the applicant, and whether any adverse action has been taken against any license or privilege to practice held by the applicant.

D. Each member state shall require an applicant to obtain or retain a license in the home state and meet the home state's qualifications for licensure or renewal of licensure, as well as all other applicable state laws.

I. Individuals not residing in a member state shall continue to be able to apply for a member state's single-state license as provided under the laws of each member state. B. For the purposes of the compact privilege, an audiologist or speech-language pathologist shall only hold one home state license at a time.

D. The audiologist or speech-language pathologist may apply for licensure in advance of a change in his primary state of residence.

E. A license shall not be issued by the new home state until the audiologist or speech-language pathologist provides satisfactory evidence of a change in his primary state of residence to the new home state and satisfies all applicable requirements to obtain a license from the new home state.

F. If an audiologist or speech-language pathologist changes his primary state of residence by moving from a member state to a non-member state, the license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

**§ 54.1-2611. Active duty military personnel or their spouse.**

Active duty military personnel, or their spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change his home state through application for licensure in the new state.

The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

3. Only the home state shall have the power to take adverse action against an audiologist's or speech-language pathologist's license issued by the home state.

B. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

C. The home state shall complete any pending investigations of an audiologist or speech-language pathologist who changes his primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any adverse actions.

D. If otherwise permitted by state law, the member state may recover from the affected audiologist or speech-language pathologist the costs of investigations and disposition of cases resulting from any adverse action taken against that audiologist or speech-language pathologist.

E. The member state may take adverse action based on the factual findings of the remote state, provided that the member state follows the member state's own procedures for taking the adverse action.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

G. If adverse action is taken by the home state against an audiologist's or speech language pathologist's license, the audiologist's or speech-language pathologist's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an audiologist's or speech-language pathologist's license shall include a statement that the audiologist's or speech-language pathologist's privilege to practice is deactivated in all member states during the pendency of the order.

H. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

I. Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

A. The Compact member states hereby create and establish a joint public agency known as the Audiology and Speech-Language Pathology Compact Commission:

C. Investigative information pertaining to a licensee in any member state shall only be available to other member states.

D. The Commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state shall be available to any other member state.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

**§ 54.1-2615. Rulemaking.**

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four years of the date of adoption of the rule, the rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 30 days in advance of the meeting at which the rule shall be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform; and
2. On the website of each member state audiology or speech-language pathology licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

E. The Notice of Proposed Rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule shall be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to the adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least 25 persons;
2. A state or federal governmental subdivision or agency; or
3. An association having at least 25 members.

H. If a public hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the public hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the public hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the public hearing not less than five business days before the scheduled date of the public hearing.

2. Public hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All public hearings shall be recorded. A copy of the recording shall be made available on request.

4. Nothing in this section shall be construed as requiring a separate public hearing on each rule. Rules may be grouped for the convenience of the Commission at public hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

K. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or a public hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, and in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or member state funds; or
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

#### **§ 54.1-2616. Dispute resolution and enforcement.**

##### **A. Dispute Resolution.**

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to this Compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

##### **B. Enforcement.**

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of litigation, including reasonable attorney fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

#### **§ 54.1-2617. Date of implementation of the interstate commission for audiology and**

**speech-language pathology practice and associated rules, withdrawal, and amendment.**

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's audiology or speech-language pathology licensing board to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any audiology or speech-language pathology licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

**§ 54.1-2618. Construction and severability.**

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

**§ 54.1-2619. Binding effect of the Compact and other laws.**

A. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this Compact.

B. All laws in a member state in conflict with this Compact are superseded to the extent of the conflict.

C. All lawful actions of the Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

D. All agreements between the Commission and the member states are binding in accordance with their terms.

E. In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.
