"Industry certification credential" means an active career and technical education credential that is earned by successfully completing a Board of Education-approved industry certification examination, being issued a professional license in the Commonwealth, or successfully completing an occupational competency examination.

"Licensure by reciprocity" means a process used to issue a license to an individual coming into the Commonwealth from another state when that individual meets certain conditions specified in the Board of Education's regulations.

"Professional teacher's assessment" means those tests mandated for licensure as prescribed by the Board of Education.

"Provisional license" means a nonrenewable license issued by the Board of Education for a specified period of time, not to exceed three years, to an individual who may be employed by a school division in the Commonwealth and who generally meets the requirements specified in the Board of Education's regulations for licensure, but who may need to take additional coursework, pass additional assessments, or meet alternative evaluation standards to be fully licensed with a renewable license.

"Renewable license" means a license issued by the Board of Education for 10 years to an individual who meets the requirements specified in the Board of Education's regulations.

B. The Board of Education shall prescribe, by regulation, the requirements for the licensure of teachers and other school personnel required to hold a license. Such regulations shall include procedures for (i) the denial, suspension, cancellation, revocation, and reinstatement of licensure; (ii) written reprimand of license holders on grounds established by the Board, in accordance with law, notice of which shall be made by the Superintendent of Public Instruction to division superintendents or their designated representatives; and (iii) the immediate and thorough investigation by the division superintendent or his designee of any complaint alleging that a license holder has engaged in conduct that may form the basis for the revocation of his license. At a minimum, such procedures for investigations contained in such regulations shall require (a) the division superintendent to petition for the revocation of the license upon completing such investigation and finding that there is reasonable cause to believe that the license holder has engaged in conduct that forms the basis for revocation of a license; (b) the school board to proceed to a hearing on such petition for revocation within 90 days of the mailing of a copy of the petition to the license holder, unless the license holder requests the cancellation of his license in accordance with Board regulations; and (c) the school board to provide a copy of the investigative file and such petition for revocation to the Superintendent of Public Instruction at the time that the hearing is scheduled. The Board of Education shall revoke the license of any person for whom it has received a notice of dismissal or resignation pursuant to subsection F of § 22.1-313 and, in the case of a person who is the subject of a founded complaint of child abuse or neglect, after all rights to any administrative appeal provided by § 63.2-1526 have been exhausted. Regardless of the authority of any other agency of the Commonwealth to approve educational programs, only the Board of Education shall have the authority to license teachers to be regularly employed by school boards, including those teachers employed to provide nursing education.

The Board of Education shall prescribe by regulation the licensure requirements for teachers who teach only online courses, as defined in § 22.1-212.23. F. The Board shall issue a license to an individual seeking initial licensure who has not completed professional assessments as prescribed by the Board, if such individual (i) holds a provisional license that will expire within three months or, at the discretion of the school board and division superintendent, within six months if the individual has received a satisfactory mid-year performance review in the current school year; (ii) is employed by a school board; (iii) is recommended for licensure by the division superintendent; (iv) has attempted, unsuccessfully, to obtain a qualifying score on the professional assessments as prescribed by the Board; (v) has received an evaluation rating of proficient or above on the performance standards for each year of the provisional license, and such evaluation was conducted in a manner consistent with the Guidelines for Uniform Performance Standards and Evaluation Criteria for Teachers, Principals, and Superintendents; and (vi) meets all other requirements for initial licensure.

Such alternate routes shall include eligibility for any individual to receive, notwithstanding any provision of law to the contrary, a renewable one-year license to teach in public high schools in the Commonwealth if he has:

J. Notwithstanding any provision of law to the contrary, the Board (i) may provide for the issuance of a provisional license, valid for a period not to exceed three years, pursuant to subdivision D 5 or to any person who does not meet the requirements of this section or any other requirement for licensure imposed by law; (ii) shall provide for the issuance of a provisional license, valid for a period not to exceed three years, to any former member of the Armed Forces of the United States or the Virginia National Guard who has received an honorable discharge and has the appropriate level of experience or training but does not meet the requirements for a renewable license; and (iii) may provide for the issuance of a provisional license, valid for a period not to exceed three years, to any individual who has held within the last five years a valid and officially issued and recognized license or certification to teach issued by an entity outside of the United States but does not meet the requirements for a renewable license if the individual's license or certification to teach has been evaluated and verified by an entity approved by the Department.

Each such individual shall establish a file in the Department by submitting a complete application packet, which shall include official student transcripts and an official copy of the military permanent assignment orders of the individual's spouse. No service requirements or licensing assessments shall be required for any such individual. The Department shall determine and communicate such individual's eligibility for licensure by reciprocity within 15 business days of receipt of the complete application packet; and

184 deficiencies, that is in force at the time the application for a Virginia license is received by the
185 Department. Each such individual shall establish a file in the Department by submitting a complete
186 application packet, which shall include official student transcripts. No service requirements or licensing
187 assessments shall be required for any such individual.

190 alternate route to licensure shall require individuals to (i) meet the qualifying scores on the content area
191 assessment prescribed by the Board for the endorsements sought and (ii) complete an alternative
192 certification program that provides training in the pedagogy and methodology of the respective content
193 or special education areas prescribed by the Board. The curriculum of any such alternative certification
194 program shall be approved by the Board. Nothing in this subsection shall preclude the Board from
195 establishing other alternate routes to licensure.

196 M. The Board, in its regulations providing for licensure by reciprocity established pursuant to
197 subsection K, shall (i) permit applicants to submit third-party employment verification forms and (ii)
198 grant special consideration to individuals who have successfully completed a program offered by a

201 organization sponsored by a school board to petition the Board for approval of an alternate route to
202 licensure that may be used to meet the requirements for a provisional or renewable license or any
203 endorsement. Any such alternate route may include alternatives to the regulatory requirements for
204 teacher preparation, including alternative professional assessments and coursework. The petitioner may
205 proffer or the Board may impose conditions in conjunction with the approval of such petition.
