

VIRGINIA ACTS OF ASSEMBLY — CHAPTER

An Act to amend and reenact §§ 2.2-2818, 8.01-401.2, 8.01-581.1, 13.1-543, 13.1-1102, 16.1-336, 18.2-72, 18.2-76, 22.1-178, 22.1-270, 22.1-271.2, 22.1-271.4, 22.1-271.7, 22.1-274, 22.1-274.2, 32.1-19, 32.1-23.2, 32.1-42.1, 32.1-46, 32.1-50, 32.1-60, 32.1-122.6:02, 32.1-134.2, 32.1-134.3, 32.1-134.4, 32.1-138, 32.1-162.15:2, as it shall become effective, 32.1-263, 32.1-282, 32.1-325, as it is currently effective and as it shall become effective, 37.2-815, 38.2-3407.11, 38.2-3408, 38.2-4221, 45.2-548, 45.2-1137, 46.2-208, 46.2-322, 46.2-731, 46.2-739, 46.2-1240, 46.2-1241, 53.1-22, 54.1-2400.01:1, 54.1-2400.9, 54.1-2701, 54.1-2729.2, 54.1-2900, 54.1-2901, 54.1-2904, 54.1-2910.5, as it shall become effective, 54.1-2927, 54.1-2957 through 54.1-2957.04, 54.1-2970.1, 54.1-2972, 54.1-2973.1, 54.1-2983.2, 54.1-2986.2, 54.1-3000, 54.1-3002, 54.1-3005, 54.1-3016.1, 54.1-3300, 54.1-3300.1, 54.1-3301, 54.1-3303, 54.1-3304.1, 54.1-3401, 54.1-3408, 54.1-3408.3, 54.1-3482, 54.1-3482.1, 54.1-3812, 58.1-439.22, 58.1-609.10, 59.1-297, 59.1-298, 59.1-310.4, 63.2-1808, 63.2-1808.1, 63.2-2203, 65.2-402.1, and 65.2-605 of the Code of Virginia, relating to certified nurse midwives, certified registered nurse anesthetists, clinical nurse specialists, and nurse practitioners; designation as advanced practice registered nurses.

[S 975]

Approved

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-2818, 8.01-401.2, 8.01-581.1, 13.1-543, 13.1-1102, 16.1-336, 18.2-72, 18.2-76, 22.1-178, 22.1-270, 22.1-271.2, 22.1-271.4, 22.1-271.7, 22.1-274, 22.1-274.2, 32.1-19, 32.1-23.2, 32.1-42.1, 32.1-46, 32.1-50, 32.1-60, 32.1-122.6:02, 32.1-134.2, 32.1-134.3, 32.1-134.4, 32.1-138, 32.1-162.15:2, as it shall become effective, 32.1-263, 32.1-282, 32.1-325, as it is currently effective and as it shall become effective, 37.2-815, 38.2-3407.11, 38.2-3408, 38.2-4221, 45.2-548, 45.2-1137, 46.2-208, 46.2-322, 46.2-731, 46.2-739, 46.2-1240, 46.2-1241, 53.1-22, 54.1-2400.01:1, 54.1-2400.9, 54.1-2701, 54.1-2729.2, 54.1-2900, 54.1-2901, 54.1-2904, 54.1-2910.5, as it shall become effective, 54.1-2927, 54.1-2957 through 54.1-2957.04, 54.1-2970.1, 54.1-2972, 54.1-2973.1, 54.1-2983.2, 54.1-2986.2, 54.1-3000, 54.1-3002, 54.1-3005, 54.1-3016.1, 54.1-3300, 54.1-3300.1, 54.1-3301, 54.1-3303, 54.1-3304.1, 54.1-3401, 54.1-3408, 54.1-3408.3, 54.1-3482, 54.1-3482.1, 54.1-3812, 58.1-439.22, 58.1-609.10, 59.1-297, 59.1-298, 59.1-310.4, 63.2-1808, 63.2-1808.1, 63.2-2203, 65.2-402.1, and 65.2-605 of the Code of Virginia are amended and reenacted as follows:

§ 2.2-2818. Health and related insurance for state employees.

A. The Department of Human Resource Management shall establish a plan, subject to the approval of the Governor, for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The same plan shall be offered to all part-time state employees, but the total cost shall be paid by such part-time employees. The Department of Human Resource Management shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. Except for part-time employees, the Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee, including a part-time employee, may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

Such contribution shall be financed through appropriations provided by law.

B. The plan shall:

1. Include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over and may be limited to a benefit of \$50 per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally.

The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

In order to be considered a screening mammogram for which coverage shall be made available under this section:

a. The mammogram shall be (i) ordered by a health care practitioner acting within the scope of his licensure and, in the case of an enrollee of a health maintenance organization, by the health maintenance organization provider; (ii) performed by a registered technologist; (iii) interpreted by a qualified radiologist; and (iv) performed under the direction of a person licensed to practice medicine and surgery and certified by the American Board of Radiology or an equivalent examining body. A copy of the mammogram report shall be sent or delivered to the health care practitioner who ordered it;

b. The equipment used to perform the mammogram shall meet the standards set forth by the Virginia Department of Health in its radiation protection regulations; and

c. The mammography film shall be retained by the radiologic facility performing the examination in accordance with the American College of Radiology guidelines or state law.

2. Include coverage for postpartum services providing inpatient care and a home visit or visits that shall be in accordance with the medical criteria, outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Such coverage shall be provided incorporating any changes in such Guidelines or Standards within six months of the publication of such Guidelines or Standards or any official amendment thereto.

3. Include an appeals process for resolution of complaints that shall provide reasonable procedures for the resolution of such complaints and shall be published and disseminated to all covered state employees. The appeals process shall be compliant with federal rules and regulations governing nonfederal, self-insured governmental health plans. The appeals process shall include a separate expedited emergency appeals procedure that shall provide resolution within time frames established by federal law. For appeals involving adverse decisions as defined in § 32.1-137.7, the Department shall contract with one or more independent review organizations to review such decisions. Independent review organizations are entities that conduct independent external review of adverse benefit determinations. The Department shall adopt regulations to assure that the independent review organization conducting the reviews has adequate standards, credentials and experience for such review. The independent review organization shall examine the final denial of claims to determine whether the decision is objective, clinically valid, and compatible with established principles of health care. The decision of the independent review organization shall (i) be in writing, (ii) contain findings of fact as to the material issues in the case and the basis for those findings, and (iii) be final and binding if consistent with law and policy.

Prior to assigning an appeal to an independent review organization, the Department shall verify that the independent review organization conducting the review of a denial of claims has no relationship or association with (i) the covered person or the covered person's authorized representative; (ii) the treating health care provider, or any of its employees or affiliates; (iii) the medical care facility at which the covered service would be provided, or any of its employees or affiliates; or (iv) the development or manufacture of the drug, device, procedure or other therapy that is the subject of the final denial of a claim. The independent review organization shall not be a subsidiary of, nor owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers. There shall be no liability on the part of and no cause of action shall arise against any officer or employee of an independent review organization for any actions taken or not taken or statements made by such officer or employee in good faith in the performance of his powers and duties.

4. Include coverage for early intervention services. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy and assistive technology services and devices for dependents from birth to age three who are certified by the Department of Behavioral Health and Developmental Services as eligible for services under Part H of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.). Medically necessary early intervention services for the population certified by the Department of Behavioral Health and Developmental Services shall mean those services designed to help an individual attain or retain the capability to function age-appropriately within his environment, and shall include services that enhance functional ability without effecting a cure.

For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition. The cost of early intervention services shall not be applied to any contractual provision limiting the total amount of coverage paid by the insurer to or on behalf of the insured during the insured's lifetime.

5. Include coverage for prescription drugs and devices approved by the United States Food and Drug Administration for use as contraceptives.

6. Not deny coverage for any drug approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the drug has not been approved by the United States Food and Drug Administration for the treatment of the specific type of cancer for which the drug has

been prescribed, if the drug has been recognized as safe and effective for treatment of that specific type of cancer in one of the standard reference compendia.

7. Not deny coverage for any drug prescribed to treat a covered indication so long as the drug has been approved by the United States Food and Drug Administration for at least one indication and the drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

8. Include coverage for equipment, supplies and outpatient self-management training and education, including medical nutrition therapy, for the treatment of insulin-dependent diabetes, insulin-using diabetes, gestational diabetes and noninsulin-using diabetes if prescribed by a health care professional legally authorized to prescribe such items under law. To qualify for coverage under this subdivision, diabetes outpatient self-management training and education shall be provided by a certified, registered or licensed health care professional.

9. Include coverage for reconstructive breast surgery. For purposes of this section, "reconstructive breast surgery" means surgery performed on and after July 1, 1998, (i) coincident with a mastectomy performed for breast cancer or (ii) following a mastectomy performed for breast cancer to reestablish symmetry between the two breasts. For persons previously covered under the plan, there shall be no denial of coverage due to preexisting conditions.

10. Include coverage for annual pap smears, including coverage, on and after July 1, 1999, for annual testing performed by any FDA-approved gynecologic cytology screening technologies.

11. Include coverage providing a minimum stay in the hospital of not less than 48 hours for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of breast cancer. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate.

12. Include coverage (i) to persons age 50 and over and (ii) to persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen.

13. Permit any individual covered under the plan direct access to the health care services of a participating specialist (i) authorized to provide services under the plan and (ii) selected by the covered individual. The plan shall have a procedure by which an individual who has an ongoing special condition may, after consultation with the primary care physician, receive a referral to a specialist for such condition who shall be responsible for and capable of providing and coordinating the individual's primary and specialty care related to the initial specialty care referral. If such an individual's care would most appropriately be coordinated by such a specialist, the plan shall refer the individual to a specialist. For the purposes of this subdivision, "special condition" means a condition or disease that is (i) life-threatening, degenerative, or disabling and (ii) requires specialized medical care over a prolonged period of time. Within the treatment period authorized by the referral, such specialist shall be permitted to treat the individual without a further referral from the individual's primary care provider and may authorize such referrals, procedures, tests, and other medical services related to the initial referral as the individual's primary care provider would otherwise be permitted to provide or authorize. The plan shall have a procedure by which an individual who has an ongoing special condition that requires ongoing care from a specialist may receive a standing referral to such specialist for the treatment of the special condition. If the primary care provider, in consultation with the plan and the specialist, if any, determines that such a standing referral is appropriate, the plan or issuer shall make such a referral to a specialist. Nothing contained herein shall prohibit the plan from requiring a participating specialist to provide written notification to the covered individual's primary care physician of any visit to such specialist. Such notification may include a description of the health care services rendered at the time of the visit.

14. Include provisions allowing employees to continue receiving health care services for a period of up to 90 days from the date of the primary care physician's notice of termination from any of the plan's provider panels. The plan shall notify any provider at least 90 days prior to the date of termination of the provider, except when the provider is terminated for cause.

For a period of at least 90 days from the date of the notice of a provider's termination from any of the plan's provider panels, except when a provider is terminated for cause, a provider shall be permitted by the plan to render health care services to any of the covered employees who (i) were in an active course of treatment from the provider prior to the notice of termination and (ii) request to continue receiving health care services from the provider.

Notwithstanding the provisions of this subdivision, any provider shall be permitted by the plan to

continue rendering health services to any covered employee who has entered the second trimester of pregnancy at the time of the provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue through the provision of postpartum care directly related to the delivery.

Notwithstanding the provisions of this subdivision, any provider shall be permitted to continue rendering health services to any covered employee who is determined to be terminally ill (as defined under § 1861(dd)(3)(A) of the Social Security Act) at the time of a provider's termination of participation, except when a provider is terminated for cause. Such treatment shall, at the covered employee's option, continue for the remainder of the employee's life for care directly related to the treatment of the terminal illness.

A provider who continues to render health care services pursuant to this subdivision shall be reimbursed in accordance with the carrier's agreement with such provider existing immediately before the provider's termination of participation.

15. Include coverage for patient costs incurred during participation in clinical trials for treatment studies on cancer, including ovarian cancer trials.

The reimbursement for patient costs incurred during participation in clinical trials for treatment studies on cancer shall be determined in the same manner as reimbursement is determined for other medical and surgical procedures. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally.

For purposes of this subdivision:

"Cooperative group" means a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the group. "Cooperative group" includes (i) the National Cancer Institute Clinical Cooperative Group and (ii) the National Cancer Institute Community Clinical Oncology Program.

"FDA" means the Federal Food and Drug Administration.

"Multiple project assurance contract" means a contract between an institution and the federal Department of Health and Human Services that defines the relationship of the institution to the federal Department of Health and Human Services and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects.

"NCI" means the National Cancer Institute.

"NIH" means the National Institutes of Health.

"Patient" means a person covered under the plan established pursuant to this section.

"Patient cost" means the cost of a medically necessary health care service that is incurred as a result of the treatment being provided to a patient for purposes of a clinical trial. "Patient cost" does not include (i) the cost of nonhealth care services that a patient may be required to receive as a result of the treatment being provided for purposes of a clinical trial, (ii) costs associated with managing the research associated with the clinical trial, or (iii) the cost of the investigational drug or device.

Coverage for patient costs incurred during clinical trials for treatment studies on cancer shall be provided if the treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial. Such treatment may, however, be provided on a case-by-case basis if the treatment is being provided in a Phase I clinical trial.

The treatment described in the previous paragraph shall be provided by a clinical trial approved by:

- a. The National Cancer Institute;
- b. An NCI cooperative group or an NCI center;
- c. The FDA in the form of an investigational new drug application;
- d. The federal Department of Veterans Affairs; or
- e. An institutional review board of an institution in the Commonwealth that has a multiple project assurance contract approved by the Office of Protection from Research Risks of the NCI.

The facility and personnel providing the treatment shall be capable of doing so by virtue of their experience, training, and expertise.

Coverage under this subdivision shall apply only if:

- (1) There is no clearly superior, noninvestigational treatment alternative;
- (2) The available clinical or preclinical data provide a reasonable expectation that the treatment will be at least as effective as the noninvestigational alternative; and
- (3) The patient and the physician or health care provider who provides services to the patient under the plan conclude that the patient's participation in the clinical trial would be appropriate, pursuant to procedures established by the plan.

16. Include coverage providing a minimum stay in the hospital of not less than 23 hours for a covered employee following a laparoscopy-assisted vaginal hysterectomy and 48 hours for a covered employee following a vaginal hysterectomy, as outlined in Milliman & Robertson's nationally recognized guidelines. Nothing in this subdivision shall be construed as requiring the provision of the total hours

referenced when the attending physician, in consultation with the covered employee, determines that a shorter hospital stay is appropriate.

17. Include coverage for biologically based mental illness.

For purposes of this subdivision, a "biologically based mental illness" is any mental or nervous condition caused by a biological disorder of the brain that results in a clinically significant syndrome that substantially limits the person's functioning; specifically, the following diagnoses are defined as biologically based mental illness as they apply to adults and children: schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder, panic disorder, obsessive-compulsive disorder, attention deficit hyperactivity disorder, autism, and drug and alcoholism addiction.

Coverage for biologically based mental illnesses shall neither be different nor separate from coverage for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayment and coinsurance factors.

Nothing shall preclude the undertaking of usual and customary procedures to determine the appropriateness of, and medical necessity for, treatment of biologically based mental illnesses under this option, provided that all such appropriateness and medical necessity determinations are made in the same manner as those determinations made for the treatment of any other illness, condition or disorder covered by such policy or contract.

18. Offer and make available coverage for the treatment of morbid obesity through gastric bypass surgery or such other methods as may be recognized by the National Institutes of Health as effective for the long-term reversal of morbid obesity. Such coverage shall have durational limits, dollar limits, deductibles, copayments and coinsurance factors that are no less favorable than for physical illness generally. Access to surgery for morbid obesity shall not be restricted based upon dietary or any other criteria not approved by the National Institutes of Health. For purposes of this subdivision, "morbid obesity" means (i) a weight that is at least 100 pounds over or twice the ideal weight for frame, age, height, and gender as specified in the 1983 Metropolitan Life Insurance tables, (ii) a body mass index (BMI) equal to or greater than 35 kilograms per meter squared with comorbidity or coexisting medical conditions such as hypertension, cardiopulmonary conditions, sleep apnea, or diabetes, or (iii) a BMI of 40 kilograms per meter squared without such comorbidity. As used herein, "BMI" equals weight in kilograms divided by height in meters squared.

19. Include coverage for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations. The coverage for colorectal cancer screening shall not be more restrictive than or separate from coverage provided for any other illness, condition or disorder for purposes of determining deductibles, benefit year or lifetime durational limits, benefit year or lifetime dollar limits, lifetime episodes or treatment limits, copayment and coinsurance factors, and benefit year maximum for deductibles and copayments and coinsurance factors.

20. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each employee provided coverage pursuant to this section, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide employees covered under the plan such corrective information as may be required to electronically process a prescription claim.

21. Include coverage for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such coverage shall include follow-up audiological examinations as recommended by a physician, a physician assistant, an advanced practice registered nurse practitioner, or an audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss.

22. Notwithstanding any provision of this section to the contrary, every plan established in accordance with this section shall comply with the provisions of § 2.2-2818.2.

C. Claims incurred during a fiscal year but not reported during that fiscal year shall be paid from such funds as shall be appropriated by law. Appropriations, premiums and other payments shall be deposited in the employee health insurance fund, from which payments for claims, premiums, cost containment programs and administrative expenses shall be withdrawn from time to time. The funds of the health insurance fund shall be deemed separate and independent trust funds, shall be segregated from all other funds of the Commonwealth, and shall be invested and administered solely in the interests of

the employees and their beneficiaries. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize the use of such trust funds for any purpose other than as provided in law for benefits, refunds, and administrative expenses, including but not limited to legislative oversight of the health insurance fund.

D. For the purposes of this section:

"Peer-reviewed medical literature" means a scientific study published only after having been critically reviewed for scientific accuracy, validity, and reliability by unbiased independent experts in a journal that has been determined by the International Committee of Medical Journal Editors to have met the Uniform Requirements for Manuscripts submitted to biomedical journals. Peer-reviewed medical literature does not include publications or supplements to publications that are sponsored to a significant extent by a pharmaceutical manufacturing company or health carrier.

"Standard reference compendia" means:

1. American Hospital Formulary Service — Drug Information;
2. National Comprehensive Cancer Network's Drugs & Biologics Compendium; or
3. Elsevier Gold Standard's Clinical Pharmacology.

"State employee" means state employee as defined in § 51.1-124.3; employee as defined in § 51.1-201; the Governor, Lieutenant Governor and Attorney General; judge as defined in § 51.1-301 and judges, clerks and deputy clerks of regional juvenile and domestic relations, county juvenile and domestic relations, and district courts of the Commonwealth; interns and residents employed by the School of Medicine and Hospital of the University of Virginia, and interns, residents, and employees of the Virginia Commonwealth University Health System Authority as provided in § 23.1-2415; and employees of the Virginia Alcoholic Beverage Control Authority as provided in § 4.1-101.05.

E. Provisions shall be made for retired employees to obtain coverage under the above plan, including, as an option, coverage for vision and dental care. The Commonwealth may, but shall not be obligated to, pay all or any portion of the cost thereof.

F. Any self-insured group health insurance plan established by the Department of Human Resource Management that utilizes a network of preferred providers shall not exclude any physician solely on the basis of a reprimand or censure from the Board of Medicine, so long as the physician otherwise meets the plan criteria established by the Department.

G. The plan shall include, in each planning district, at least two health coverage options, each sponsored by unrelated entities. No later than July 1, 2006, one of the health coverage options to be available in each planning district shall be a high deductible health plan that would qualify for a health savings account pursuant to § 223 of the Internal Revenue Code of 1986, as amended.

In each planning district that does not have an available health coverage alternative, the Department shall voluntarily enter into negotiations at any time with any health coverage provider who seeks to provide coverage under the plan.

This subsection shall not apply to any state agency authorized by the Department to establish and administer its own health insurance coverage plan separate from the plan established by the Department.

H. Any self-insured group health insurance plan established by the Department of Human Resource Management that includes coverage for prescription drugs on an outpatient basis may apply a formulary to the prescription drug benefits provided by the plan if the formulary is developed, reviewed at least annually, and updated as necessary in consultation with and with the approval of a pharmacy and therapeutics committee, a majority of whose members are actively practicing licensed (i) pharmacists, (ii) physicians, and (iii) other health care providers.

If the plan maintains one or more drug formularies, the plan shall establish a process to allow a person to obtain, without additional cost-sharing beyond that provided for formulary prescription drugs in the plan, a specific, medically necessary nonformulary prescription drug if, after reasonable investigation and consultation with the prescriber, the formulary drug is determined to be an inappropriate therapy for the medical condition of the person. The plan shall act on such requests within one business day of receipt of the request.

Any plan established in accordance with this section shall be authorized to provide for the selection of a single mail order pharmacy provider as the exclusive provider of pharmacy services that are delivered to the covered person's address by mail, common carrier, or delivery service. As used in this subsection, "mail order pharmacy provider" means a pharmacy permitted to conduct business in the Commonwealth whose primary business is to dispense a prescription drug or device under a prescriptive drug order and to deliver the drug or device to a patient primarily by mail, common carrier, or delivery service.

I. Any plan established in accordance with this section requiring preauthorization prior to rendering medical treatment shall have personnel available to provide authorization at all times when such preauthorization is required.

J. Any plan established in accordance with this section shall provide to all covered employees written

notice of any benefit reductions during the contract period at least 30 days before such reductions become effective.

K. No contract between a provider and any plan established in accordance with this section shall include provisions that require a health care provider or health care provider group to deny covered services that such provider or group knows to be medically necessary and appropriate that are provided with respect to a covered employee with similar medical conditions.

L. The Department of Human Resource Management shall appoint an Ombudsman to promote and protect the interests of covered employees under any state employee's health plan.

The Ombudsman shall:

1. Assist covered employees in understanding their rights and the processes available to them according to their state health plan.

2. Answer inquiries from covered employees by telephone and electronic mail.

3. Provide to covered employees information concerning the state health plans.

4. Develop information on the types of health plans available, including benefits and complaint procedures and appeals.

5. Make available, either separately or through an existing Internet web site utilized by the Department of Human Resource Management, information as set forth in subdivision 4 and such additional information as he deems appropriate.

6. Maintain data on inquiries received, the types of assistance requested, any actions taken and the disposition of each such matter.

7. Upon request, assist covered employees in using the procedures and processes available to them from their health plan, including all appeal procedures. Such assistance may require the review of health care records of a covered employee, which shall be done only in accordance with the federal Health Insurance Portability and Accountability Act privacy rules. The confidentiality of any such medical records shall be maintained in accordance with the confidentiality and disclosure laws of the Commonwealth.

8. Ensure that covered employees have access to the services provided by the Ombudsman and that the covered employees receive timely responses from the Ombudsman or his representatives to the inquiries.

9. Report annually on his activities to the standing committees of the General Assembly having jurisdiction over insurance and over health and the Joint Commission on Health Care by December 1 of each year.

M. The plan established in accordance with this section shall not refuse to accept or make reimbursement pursuant to an assignment of benefits made to a dentist or oral surgeon by a covered employee.

For purposes of this subsection, "assignment of benefits" means the transfer of dental care coverage reimbursement benefits or other rights under the plan. The assignment of benefits shall not be effective until the covered employee notifies the plan in writing of the assignment.

N. Beginning July 1, 2006, any plan established pursuant to this section shall provide for an identification number, which shall be assigned to the covered employee and shall not be the same as the employee's social security number.

O. Any group health insurance plan established by the Department of Human Resource Management that contains a coordination of benefits provision shall provide written notification to any eligible employee as a prominent part of its enrollment materials that if such eligible employee is covered under another group accident and sickness insurance policy, group accident and sickness subscription contract, or group health care plan for health care services, that insurance policy, subscription contract or health care plan may have primary responsibility for the covered expenses of other family members enrolled with the eligible employee. Such written notification shall describe generally the conditions upon which the other coverage would be primary for dependent children enrolled under the eligible employee's coverage and the method by which the eligible enrollee may verify from the plan that coverage would have primary responsibility for the covered expenses of each family member.

P. Any plan established by the Department of Human Resource Management pursuant to this section shall provide that coverage under such plan for family members enrolled under a participating state employee's coverage shall continue for a period of at least 30 days following the death of such state employee.

Q. The plan established in accordance with this section that follows a policy of sending its payment to the covered employee or covered family member for a claim for services received from a nonparticipating physician or osteopath shall (i) include language in the member handbook that notifies the covered employee of the responsibility to apply the plan payment to the claim from such nonparticipating provider, (ii) include this language with any such payment sent to the covered employee or covered family member, and (iii) include the name and any last known address of the

nonparticipating provider on the explanation of benefits statement.

R. The Department of Human Resource Management shall report annually, by November 30 of each year, on cost and utilization information for each of the mandated benefits set forth in subsection B, including any mandated benefit made applicable, pursuant to subdivision B 22, to any plan established pursuant to this section. The report shall be in the same detail and form as required of reports submitted pursuant to § 38.2-3419.1, with such additional information as is required to determine the financial impact, including the costs and benefits, of the particular mandated benefit.

§ 8.01-401.2. Chiropractor, advanced practice registered nurse, or physician assistant as expert witness.

A. A doctor of chiropractic, when properly qualified, may testify as an expert witness in a court of law as to etiology, diagnosis, prognosis, treatment, treatment plan, and disability, including anatomical, physiological, and pathological considerations within the scope of the practice of chiropractic as defined in § 54.1-2900.

B. A physician assistant or *an advanced practice registered nurse practitioner*, when properly qualified, may testify as an expert witness in a court of law as to etiology, diagnosis, prognosis, treatment, treatment plan, and disability, including anatomical, physiological, and pathological considerations within the scope of his activities as authorized pursuant to § 54.1-2952 or 54.1-2957, respectively. However, no physician assistant or *advanced practice registered nurse practitioner* shall be permitted to testify as an expert witness for or against (i) a defendant doctor of medicine or osteopathic medicine in a medical malpractice action regarding the standard of care of a doctor of medicine or osteopathic medicine or (ii) a defendant health care provider in a medical malpractice action regarding causation.

§ 8.01-581.1. Definitions.

As used in this chapter:

"Health care" means any act, professional services in nursing homes, or treatment performed or furnished, or which should have been performed or furnished, by any health care provider for, to, or on behalf of a patient during the patient's medical diagnosis, care, treatment or confinement.

"Health care provider" means (i) a person, corporation, facility or institution licensed by this Commonwealth to provide health care or professional services as a physician or hospital, a dentist, a pharmacist, a registered nurse or licensed practical nurse or a person who holds a multistate privilege to practice such nursing under the Nurse Licensure Compact, *an advanced practice registered nurse practitioner*, an optometrist, a podiatrist, a physician assistant, a chiropractor, a physical therapist, a physical therapy assistant, a clinical psychologist, a clinical social worker, a professional counselor, a licensed marriage and family therapist, a licensed dental hygienist, a health maintenance organization, or an emergency medical care attendant or technician who provides services on a fee basis; (ii) a professional corporation, all of whose shareholders or members are so licensed; (iii) a partnership, all of whose partners are so licensed; (iv) a nursing home as defined in § 54.1-3100 except those nursing institutions conducted by and for those who rely upon treatment by spiritual means alone through prayer in accordance with a recognized church or religious denomination; (v) a professional limited liability company comprised of members as described in subdivision A 2 of § 13.1-1102; (vi) a corporation, partnership, limited liability company or any other entity, except a state-operated facility, which employs or engages a licensed health care provider and which primarily renders health care services; or (vii) a director, officer, employee, independent contractor, or agent of the persons or entities referenced herein, acting within the course and scope of his employment or engagement as related to health care or professional services.

"Health maintenance organization" means any person licensed pursuant to Chapter 43 (§ 38.2-4300 et seq.) of Title 38.2 who undertakes to provide or arrange for one or more health care plans.

"Hospital" means a public or private institution licensed pursuant to Chapter 5 (§ 32.1-123 et seq.) of Title 32.1 or Article 2 (§ 37.2-403 et seq.) of Chapter 4 of Title 37.2.

"Impartial attorney" means an attorney who has not represented (i) the claimant, his family, his partners, co-proprietors or his other business interests; or (ii) the health care provider, his family, his partners, co-proprietors or his other business interests.

"Impartial health care provider" means a health care provider who (i) has not examined, treated or been consulted regarding the claimant or his family; (ii) does not anticipate examining, treating, or being consulted regarding the claimant or his family; or (iii) has not been an employee, partner or co-proprietor of the health care provider against whom the claim is asserted.

"Malpractice" means any tort action or breach of contract action for personal injuries or wrongful death, based on health care or professional services rendered, or which should have been rendered, by a health care provider, to a patient.

"Patient" means any natural person who receives or should have received health care from a licensed health care provider except those persons who are given health care in an emergency situation which

exempts the health care provider from liability for his emergency services in accordance with § 8.01-225 or 44-146.23.

"Physician" means a person licensed to practice medicine or osteopathy in this Commonwealth pursuant to Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1.

"Professional services in nursing homes" means services provided in a nursing home, as that term is defined in clause (iv) of the definition of health care provider in this section, by a health care provider related to health care, staffing to provide patient care, psycho-social services, personal hygiene, hydration, nutrition, fall assessments or interventions, patient monitoring, prevention and treatment of medical conditions, diagnosis or therapy.

§ 13.1-543. Definitions.

A. As used in this chapter:

"Eligible employee stock ownership plan" means an employee stock ownership plan as such term is defined in § 4975(e)(7) of the Internal Revenue Code of 1986, as amended, sponsored by a professional corporation and with respect to which:

1. All of the trustees of the employee stock ownership plan are individuals who are duly licensed or otherwise legally authorized to render the professional services for which the professional corporation is organized under this chapter; however, if a conflict of interest exists for one or more trustees with respect to a specific issue or transaction, such trustees may appoint a special independent trustee or special fiduciary, who is not duly licensed or otherwise legally authorized to render the professional services for which the professional corporation is organized under this chapter, which special independent trustee shall be authorized to make decisions only with respect to the specific issue or transaction that is the subject of the conflict;

2. The employee stock ownership plan provides that no shares, fractional shares, or rights or options to purchase shares of the professional corporation shall at any time be issued, sold, or otherwise transferred directly to anyone other than an individual duly licensed or otherwise legally authorized to render the professional services for which the professional corporation is organized under this chapter, unless such shares are transferred as a plan distribution to a plan beneficiary and subject to immediate repurchase by the professional corporation, the employee stock ownership plan or another person authorized to hold such shares; however:

a. With respect to a professional corporation rendering the professional services of public accounting or certified public accounting:

(1) The employee stock ownership plan may permit individuals who are not duly licensed or otherwise legally authorized to render these services to participate in such plan, provided such individuals are employees of the corporation and hold less than a majority of the beneficial interests in such plan; and

(2) At least 51 percent of the total of allocated and unallocated equity interests in the corporation sponsoring such employee stock ownership plan are held (i) by the trustees of such employee stock ownership plan for the benefit of persons holding a valid CPA certificate as defined in § 54.1-4400, with unallocated shares allocated for these purposes pursuant to § 409(p) of the Internal Revenue Code of 1986, as amended, or (ii) by individual employees holding a valid CPA certificate separate from any interests held by such employee stock ownership plan; and

b. With respect to a professional corporation rendering the professional services of architects, professional engineers, land surveyors, landscape architects, or certified interior designers, the employee stock ownership plan may permit individuals who are not duly licensed to render the services of architects, professional engineers, land surveyors, or landscape architects, or individuals legally authorized to use the title of certified interior designers to participate in such plan, provided such individuals are employees of the corporation and together hold not more than one-third of the beneficial interests in such plan, and that the total of the shares (i) held by individuals who are employees but not duly licensed to render such services or legally authorized to use a title and (ii) held by the trustees of such employee stock ownership plan for the benefit of individuals who are employees but not duly licensed to render such services or legally authorized to use a title, shall not exceed one-third of the shares of the corporation; and

3. The professional corporation, the trustees of the employee stock ownership plan, and the other shareholders of the professional corporation comply with the foregoing provisions of the plan.

"Professional business entity" means any entity as defined in § 13.1-603 that is duly licensed or otherwise legally authorized under the laws of the Commonwealth or the laws of the jurisdiction under whose laws the entity is formed to render the same professional service as that for which a professional corporation or professional limited liability company may be organized, including, but not limited to, (i) a professional limited liability company as defined in § 13.1-1102, (ii) a professional corporation as defined in this subsection, or (iii) a partnership that is registered as a registered limited liability partnership registered under § 50-73.132, all of the partners of which are duly licensed or otherwise

legally authorized to render the same professional services as those for which the partnership was organized.

"Professional corporation" means a corporation whose articles of incorporation set forth a sole and specific purpose permitted by this chapter and that is either (i) organized under this chapter for the sole and specific purpose of rendering professional service other than that of architects, professional engineers, land surveyors, or landscape architects, or using a title other than that of certified interior designers and, except as expressly otherwise permitted by this chapter, that has as its shareholders or members only individuals or professional business entities that are duly licensed or otherwise legally authorized to render the same professional service as the corporation, including the trustees of an eligible employee stock ownership plan or (ii) organized under this chapter for the sole and specific purpose of rendering the professional services of architects, professional engineers, land surveyors, or landscape architects, or using the title of certified interior designers, or any combination thereof, and at least two-thirds of whose shares are held by persons duly licensed within the Commonwealth to perform the services of an architect, professional engineer, land surveyor, or landscape architect, including the trustees of an eligible employee stock ownership plan, or by persons legally authorized within the Commonwealth to use the title of certified interior designer; or (iii) organized under this chapter or under Chapter 10 (§ 13.1-801 et seq.) for the sole and specific purpose of rendering the professional services of one or more practitioners of the healing arts, licensed under the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, or one or more ~~nurse practitioners~~ *advanced practice registered nurses*, licensed under Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, or one or more optometrists licensed under the provisions of Chapter 32 (§ 54.1-3200 et seq.) of Title 54.1, or one or more physical therapists and physical therapist assistants licensed under the provisions of Chapter 34.1 (§ 54.1-3473 et seq.) of Title 54.1, or one or more practitioners of the behavioral science professions, licensed under the provisions of Chapter 35 (§ 54.1-3500 et seq.), 36 (§ 54.1-3600 et seq.) or 37 (§ 54.1-3700 et seq.) of Title 54.1, or one or more practitioners of audiology or speech pathology, licensed under the provisions of Chapter 26 (§ 54.1-2600 et seq.) of Title 54.1, or one or more clinical nurse specialists who render mental health services licensed under Chapter 30 (§ 54.1-3000 et seq.) of Title 54.1 and registered with the Board of Nursing, or any combination of practitioners of the healing arts, optometry, physical therapy, the behavioral science professions, and audiology or speech pathology, and all of whose shares are held by or all of whose members are individuals or professional business entities duly licensed or otherwise legally authorized to perform the services of a practitioner of the healing arts, ~~nurse practitioners~~ *advanced practice registered nursing*, optometry, physical therapy, the behavioral science professions, or audiology or speech pathology ~~or of a clinical nurse specialist~~, including the trustees of an eligible employee stock ownership plan; however, nothing herein shall be construed so as to allow any member of the healing arts, optometry, physical therapy, the behavioral science professions, audiology or speech pathology, or *advanced practice registered nursing* ~~nurse practitioner or clinical nurse specialist~~ to conduct his practice in a manner contrary to the standards of ethics of his branch of the healing arts, optometry, physical therapy, the behavioral science professions, audiology or speech pathology, or nursing, as the case may be.

"Professional service" means any type of personal service to the public that requires as a condition precedent to the rendering of such service or use of such title the obtaining of a license, certification, or other legal authorization and shall be limited to the personal services rendered by pharmacists, optometrists, physical therapists and physical therapist assistants, practitioners of the healing arts, ~~nurse practitioners~~ *advanced practice registered nurses*, practitioners of the behavioral science professions, veterinarians, surgeons, dentists, architects, professional engineers, land surveyors, landscape architects, certified interior designers, public accountants, certified public accountants, attorneys-at-law, insurance consultants, and audiologists or speech pathologists, and ~~clinical nurse specialists~~. For the purposes of this chapter, the following shall be deemed to be rendering the same professional service:

1. Architects, professional engineers, and land surveyors; and
2. Practitioners of the healing arts, licensed under the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1; ~~nurse practitioners~~ *advanced practice registered nurses*, licensed under the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1; optometrists, licensed under the provisions of Chapter 32 (§ 54.1-3200 et seq.) of Title 54.1; physical therapists and physical therapist assistants, licensed under the provisions of Chapter 34.1 (§ 54.1-3473 et seq.) of Title 54.1; and practitioners of the behavioral science professions, licensed under the provisions of Chapters 35 (§ 54.1-3500 et seq.), 36 (§ 54.1-3600 et seq.), and 37 (§ 54.1-3700 et seq.) of Title 54.1; and ~~one or more clinical nurse specialists who render mental health services; licensed under Chapter 30 (§ 54.1-3000 et seq.) of Title 54.1 and are registered with the Board of Nursing.~~

B. Persons who practice the healing art of performing professional clinical laboratory services within a hospital pathology laboratory shall be legally authorized to do so for purposes of this chapter if such persons (i) hold a doctorate degree in the biological sciences or a board certification in the clinical

laboratory sciences and (ii) are tenured faculty members of an accredited medical school that is an "institution" as that term is defined in § 23.1-1100.

§ 13.1-1102. Definitions.

A. As used in this chapter:

"Professional business entity" means any entity as defined in § 13.1-603 that is duly licensed or otherwise legally authorized under the laws of the Commonwealth or the laws of the jurisdiction under whose laws the entity is formed to render the same professional service as that for which a professional corporation or professional limited liability company may be organized, including, but not limited to, (i) a professional limited liability company as defined in this subsection, (ii) a professional corporation as defined in subsection A of § 13.1-543, or (iii) a partnership that is registered as a registered limited liability partnership under § 50-73.132, all of the partners of which are duly licensed or otherwise legally authorized to render the same professional services as those for which the partnership was organized.

"Professional limited liability company" means a limited liability company whose articles of organization set forth a sole and specific purpose permitted by this chapter and that is either (i) organized under this chapter for the sole and specific purpose of rendering professional service other than that of architects, professional engineers, land surveyors, or landscape architects, or using a title other than that of certified interior designers and, except as expressly otherwise permitted by this chapter, that has as its members only individuals or professional business entities that are duly licensed or otherwise legally authorized to render the same professional service as the professional limited liability company or (ii) organized under this chapter for the sole and specific purpose of rendering professional service of architects, professional engineers, land surveyors, or landscape architects or using the title of certified interior designers, or any combination thereof, and at least two-thirds of whose membership interests are held by persons duly licensed within the Commonwealth to perform the services of an architect, professional engineer, land surveyor, or landscape architect, or by persons legally authorized within the Commonwealth to use the title of certified interior designer; or (iii) organized under this chapter for the sole and specific purpose of rendering the professional services of one or more practitioners of the healing arts, licensed under the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, or one or more ~~nurse practitioners~~ *advanced practice registered nurses*, licensed under Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, or one or more optometrists licensed under the provisions of Chapter 32 (§ 54.1-3200 et seq.) of Title 54.1, or one or more physical therapists and physical therapist assistants licensed under the provisions of Chapter 34.1 (§ 54.1-3473 et seq.) of Title 54.1, or one or more practitioners of the behavioral science professions, licensed under the provisions of Chapter 35 (§ 54.1-3500 et seq.), 36 (§ 54.1-3600 et seq.) or 37 (§ 54.1-3700 et seq.) of Title 54.1, or one or more practitioners of audiology or speech pathology, licensed under the provisions of Chapter 26 (§ 54.1-2600 et seq.) of Title 54.1, ~~or one or more clinical nurse specialists who render mental health services licensed under Chapter 30 (§ 54.1-3000 et seq.) of Title 54.1 and registered with the Board of Nursing~~, or any combination of practitioners of the healing arts, ~~of advanced practice registered nursing~~, optometry, physical therapy, the behavioral science professions, and audiology or speech pathology and all of whose members are individuals or professional business entities duly licensed or otherwise legally authorized to perform the services of a practitioner of the healing arts, ~~nurse practitioners~~ *advanced practice registered nursing*, optometry, physical therapy, the behavioral science professions, audiology or speech pathology ~~or of a clinical nurse specialist~~; however, nothing herein shall be construed so as to allow any member of the healing arts, optometry, physical therapy, the behavioral science professions, ~~or audiology or speech pathology or a an advanced practice registered nurse practitioner or clinical nurse specialist~~ to conduct that person's practice in a manner contrary to the standards of ethics of that person's branch of the healing arts, optometry, physical therapy, the behavioral science professions, ~~or audiology or speech pathology~~, or *advanced practice registered nursing*, as the case may be.

"Professional services" means any type of personal service to the public that requires as a condition precedent to the rendering of that service or the use of that title the obtaining of a license, certification, or other legal authorization and shall be limited to the personal services rendered by pharmacists, optometrists, physical therapists and physical therapist assistants, practitioners of the healing arts, ~~nurse practitioners~~ *advanced practice registered nurses*, practitioners of the behavioral science professions, veterinarians, surgeons, dentists, architects, professional engineers, land surveyors, landscape architects, certified interior designers, public accountants, certified public accountants, attorneys at law, insurance consultants, audiologists or speech pathologists ~~and clinical nurse specialists~~. For the purposes of this chapter, the following shall be deemed to be rendering the same professional services:

1. Architects, professional engineers, and land surveyors; and
2. Practitioners of the healing arts, licensed under the provisions of Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, ~~nurse practitioners~~ *advanced practice registered nurses*, licensed under Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1, optometrists, licensed under the provisions of Chapter 32 (§ 54.1-3200 et seq.) of Title 54.1, physical therapists, licensed under the provisions of Chapter 34.1

(§ 54.1-3473 et seq.) of Title 54.1, *and* practitioners of the behavioral science professions, licensed under the provisions of Chapters 35 (§ 54.1-3500 et seq.), 36 (§ 54.1-3600 et seq.), and 37 (§ 54.1-3700 et seq.) of Title 54.1; ~~and clinical nurse specialists who render mental health services licensed under Chapter 30 (§ 54.1-3000 et seq.) of Title 54.1 and registered with the Board of Nursing.~~

B. Persons who practice the healing art of performing professional clinical laboratory services within a hospital pathology laboratory shall be legally authorized to do so for purposes of this chapter if such persons (i) hold a doctorate degree in the biological sciences or a board certification in the clinical laboratory sciences and (ii) are tenured faculty members of an accredited medical school that is an "institution" as that term is defined in § 23.1-1100.

C. Except as expressly otherwise provided, all terms defined in § 13.1-1002 shall have the same meanings for purposes of this chapter.

§ 16.1-336. Definitions.

When used in this article, unless the context otherwise requires:

"Community services board" has the same meaning as provided in § 37.2-100. Whenever the term community services board appears, it shall include behavioral health authority, as that term is defined in § 37.2-100.

"Consent" means the voluntary, express, and informed agreement to treatment in a mental health facility by a minor 14 years of age or older and by a parent or a legally authorized custodian.

"Designee of the local community services board" means an examiner designated by the local community services board who (i) is skilled in the assessment and treatment of mental illness, (ii) has completed a certification program approved by the Department of Behavioral Health and Developmental Services, (iii) is able to provide an independent examination of the minor, (iv) is not related by blood, marriage, or adoption to, or is not the legal guardian of, the minor being evaluated, (v) has no financial interest in the admission or treatment of the minor being evaluated, (vi) has no investment interest in the facility detaining or admitting the minor under this article, and (vii) except for employees of state hospitals and of the U.S. Department of Veterans Affairs, is not employed by the facility.

"Employee" means an employee of the local community services board who is skilled in the assessment and treatment of mental illness and has completed a certification program approved by the Department of Behavioral Health and Developmental Services.

"Incapable of making an informed decision" means unable to understand the nature, extent, or probable consequences of a proposed treatment or unable to make a rational evaluation of the risks and benefits of the proposed treatment as compared with the risks and benefits of alternatives to the treatment. Persons with dysphasia or other communication disorders who are mentally competent and able to communicate shall not be considered incapable of giving informed consent.

"Inpatient treatment" means placement for observation, diagnosis, or treatment of mental illness in a psychiatric hospital or in any other type of mental health facility determined by the Department of Behavioral Health and Developmental Services to be substantially similar to a psychiatric hospital with respect to restrictions on freedom and therapeutic intrusiveness.

"Investment interest" means the ownership or holding of an equity or debt security, including shares of stock in a corporation, interests or units of a partnership, bonds, debentures, notes, or other equity or debt instruments.

"Judge" means a juvenile and domestic relations district judge. In addition, "judge" includes a retired judge sitting by designation pursuant to § 16.1-69.35, substitute judge, or special justice authorized by § 37.2-803 who has completed a training program regarding the provisions of this article, prescribed by the Executive Secretary of the Supreme Court.

"Least restrictive alternative" means the treatment and conditions of treatment which, separately and in combination, are no more intrusive or restrictive of freedom than reasonably necessary to achieve a substantial therapeutic benefit or to protect the minor or others from physical injury.

"Mental health facility" means a public or private facility for the treatment of mental illness operated or licensed by the Department of Behavioral Health and Developmental Services.

"Mental illness" means a substantial disorder of the minor's cognitive, volitional, or emotional processes that demonstrably and significantly impairs judgment or capacity to recognize reality or to control behavior. "Mental illness" may include substance abuse, which is the use, without compelling medical reason, of any substance which results in psychological or physiological dependency as a function of continued use in such a manner as to induce mental, emotional, or physical impairment and cause socially dysfunctional or socially disordering behavior. Intellectual disability, head injury, a learning disability, or a seizure disorder is not sufficient, in itself, to justify a finding of mental illness within the meaning of this article.

"Minor" means a person less than 18 years of age.

"Parent" means (i) a biological or adoptive parent who has legal custody of the minor, including either parent if custody is shared under a joint decree or agreement, (ii) a biological or adoptive parent

with whom the minor regularly resides, (iii) a person judicially appointed as a legal guardian of the minor, or (iv) a person who exercises the rights and responsibilities of legal custody by delegation from a biological or adoptive parent, upon provisional adoption or otherwise by operation of law. The director of the local department of social services, or his designee, may stand as the minor's parent when the minor is in the legal custody of the local department of social services.

"Qualified evaluator" means a psychiatrist or a psychologist licensed in Virginia by either the Board of Medicine or the Board of Psychology, or if such psychiatrist or psychologist is unavailable, (i) any mental health professional licensed in Virginia through the Department of Health Professions as a clinical social worker, professional counselor, marriage and family therapist, *or psychiatric advanced practice registered nurse practitioner, or clinical nurse specialist*, or (ii) any mental health professional employed by a community services board. All qualified evaluators shall (a) be skilled in the diagnosis and treatment of mental illness in minors, (b) be familiar with the provisions of this article, and (c) have completed a certification program approved by the Department of Behavioral Health and Developmental Services. The qualified evaluator shall (1) not be related by blood, marriage, or adoption to, or is not the legal guardian of, the minor being evaluated, (2) not be responsible for treating the minor, (3) have no financial interest in the admission or treatment of the minor, (4) have no investment interest in the facility detaining or admitting the minor under this article, and (5) except for employees of state hospitals, the U.S. Department of Veterans Affairs, and community services boards, not be employed by the facility.

"Treatment" means any planned intervention intended to improve a minor's functioning in those areas which show impairment as a result of mental illness.

§ 18.2-72. When abortion lawful during first trimester of pregnancy.

Notwithstanding any of the provisions of § 18.2-71, it shall be lawful for (i) any physician licensed by the Board of Medicine to practice medicine and surgery or (ii) any person jointly licensed by the Boards of Medicine and Nursing as *a an advanced practice registered nurse practitioner* and acting within such person's scope of practice to terminate or attempt to terminate a human pregnancy or aid or assist in the termination of a human pregnancy by performing an abortion or causing a miscarriage on any woman during the first trimester of pregnancy.

§ 18.2-76. Informed written consent required.

Before performing any abortion or inducing any miscarriage or terminating a pregnancy as provided in § 18.2-72, 18.2-73, or 18.2-74, the physician or, if such abortion, induction, or termination is to be performed pursuant to § 18.2-72, either the physician or the *advanced practice registered nurse practitioner* authorized pursuant to clause (ii) of § 18.2-72 to perform such abortion, induction, or termination shall obtain the informed written consent of the pregnant woman. However, if the woman has been adjudicated incapacitated by any court of competent jurisdiction or if the physician or, if the abortion, induction, or termination is to be performed pursuant to § 18.2-72, either the physician or the *advanced practice registered nurse practitioner* authorized pursuant to clause (ii) of § 18.2-72 to perform such abortion, induction, or termination knows or has good reason to believe that such woman is incapacitated as adjudicated by a court of competent jurisdiction, then only after permission is given in writing by a parent, guardian, committee, or other person standing in loco parentis to the woman, may the physician or, if the abortion, induction, or termination is to be performed pursuant to § 18.2-72, either the physician or the *advanced practice registered nurse practitioner* authorized pursuant to clause (ii) of § 18.2-72 to perform such abortion, induction, or termination perform the abortion or otherwise terminate the pregnancy.

§ 22.1-178. Requirements for persons employed to drive school buses.

A. No school board shall hire, employ, or enter into any agreement with any person for the purposes of operating a school bus transporting pupils unless the person proposed to so operate such school bus shall:

1. Have a physical examination of a scope prescribed by the Board with the advice of the Medical Society of Virginia and furnish a form prescribed by the Board showing the results of such examination.

2. Furnish a statement or copy of records from the Department of Motor Vehicles showing that the records of such Department do not disclose that the person, within the preceding five years, has been convicted upon a charge of driving under the influence of alcohol or drugs, convicted of a felony or assigned to any alcohol safety action program or driver alcohol rehabilitation program pursuant to § 18.2-271.1 or, within the preceding 12 months, has been convicted of two or more moving traffic violations or required to attend a driver improvement clinic by the Commissioner of the Department of Motor Vehicles pursuant to § 46.2-498.

3. Furnish a statement signed by two reputable persons who reside in the school division or in the applicant's community that the person is of good moral character.

4. Exhibit a license showing the person has successfully undertaken the examination prescribed by § 46.2-339.

5. Have reached the age of 18 by the first day of the school year.

B. Any school board may require proof of current certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator as a condition to employment to operate a school bus transporting pupils.

C. School boards may require persons accepting employment as a driver of a school bus transporting pupils to agree, as a condition of employment, to submit to alcohol and controlled substance testing. Any such tests shall be conducted in compliance with Board regulations.

D. The documents required pursuant to subdivisions A 1 and 2 shall be furnished annually prior to the anniversary date of the employment agreement as a condition to continuing employment to operate a school bus.

E. The documents required pursuant to this section shall be filed with, and made a part of, the records of the school board employing such person as a school bus operator.

F. The Department shall furnish to the several division superintendents the necessary forms to be used by applicants in furnishing the information required by this section. Insofar as practicable, such forms shall be designed to limit paperwork, avoid the possibility of mistake, and furnish all parties involved with a complete and accurate record of the information required.

G. The physical examination required by subsection A may be performed and the report of the results signed by a licensed *advanced practice registered nurse practitioner* or physician assistant.

§ 22.1-270. Preschool physical examinations.

A. No pupil shall be admitted for the first time to any public kindergarten or elementary school in a school division unless such pupil shall furnish, prior to admission, (i) a report from a qualified licensed physician, or a licensed *advanced practice registered nurse practitioner* or licensed physician assistant acting under the supervision of a licensed physician, of a comprehensive physical examination of a scope prescribed by the State Health Commissioner performed within the 12 months prior to the date such pupil first enters such public kindergarten or elementary school or (ii) records establishing that such pupil furnished such report upon prior admission to another school or school division and providing the information contained in such report.

If the pupil is a homeless child or youth as defined in subdivision A 7 of § 22.1-3, and for that reason cannot furnish the report or records required by (i) or (ii) of this subsection, and the person seeking to enroll the pupil furnishes to the school division an affidavit so stating and also indicating that, to the best of his knowledge, such pupil is in good health and free from any communicable or contagious disease, the school division shall immediately refer the student to the local school division liaison, as described in Subtitle VII-B of the federal McKinney-Vento Homeless Assistance Act, as amended (42 U.S.C. § 11431 et seq.) (the Act), who shall, as soon as practicable, assist in obtaining the necessary physical examination by the county or city health department or other clinic or physician's office and shall immediately admit the pupil to school, as required by such Act.

B. The physician, or licensed *advanced practice registered nurse practitioner* or licensed physician assistant acting under the supervision of a licensed physician, making a report of a physical examination required by this section shall, at the end of such report, summarize the abnormal physical findings, if any, and shall specifically state what, if any, conditions are found that would identify the child as handicapped.

C. Such physical examination report shall be placed in the child's health record at the school and shall be made available for review by any employee or official of the State Department of Health or any local health department at the request of such employee or official.

D. Such physical examination shall not be required of any child whose parent shall object on religious grounds and who shows no visual evidence of sickness, provided that such parent shall state in writing that, to the best of his knowledge, such child is in good health and free from any communicable or contagious disease.

E. The health departments of all of the counties and cities of the Commonwealth shall conduct such physical examinations for medically indigent children without charge upon request and may provide such examinations to others on such uniform basis as such departments may establish.

F. Parents of entering students shall complete a health information form which shall be distributed by the local school divisions. Such forms shall be developed and provided jointly by the Department of Education and Department of Health, or developed and provided by the school division and approved by the Superintendent of Public Instruction. Such forms shall be returnable within 15 days of receipt unless reasonable extensions have been granted by the superintendent or his designee. Upon failure of the parent to complete such form within the extended time, the superintendent may send to the parent written notice of the date he intends to exclude the child from school; however, no child who is a homeless child or youth as defined in subdivision A 7 of § 22.1-3 shall be excluded from school for such failure to complete such form.

§ 22.1-271.2. Immunization requirements.

A. No student shall be admitted by a school unless at the time of admission the student or his parent submits documentary proof of immunization to the admitting official of the school or unless the student is exempted from immunization pursuant to subsection C or is a homeless child or youth as defined in subdivision A 7 of § 22.1-3. If a student does not have documentary proof of immunization, the school shall notify the student or his parent (i) that it has no documentary proof of immunization for the student; (ii) that it may not admit the student without proof unless the student is exempted pursuant to subsection C, including any homeless child or youth as defined in subdivision A 7 of § 22.1-3; (iii) that the student may be immunized and receive certification by a licensed physician, a licensed *advanced practice registered nurse practitioner*, a registered nurse, or an employee of a local health department; and (iv) how to contact the local health department to learn where and when it performs these services. Neither this Commonwealth nor any school or admitting official shall be liable in damages to any person for complying with this section.

Any physician, *advanced practice registered nurse practitioner*, registered nurse, or local health department employee performing immunizations shall provide to any person who has been immunized or to his parent, upon request, documentary proof of immunizations conforming with the requirements of this section.

B. Any student whose immunizations are incomplete may be admitted conditionally if that student provides documentary proof at the time of enrollment of having received at least one dose of the required immunizations accompanied by a schedule for completion of the required doses within 90 calendar days. If the student requires more than two doses of hepatitis B vaccine, the conditional enrollment period shall be 180 calendar days.

The immunization record of each student admitted conditionally shall be reviewed periodically until the required immunizations have been received.

Any student admitted conditionally and who fails to comply with his schedule for completion of the required immunizations shall be excluded from school until his immunizations are resumed.

C. No certificate of immunization shall be required for the admission to school of any student if (i) the student or his parent submits an affidavit to the admitting official stating that the administration of immunizing agents conflicts with the student's religious tenets or practices; or (ii) the school has written certification from a licensed physician, a licensed *advanced practice registered nurse practitioner*, or a local health department that one or more of the required immunizations may be detrimental to the student's health, indicating the specific nature and probable duration of the medical condition or circumstance that contraindicates immunization.

However, if a student is a homeless child or youth as defined in subdivision A 7 of § 22.1-3 and (a) does not have documentary proof of necessary immunizations or has incomplete immunizations and (b) is not exempted from immunization pursuant to ~~clauses~~ *clause* (i) or (ii) of this subsection, the school division shall immediately admit such student and shall immediately refer the student to the local school division liaison, as described in the federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001, as amended (42 U.S.C. § 11431 et seq.) (the Act), who shall assist in obtaining the documentary proof of, or completing, immunization and other services required by such Act.

D. The admitting official of a school shall exclude from the school any student for whom he does not have documentary proof of immunization or notice of exemption pursuant to subsection C, including notice that such student is a homeless child or youth as defined in subdivision A 7 of § 22.1-3.

E. Every school shall record each student's immunizations on the school immunization record. The school immunization record shall be a standardized form provided by the State Department of Health, which shall be a part of the mandatory permanent student record. Such record shall be open to inspection by officials of the State Department of Health and the local health departments.

The school immunization record shall be transferred by the school whenever the school transfers any student's permanent academic or scholastic records.

Within 30 calendar days after the beginning of each school year or entrance of a student, each admitting official shall file a report with the local health department. The report shall be filed on forms prepared by the State Department of Health and shall state the number of students admitted to school with documentary proof of immunization, the number of students who have been admitted with a medical or religious exemption and the number of students who have been conditionally admitted, including those students who are homeless children or youths as defined in subdivision A 7 of § 22.1-3.

F. The requirement for *Haemophilus Influenzae* Type b immunization as provided in § 32.1-46 shall not apply to any child admitted to any grade level, kindergarten through grade 12.

G. The Board of Health shall promulgate rules and regulations for the implementation of this section in congruence with rules and regulations of the Board of Health promulgated under § 32.1-46 and in cooperation with the Board of Education.

§ 22.1-271.4. Health requirements for home-instructed, exempted, and excused children.

In addition to compliance with the requirements of subsection B, D, or I of § 22.1-254 or § 22.1-254.1, any parent, guardian or other person having control or charge of a child being home instructed, exempted or excused from school attendance shall comply with the immunization requirements provided in § 32.1-46 in the same manner and to the same extent as if the child has been enrolled in and is attending school.

Upon request by the division superintendent, the parent shall submit to such division superintendent documentary proof of immunization in compliance with § 32.1-46.

No proof of immunization shall be required of any child upon submission of (i) an affidavit to the division superintendent stating that the administration of immunizing agents conflicts with the parent's or guardian's religious tenets or practices or (ii) a written certification from a licensed physician, licensed *advanced practice registered nurse practitioner*, or local health department that one or more of the required immunizations may be detrimental to the child's health, indicating the specific nature of the medical condition or circumstance that contraindicates immunization.

§ 22.1-271.7. Public middle school student-athletes; pre-participation physical examination.

No public middle school student shall be a participant on or try out for any school athletic team or squad with a predetermined roster, regular practices, and scheduled competitions with other middle schools unless such student has submitted to the school principal a signed report from a licensed physician, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician attesting that such student has been examined, within the preceding 12 months, and found to be physically fit for athletic competition.

§ 22.1-274. School health services.

A. A school board shall provide pupil personnel and support services in compliance with § 22.1-253.13:2. A school board may employ school nurses, physicians, physical therapists, occupational therapists, and speech therapists. No such personnel shall be employed unless they meet such standards as may be determined by the Board. Subject to the approval of the appropriate local governing body, a local health department may provide personnel for health services for the school division.

B. In implementing subsection P of § 22.1-253.13:2, relating to providing support services that are necessary for the efficient and cost-effective operation and maintenance of its public schools, each school board may strive to employ, or contract with local health departments for, nursing services consistent with a ratio of at least one nurse per 1,000 students. In those school divisions in which there are more than 1,000 students in average daily membership in school buildings, this section shall not be construed to encourage the employment of more than one nurse per school building. Further, this section shall not be construed to mandate the aspired-to ratios.

C. The Board shall monitor the progress in achieving the ratio set forth in subsection B and any subsequent increase in prevailing statewide costs, and the mechanism for funding health services, pursuant to subsection P of § 22.1-253.13:2 and the appropriation act. The Board shall also determine how school health funds are used and school health services are delivered in each locality.

D. With the exception of school administrative personnel and persons employed by school boards who have the specific duty to deliver health-related services, no licensed instructional employee, instructional aide, or clerical employee shall be disciplined, placed on probation, or dismissed on the basis of such employee's refusal to (i) perform nonemergency health-related services for students or (ii) obtain training in the administration of insulin and glucagon. However, instructional aides and clerical employees may not refuse to dispense oral medications.

For the purposes of this subsection, "health-related services" means those activities that, when performed in a health care facility, must be delivered by or under the supervision of a licensed or certified professional.

E. Each school board shall ensure that in school buildings with an instructional and administrative staff of 10 or more (i) at least three employees have current certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator and (ii) if one or more students diagnosed as having diabetes attend such school, at least two employees have been trained in the administration of insulin and glucagon. In school buildings with an instructional and administrative staff of fewer than 10, school boards shall ensure that (a) at least two employees have current certification or training in emergency first aid, cardiopulmonary resuscitation, and the use of an automated external defibrillator and (b) if one or more students diagnosed as having diabetes attend such school, at least one employee has been trained in the administration of insulin and glucagon. For purposes of this subsection, "employee" includes any person employed by a local health department who is assigned to the public school pursuant to an agreement between the local health department and the school board. When a registered nurse, *advanced practice registered nurse practitioner*, physician, or physician assistant is present, no employee who is not a registered nurse, *advanced practice registered nurse practitioner*, physician, or physician assistant shall assist with the administration of insulin or

administer glucagon. Prescriber authorization and parental consent shall be obtained for any employee who is not a registered nurse, *advanced practice registered nurse practitioner*, physician, or physician assistant to assist with the administration of insulin and administer glucagon.

§ 22.1-274.2. Possession and administration of inhaled asthma medications and epinephrine by certain students or school board employees.

A. Local school boards shall develop and implement policies permitting a student with a diagnosis of asthma or anaphylaxis, or both, to possess and self-administer inhaled asthma medications or auto-injectable epinephrine, or both, as the case may be, during the school day, at school-sponsored activities, or while on a school bus or other school property. Such policies shall include, but not be limited to, provisions for:

1. Written consent of the parent, as defined in § 22.1-1, of a student with a diagnosis of asthma or anaphylaxis, or both, that the student may self-administer inhaled asthma medications or auto-injectable epinephrine, or both, as the case may be.

2. Written notice from the student's primary care provider or medical specialist, or a licensed physician or licensed *advanced practice registered nurse practitioner*, that (i) identifies the student; (ii) states that the student has a diagnosis of asthma or anaphylaxis, or both, and has approval to self-administer inhaled asthma medications or auto-injectable epinephrine, or both, as the case may be, that have been prescribed or authorized for the student; (iii) specifies the name and dosage of the medication, the frequency in which it is to be administered and certain circumstances which may warrant the use of inhaled asthma medications or auto-injectable epinephrine, such as before exercising or engaging in physical activity to prevent the onset of asthma symptoms or to alleviate asthma symptoms after the onset of an asthma episode; and (iv) attests to the student's demonstrated ability to safely and effectively self-administer inhaled asthma medications or auto-injectable epinephrine, or both, as the case may be.

3. Development of an individualized health care plan, including emergency procedures for any life-threatening conditions.

4. Consultation with the student's parent before any limitations or restrictions are imposed upon a student's possession and self-administration of inhaled asthma medications and auto-injectable epinephrine, and before the permission to possess and self-administer inhaled asthma medications and auto-injectable epinephrine at any point during the school year is revoked.

5. Self-administration of inhaled asthma medications and auto-injectable epinephrine to be consistent with the purposes of the Virginia School Health Guidelines and the Guidelines for Specialized Health Care Procedure Manuals, which are jointly issued by the Department of Education and the Department of Health.

6. Disclosure or dissemination of information pertaining to the health condition of a student to school board employees to comply with §§ 22.1-287 and 22.1-289 and the federal Family Education Rights and Privacy Act of 1974, as amended, 20 U.S.C. § 1232g, which govern the disclosure and dissemination of information contained in student scholastic records.

B. The permission granted a student with a diagnosis of asthma or anaphylaxis, or both, to possess and self-administer inhaled asthma medications or auto-injectable epinephrine, or both, shall be effective for one school year. Permission to possess and self-administer such medications shall be renewed annually. For the purposes of this section, "one school year" means 365 calendar days.

C. Local school boards shall adopt and implement policies for the possession and administration of epinephrine in every school, to be administered by any school nurse, employee of the school board, employee of a local governing body, or employee of a local health department who is authorized by a prescriber and trained in the administration of epinephrine to any student believed to be having an anaphylactic reaction. Such policies shall require that at least one school nurse, employee of the school board, employee of a local governing body, or employee of a local health department who is authorized by a prescriber and trained in the administration of epinephrine has the means to access at all times during regular school hours any such epinephrine that is stored in a locked or otherwise generally inaccessible container or area.

D. Each local school board shall adopt and implement policies for the possession and administration of undesignated stock albuterol inhalers and valved holding chambers in every public school in the local school division, to be administered by any school nurse, employee of the school board, employee of a local governing body, or employee of a local health department who is authorized by the local health director and trained in the administration of albuterol inhalers and valved holding chambers for any student believed in good faith to be in need of such medication.

§ 32.1-19. Duties prescribed by Board.

A. The Commissioner shall perform such duties as the Board may require, in addition to the duties required by law.

B. The Commissioner shall, along with the Superintendent of Public Instruction, work to combat

childhood obesity and other chronic health conditions that affect school-age children.

C. The Commissioner shall ensure, in the licensure of health care facilities, that quality of care, patient safety, and patient privacy are the overriding goals of such licensure and related enforcement efforts.

D. The Commissioner shall coordinate the Department's emergency preparedness and response efforts.

E. The Commissioner shall ensure that prevention of disease and protection of public health remain the Department's overriding goals.

F. The Commissioner shall designate a senior staff member of the Department, who shall be a licensed physician, to oversee minority health efforts of the Department.

G. The Commissioner shall designate a senior official of the Department, who shall be a licensed physician or *an advanced practice registered nurse practitioner*, to coordinate all women's health efforts in the Department including, but not limited to, the "Every Woman's Life Program," and other efforts to prevent, detect, and treat breast cancer, cervical cancer, and other diseases that primarily affect women.

§ 32.1-23.2. Sexual assault nurse examiner information.

A. The Department shall develop and make available on a website maintained by the Department information about the availability of certified sexual assault nurse examiners in the Commonwealth. Such information shall include the name of the hospital at which a certified sexual assault nurse examiner is employed; the location, including street address, of the hospital; and the contact information for the hospital. A link to the information shall be prominently displayed on the Department's website, and such information shall be made available in a format that is easily accessible to and navigable by members of the public.

B. Every hospital licensed by the Department shall quarterly report to the Department, in a form and by such date as shall be designated by the Department, the total number of certified sexual assault nurse practitioners *advanced practice registered nurses* employed by the hospital and the location, including street address, and contact information for each location at which such certified sexual assault *advanced practice registered nurse practitioner* provides services.

§ 32.1-42.1. Administration and dispensing of necessary drugs, devices and vaccines during a declared disaster or emergency.

A. The Commissioner, pursuant to § 54.1-3408, may authorize persons who are not authorized by law to administer or dispense drugs or devices to administer or dispense all necessary drugs or devices in accordance with protocols established by the Commissioner when (i) the Governor has declared a disaster or a state of emergency, the United States Secretary of Health and Human Services has issued a declaration of an actual or potential bioterrorism incident or other actual or potential public health emergency, or the Board has made an emergency order pursuant to § 32.1-13 for the purpose of suppressing nuisances dangerous to the public health and communicable, contagious, and infectious diseases and other dangers to the public life and health and for the limited purpose of administering vaccines as an approved countermeasure for such communicable, contagious, and infectious diseases; (ii) it is necessary to permit the provision of needed drugs or devices; and (iii) such persons have received the training necessary to safely administer or dispense the needed drugs or devices. Such persons shall administer or dispense all drugs or devices under the direction, control, and supervision of the Commissioner. For purposes of this section, "administer," "device," "dispense," and "drug" shall have the same meaning as provided in § 54.1-3401. The Commissioner shall develop protocols, in consultation with the Department of Health Professions, that address the required training of such persons and procedures for such persons to use in administering or dispensing drugs or devices.

B. Where the Commissioner, pursuant to subsection A, authorizes persons who are not otherwise authorized by law to administer vaccines, such persons shall include any of the following who, due to their education and training, are qualified to administer drugs: (i) any person licensed by a health regulatory board within the Department of Health Professions whose license is in good standing, or was in good standing within the 20 years immediately prior to lapsing; (ii) any emergency medical services provider licensed or certified by the Department whose license or certification is in good standing, or was in good standing within the 20 years immediately prior to lapsing; and (iii) any health professions student enrolled in an accredited program in the Commonwealth who is in good academic standing with such student's school and provided that the school certifies that the student has been properly trained in the administration of vaccines. A health professions student who administers vaccines pursuant to this section shall be supervised by any eligible health care provider who holds a license issued by a health regulatory board within the Department of Health Professions, and the supervising health care provider shall not be required to be licensed in the same health profession for which the student is studying. A person who is licensed as a *an advanced practice registered nurse practitioner* by the Boards of Medicine and Nursing or licensed as a physician assistant by the Board of Medicine who administers vaccines pursuant to this section may administer such vaccine without a written or electronic practice

agreement. In the absence of gross negligence or willful misconduct, any such person authorized by the Commissioner or entity overseeing any such person who administers the vaccine pursuant to this section shall not be liable for (a) any actual or alleged injury or wrongful death or (b) any civil cause of action arising from any act or omission arising out of, related to, or alleged to have resulted in the contraction of or exposure to the communicable, contagious, and infectious disease or to have resulted from the administration of the vaccine.

§ 32.1-46. Immunization of patients against certain diseases.

A. The parent, guardian or person standing in loco parentis of each child within this Commonwealth shall cause such child to be immunized in accordance with the Immunization Schedule developed and published by the Centers for Disease Control and Prevention (CDC), Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), and the American Academy of Family Physicians (AAFP). The required immunizations for attendance at a public or private elementary, middle or secondary school, child care center, nursery school, family day care home, or developmental center shall be those set forth in the State Board of Health Regulations for the Immunization of School Children. The Board's regulations shall at a minimum require:

1. A minimum of three properly spaced doses of hepatitis B vaccine (HepB).
2. A minimum of three or more properly spaced doses of diphtheria toxoid. One dose shall be administered on or after the fourth birthday.
3. A minimum of three or more properly spaced doses of tetanus toxoid. One dose shall be administered on or after the fourth birthday.
4. A minimum of three or more properly spaced doses of acellular pertussis vaccine. One dose shall be administered on or after the fourth birthday. A booster dose shall be administered prior to entry into the seventh grade.
5. Two or three primary doses of Haemophilus influenzae type b (Hib) vaccine, depending on the manufacturer, for children up to 60 months of age.
6. Two properly spaced doses of live attenuated measles (rubeola) vaccine. The first dose shall be administered at age 12 months or older.
7. One dose of live attenuated rubella vaccine shall be administered at age 12 months or older.
8. One dose of live attenuated mumps vaccine shall be administered at age 12 months or older.
9. Two properly spaced doses of varicella vaccine. The first dose shall be administered at age 12 months or older.
10. Three or more properly spaced doses of oral polio vaccine (OPV) or inactivated polio vaccine (IPV). One dose shall be administered on or after the fourth birthday. A fourth dose shall be required if the three dose primary series consisted of a combination of OPV and IPV.
11. One to four doses, dependent on age at first dose, of properly spaced pneumococcal conjugate (PCV) vaccine for children up to 60 months of age.
12. Two doses of properly spaced human papillomavirus (HPV) vaccine. The first dose shall be administered before the child enters the seventh grade.
13. Two or three properly spaced doses of rotavirus vaccine, depending on the manufacturer, for children up to eight months of age.
14. Two properly spaced doses of hepatitis A vaccine (HAV). The first dose shall be administered at age 12 months or older.
15. Two properly spaced doses of meningococcal conjugate vaccine (MenACWY). The first dose shall be administered prior to entry to seventh grade. The second dose shall be administered prior to entry to twelfth grade.

The parent, guardian or person standing in loco parentis may have such child immunized by a physician, a physician assistant, an advanced practice registered nurse practitioner, a registered nurse, or a licensed practical nurse, or a pharmacist who administers pursuant to a valid prescription, or may present the child to the appropriate local health department, which shall administer the vaccines required by the State Board of Health Regulations for the Immunization of School Children without charge to the parent of or person standing in loco parentis to the child if (i) the child is eligible for the Vaccines for Children Program or (ii) the child is eligible for coverages issued pursuant to Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. (Medicare), Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq. (Medicaid), Title XXI of the Social Security Act, 42 U.S.C. § 1397aa et seq. (CHIP), or 10 U.S.C. § 1071 et seq. (CHAMPUS). In all cases in which a child is covered by a health carrier, Medicare, Medicaid, CHIP, or CHAMPUS, the Department shall seek reimbursement from the health carrier, Medicare, Medicaid, CHIP, or CHAMPUS for all allowable costs associated with the provision of the vaccine. For the purposes of this section, the Department shall be deemed a participating provider with a managed care health insurance plan as defined in § 32.1-137.1.

B. A physician, a physician assistant, an advanced practice registered nurse practitioner, a registered nurse, a licensed practical nurse, a pharmacist, or a local health department administering a vaccine

required by this section shall provide to the person who presents the child for immunizations a certificate that shall state the diseases for which the child has been immunized, the numbers of doses given, the dates when administered and any further immunizations indicated.

C. The vaccines required by this section shall meet the standards prescribed in, and be administered in accordance with, the State Board of Health Regulations for the Immunization of School Children. The State Board of Health shall amend the State Board of Health Regulations for the Immunization of School Children as necessary from time to time to maintain conformity with evidence-based, routinely recommended vaccinations for children. The adoption of such regulations shall be exempt from the requirements of Article 2 (§ 2.2-4006 et seq.) of the Administrative Process Act (§ 2.2-4000 et seq.). However, the Department shall (i) provide a Notice of Intended Regulatory Action and (ii) provide for a 60-day public comment period prior to the Board's adoption of the regulations.

D. The provisions of this section shall not apply if:

1. The parent or guardian of the child objects thereto on the grounds that the administration of immunizing agents conflicts with his religious tenets or practices, unless an emergency or epidemic of disease has been declared by the Board;

2. The parent or guardian presents a statement from a physician licensed to practice medicine in Virginia, a licensed *advanced practice registered nurse practitioner*, or a local health department that states that the physical condition of the child is such that the administration of one or more of the required immunizing agents would be detrimental to the health of the child; or

3. Because the human papillomavirus is not communicable in a school setting, a parent or guardian, at the parent's or guardian's sole discretion, may elect for the parent's or guardian's child not to receive the human papillomavirus vaccine, after having reviewed materials describing the link between the human papillomavirus and cervical cancer approved for such use by the Board.

E. For the purpose of protecting the public health by ensuring that each child receives age-appropriate immunizations, any physician, physician assistant, *advanced practice registered nurse practitioner*, licensed institutional health care provider, or local or district health department, the Virginia Immunization Information System, and the Department of Health may share immunization and patient locator information without parental authorization, including, but not limited to, the month, day, and year of each administered immunization; the patient's name, address, telephone number, birth date, and social security number; and the parents' names. The immunization information; the patient's name, address, telephone number, birth date, and social security number; and the parents' names shall be confidential and shall only be shared for the purposes set out in this subsection.

F. The State Board of Health shall review this section annually and make recommendations for revision by September 1 to the Governor, the General Assembly, and the Joint Commission on Health Care.

§ 32.1-50. Examination of persons suspected of having active tuberculosis disease; reporting; report forms; report schedule; laboratory reports and required samples.

A. Any local health director may request any person having or reasonably suspected of having active tuberculosis disease to be examined immediately for the purpose of ascertaining the presence or absence of the disease. Such examination may be made by any licensed physician or licensed *advanced practice registered nurse practitioner* selected by such person at his own expense and approved by the local health director or by the local health director at no cost to such person.

B. Each physician or *advanced practice registered nurse practitioner* practicing in the Commonwealth who diagnoses or treats a person for active tuberculosis disease, or a physician assistant who treats a person for active tuberculosis disease, as defined in § 32.1-49.1 and each person in charge of a medical care facility providing inpatient or outpatient diagnosis or treatment for active tuberculosis disease shall report to the local health director within such time period and in such manner as may be prescribed by regulations of the Board. Such report, at a minimum, shall include an initial report when there are reasonable grounds to believe that a person has active tuberculosis disease, and a subsequent report when a person ceases treatment for tuberculosis disease. Cessation of treatment may be inferred when the person (i) fails to keep a scheduled appointment, (ii) relocates without transferring care, or (iii) discontinues care either upon or against the advice of the treating physician, physician assistant, or *advanced practice registered nurse practitioner*.

C. The initial disease report shall include the following: the affected person's name; date of birth; gender; address; pertinent clinical, radiographic, microbiologic, and pathologic reports, whether final or pending; such other information as is needed to locate the patient for follow-up; and any other information as prescribed by regulations of the Board.

D. Subsequent reports shall be submitted within such time, at such frequency, and in such manner as may be prescribed by regulations of the Board and shall provide updated clinical status, bacteriologic and radiographic results, assessment of treatment adherence, name of current care provider, and any other information as prescribed by the Board.

E. Every director of any laboratory doing business in the Commonwealth shall, according to the manner and schedule as determined by the Board, report any result diagnostic of or highly correlated with active tuberculosis disease, whether testing is done in-house or referred to an out-of-state laboratory, including cultures positive for tubercle bacilli and smears suggestive of tubercle bacilli, and shall report the results of tests for antimicrobial susceptibility performed on cultures positive for tubercle bacilli. Each director of any laboratory shall also submit a representative and viable sample of the initial culture to the Virginia Division of Consolidated Laboratory Services or other laboratory designated by the Board to receive such specimen in order to (i) ensure testing for antimicrobial susceptibility on each initial isolate from a person with active tuberculosis disease, and (ii) establish a library of such isolates for the purpose of disease strain analysis as indicated by epidemiological investigations.

§ 32.1-60. Prenatal tests required.

Every physician, physician assistant, or *advanced practice registered nurse practitioner* attending a pregnant woman during gestation shall examine and test such woman for such venereal diseases as the Board may designate within 15 days after beginning such attendance. Every other person permitted by law to attend upon pregnant women but not permitted by law to make such examinations and tests, shall cause such examinations and tests to be made by a licensed physician, licensed *advanced practice registered nurse practitioner*, or clinic. Serological tests required by this section may be performed by the Department of General Services, Division of Consolidated Laboratory Services (DCLS).

§ 32.1-122.6:02. Conditional grants for certain advanced practice registered nursing students.

A. The Board of Health shall establish annual nursing scholarships for students who intend to enter an accredited *advanced practice registered nurse practitioner* or *nurse midwife* program in designated schools. The amounts and numbers of such scholarships shall be determined annually as provided in the appropriation act. The Commissioner shall act as fiscal agent for the Board in administration of the scholarship program through a nursing scholarship committee.

B. To administer the scholarship program, the Board shall promulgate regulations which shall include, but are not limited to:

1. Qualifications of applicants;
2. Criteria for award of the scholarship to assure that a recipient will fulfill the practice obligations established in this section;
3. Standards to assure that these scholarships increase access to primary health care for individuals who are indigent or who are recipients of public assistance;
4. Assurances that residents of Virginia, as determined by § 23.1-502, minority students and residents of medically underserved areas are given preference in determining scholarship eligibility and awards;
5. Assurances that a scholarship recipient will practice as a *an advanced practice registered nurse practitioner* or *nurse midwife* in an underserved area of the Commonwealth within two years following completion of training;
6. Designations that students in *advanced practice registered nurse practitioner* specialties, including nurse midwife, receive priority scholarships;
7. Methods for reimbursement to the Commonwealth by a recipient who fails to complete the educational program or who fails to honor the obligation to engage in practice as a *an advanced practice registered nurse practitioner* or *nurse midwife* for a period of years equal to the number of annual scholarships received;
8. Procedures for reimbursing any recipient who has repaid the Commonwealth for part or all of any scholarship and who later fulfills the terms of his contract; and
9. Methods for reporting data related to the recipients of the scholarships.

C. Until such time as a fully accredited nurse midwife education program is established at any health science center in the Commonwealth, the Board may designate that attendance at an accredited program in a nearby state is acceptable for scholarship eligibility.

D. For purposes of this section, the term "underserved area" shall include those medically underserved areas designated by the Board pursuant to § 32.1-122.5 and health professional shortage areas designated in accordance with the criteria established in 42 C.F.R. Part 5.

E. Any scholarship amounts repaid by recipients pursuant to subdivision B 7, and any interest thereon, shall be used only for the purposes of this section and shall not revert to the general fund.

§ 32.1-134.2. Clinical privileges for certain practitioners.

The grant or denial of clinical privileges to licensed podiatrists and certified nurse midwives licensed as *nurse practitioners* *advanced practice registered nurses* pursuant to § 54.1-2957 by any hospital licensed in this Commonwealth, and the determination by the hospital of the scope of such privileges, shall be based upon such practitioner's professional license, experience, competence, ability, and judgment, and the reasonable objectives and regulations of the hospital in which such privileges are sought.

§ 32.1-134.3. Response to applications for clinical privileges.

Whenever a podiatrist or certified nurse midwife licensed as a *an advanced practice registered nurse practitioner* makes application to any hospital for clinical privileges, the hospital shall either approve or disapprove the application within 120 calendar days after it has received all necessary information to make a determination as provided in § 32.1-134.2 from the practitioner.

§ 32.1-134.4. Right of podiatrists or advanced practice registered nurses to injunction.

Any licensed podiatrist or certified nurse midwife licensed as a *an advanced practice registered nurse practitioner* in Virginia who is aggrieved by any violation of § 32.1-134.2 or § 32.1-134.3 shall have the right to seek an injunction from the circuit court of the city or county in which the hospital alleged to have committed the violation is located, prohibiting any further such violation. The provisions of this section shall not be deemed to impair or affect any other right or remedy. A violation of this section, however, shall not constitute a violation of the provisions of this article for the purposes of § 32.1-135.

§ 32.1-138. Enumeration; posting of policies; staff training; responsibilities devolving on guardians, etc.; exceptions; certification of compliance.

A. The governing body of a nursing home facility required to be licensed under the provisions of Article 1 (§ 32.1-123 et seq.) of this chapter, through the administrator of such facility, shall cause to be promulgated policies and procedures to ensure that, at the minimum, each patient admitted to such facility:

1. Is fully informed, as evidenced by the patient's written acknowledgment, prior to or at the time of admission and during his stay, of his rights and of all rules and regulations governing patient conduct and responsibilities;

2. Is fully informed, as evidenced by the patient's written acknowledgment, prior to or at the time of admission and during his stay, of services available in the facility, the terms of such services, and related charges, including any charges for services not covered under Titles XVIII or XIX of the United States Social Security Act or not covered by the facility's basic per diem rate;

3. Is fully informed in summary form of the findings concerning the facility in federal Centers for Medicare & Medicaid Services surveys and investigations, if any;

4. Is fully informed by a physician, a physician assistant, or *an advanced practice registered nurse practitioner* of his medical condition unless medically contraindicated as documented by a physician, a physician assistant, or *an advanced practice registered nurse practitioner* in his medical record and is afforded the opportunity to participate in the planning of his medical treatment and to refuse to participate in experimental research;

5. Is transferred or discharged only for medical reasons, or for his welfare or that of other patients, or for nonpayment for his stay except as prohibited by Titles XVIII or XIX of the United States Social Security Act, and is given reasonable advance notice as provided in § 32.1-138.1 to ensure orderly transfer or discharge, and such actions are documented in his medical record;

6. Is encouraged and assisted, throughout the period of his stay, to exercise his rights as a patient and as a citizen and to this end may voice grievances and recommend changes in policies and services to facility staff and to outside representatives of his choice, free from restraint, interference, coercion, discrimination, or reprisal;

7. May manage his personal financial affairs, or may have access to records of financial transactions made on his behalf at least once a month and is given at least a quarterly accounting of financial transactions made on his behalf should the facility accept his written delegation of this responsibility to the facility for any period of time in conformance with state law;

8. Is free from mental and physical abuse and free from chemical and, except in emergencies, physical restraints except as authorized in writing by a physician for a specified and limited period of time or when necessary to protect the patient from injury to himself or to others;

9. Is assured confidential treatment of his personal and medical records and may approve or refuse their release to any individual outside the facility, except in case of his transfer to another health care institution or as required by law or third-party payment contract;

10. Is treated with consideration, respect, and full recognition of his dignity and individuality, including privacy in treatment and in care for his personal needs;

11. Is not required to perform services for the facility that are not included for therapeutic purposes in his plan of care;

12. May associate and communicate privately with persons of his choice and send and receive his personal mail unopened, unless medically contraindicated as documented by his physician in his medical record;

13. May meet with and participate in activities of social, religious and community groups at his discretion, unless medically contraindicated as documented by his physician, physician assistant, or *advanced practice registered nurse practitioner* in his medical record;

14. May retain and use his personal clothing and possessions as space permits unless to do so would

infringe upon rights of other patients and unless medically contraindicated as documented by his physician, physician assistant, or *advanced practice registered nurse practitioner* in his medical record;

15. If married, is assured privacy for visits by his or her spouse and if both are inpatients in the facility, is permitted to share a room with such spouse unless medically contraindicated as documented by the attending physician, physician assistant, or *advanced practice registered nurse practitioner* in the medical record; and

16. Is fully informed, as evidenced by the written acknowledgment of the resident or his legal representative, prior to or at the time of admission and during his stay, that he should exercise whatever due diligence he deems necessary with respect to information on any sexual offenders registered pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, including how to obtain such information. Upon request, the nursing home facility shall assist the resident, prospective resident, or the legal representative of the resident or prospective resident in accessing this information and provide the resident, prospective resident, or the legal representative of the resident or prospective resident with printed copies of the requested information.

B. All established policies and procedures regarding the rights and responsibilities of patients shall be printed in at least 12-point type and posted conspicuously in a public place in all nursing home facilities required to be licensed under the provisions of Article 1 (§ 32.1-123 et seq.) of this chapter. These policies and procedures shall include the name and telephone number of the complaint coordinator in the Division of Licensure and Certification of the Virginia Department of Health, the Adult Protective Services' toll-free telephone number, as well as the toll-free telephone number for the Virginia Long-Term Care Ombudsman Program and any substate ombudsman program serving the area. Copies of such policies and procedures shall be given to patients upon admittance to the facility and made available to patients currently in residence, to any guardians, responsible party as defined in regulation, next of kin, or sponsoring agency or agencies, and to the public.

C. The provisions of this section shall not be construed to restrict any right that any patient in residence has under law.

D. Each facility shall provide appropriate staff training to implement each patient's rights included in subsection A hereof.

E. All rights and responsibilities specified in subsection A hereof and § 32.1-138.1 as they pertain to (i) a patient adjudicated incapacitated in accordance with state law, (ii) a patient who is found, by his physician, to be medically incapable of understanding these rights, or (iii) a patient who is unable to communicate with others shall devolve to such patient's guardian, responsible party as defined in regulation, next of kin, sponsoring agency or agencies, or representative payee, except when the facility itself is representative payee, selected pursuant to section 205(j) of Title II of the United States Social Security Act. The persons to whom such rights and responsibilities have devolved shall be deemed to have legal authority to act on the patient's behalf with respect to the matters specified in this section.

F. Nothing in this section shall be construed to prescribe, regulate, or control the remedial care and treatment or nursing service provided to any patient in a nursing institution to which the provisions of § 32.1-128 are applicable.

G. It shall be the responsibility of the Commissioner to insure that the provisions of this section and the provisions of § 32.1-138.1 are observed and implemented by nursing home facilities. Each nursing home facility to which this section and § 32.1-138.1 are applicable shall certify to the Commissioner that it is in compliance with the provisions of this section and the provisions of § 32.1-138.1 as a condition to the issuance or renewal of the license required by Article 1 (§ 32.1-123 et seq.) of this chapter.

§ 32.1-162.15:2. (Effective July 1, 2023) Definitions.

"Anonymous physical evidence recovery kit" has the same meaning as in § 19.2-11.5.

"Approved pediatric health care facility" means a pediatric health care facility for which a plan for the delivery of services to pediatric survivors of sexual assault has been approved pursuant to § 32.1-162.15:6.

"Board" means the Board of Health.

"Department" means the Department of Health.

"Emergency contraception" means medication approved by the U.S. Food and Drug Administration that can significantly reduce the risk of pregnancy if taken within 72 hours after sexual assault.

"Follow-up health care" means any physical examination, laboratory tests to determine the presence of sexually transmitted infection, or appropriate medications, including HIV-prophylaxis, provided to a survivor of sexual assault by a health care provider within 90 days after the date on which treatment or transfer services pursuant to this article are first provided.

"Forensic medical examination" means health care services provided to a survivor of sexual assault that include medical history, physical examination, laboratory testing, assessment for drug-facilitated or alcohol-facilitated sexual assault, collection of evidence in accordance with the requirements of Chapter 1.2 (§ 19.2-11.5 et seq.) of Title 19.2, and discharge and follow-up health care planning necessary to

1399 ensure the health, safety, and welfare of the survivor of sexual assault and the collection and
1400 preservation of evidence that may be used in a criminal proceeding.

1401 "Hospital" means any hospital licensed by the Department pursuant to this chapter.

1402 "Pediatric health care facility" means a hospital, clinic, or physician's office that provides health care
1403 services to pediatric patients.

1404 "Pediatric survivor of sexual assault" means a survivor of sexual assault who is under 18 years of
1405 age.

1406 "Physical evidence recovery kit" has the same meaning as in § 19.2-11.5.

1407 "Sexual assault forensic examiner" means a sexual assault nurse examiner, a physician, a physician
1408 assistant, an advanced practice registered nurse practitioner, or a registered nurse who has completed
1409 training that meets or is substantially similar to the Sexual Assault Nurse Examiner Education
1410 Guidelines established by the International Association of Forensic Nurses.

1411 "Sexual assault survivor transfer services" means an appropriate medical examination and such
1412 stabilizing treatment as may be necessary prior to the transfer of a sexual assault survivor from a
1413 transfer hospital to a treatment hospital in accordance with the provisions of a transfer plan approved by
1414 the Department.

1415 "Sexual assault survivor treatment services" means a forensic medical examination and other health
1416 care services provided to a sexual assault survivor by a hospital in accordance with § 32.1-162.15:4 or
1417 pediatric health care facility in accordance with § 32.1-162.15:6.

1418 "Transfer hospital" means a hospital with a sexual assault survivor transfer plan approved by the
1419 Department.

1420 "Transportation service" means transportation provided to a survivor of sexual assault who is
1421 transferred from a transfer hospital, treatment hospital, or approved pediatric health care facility to a
1422 treatment hospital or approved pediatric care facility pursuant to a transfer plan approved in accordance
1423 with this article.

1424 "Treatment hospital" means a hospital with a sexual assault survivor treatment plan approved by the
1425 Department to provide sexual assault survivor treatment services to all survivors of sexual assault who
1426 present with a complaint of sexual assault within the previous seven days or who have disclosed past
1427 sexual assault by a specific individual and were in the care of that individual within the previous seven
1428 days.

1429 **§ 32.1-263. Filing death certificates; medical certification; investigation by Office of the Chief**
1430 **Medical Examiner.**

1431 A. A death certificate, including, if known, the social security number or control number issued by
1432 the Department of Motor Vehicles pursuant to § 46.2-342 of the deceased, shall be filed for each death
1433 that occurs in the Commonwealth. Non-electronically filed death certificates shall be filed with the
1434 registrar of any district in the Commonwealth within three days after such death and prior to final
1435 disposition or removal of the body from the Commonwealth. Electronically filed death certificates shall
1436 be filed with the State Registrar of Vital Records through the Electronic Death Registration System
1437 within three days after such death and prior to final disposition or removal of the body from the
1438 Commonwealth. Any death certificate shall be registered by such registrar if it has been completed and
1439 filed in accordance with the following requirements:

1440 1. If the place of death is unknown, but the dead body is found in the Commonwealth, the death
1441 shall be registered in the Commonwealth and the place where the dead body is found shall be shown as
1442 the place of death. If the date of death is unknown, it shall be determined by approximation, taking into
1443 consideration all relevant information, including information provided by the immediate family regarding
1444 the date and time that the deceased was last seen alive, if the individual died in his home; and

1445 2. When death occurs in a moving conveyance, in the United States of America and the body is first
1446 removed from the conveyance in the Commonwealth, the death shall be registered in the Commonwealth
1447 and the place where it is first removed shall be considered the place of death. When a death occurs on a
1448 moving conveyance while in international waters or air space or in a foreign country or its air space and
1449 the body is first removed from the conveyance in the Commonwealth, the death shall be registered in
1450 the Commonwealth but the certificate shall show the actual place of death insofar as can be determined.

1451 B. The licensed funeral director, funeral service licensee, office of the state anatomical program, or
1452 next of kin as defined in § 54.1-2800 who first assumes custody of a dead body shall complete the
1453 certificate of death. He shall obtain personal data of the deceased necessary to complete the certificate of
1454 death, including the social security number of the deceased or control number issued to the deceased by
1455 the Department of Motor Vehicles pursuant to § 46.2-342, from the best qualified person or source
1456 available and obtain the medical certification from the person responsible therefor.

1457 If a licensed funeral director, funeral service licensee, or representative of the office of the state
1458 anatomical program completes the certificate of death, he shall file the certificate of death with the State
1459 Registrar of Vital Records electronically using the Electronic Death Registration System and in

accordance with the requirements of subsection A. If a member of the next of kin of the deceased completes the certificate of death, he shall file the certificate of death in accordance with the requirements of subsection A but shall not be required to file the certificate of death electronically.

C. The medical certification shall be completed and filed electronically with the State Registrar of Vital Records using the Electronic Death Registration System within 24 hours after death by the physician or autonomous nurse practitioner in charge of the patient's care for the illness or condition that resulted in death except when inquiry or investigation by the Office of the Chief Medical Examiner is required by § 32.1-283 or 32.1-285.1, or by the physician or autonomous nurse practitioner who pronounces death pursuant to § 54.1-2972. If the death occurred while under the care of a hospice provider, the medical certification shall be completed by the decedent's health care provider and filed electronically with the State Registrar of Vital Records using the Electronic Death Registration System for completion of the death certificate.

In the absence of such physician or autonomous nurse practitioner or with his approval, the certificate may be completed and filed by the following: (i) another physician or autonomous nurse practitioner employed or engaged by the same professional practice; (ii) a physician assistant supervised by such physician; (iii) *a an advanced practice registered nurse practitioner* who is not an autonomous nurse practitioner practicing in accordance with the provisions of § 54.1-2957; (iv) the chief medical officer or medical director, or his designee, of the institution, hospice, or nursing home in which death occurred; (v) a physician or autonomous nurse practitioner specializing in the delivery of health care to hospitalized or emergency department patients who is employed by or engaged by the facility where the death occurred; (vi) the physician who performed an autopsy upon the decedent; (vii) an individual to whom the physician or autonomous nurse practitioner has delegated authority to complete and file the certificate, if such individual has access to the medical history of the case and death is due to natural causes; or (viii) a physician who is not licensed by the Board of Medicine who was in charge of the patient's care for the illness or condition that resulted in death. A physician described in clause (viii) who completes a certificate in accordance with this subsection shall not be required to register with the Electronic Death Registration System or complete the certificate electronically.

As used in this subsection, "autonomous nurse practitioner" has the same meaning as provided in § 54.1-2972.

D. When inquiry or investigation by the Office of the Chief Medical Examiner is required by § 32.1-283 or 32.1-285.1, the Chief Medical Examiner shall cause an investigation of the cause of death to be made and the medical certification portion of the death certificate to be completed and filed within 24 hours after being notified of the death. If the Office of the Chief Medical Examiner refuses jurisdiction, the physician last furnishing medical care to the deceased shall prepare and file the medical certification portion of the death certificate.

E. If the death is a natural death and a death certificate is being prepared pursuant to § 54.1-2972 and the physician, *autonomous* nurse practitioner, or physician assistant is uncertain about the cause of death, he shall use his best medical judgment to certify a reasonable cause of death or contact the health district physician director in the district where the death occurred to obtain guidance in reaching a determination as to a cause of death and document the same.

If the cause of death cannot be determined within 24 hours after death, the medical certification shall be completed as provided by regulations of the Board. The attending physician or autonomous nurse practitioner, as defined in § 54.1-2972, or the Chief Medical Examiner, an Assistant Chief Medical Examiner, or a medical examiner appointed pursuant to § 32.1-282 shall give the funeral director or person acting as such notice of the reason for the delay, and final disposition of the body shall not be made until authorized by the attending physician, autonomous nurse practitioner, the Chief Medical Examiner, an Assistant Chief Medical Examiner, or a medical examiner appointed pursuant to § 32.1-282.

F. A physician, *autonomous* nurse practitioner, physician assistant, or individual delegated authority to complete and file a certificate of death by a physician who, in good faith, files a certificate of death or determines the cause of death shall be immune from civil liability, only for such filing and determination of causes of death on such certificate, absent gross negligence or willful misconduct.

§ 32.1-282. Medical examiners.

A. The Chief Medical Examiner may appoint for each county and city one or more medical examiners, who shall be licensed as a doctor of medicine or osteopathic medicine, a physician assistant, or a *an advanced practice registered nurse practitioner* in the Commonwealth and appointed as agents of the Commonwealth, to assist the Office of the Chief Medical Examiner with medicolegal death investigations. A physician assistant appointed as a medical examiner shall practice in accordance with § 54.1-2952. ~~A An advanced practice registered nurse practitioner~~ appointed as a medical examiner shall practice in accordance with § 54.1-2957.

B. At the request of the Chief Medical Examiner, the Assistant Chief Medical Examiner, or their

designees, medical examiners may assist the Office of the Chief Medical Examiner with cases requiring medicolegal death investigations in accordance with § 32.1-283.

C. The term of each medical examiner appointed, other than an appointment to fill a vacancy, shall begin on the first day of October of the year of appointment. The term of each medical examiner shall be three years; however, an appointment to fill a vacancy shall be for the unexpired term.

§ 32.1-325. (Effective until date pursuant to Va. Const., Art. IV, § 13) Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant. Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

9. A provision identifying entities approved by the Board to receive applications and to determine

eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate contact information, including the best available address and telephone number, from each applicant for medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how the applicant may make an advance directive;

10. A provision for breast reconstructive surgery following the medically necessary removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

11. A provision for payment of medical assistance for annual pap smears;

12. A provision for payment of medical assistance services for prostheses following the medically necessary complete or partial removal of a breast for any medical reason;

13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient coverage where the attending physician in consultation with the patient determines that a shorter period of hospital stay is appropriate;

14. A requirement that certificates of medical necessity for durable medical equipment and any supporting verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or *advanced practice registered nurse practitioner* and in the durable medical equipment provider's possession within 60 days from the time the ordered durable medical equipment and supplies are first furnished by the durable medical equipment provider;

15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate specific antigen;

16. A provision for payment of medical assistance for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast;

17. A provision, when in compliance with federal law and regulation and approved by the Centers for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program and may be provided by school divisions, regardless of whether the student receiving care has an individualized education program or whether the health care service is included in a student's individualized education program. Such services shall include those covered under the state plan for medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in

appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, *advanced practice registered nurse practitioner*, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a

prescription, and is approved by the U.S. Food and Drug Administration for such purpose;

28. A provision for payment of medical assistance for remote patient monitoring services provided via telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons; (ii) medically complex infants and children; (iii) transplant patients; (iv) patients who have undergone surgery, for up to three months following the date of such surgery; and (v) patients with a chronic or acute health condition who have had two or more hospitalizations or emergency department visits related to such health condition in the previous 12 months when there is evidence that the use of remote patient monitoring is likely to prevent readmission of such patient to a hospital or emergency department. For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

29. A provision for the payment of medical assistance for provider-to-provider consultations that is no more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-for-service program; and

30. A provision for payment of the originating site fee to emergency medical services agencies for facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used in this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for

the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services related to initiation of treatment with or dispensing or administration of a vaccination by a pharmacist, pharmacy technician, or pharmacy intern in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

§ 32.1-325. (Effective pursuant to Va. Const., Art. IV, § 13) Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and

1887 Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the
 1888 children which are within the time periods recommended by the attending physicians in accordance with
 1889 and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines
 1890 or Standards shall include any changes thereto within six months of the publication of such Guidelines
 1891 or Standards or any official amendment thereto;

1892 7. A provision for the payment for family planning services on behalf of women who were
 1893 Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such
 1894 family planning services shall begin with delivery and continue for a period of 24 months, if the woman
 1895 continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the
 1896 purposes of this section, family planning services shall not cover payment for abortion services and no
 1897 funds shall be used to perform, assist, encourage or make direct referrals for abortions;

1898 8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow
 1899 transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast
 1900 cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a
 1901 performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant.
 1902 Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

1903 9. A provision identifying entities approved by the Board to receive applications and to determine
 1904 eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate
 1905 contact information, including the best available address and telephone number, from each applicant for
 1906 medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant
 1907 for medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et
 1908 seq.) of Chapter 29 of Title 54.1, including information about the purpose and benefits of advance
 1909 directives and how the applicant may make an advance directive;

1910 10. A provision for breast reconstructive surgery following the medically necessary removal of a
 1911 breast for any medical reason. Breast reductions shall be covered, if prior authorization has been
 1912 obtained, for all medically necessary indications. Such procedures shall be considered noncosmetic;

1913 11. A provision for payment of medical assistance for annual pap smears;

1914 12. A provision for payment of medical assistance services for prostheses following the medically
 1915 necessary complete or partial removal of a breast for any medical reason;

1916 13. A provision for payment of medical assistance which provides for payment for 48 hours of
 1917 inpatient treatment for a patient following a radical or modified radical mastectomy and 24 hours of
 1918 inpatient care following a total mastectomy or a partial mastectomy with lymph node dissection for
 1919 treatment of disease or trauma of the breast. Nothing in this subdivision shall be construed as requiring
 1920 the provision of inpatient coverage where the attending physician in consultation with the patient
 1921 determines that a shorter period of hospital stay is appropriate;

1922 14. A requirement that certificates of medical necessity for durable medical equipment and any
 1923 supporting verifiable documentation shall be signed, dated, and returned by the physician, physician
 1924 assistant, or *advanced practice registered nurse practitioner* and in the durable medical equipment
 1925 provider's possession within 60 days from the time the ordered durable medical equipment and supplies
 1926 are first furnished by the durable medical equipment provider;

1927 15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons
 1928 age 40 and over who are at high risk for prostate cancer, according to the most recent published
 1929 guidelines of the American Cancer Society, for one PSA test in a 12-month period and digital rectal
 1930 examinations, all in accordance with American Cancer Society guidelines. For the purpose of this
 1931 subdivision, "PSA testing" means the analysis of a blood sample to determine the level of prostate
 1932 specific antigen;

1933 16. A provision for payment of medical assistance for low-dose screening mammograms for
 1934 determining the presence of occult breast cancer. Such coverage shall make available one screening
 1935 mammogram to persons age 35 through 39, one such mammogram biennially to persons age 40 through
 1936 49, and one such mammogram annually to persons age 50 and over. The term "mammogram" means an
 1937 X-ray examination of the breast using equipment dedicated specifically for mammography, including but
 1938 not limited to the X-ray tube, filter, compression device, screens, film and cassettes, with an average
 1939 radiation exposure of less than one rad mid-breast, two views of each breast;

1940 17. A provision, when in compliance with federal law and regulation and approved by the Centers
 1941 for Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to
 1942 Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid
 1943 program and may be provided by school divisions, regardless of whether the student receiving care has
 1944 an individualized education program or whether the health care service is included in a student's
 1945 individualized education program. Such services shall include those covered under the state plan for
 1946 medical assistance services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT)
 1947 benefit as specified in § 1905(r) of the federal Social Security Act, and shall include a provision for

payment of medical assistance for health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care provider who provides health care services through telemedicine shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services;

18. A provision for payment of medical assistance services for liver, heart and lung transplantation procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and application of the procedure in treatment of the specific condition have been clearly demonstrated to be medically effective and not experimental or investigational; (iii) prior authorization by the Department of Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant center where the surgery is proposed to be performed have been used by the transplant team or program to determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and social functioning in the activities of daily living;

19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate circumstances radiologic imaging, in accordance with the most recently published recommendations established by the American College of Gastroenterology, in consultation with the American Cancer Society, for the ages, family histories, and frequencies referenced in such recommendations;

20. A provision for payment of medical assistance for custom ocular prostheses;

21. A provision for payment for medical assistance for infant hearing screenings and all necessary audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United States Food and Drug Administration, and as recommended by the national Joint Committee on Infant Hearing in its most current position statement addressing early hearing detection and intervention programs. Such provision shall include payment for medical assistance for follow-up audiological examinations as recommended by a physician, physician assistant, *advanced practice registered nurse practitioner*, or audiologist and performed by a licensed audiologist to confirm the existence or absence of hearing loss;

22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This provision shall include an expedited eligibility determination for such women;

23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and services delivery, of medical assistance services provided to medically indigent children pursuant to this chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both programs;

24. A provision, when authorized by and in compliance with federal law, to establish a public-private long-term care partnership program between the Commonwealth of Virginia and private insurance companies that shall be established through the filing of an amendment to the state plan for medical assistance services by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid for such services through encouraging the purchase of private long-term care insurance policies that have been designated as qualified state long-term care insurance partnerships and may be used as the first source of benefits for the participant's long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance Program Reauthorization Act of 2009 (P.L. 111-3);

26. A provision for the payment of medical assistance for medically necessary health care services provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or whether the patient is accompanied by a health care provider at the time such services are provided. No

health care provider who provides health care services through telemedicine services shall be required to use proprietary technology or applications in order to be reimbursed for providing telemedicine services.

For the purposes of this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located;

27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not impose any utilization controls or other forms of medical management limiting the supply of hormonal contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone, that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration for such purpose;

28. A provision for payment of medical assistance for remote patient monitoring services provided via telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons; (ii) medically complex infants and children; (iii) transplant patients; (iv) patients who have undergone surgery, for up to three months following the date of such surgery; and (v) patients with a chronic or acute health condition who have had two or more hospitalizations or emergency department visits related to such health condition in the previous 12 months when there is evidence that the use of remote patient monitoring is likely to prevent readmission of such patient to a hospital or emergency department. For the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to collect medical and other forms of health data from patients in one location and electronically transmit that information securely to health care providers in a different location for analysis, interpretation, and recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital image upload;

29. A provision for the payment of medical assistance for provider-to-provider consultations that is no more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-for-service program;

30. A provision for payment of the originating site fee to emergency medical services agencies for facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used in this subdivision, "originating site" means any location where the patient is located, including any medical care facility or office of a health care provider, the home of the patient, the patient's place of employment, or any public or private primary or secondary school or postsecondary institution of higher education at which the person to whom telemedicine services are provided is located; and

31. A provision for the payment of medical assistance for targeted case management services for individuals with severe traumatic brain injury.

B. In preparing the plan, the Board shall:

1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and that the health, safety, security, rights and welfare of patients are ensured.

2. Initiate such cost containment or other measures as are set forth in the appropriation act.

3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions of this chapter.

4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the projected costs/savings to the local boards of social services to implement or comply with such regulation and, where applicable, sources of potential funds to implement or comply with such regulation.

5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities With Deficiencies.

6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each

recipient of medical assistance services, and shall upon any changes in the required data elements set forth in subsection A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be required to electronically process a prescription claim.

C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for medical assistance or related services, the Board, subject to the approval of the Governor, may adopt, regardless of any other provision of this chapter, such amendments to the state plan for medical assistance services as may be necessary to conform such plan with amendments to the United States Social Security Act or other relevant federal law and their implementing regulations or constructions of these laws and regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

In the event conforming amendments to the state plan for medical assistance services are adopted, the Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of Regulations that such amendment is necessary to meet the requirements of federal law or regulations or because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia shall only remain in effect until July 1 following adjournment of the next regular session of the General Assembly unless enacted into law.

D. The Director of Medical Assistance Services is authorized to:

1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance of the Department's duties and the execution of its powers as provided by law.

2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or contract. Such provider may also apply to the Director for reconsideration of the agreement or contract termination if the conviction is not appealed, or if it is not reversed upon appeal.

3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42 C.F.R. § 1002.212.

4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or contract, with a provider who is or has been a principal in a professional or other corporation when such corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316, or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to 42 C.F.R. Part 1002.

5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of § 32.1-162.13.

For the purposes of this subsection, "provider" may refer to an individual or an entity.

E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

The Director may consider aggravating and mitigating factors including the nature and extent of any adverse impact the agreement or contract denial or termination may have on the medical care provided to Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

F. When the services provided for by such plan are services which a marriage and family therapist, clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for covered services as provided in the state plan. The Board shall promulgate regulations which reimburse licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers, licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria, including the professional credentials required for licensure.

G. The Board shall prepare and submit to the Secretary of the United States Department of Health

and Human Services such amendments to the state plan for medical assistance services as may be permitted by federal law to establish a program of family assistance whereby children over the age of 18 years shall make reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical assistance under the plan to their parents.

H. The Department of Medical Assistance Services shall:

1. Include in its provider networks and all of its health maintenance organization contracts a provision for the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for medically necessary assessment and treatment services, when such services are delivered by a provider which specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable expertise, as determined by the Director.

2. Amend the Medallion II waiver and its implementing regulations to develop and implement an exception, with procedural requirements, to mandatory enrollment for certain children between birth and age three certified by the Department of Behavioral Health and Developmental Services as eligible for services pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors and enrolled providers for the provision of health care services under Medicaid and the Family Access to Medical Insurance Security Plan established under § 32.1-351.

4. Require any managed care organization with which the Department enters into an agreement for the provision of medical assistance services to include in any contract between the managed care organization and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of the pharmacy benefits manager from conducting spread pricing with regards to the managed care organization's managed care plans. For the purposes of this subdivision:

"Pharmacy benefits management" means the administration or management of prescription drug benefits provided by a managed care organization for the benefit of covered individuals.

"Pharmacy benefits manager" means a person that performs pharmacy benefits management.

"Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager charges a managed care plan a contracted price for prescription drugs, and the contracted price for the prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the pharmacist or pharmacy for pharmacist services.

I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible recipients with special needs. The Board shall promulgate regulations regarding these special needs patients, to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as defined by the Board.

J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

K. When the services provided for by such plan are services related to initiation of treatment with or dispensing or administration of a vaccination by a pharmacist, pharmacy technician, or pharmacy intern in accordance with § 54.1-3303.1, the Department shall provide reimbursement for such service.

§ 37.2-815. Commitment hearing for involuntary admission; examination required.

A. Notwithstanding § 37.2-814, the district court judge or special justice shall require an examination of the person who is the subject of the hearing by a psychiatrist or a psychologist who is licensed in Virginia by the Board of Medicine or the Board of Psychology and is qualified in the diagnosis of mental illness or, if such a psychiatrist or psychologist is not available, a mental health professional who (i) is licensed in Virginia through the Department of Health Professions as a clinical social worker, professional counselor, marriage and family therapist, or psychiatric *advanced practice registered nurse practitioner*, or *clinical nurse specialist*; (ii) is qualified in the assessment of mental illness; and (iii) has completed a certification program approved by the Department. The examiner chosen shall be able to provide an independent clinical evaluation of the person and recommendations for his placement, care, and treatment. The examiner shall (a) not be related by blood or marriage to the person, (b) not be responsible for treating the person, (c) have no financial interest in the admission or treatment of the person, (d) have no investment interest in the facility detaining or admitting the person under this chapter, and (e) except for employees of state hospitals, the U.S. Department of Veterans Affairs, and community service boards, not be employed by the facility. For purposes of this section, the term "investment interest" shall be as defined in § 37.2-809.

B. The examination conducted pursuant to this section shall be a comprehensive evaluation of the person conducted in-person or, if that is not practicable, by two-way electronic video and audio communication system as authorized in § 37.2-804.1. Translation or interpreter services shall be provided during the evaluation where necessary. The examination shall consist of (i) a clinical assessment that

includes a mental status examination; determination of current use of psychotropic and other medications; a medical and psychiatric history; a substance use, abuse, or dependency determination; and a determination of the likelihood that, as a result of mental illness, the person will, in the near future, suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs; (ii) a substance abuse screening, when indicated; (iii) a risk assessment that includes an evaluation of the likelihood that, as a result of mental illness, the person will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any; (iv) an assessment of the person's capacity to consent to treatment, including his ability to maintain and communicate choice, understand relevant information, and comprehend the situation and its consequences; (v) a review of the temporary detention facility's records for the person, including the treating physician's evaluation, any collateral information, reports of any laboratory or toxicology tests conducted, and all admission forms and nurses' notes; (vi) a discussion of treatment preferences expressed by the person or contained in a document provided by the person in support of recovery; (vii) an assessment of whether the person meets the criteria for an order authorizing discharge to mandatory outpatient treatment following a period of inpatient treatment pursuant to subsection c of § 37.2-817.01; (viii) an assessment of alternatives to involuntary inpatient treatment; and (ix) recommendations for the placement, care, and treatment of the person.

C. All such examinations shall be conducted in private. The judge or special justice shall summons the examiner who shall certify that he has personally examined the person and state whether he has probable cause to believe that the person (i) has a mental illness and there is a substantial likelihood that, as a result of mental illness, the person will, in the near future, (a) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or (b) suffer serious harm due to his lack of capacity to protect himself from harm or to provide for his basic human needs, and (ii) requires involuntary inpatient treatment. The judge or special justice shall not render any decision on the petition until the examiner has presented his report. The examiner may report orally at the hearing, but he shall provide a written report of his examination prior to the hearing. The examiner's written certification may be accepted into evidence unless objected to by the person or his attorney, in which case the examiner shall attend in person or by electronic communication. When the examiner attends the hearing in person or by electronic communication, the examiner shall not be excluded from the hearing pursuant to an order of sequestration of witnesses.

§ 38.2-3407.11. Access to obstetrician-gynecologists.

A. Each (i) insurer proposing to issue individual or group accident and sickness insurance policies providing hospital, medical and surgical or major medical coverage on an expense incurred basis, (ii) corporation providing individual or group accident and sickness subscription contracts, and (iii) health maintenance organization providing a health care plan for health care services, whose policies, contracts or plans, including any certificate or evidence of coverage issued in connection with such policies, contracts or plans, include coverage for obstetrical or gynecological services, shall permit any female of age 13 or older covered thereunder direct access, as provided in subsection B, to the health care services of a participating obstetrician-gynecologist (a) authorized to provide services under such policy, contract or plan and (b) selected by such female.

B. An annual examination, and routine health care services incident to and rendered during an annual visit, may be performed without prior authorization from the primary care physician. However, additional health care services may be provided subject to the following:

1. Consultation, which may be by telephone or electronically, with the primary care physician for follow-up care or subsequent visits;

2. Prior consultation and authorization by the primary care physician before the patient may be directed to another specialty provider; and

3. Prior authorization by the insurer, corporation, or health maintenance organization for proposed inpatient hospitalization or outpatient surgical procedures.

C. For the purpose of this section, "health care services" means the full scope of medically necessary services provided by the obstetrician-gynecologist in the care of or related to the female reproductive system and breasts and in performing annual screening and immunization for disorders and diseases in accordance with the most current published recommendations of the American College of Obstetricians and Gynecologists. The term includes services provided by ~~nurse practitioners, advanced practice registered nurses and~~ physician assistants, ~~and certified nurse midwives~~ in collaboration with the obstetrician-gynecologists providing care to individuals covered under any such policies, contracts or plans.

D. Nothing contained herein shall prohibit an insurer, corporation, or health maintenance organization from requiring a participating obstetrician-gynecologist to provide written notification to the covered female's primary care physician of any visit to such obstetrician-gynecologist. Such notification may

include a description of the health care services rendered at the time of the visit.

E. Each insurer, corporation or health maintenance organization subject to the provisions of this section shall inform subscribers of the provisions of this section. Such notice shall be provided in writing.

F. The requirements of this section shall apply to all insurance policies, contracts, and plans delivered, issued for delivery, reissued, renewed, or extended or at any time when any term of any such policy, contract, or plan is changed or any premium adjustment is made. The provisions of this section shall not apply to short-term travel or accident-only policies, or to short-term nonrenewable policies of not more than six months' duration.

G. The provisions of this section shall not apply in any instance in which the provisions of this section are inconsistent or in conflict with a provision of Article 6 (§ 38.2-3438 et seq.) of Chapter 34.

§ 38.2-3408. Policy providing for reimbursement for services that may be performed by certain practitioners other than physicians.

A. If an accident and sickness insurance policy provides reimbursement for any service that may be legally performed by a person licensed in this Commonwealth as a chiropractor, optometrist, optician, professional counselor, psychologist, clinical social worker, podiatrist, physical therapist, chiropodist, clinical nurse specialist, audiologist, speech pathologist, certified nurse midwife or other *advanced practice registered nurse practitioner*, marriage and family therapist, athletic trainer, or licensed acupuncturist, reimbursement under the policy shall not be denied because the service is rendered by the licensed practitioner, provided that, for services performed by an athletic trainer, such service is performed in an office setting.

B. If an accident and sickness insurance policy provides reimbursement for a service that may be legally performed by a licensed pharmacist, reimbursement under the policy shall not be denied because the service is rendered by the licensed pharmacist, provided that (i) the service is performed for an insured for a condition under the terms of a collaborative agreement, as defined in § 54.1-3300, (ii) the service is for the administration of vaccines for immunization, or (iii) the service is provided in accordance with § 54.1-3303.1.

C. This section shall not apply to Medicaid, or any state fund.

§ 38.2-4221. Services of certain practitioners other than physicians to be covered.

A. A nonstock corporation shall not fail or refuse, either directly or indirectly, to allow or to pay to a subscriber for all or any part of the health services rendered by any doctor of podiatry, doctor of chiropody, optometrist, optician, chiropractor, professional counselor, psychologist, physical therapist, clinical social worker, clinical nurse specialist, audiologist, speech pathologist, certified nurse midwife or other *advanced practice registered nurse practitioner*, marriage and family therapist, athletic trainer, or licensed acupuncturist licensed to practice in Virginia, if the services rendered (i) are services provided for by the subscription contract; (ii) are services which the doctor of podiatry, doctor of chiropody, optometrist, optician, chiropractor, professional counselor, psychologist, physical therapist, clinical social worker, clinical nurse specialist, audiologist, speech pathologist, certified nurse midwife or other *advanced practice registered nurse practitioner*, marriage and family therapist, athletic trainer, or licensed acupuncturist is licensed to render in this Commonwealth; and (iii) are, for any services rendered by an athletic trainer, rendered in an office setting.

B. If a subscription contract provides reimbursement for a service that may be legally performed by a licensed pharmacist, reimbursement under the subscription contract by the nonstock corporation shall not be denied because the service is rendered by the licensed pharmacist provided that (i) the service is performed for a subscriber for a condition under the terms of a collaborative agreement, as defined in § 54.1-3300, between a pharmacist and the physician with whom the subscriber is undergoing a course of treatment or (ii) the service is for the administration of vaccines for immunization. Notwithstanding the provisions of § 38.2-4209, the nonstock corporation may require the pharmacist, any pharmacy or provider that may employ such pharmacist, or the collaborating physician to enter into a written agreement with the nonstock corporation as a condition for reimbursement for such services. In addition, reimbursement to pharmacists acting under the terms of a collaborative agreement under this subsection shall not be subject to the provisions of § 38.2-4209.1.

§ 45.2-548. Qualification for team membership; direction of teams.

A. To qualify for membership in a mine rescue team, an applicant shall be an experienced miner and shall pass a physical examination by a licensed physician, physician assistant, or licensed *advanced practice registered nurse practitioner* at least annually. A record that such examination was taken shall be kept on file by the operator who employs the team member and a copy shall be furnished to the Director.

B. All rescue or recovery work performed by mine rescue teams shall be under the jurisdiction of the Department. The Department shall consult with company officials, representatives of MSHA, and representatives of the miners and all shall be in agreement as far as possible on the proper procedure for

rescue and recovery; however, the Chief in his discretion may take full responsibility in directing such work. Procedures for use of apparatus or equipment shall be guided by the manuals for the mine rescue apparatus or auxiliary equipment.

§ 45.2-1137. Qualification for team membership; direction of teams.

A. To qualify for membership in a mine rescue team, an applicant shall (i) be an experienced miner; (ii) be 50 years of age or younger; and (iii) pass a physical examination by a licensed physician, licensed physician assistant, or licensed *advanced practice registered nurse practitioner* at least annually. A record that such examination was taken shall be kept on file by the operator who employs the team member and a copy shall be furnished to the Director.

B. All rescue or recovery work performed by any mine rescue team shall be under the jurisdiction of the Department. The Department shall consult with company officials, representatives of MSHA, and representatives of the miners, and all shall be in agreement as far as possible on the proper procedure for rescue and recovery; however, the Director in his discretion may take full responsibility in directing such work. In every instance, procedures shall be guided by the mine rescue apparatus and auxiliary equipment manuals.

§ 46.2-208. Records of Department; when open for inspection; release of privileged information.

A. The following information shall be considered privileged and unless otherwise provided for in this title shall not be released except as provided in subsection B:

1. Personal information as defined in § 2.2-3801;
2. Driver information, defined as all data that relates to driver's license status and driver activity;
3. Special identification card information, defined as all data that relates to identification card status; and
4. Vehicle information, including all descriptive vehicle data and title, registration, and vehicle activity data, but excluding crash data.

B. The Commissioner shall release such information only under the following conditions:

1. Notwithstanding other provisions of this section, medical information included in personal information shall be released only to a physician, a physician assistant, or an *advanced practice registered nurse practitioner* in accordance with a proceeding under §§ 46.2-321 and 46.2-322.

2, 3. [Repealed.]

4. Upon the request of (i) the subject of the information, (ii) the parent of a minor who is the subject of the information, (iii) the guardian of the subject of the information, (iv) the authorized agent or representative of the subject of the information, or (v) the owner of the vehicle that is the subject of the information, the Commissioner shall provide him with the requested information and a complete explanation of it. Requests for such information need not be made in writing or in person and may be made orally or by telephone, provided that the Department is satisfied that there is adequate verification of the requester's identity. When so requested in writing by (a) the subject of the information, (b) the parent of a minor who is the subject of the information, (c) the guardian of the subject of the information, (d) the authorized agent or representative of the subject of the information, or (e) the owner of the vehicle that is the subject of the information, the Commissioner shall verify and, if necessary, correct the personal information provided and furnish driver, special identification card, or vehicle information. If the requester is requesting such information in the scope of his official business as counsel from a public defender's office or as counsel appointed by a court, such records shall be provided free of charge.

5. Upon the written request of any insurance carrier or surety, or authorized agent of either, the Commissioner shall furnish to such requester information in the record of any person subject to the provisions of this title. The transcript shall include any record of any conviction of a violation of any provision of any statute or ordinance relating to the operation or ownership of a motor vehicle or of any injury or damage in which he was involved and a report filed pursuant to § 46.2-373. No such report of any conviction or crash shall be made after 60 months from the date of the conviction or crash unless the Commissioner or court used the conviction or crash as a reason for the suspension or revocation of a driver's license or driving privilege, in which case the revocation or suspension and any conviction or crash pertaining thereto shall not be reported after 60 months from the date that the driver's license or driving privilege has been reinstated. The response of the Commissioner under this subdivision shall not be admissible in evidence in any court proceedings.

6. Upon the written request of any business organization or its authorized agent, in the conduct of its business, the Commissioner shall compare personal information supplied by the requester with that contained in the Department's records and, when the information supplied by the requester is different from that contained in the Department's records, provide the requester with correct information as contained in the Department's records. Personal information provided under this subdivision shall be used solely for the purpose of pursuing remedies that require locating an individual.

7. Upon the written request of any business organization or its authorized agent, the Commissioner

2375 shall provide vehicle information to the requester. Disclosures made under this subdivision shall not
2376 include any personal information, driver information, or special identification card information and shall
2377 not be subject to the limitations contained in subdivision 6.

2378 8. Upon the written request of any motor vehicle rental or leasing company or its authorized agent,
2379 the Commissioner shall (i) compare personal information supplied by the requester with that contained
2380 in the Department's records and, when the information supplied by the requester is different from that
2381 contained in the Department's records, provide the requester with correct information as contained in the
2382 Department's records and (ii) provide the requester with driver information of any person subject to the
2383 provisions of this title. Such information shall include any record of any conviction of a violation of any
2384 provision of any statute or ordinance relating to the operation or ownership of a motor vehicle or of any
2385 injury or damage in which the subject of the information was involved and a report of which was filed
2386 pursuant to § 46.2-373. No such information shall include any record of any conviction or crash more
2387 than 60 months after the date of such conviction or crash unless the Commissioner or court used the
2388 conviction or crash as a reason for the suspension or revocation of a driver's license or driving privilege,
2389 in which case the revocation or suspension and any conviction or crash pertaining thereto shall cease to
2390 be included in such information after 60 months from the date on which the driver's license or driving
2391 privilege was reinstated. The response of the Commissioner under this subdivision shall not be
2392 admissible in evidence in any court proceedings.

2393 9. Upon the request of any federal, state, or local governmental entity, local government group
2394 self-insurance pool, law-enforcement officer, attorney for the Commonwealth, or court, or the authorized
2395 agent of any of the foregoing, the Commissioner shall compare personal information supplied by the
2396 requester with that contained in the Department's records and, when the information supplied by the
2397 requester is different from that contained in the Department's records, provide the requester with correct
2398 information as contained in the Department's records. The Commissioner shall also provide driver,
2399 special identification card, and vehicle information as requested pursuant to this subdivision. The
2400 Commissioner may release other appropriate information to the governmental entity upon request. Upon
2401 request in accordance with this subdivision, the Commissioner shall furnish a certificate, under seal of
2402 the Department, setting forth a distinguishing number or license plate of a motor vehicle, trailer, or
2403 semitrailer, together with the name and address of its owner. The certificate shall be prima facie
2404 evidence in any court in the Commonwealth of the ownership of the vehicle, trailer, or semitrailer to
2405 which the distinguishing number or license plate has been assigned by the Department. However, the
2406 Commissioner shall not release any photographs pursuant to this subdivision unless the requester
2407 provides the depicted individual's name and other sufficient identifying information contained on such
2408 individual's record. The information in this subdivision shall be provided free of charge.

2409 The Department shall release to a requester information that is required for a requester to carry out
2410 the requester's official functions in accordance with this subdivision. If the requester has entered into an
2411 agreement with the Department, such agreement shall be in a manner prescribed by the Department, and
2412 such agreement shall contain the legal authority that authorizes the performance of the requester's
2413 official functions and a description of how such information will be used to carry out such official
2414 functions. If the Commissioner determines that sufficient authority has not been provided by the
2415 requester to show that the purpose for which the information shall be used is one of the requester's
2416 official functions, the Commissioner shall refuse to enter into any agreement. If the requester submits a
2417 request for information in accordance with this subdivision without an existing agreement to receive the
2418 information, the request shall be in a manner prescribed by the Department, and such request shall
2419 contain the legal authority that authorizes the performance of the requester's official functions and a
2420 description of how such information will be used to carry out such official functions. If the
2421 Commissioner determines that sufficient authority has not been provided by the requester to show that
2422 the purpose for which such information shall be used is one of the requester's official functions, the
2423 Commissioner shall deny such request.

2424 Notwithstanding the provisions of this subdivision, the Department shall not disseminate to any
2425 federal, state, or local government entity, law-enforcement officer, or law-enforcement agency any
2426 privileged information for any purposes related to civil immigration enforcement unless (i) the subject of
2427 the information provides consent or (ii) the requesting agency presents a lawful judicial order, judicial
2428 subpoena, or judicial warrant. When responding to a lawful judicial order, judicial subpoena, or judicial
2429 warrant, the Department shall disclose only those records or information specifically requested. Within
2430 three business days of receiving a request for information for the purpose of civil immigration
2431 enforcement, the Commissioner shall send a notification to the individual about whom such information
2432 was requested that such a request was made and the identity of the entity that made such request.

2433 The Department shall not enter into any agreement pursuant to subsection E with a requester
2434 pursuant to this subdivision unless the requester certifies that the information obtained will not be used
2435 for civil immigration purposes or knowingly disseminated to any third party for any purpose related to

civil immigration enforcement.

10. Upon the request of the driver licensing authority in any foreign country, the Commissioner shall provide whatever driver and vehicle information the requesting authority shall require to carry out its official functions. The information shall be provided free of charge.

11. a. For the purpose of obtaining information regarding noncommercial driver's license holders, upon the written request of any employer, prospective employer, or authorized agent of either, and with the written consent of the individual concerned, the Commissioner shall (i) compare personal information supplied by the requester with that contained in the Department's records and, when the information supplied by the requester is different from that contained in the Department's records, provide the requester with correct information as contained in the Department's records and (ii) provide the requester with driver information in the form of a transcript of an individual's record, including all convictions, all crashes, any type of driver's license that the individual currently possesses, and all driver's license suspensions, revocations, cancellations, or forfeiture, provided that such individual's position or the position that the individual is being considered for involves the operation of a motor vehicle.

b. For the purpose of obtaining information regarding commercial driver's license holders, upon the written request of any employer, prospective employer, or authorized agent of either, the Commissioner shall (i) compare personal information supplied by the requester with that contained in the Department's records and, when the information supplied by the requester is different from that contained in the Department's records, provide the requester with correct information as contained in the Department's records and (ii) provide the requester with driver information in the form of a transcript of such individual's record, including all convictions, all crashes, any type of driver's license that the individual currently possesses, and all driver's license suspensions, revocations, cancellations, forfeitures, or disqualifications, provided that such individual's position or the position that the individual is being considered for involves the operation of a commercial motor vehicle.

12. Upon the written request of any member of a volunteer fire company or volunteer emergency medical services agency and with written consent of the individual concerned, or upon the request of an applicant for membership in a volunteer fire company or to serve as volunteer emergency medical services personnel, the Commissioner shall (i) compare personal information supplied by the requester with that contained in the Department's records and, when the information supplied by the requester is different from that contained in the Department's records, provide the requester with correct information as contained in the Department's records and (ii) provide driver information in the form of a transcript of the individual's record, including all convictions, all crashes, any type of driver's license that the individual currently possesses, and all license suspensions, revocations, cancellations, or forfeitures. Such transcript shall be provided free of charge if the request is accompanied by appropriate written evidence that the person is a member of or applicant for membership in a volunteer fire company or a volunteer emergency medical services agency and the transcript is needed by the requester to establish the qualifications of the member, volunteer, or applicant to operate equipment owned by the volunteer fire company or volunteer emergency medical services agency.

13. Upon the written request of a Virginia affiliate of Big Brothers Big Sisters of America, a Virginia affiliate of Compeer, or the Virginia Council of the Girl Scouts of the USA, and with the consent of the individual who is the subject of the information and has applied to be a volunteer with the requester, or on the written request of a Virginia chapter of the American Red Cross, a Virginia chapter of the Civil Air Patrol, or Faith in Action, and with the consent of the individual who is the subject of the information and applied to be a volunteer vehicle operator with the requester, the Commissioner shall (i) compare personal information supplied by the requester with that contained in the Department's records and, when the information supplied by the requester is different from that contained in the Department's records, provide the requester with correct information as contained in the Department's records and (ii) provide driver information in the form of a transcript of the applicant's record, including all convictions, all crashes, any type of driver's license that the individual currently possesses, and all license suspensions, revocations, cancellations, or forfeitures. Such transcript shall be provided at a fee that is one-half the normal charge if the request is accompanied by appropriate written evidence that the person has applied to be a volunteer or volunteer vehicle operator with the requester as provided in this subdivision.

14. On the written request of any person who has applied to be a volunteer with a court-appointed special advocate program pursuant to § 9.1-153, the Commissioner shall provide a transcript of the applicant's record, including all convictions, all crashes, any type of driver's license that the individual currently possesses, and all license suspensions, revocations, cancellations, or forfeitures. Such transcript shall be provided free of charge if the request is accompanied by appropriate written evidence that the person has applied to be a volunteer with a court-appointed special advocate program pursuant to § 9.1-153.

15, 16. [Repealed.]

17. Upon the request of an attorney representing a person involved in a motor vehicle crash, the Commissioner shall provide the vehicle information for any vehicle involved in the crash and the name and address of the owner of any such vehicle.

18. Upon the request, in the course of business, of any authorized agent of an insurance company or of any not-for-profit entity organized to prevent and detect insurance fraud, or perform rating and underwriting activities, the Commissioner shall provide (i) all vehicle information, the owner's name and address, descriptive data and title, registration, and vehicle activity data, as requested, or (ii) the driver name, license number and classification, date of birth, and address information for each driver under the age of 22 licensed in the Commonwealth, provided that such request includes the driver's license number or address information of such driver. Use of such information shall be limited to use in connection with insurance claims investigation activities, antifraud activities, rating, or underwriting.

19. [Repealed.]

20. Upon the written request of the compliance agent of a private security services business, as defined in § 9.1-138, which is licensed by the Virginia Department of Criminal Justice Services, the Commissioner shall provide the name and address of the owner of the vehicle under procedures determined by the Commissioner.

21. Upon the request of the operator of a toll facility, a traffic light photo-monitoring system acting on behalf of a government entity, or the Dulles Access Highway, or an authorized agent or employee of a toll facility operator or traffic light photo-monitoring system operator acting on behalf of a government entity or the Dulles Access Highway, for the purpose of obtaining vehicle owner data under subsection M of § 46.2-819.1 or subsection H of § 15.2-968.1 or subsection N of § 46.2-819.5. Information released pursuant to this subdivision shall be limited to the name and address of the owner of the vehicle having failed to pay a toll or having failed to comply with a traffic light signal or having improperly used the Dulles Access Highway and the vehicle information, including all descriptive vehicle data and title and registration data of the same vehicle.

22-26. [Repealed.]

27. Upon the written request of the executor or administrator of a deceased person's estate, the Department shall, if the deceased person had been issued a driver's license or special identification card by the Department, supply the requester with a hard copy image of any photograph of the deceased person kept in the Department's records.

28. [Repealed.]

29. a. Upon written agreement, the Commissioner may digitally verify the authenticity and validity of a driver's license, learner's permit, or special identification card to the American Association of Motor Vehicle Administrators, a motor vehicle dealer as defined in § 46.2-1500, or another organization approved by the Commissioner.

b. Upon written agreement, the Commissioner may release minimum information as needed in the Department's record through any American Association of Motor Vehicle Administrators service program created for the purpose of the exchange of information to any business, government agency, or authorized agent who would otherwise be authorized to receive the information requested pursuant to this section.

30. Upon the request of the operator of a video-monitoring system as defined in § 46.2-844 acting on behalf of a government entity, the Commissioner shall provide vehicle owner data pursuant to subsection B of § 46.2-844. Information released pursuant to this subdivision shall be limited to the name and address of the owner of the vehicle having passed a stopped school bus and the vehicle information, including all descriptive vehicle data and title and registration data for such vehicle.

31. Upon the request of the operator of a photo speed monitoring device as defined in § 46.2-882.1 acting on behalf of a government entity, the Commissioner shall provide vehicle owner data pursuant to subsection B of § 46.2-882.1. Information released pursuant to this subdivision shall be limited to the name and address of the owner of the vehicle having committed a violation of § 46.2-873 or 46.2-878.1 and the vehicle information, including all descriptive vehicle data and title and registration data, for such vehicle.

32. Notwithstanding the provisions of this section other than subdivision 33, the Department shall not release, except upon request by the subject of the information, the guardian of the subject of the information, the parent of a minor who is the subject of the information, or the authorized agent of the subject of the information, or pursuant to a court order, (i) proof documents submitted for the purpose of obtaining a driving credential or a special identification card, (ii) the information in the Department's records indicating the type of proof documentation that was provided, or (iii) applications relating to the issuance of a driving credential or a special identification card. As used in this subdivision, "proof document" means any document not originally created by the Department that is submitted to the Department for the issuance of any driving credential or special identification card. "Proof document"

does not include any information contained on a driving credential or special identification card.

33. Notwithstanding the provisions of this section, the Department may release the information in the Department's records that it deems reasonable and necessary for the purpose of federal compliance audits.

C. Information disclosed or furnished shall be assessed a fee as specified in § 46.2-214, unless as otherwise provided in this section.

D. Upon the receipt of a completed application and payment of applicable processing fees, the Commissioner may enter into an agreement with any governmental authority or business to exchange information specified in this section by electronic or other means.

E. The Department shall not release any privileged information pursuant to this title unless the Department has entered into a written agreement authorizing such release. The Department shall require the requesting entity to specify the purpose authorized pursuant to this title that forms the basis for the request and provide the permissible purpose as defined under 18 U.S.C. § 2721(b). Privileged information requested by an entity that has been altered or aggregated may be used only for the original purposes specified in the written agreement consistent with this title. The requesting entity shall disseminate privileged information only to third parties subject to the original purpose specified in the written agreement consistent with this title. Any agreement that does not allow third-party distribution shall include a statement that such distribution is prohibited. Such agreement may limit the scope of any authorized distribution consistent with this title. Privileged information distributed to any third party shall only be further distributed by such third party subject to the original purpose specified and consistent with this title, or unless such third party is the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, the authorized agent or representative of the subject of the information, or the owner of the vehicle that is the subject of the information.

Any agreement entered into pursuant to this subsection between the Department and the Department of State Police shall specify (i) that privileged information shall be distributed only to authorized personnel of an entity meeting the definition of a criminal justice agency as defined in § 9.1-101 and other comparable local, state, and federal criminal justice agencies and entities issued a Virginia S-Originating Agency Identification (S-ORI) status; (ii) that privileged information shall be accessed, used, and disseminated only for the administration of criminal justice as defined in § 9.1-101; and (iii) that no local, state, or federal government entity, through the Virginia Criminal Information Network (VCIN) or any other method of dissemination controlled by the Department of State Police, has access to information stored by the Department in violation of the protections contained in this section. The Department of State Police shall notify the Department prior to when a new entity is to be granted S-ORI status and provide a copy of the S-ORI application to the Department. The Department of State Police shall not allow any entity to access Department data through VCIN if the Department objects in writing to the entity obtaining such data.

The provisions of this subsection shall not apply to (a) requests for information made pursuant to subdivision B 4; (b) a request made by an entity authorized to receive privileged information pursuant to subsection B, provided that such request is made on a form provided by the Department, other than a written agreement, that requires the requester to certify that such entity is entitled to receive such information pursuant to this title, state the purpose authorized pursuant to subsection B that forms the basis for the request, explain why the information requested is necessary to accomplish the stated purpose, and certify that the information will be used only for the stated purpose and the information received shall not be disseminated to third parties unless there is authorization to do so; or (c) the release of information to a law-enforcement officer or agency during an emergency situation, provided that (1) the requesting entity is authorized to receive such information pursuant to subdivision B 9, (2) the timely release of such information is in the interest of public safety, and (3) the requesting entity completes the form required pursuant to clause (b) within 48 hours of the release of such information.

F. Any person that receives any privileged information that such person knows or has reason to know was received in violation of this title shall not disseminate any such information and shall notify the Department of the receipt of such privileged information.

G. The Department shall conduct audits annually based on a risk assessment to ensure that privileged information released by the Department pursuant to this title is being used as authorized by law and pursuant to the agreements entered into by the Department. If the Department finds that privileged information has been used in a manner contrary to law or the relevant agreement, the Department may revoke access.

H. Any request for privileged information by an authorized agent of a governmental entity shall be governed by the provisions of subdivision B 9.

§ 46.2-322. Examination of licensee believed incompetent; suspension or restriction of license; license application to include questions as to physical or mental conditions of applicant; false

2619 answers; examination of applicant; physician's, advanced practice registered nurse's, or physician
2620 assistant's statement.

2621 A. If the Department has good cause to believe that a driver is incapacitated and therefore unable to
2622 drive a motor vehicle safely, after written notice of at least 15 days to the person, it may require him to
2623 submit to an examination to determine his fitness to drive a motor vehicle. If the driver so requests in
2624 writing, the Department shall give the Department's reasons for the examination, including the identity
2625 of all persons who have supplied information to the Department regarding the driver's fitness to drive a
2626 motor vehicle. However, the Department shall not supply the reasons or information if its source is a
2627 relative of the driver or a physician, *a physician assistant, an advanced practice registered nurse*
2628 ~~practitioner~~, a pharmacist, or other licensed medical professional as defined in § 38.2-602 treating, or
2629 prescribing medications for, the driver.

2630 B. As a part of its examination, the Department may require a physical examination by a licensed
2631 physician, licensed *advanced practice registered nurse practitioner*, or licensed physician assistant and a
2632 report on the results thereof. When it has completed its examination, the Department shall take whatever
2633 action may be appropriate and may suspend the license or privilege to drive a motor vehicle in the
2634 Commonwealth of the person or permit him to retain his license or privilege to drive a motor vehicle in the
2635 Commonwealth, or may issue a license subject to the restrictions authorized by § 46.2-329. Refusal
2636 or neglect of the person to submit to the examination or comply with restrictions imposed by the
2637 Department shall be grounds for suspension of his license or privilege to drive a motor vehicle in the
2638 Commonwealth.

2639 C. The Commissioner shall include, as a part of the application for an original driver's license, or
2640 renewal thereof, questions as to the existence of physical or mental conditions that impair the ability of
2641 the applicant to drive a motor vehicle safely. Any person knowingly giving a false answer to any such
2642 question shall be guilty of a Class 2 misdemeanor. If the answer to any such question indicates the
2643 existence of such condition, the Commissioner shall require an examination of the applicant by a
2644 licensed physician, licensed physician assistant, or licensed *advanced practice registered nurse*
2645 ~~practitioner~~ as a prerequisite to the issuance of the driver's license. The report of the examination shall
2646 contain a statement that, in the opinion of the physician, physician assistant, or *advanced practice*
2647 *registered nurse practitioner*, the applicant's physical or mental condition at the time of the examination
2648 does or does not preclude his safe driving of motor vehicles.

2649 **§ 46.2-731. Disabled parking license plates; owners of vehicles specially equipped and used to**
2650 **transport persons with disabilities; fees.**

2651 On receipt of an application, the Commissioner shall issue appropriately designed disabled parking
2652 license plates to persons with physical disabilities that limit or impair their ability to walk or that create
2653 a concern for his safety while walking or to the parents or legal guardians of such persons. The
2654 Commissioner shall request that the application be accompanied by a certification signed by a licensed
2655 physician, licensed podiatrist, licensed chiropractor, licensed *advanced practice registered nurse*
2656 ~~practitioner~~, or licensed physician assistant that the applicant meets the definition of "person with a
2657 disability that limits or impairs his ability to walk" contained in § 46.2-1240. The issuance of a disabled
2658 parking license plate shall not preclude the issuance of a permanent removable windshield placard.

2659 On application of an organization, the Commissioner shall issue disabled parking license plates for
2660 vehicles registered in the applicant's name if the vehicles are primarily used to transport persons with
2661 disabilities. The application shall include a certification by the applicant, under criteria determined by
2662 the Commissioner, that the vehicle is primarily used to transport persons with disabilities that limit or
2663 impair their ability to walk, as defined in § 46.2-1240.

2664 The fee for the issuance of a disabled parking license plate under this section may not exceed the fee
2665 charged for a similar license plate for the same class vehicle.

2666 **§ 46.2-739. Special license plates for certain disabled veterans; fees.**

2667 A. On receipt of an application, the Commissioner shall issue special license plates to applicants who
2668 are veterans who have been certified by the U.S. Department of Veterans Affairs to have a
2669 service-connected disability or unremarried surviving spouses of disabled veterans as defined in
2670 § 46.2-100. Any special license plate issued to a disabled veteran pursuant to this subsection may be
2671 transferred, upon his death, to his unremarried surviving spouse. These license plates shall be special
2672 permanent red, white, and blue license plates bearing the letters "DV." The application shall be
2673 accompanied by a certification from the U.S. Department of Veterans Affairs that the veteran's disability
2674 is service-connected. License plates issued under this subsection shall not permit the vehicles upon
2675 which they are displayed to use parking spaces reserved for persons with disabilities that limit or impair
2676 their ability to walk.

2677 B. On receipt of an application, the Commissioner shall issue special DV disabled parking license
2678 plates displaying the international symbol of access in the same size as the numbers and letters on the
2679 plate and in a color that contrasts to the background to veterans who are also persons with disabilities

that limit or impair their ability to walk as defined in § 46.2-100. The Commissioner shall require that such application be accompanied by a certification signed by a licensed physician, licensed podiatrist, licensed chiropractor, licensed *advanced practice registered nurse practitioner*, or licensed physician assistant to that effect. Special DV disabled parking license plates issued under this subsection shall authorize the vehicles upon which they are displayed to use parking spaces reserved for persons with disabilities that limit or impair their ability to walk.

C. No annual registration fee, as prescribed in § 46.2-694, and no annual fee, as set forth in subdivision B 3 of § 46.2-725, shall be required for any one motor vehicle owned and used personally by any disabled veteran as defined in § 46.2-100 or the unremarried surviving spouse of such disabled veteran, provided that such vehicle displays license plates issued under this section.

D. The provisions of subdivisions B 1 and 2 of § 46.2-725 shall not apply to license plates issued under this section.

§ 46.2-1240. Definitions.

"Disabled parking sign" means any sign used to identify parking spaces for use by vehicles bearing valid organizational, permanent, or temporary removable windshield placards, disabled parking license plates, or disabled parking license plates issued under § 46.2-739. All disabled parking signs shall be erected and maintained in accordance with signage requirements specified in § 36-99.11.

"Organizational removable windshield placard" means a two-sided, hooked placard which includes on each side: (i) the international symbol of access at least three inches in height, centered on the placard, and shown in white on a green background; (ii) the name of the institution or organization; (iii) an identification number; (iv) an expiration date imprinted on the placard and indicated by a month and year hole-punch system or an alternative system designed by the Department; (v) a misuse hotline number designated by the Department; (vi) a warning of the penalties for placard misuse; and (vii) the seal or identifying symbol of the issuing authority.

"Permanent removable windshield placard" means a two-sided, hooked placard which includes on each side: (i) the international symbol of access at least three inches in height, centered on the placard, and shown in white on a blue background; (ii) an identification number; (iii) an expiration date imprinted on the placard and indicated by a month and year hole-punch system or an alternative system designed by the Department; (iv) a misuse hotline number designated by the Department; (v) a warning of the penalties for placard misuse; and (vi) the seal or other identifying symbol of the issuing authority. All holders of permanent removable windshield placards shall be required to carry the Disabled Parking Placard Identification Card issued with the placard by the Department and present it to law-enforcement officials upon request.

"Person with a disability that limits or impairs his ability to walk or that creates a concern for his safety while walking" means a person who, as determined by a licensed physician, podiatrist, or chiropractor: (i) cannot walk 200 feet without stopping to rest; (ii) cannot walk without the use of or assistance from a brace, cane, crutch, another person, prosthetic device, wheelchair, or other assistive device; (iii) is restricted by lung disease to such an extent that his forced (respiratory) expiratory volume for one second, when measured by spirometry, is less than one liter, or when at rest, his arterial oxygen tension is less than 60 millimeters of mercury on room air; (iv) uses portable oxygen; (v) has a cardiac condition to the extent that his functional limitations are classified in severity as Class III or Class IV according to standards set by the American Heart Association; (vi) is severely limited in his ability to walk due to an arthritic, neurological, or orthopedic condition; (vii) has some other debilitating condition that, in the view of a licensed physician, podiatrist, or chiropractor, limits or impairs his ability to walk; (viii) has been diagnosed with a mental or developmental amentia or delay that impairs judgment including, but not limited to, an autism spectrum disorder; (ix) has been diagnosed with Alzheimer's disease or another form of dementia; (x) is legally blind or deaf; or (xi) has some other condition that, in the view of a licensed physician creates a safety concern while walking because of impaired judgment or other physical, developmental, or mental limitation. For the purposes of this definition, a determination of a disability by a podiatrist or chiropractor shall be limited to those conditions specified in items (i), (ii), (vi) or (vii) of this definition.

Any licensed physician, *advanced practice registered nurse practitioner*, physician assistant, podiatrist, or chiropractor who signs a certification that states that an applicant is disabled under clause (vii) of this definition shall specify, in a space provided on the certification form, the medical condition that limits or impairs the applicant's ability to walk. Any licensed physician, licensed *advanced practice registered nurse practitioner*, or licensed physician assistant who signs a certification that states that an applicant is disabled under clause (xi) of this definition shall specify, in a space provided on the certification form, the physical, developmental, or mental condition that creates the safety concern.

"Temporary removable windshield placard" means a two-sided, hooked placard which includes on each side: (i) the international symbol of access at least three inches in height, centered on the placard, and shown in white on a red background; (ii) an identification number; (iii) an expiration date imprinted

on the placard and indicated by a month and year hole-punch system or an alternative system designed by the Department; (iv) a misuse hotline number; (v) a warning of the penalties for placard misuse; and (vi) the seal or other identifying symbol of the issuing authority.

§ 46.2-1241. Issuance of disabled parking placards.

A. Upon application of a person with a disability that limits or impairs his ability to walk or that creates a concern for his safety while walking, the Commissioner shall issue a permanent removable windshield placard for use on a passenger car or pickup or panel truck. The Commissioner shall require that each original application be accompanied by a certification signed by a licensed physician, licensed podiatrist, licensed chiropractor, licensed *advanced practice registered nurse practitioner*, or licensed physician assistant on forms prescribed by the Commissioner that the applicant meets the definition of "person with a disability that limits or impairs his ability to walk or that creates a concern for his safety while walking" contained in § 46.2-1240.

1. The Commissioner shall provide for the renewal of such placards every five years. Applications for renewals may require the applicant to certify that his disability is a permanent disability, but renewal applications need not be accompanied by a physician's, a podiatrist's, a chiropractor's, ~~nurse practitioner's~~ *an advanced practice registered nurse's*, or a physician assistant's certification of the applicant's disability. The Commissioner shall work in consultation with the Medical Advisory Board for the Department to develop a definition of "permanent disability" as used in this subdivision. Notwithstanding any contrary provision of this chapter, no physician's, podiatrist's, chiropractor's, ~~nurse practitioner's~~ *advanced practice registered nurse's*, or physician assistant's certification of an applicant's disability shall be required for the renewal of any disabled parking placard of an applicant to whom disabled parking license plates have been issued under § 46.2-731.

2. The Commissioner shall charge a reasonable fee for each placard, but no fee shall be charged any person exempted from fees in § 46.2-739.

3. The placards shall be of a design approved by the Commissioner pursuant to the specifications and definitions contained in § 46.2-1240.

B. Upon the application of a person with a disability that limits or impairs his ability to walk and whose disability is temporary, the Commissioner shall issue a temporary removable windshield placard. The application for a temporary removable windshield placard shall be accompanied by a certification signed by a licensed physician, *an advanced practice registered nurse practitioner*, a physician assistant, a podiatrist, or a chiropractor on forms prescribed by the Commissioner that the applicant meets the definition of "person with a condition that limits or impairs his ability to walk" contained in § 46.2-1240 and shall also include the period of time that the physician, podiatrist, or chiropractor determines the applicant will have the disability, not to exceed six months.

1. A licensed physician, *an advanced practice registered nurse practitioner*, a physician assistant, a podiatrist, or a chiropractor may certify up to 15 days in advance of an applicant's medical procedure that an applicant will meet the definition of "person with a condition that limits or impairs his ability to walk" and that the disability will be temporary. Any licensed physician, *advanced practice registered nurse practitioner*, physician assistant, podiatrist, or chiropractor who certifies an applicant's disability in advance of a medical procedure shall provide the period of time for which the physician, *advanced practice registered nurse practitioner*, physician assistant, podiatrist, or chiropractor has determined that the applicant will have the disability, not to exceed six months. The Commissioner will mail the temporary placard to the applicant.

2. The temporary removable windshield placard shall be valid for the period of time for which the physician, podiatrist, or chiropractor has determined that the applicant will have the disability, not to exceed six months from the date of issuance.

3. The Commissioner shall provide for a reasonable fee to be charged for the placard. The placards shall be of a design approved by the Commissioner pursuant to the specifications and definitions contained in § 46.2-1240.

C. On application, the Commissioner shall issue to hospitals, hospices, nursing homes, and other institutions and organizations meeting criteria determined by the Commissioner organizational removable windshield placards, as provided for in the foregoing provisions of this section, for use by volunteers when transporting disabled persons in passenger vehicles and pickup or panel trucks owned by such volunteers. The provisions of this section relating to other windshield placards issued under this section shall also apply, mutatis mutandis, to windshield placards issued to these institutions and organizations, except that windshield placards issued to institutions and agencies, in addition to their expiration date, shall bear the name of the institution or organization whose volunteers will be using the windshield placards rather than the name, age, and sex of the person to whom issued.

1. The Commissioner shall provide for the renewal of such placards every five years.

2. The placards shall be of a design approved by the Commissioner pursuant to the specifications and definitions contained in § 46.2-1240.

D. No person shall use or display an organizational removable windshield placard, permanent removable windshield placard or temporary removable windshield placard beyond its expiration date.

E. Organizational removable windshield placards, permanent removable windshield placards and temporary removable windshield placards shall be displayed in such a manner that they may be viewed from the front and rear of the vehicle and be hanging from the rearview mirror of a vehicle utilizing a parking space reserved for persons with disabilities that limit or impair their ability to walk. When there is no rearview mirror, the placard shall be displayed on the vehicle's dashboard. No placard shall be displayed from the rearview mirror while a vehicle is in motion.

§ 53.1-22. Misdemeanant suspected of having contagious disease.

Whenever any court shall have reason to believe that a person convicted by it of a misdemeanor who is sentenced to serve time in a local correctional facility is afflicted with any contagious or infectious disease dangerous to the public health, the court shall have such person examined by a licensed physician or licensed *advanced practice registered nurse practitioner*. If the examination reveals the person is afflicted with such disease, the court may commit the person directly to the Department.

§ 54.1-2400.01:1. Surgery defined; who may perform surgery.

A. For the purposes of this subtitle, except as used in Chapter 38 (§ 54.1-3800 et seq.) related to veterinary medicine, "surgery" means the structural alteration of the human body by the incision or cutting into of tissue for the purpose of diagnostic or therapeutic treatment of conditions or disease processes by any instrument causing localized alteration or transposition of live human tissue, but does not include the following: procedures for the removal of superficial foreign bodies from the human body, punctures, injections, dry needling, acupuncture, or removal of dead tissue. For the purposes of this section, incision shall not mean the scraping or brushing of live tissue.

B. No person shall perform surgery unless he is (i) licensed by the Board of Medicine as a doctor of medicine, osteopathy, or podiatry; (ii) licensed by the Board of Dentistry as a doctor of dentistry; (iii) jointly licensed by the Boards of Medicine and Nursing as a *an advanced practice registered nurse practitioner*; (iv) a physician assistant acting under the supervision of a doctor of medicine, osteopathy, or podiatry; (v) a licensed midwife in the performance of episiotomies during childbirth; (vi) licensed by the Board of Optometry as an optometrist and certified to perform laser surgery pursuant to § 54.1-3225; or (vii) acting pursuant to the orders and under the appropriate supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry.

C. Nothing in this section shall be construed to restrict, limit, change, or expand the scope of practice in effect on January 1, 2012, of any profession licensed by any of the health regulatory boards within the Department of Health Professions.

§ 54.1-2400.9. Reporting disabilities of drivers.

Any (i) doctor of medicine, osteopathy, chiropractic, or podiatry; (ii) *advanced practice registered nurse practitioner*; (iii) physician assistant; (iv) optometrist; (v) physical therapist; or (vi) clinical psychologist who reports to the Department of Motor Vehicles the existence, or probable existence, of a mental or physical disability or infirmity of any person licensed to operate a motor vehicle which the reporting practitioner believes affects such person's ability to operate a motor vehicle safely shall not be subject to civil liability under § 32.1-127.1:03 resulting from such report or deemed to have violated the practitioner-patient privilege unless he has acted in bad faith or with malicious intent.

§ 54.1-2701. Exemptions.

This chapter shall not:

1. Apply to a licensed physician or surgeon unless he practices dentistry as a specialty;
2. Apply to a *an advanced practice registered nurse practitioner* certified by the Board of Nursing and the Board of Medicine except that intraoral procedures shall be performed only under the direct supervision of a licensed dentist;
3. Apply to a dentist or a dental hygienist of the United States Army, Navy, Coast Guard, Air Force, Public Health Service, or Department of Veterans Affairs;
4. Apply to any dentist of the United States Army, Navy, Coast Guard, or Air Force rendering services voluntarily and without compensation while deemed to be licensed pursuant to § 54.1-106;
5. Apply to any dentist or dental hygienist who (i) does not regularly practice dentistry in Virginia, (ii) holds a current valid license or certificate to practice as a dentist or dental hygienist in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of the Commonwealth under the auspices of a publicly supported nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certificate issued in such other jurisdiction with the Board, (v) notifies the Board at least five days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the nonprofit organization on the dates and at the location filed with the Board. Clauses (iv), (v), and

(vi) shall not apply to dentists and dental hygienists volunteering to provide free health care to an underserved area of the Commonwealth under the auspices of a publicly supported nonprofit organization that sponsors the provision of health care to populations of underserved people if they do so for a period not exceeding three consecutive days and if the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state. The Board may deny the right to practice in Virginia to any dentist or dental hygienist whose license has been previously suspended or revoked, who has been convicted of a felony, or who is otherwise found to be in violation of applicable laws or regulations; or

6. Prevent an office assistant from performing usual secretarial duties or other assistance as set forth in regulations promulgated by the Board.

§ 54.1-2729.2. Dialysis patient care technician; definition.

"Dialysis patient care technician" or "dialysis care technician" means a person who has obtained certification from an organization approved by the Board of Health Professions to provide, under the supervision of a licensed practitioner of medicine or a registered nurse, direct care to patients undergoing renal dialysis treatments in a Medicare-certified renal dialysis facility. Such direct care may include, but need not be limited to, the administration of heparin, topical needle site anesthetics, dialysis solutions, sterile normal saline solution, and blood volumizers in accordance with the order of a licensed physician, *an advanced practice registered nurse practitioner*, or a physician assistant. However, a person who has completed a training program in dialysis patient care may engage in provisional practice to obtain practical experience in providing direct patient care under direct and immediate supervision in accordance with § 54.1-3408, until he has taken and received the results of any examination required by a certifying organization approved by the Board or for 24 months from the date of initial practice, whichever occurs sooner.

§ 54.1-2900. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Acupuncturist" means an individual approved by the Board to practice acupuncture. This is limited to "licensed acupuncturist" which means an individual other than a doctor of medicine, osteopathy, chiropractic or podiatry who has successfully completed the requirements for licensure established by the Board (approved titles are limited to: Licensed Acupuncturist, Lic.Ac., and L.Ac.).

"Advanced practice registered nurse" means a certified nurse midwife, certified registered nurse anesthetist, clinical nurse specialist, or nurse practitioner who is jointly licensed by the Boards of Medicine and Nursing pursuant to § 54.1-2957, has completed an advanced graduate-level education program in a specialty category of nursing, and has passed a national certifying examination for that specialty.

"Auricular acupuncture" means the subcutaneous insertion of sterile, disposable acupuncture needles in predetermined, bilateral locations in the outer ear when used exclusively and specifically in the context of a chemical dependency treatment program.

"Birth control" means contraceptive methods that are approved by the U.S. Food and Drug Administration. "Birth control" shall not be considered abortion for the purposes of Title 18.2.

"Board" means the Board of Medicine.

"Certified nurse midwife" means an advanced practice registered nurse who is certified in the specialty of nurse midwifery and who is jointly licensed by the Boards of Medicine and Nursing as a *an advanced practice registered nurse practitioner* pursuant to § 54.1-2957.

"Certified registered nurse anesthetist" means an advanced practice registered nurse who is certified in the specialty of nurse anesthesia, who is jointly licensed by the Boards of Medicine and Nursing as a *an advanced practice registered nurse practitioner* pursuant to § 54.1-2957, and who practices under the supervision of a doctor of medicine, osteopathy, podiatry, or dentistry but is not subject to the practice agreement requirement described in § 54.1-2957.

"Clinical nurse specialist" means an advanced practice registered nurse who is certified in the specialty of clinical nurse specialist and who is jointly licensed by the Boards of Medicine and Nursing as a *an advanced practice registered nurse practitioner* pursuant to § 54.1-2957.

"Collaboration" means the communication and decision-making process among health care providers who are members of a patient care team related to the treatment of a patient that includes the degree of cooperation necessary to provide treatment and care of the patient and includes (i) communication of data and information about the treatment and care of a patient, including the exchange of clinical observations and assessments, and (ii) development of an appropriate plan of care, including decisions regarding the health care provided, accessing and assessment of appropriate additional resources or expertise, and arrangement of appropriate referrals, testing, or studies.

"Consultation" means communicating data and information, exchanging clinical observations and assessments, accessing and assessing additional resources and expertise, problem-solving, and arranging for referrals, testing, or studies.

2924 "Genetic counselor" means a person licensed by the Board to engage in the practice of genetic
2925 counseling.

2926 "Healing arts" means the arts and sciences dealing with the prevention, diagnosis, treatment and cure
2927 or alleviation of human physical or mental ailments, conditions, diseases, pain or infirmities.

2928 "Licensed certified midwife" means a person who is licensed as a certified midwife by the Boards of
2929 Medicine and Nursing.

2930 "Medical malpractice judgment" means any final order of any court entering judgment against a
2931 licensee of the Board that arises out of any tort action or breach of contract action for personal injuries
2932 or wrongful death, based on health care or professional services rendered, or that should have been
2933 rendered, by a health care provider, to a patient.

2934 "Medical malpractice settlement" means any written agreement and release entered into by or on
2935 behalf of a licensee of the Board in response to a written claim for money damages that arises out of
2936 any personal injuries or wrongful death, based on health care or professional services rendered, or that
2937 should have been rendered, by a health care provider, to a patient.

2938 "Nurse practitioner" means an advanced practice registered nurse, *other than an advanced practice*
2939 *registered nurse licensed by the Boards of Medicine and Nursing in the category of certified nurse*
2940 *midwife, certified registered nurse anesthetist, or clinical nurse specialist*, who is jointly licensed by the
2941 Boards of Medicine and Nursing pursuant to § 54.1-2957.

2942 "Occupational therapy assistant" means an individual who has met the requirements of the Board for
2943 licensure and who works under the supervision of a licensed occupational therapist to assist in the
2944 practice of occupational therapy.

2945 "Patient care team" means a multidisciplinary team of health care providers actively functioning as a
2946 unit with the management and leadership of one or more patient care team physicians for the purpose of
2947 providing and delivering health care to a patient or group of patients.

2948 "Patient care team physician" means a physician who is actively licensed to practice medicine in the
2949 Commonwealth, who regularly practices medicine in the Commonwealth, and who provides management
2950 and leadership in the care of patients as part of a patient care team.

2951 "Patient care team podiatrist" means a podiatrist who is actively licensed to practice podiatry in the
2952 Commonwealth, who regularly practices podiatry in the Commonwealth, and who provides management
2953 and leadership in the care of patients as part of a patient care team.

2954 "Physician assistant" means a health care professional who has met the requirements of the Board for
2955 licensure as a physician assistant.

2956 "Practice of acupuncture" means the stimulation of certain points on or near the surface of the body
2957 by the insertion of needles to prevent or modify the perception of pain or to normalize physiological
2958 functions, including pain control, for the treatment of certain ailments or conditions of the body and
2959 includes the techniques of electroacupuncture, cupping and moxibustion. The practice of acupuncture
2960 does not include the use of physical therapy, chiropractic, or osteopathic manipulative techniques; the
2961 use or prescribing of any drugs, medications, serums or vaccines; or the procedure of auricular
2962 acupuncture as exempted in § 54.1-2901 when used in the context of a chemical dependency treatment
2963 program for patients eligible for federal, state or local public funds by an employee of the program who
2964 is trained and approved by the National Acupuncture Detoxification Association or an equivalent
2965 certifying body.

2966 "Practice of athletic training" means the prevention, recognition, evaluation, and treatment of injuries
2967 or conditions related to athletic or recreational activity that requires physical skill and utilizes strength,
2968 power, endurance, speed, flexibility, range of motion or agility or a substantially similar injury or
2969 condition resulting from occupational activity immediately upon the onset of such injury or condition;
2970 and subsequent treatment and rehabilitation of such injuries or conditions under the direction of the
2971 patient's physician or under the direction of any doctor of medicine, osteopathy, chiropractic, podiatry, or
2972 dentistry, while using heat, light, sound, cold, electricity, exercise or mechanical or other devices.

2973 "Practice of behavior analysis" means the design, implementation, and evaluation of environmental
2974 modifications, using behavioral stimuli and consequences, to produce socially significant improvement in
2975 human behavior, including the use of direct observation, measurement, and functional analysis of the
2976 relationship between environment and behavior.

2977 "Practice of chiropractic" means the adjustment of the 24 movable vertebrae of the spinal column,
2978 and assisting nature for the purpose of normalizing the transmission of nerve energy, but does not
2979 include the use of surgery, obstetrics, osteopathy, or the administration or prescribing of any drugs,
2980 medicines, serums, or vaccines. "Practice of chiropractic" shall include (i) requesting, receiving, and
2981 reviewing a patient's medical and physical history, including information related to past surgical and
2982 nonsurgical treatment of the patient and controlled substances prescribed to the patient, and (ii)
2983 documenting in a patient's record information related to the condition and symptoms of the patient, the
2984 examination and evaluation of the patient made by the doctor of chiropractic, and treatment provided to

the patient by the doctor of chiropractic. "Practice of chiropractic" shall also include performing the physical examination of an applicant for a commercial driver's license or commercial learner's permit pursuant to § 46.2-341.12 if the practitioner has (i) applied for and received certification as a medical examiner pursuant to 49 C.F.R. Part 390, Subpart D and (ii) registered with the National Registry of Certified Medical Examiners.

"Practice of genetic counseling" means (i) obtaining and evaluating individual and family medical histories to assess the risk of genetic medical conditions and diseases in a patient, his offspring, and other family members; (ii) discussing the features, history, diagnosis, environmental factors, and risk management of genetic medical conditions and diseases; (iii) ordering genetic laboratory tests and other diagnostic studies necessary for genetic assessment; (iv) integrating the results with personal and family medical history to assess and communicate risk factors for genetic medical conditions and diseases; (v) evaluating the patient's and family's responses to the medical condition or risk of recurrence and providing client-centered counseling and anticipatory guidance; (vi) identifying and utilizing community resources that provide medical, educational, financial, and psychosocial support and advocacy; and (vii) providing written documentation of medical, genetic, and counseling information for families and health care professionals.

"Practice of licensed certified midwifery" means the provision of primary health care for preadolescents, adolescents, and adults within the scope of practice of a certified midwife established in accordance with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives, including (i) providing sexual and reproductive care and care during pregnancy and childbirth, postpartum care, and care for the newborn for up to 28 days following the birth of the child; (ii) prescribing of pharmacological and non-pharmacological therapies within the scope of the practice of midwifery; (iii) consulting or collaborating with or referring patients to such other health care providers as may be appropriate for the care of the patients; and (iv) serving as an educator in the theory and practice of midwifery.

"Practice of medicine or osteopathic medicine" means the prevention, diagnosis, and treatment of human physical or mental ailments, conditions, diseases, pain, or infirmities by any means or method.

"Practice of occupational therapy" means the therapeutic use of occupations for habilitation and rehabilitation to enhance physical health, mental health, and cognitive functioning and includes the evaluation, analysis, assessment, and delivery of education and training in basic and instrumental activities of daily living; the design, fabrication, and application of orthoses (splints); the design, selection, and use of adaptive equipment and assistive technologies; therapeutic activities to enhance functional performance; vocational evaluation and training; and consultation concerning the adaptation of physical, sensory, and social environments.

"Practice of podiatry" means the prevention, diagnosis, treatment, and cure or alleviation of physical conditions, diseases, pain, or infirmities of the human foot and ankle, including the medical, mechanical and surgical treatment of the ailments of the human foot and ankle, but does not include amputation of the foot proximal to the transmetatarsal level through the metatarsal shafts. Amputations proximal to the metatarsal-phalangeal joints may only be performed in a hospital or ambulatory surgery facility accredited by an organization listed in § 54.1-2939. The practice includes the diagnosis and treatment of lower extremity ulcers; however, the treatment of severe lower extremity ulcers proximal to the foot and ankle may only be performed by appropriately trained, credentialed podiatrists in an approved hospital or ambulatory surgery center at which the podiatrist has privileges, as described in § 54.1-2939. The Board of Medicine shall determine whether a specific type of treatment of the foot and ankle is within the scope of practice of podiatry.

"Practice of radiologic technology" means the application of ionizing radiation to human beings for diagnostic or therapeutic purposes.

"Practice of respiratory care" means the (i) administration of pharmacological, diagnostic, and therapeutic agents related to respiratory care procedures necessary to implement a treatment, disease prevention, pulmonary rehabilitative, or diagnostic regimen prescribed by a practitioner of medicine or osteopathic medicine; (ii) transcription and implementation of the written or verbal orders of a practitioner of medicine or osteopathic medicine pertaining to the practice of respiratory care; (iii) observation and monitoring of signs and symptoms, general behavior, general physical response to respiratory care treatment and diagnostic testing, including determination of whether such signs, symptoms, reactions, behavior or general physical response exhibit abnormal characteristics; and (iv) implementation of respiratory care procedures, based on observed abnormalities, or appropriate reporting, referral, respiratory care protocols or changes in treatment pursuant to the written or verbal orders by a licensed practitioner of medicine or osteopathic medicine or the initiation of emergency procedures, pursuant to the Board's regulations or as otherwise authorized by law. The practice of respiratory care may be performed in any clinic, hospital, skilled nursing facility, private dwelling or other place deemed appropriate by the Board in accordance with the written or verbal order of a practitioner of medicine or

osteopathic medicine, and shall be performed under qualified medical direction.

"Practice of surgical assisting" means the performance of significant surgical tasks, including manipulation of organs, suturing of tissue, placement of hemostatic agents, injection of local anesthetic, harvesting of veins, implementation of devices, and other duties as directed by a licensed doctor of medicine, osteopathy, or podiatry under the direct supervision of a licensed doctor of medicine, osteopathy, or podiatry.

"Qualified medical direction" means, in the context of the practice of respiratory care, having readily accessible to the respiratory therapist a licensed practitioner of medicine or osteopathic medicine who has specialty training or experience in the management of acute and chronic respiratory disorders and who is responsible for the quality, safety, and appropriateness of the respiratory services provided by the respiratory therapist.

"Radiologic technologist" means an individual, other than a licensed doctor of medicine, osteopathy, podiatry, or chiropractic or a dentist licensed pursuant to Chapter 27 (§ 54.1-2700 et seq.), who (i) performs, may be called upon to perform, or is licensed to perform a comprehensive scope of diagnostic or therapeutic radiologic procedures employing ionizing radiation and (ii) is delegated or exercises responsibility for the operation of radiation-generating equipment, the shielding of patient and staff from unnecessary radiation, the appropriate exposure of radiographs, the administration of radioactive chemical compounds under the direction of an authorized user as specified by regulations of the Department of Health, or other procedures that contribute to any significant extent to the site or dosage of ionizing radiation to which a patient is exposed.

"Radiologic technologist, limited" means an individual, other than a licensed radiologic technologist, dental hygienist, or person who is otherwise authorized by the Board of Dentistry under Chapter 27 (§ 54.1-2700 et seq.) and the regulations pursuant thereto, who performs diagnostic radiographic procedures employing equipment that emits ionizing radiation that is limited to specific areas of the human body.

"Radiologist assistant" means an individual who has met the requirements of the Board for licensure as an advanced-level radiologic technologist and who, under the direct supervision of a licensed doctor of medicine or osteopathy specializing in the field of radiology, is authorized to (i) assess and evaluate the physiological and psychological responsiveness of patients undergoing radiologic procedures; (ii) evaluate image quality, make initial observations, and communicate observations to the supervising radiologist; (iii) administer contrast media or other medications prescribed by the supervising radiologist; and (iv) perform, or assist the supervising radiologist to perform, any other procedure consistent with the guidelines adopted by the American College of Radiology, the American Society of Radiologic Technologists, and the American Registry of Radiologic Technologists.

"Respiratory care" means the practice of the allied health profession responsible for the direct and indirect services, including inhalation therapy and respiratory therapy, in the treatment, management, diagnostic testing, control, and care of patients with deficiencies and abnormalities associated with the cardiopulmonary system under qualified medical direction.

"Surgical assistant" means an individual who has met the requirements of the Board for licensure as a surgical assistant and who works under the direct supervision of a licensed doctor of medicine, osteopathy, or podiatry.

§ 54.1-2901. Exceptions and exemptions generally.

A. The provisions of this chapter shall not prevent or prohibit:

1. Any person entitled to practice his profession under any prior law on June 24, 1944, from continuing such practice within the scope of the definition of his particular school of practice;

2. Any person licensed to practice naturopathy prior to June 30, 1980, from continuing such practice in accordance with regulations promulgated by the Board;

3. Any licensed *advanced practice registered nurse practitioner* from rendering care in accordance with the provisions of §§ 54.1-2957 and 54.1-2957.01, any *advanced practice registered nurse practitioner* licensed by the Boards of Medicine and Nursing in the category of certified nurse midwife practicing pursuant to subsection H of § 54.1-2957, or any *advanced practice registered nurse practitioner* licensed by the Boards of Medicine and Nursing in the category of clinical nurse specialist practicing pursuant to subsection J of § 54.1-2957 when such services are authorized by regulations promulgated jointly by the Boards of Medicine and Nursing;

4. Any registered professional nurse, licensed *advanced practice registered nurse practitioner*, graduate laboratory technician or other technical personnel who have been properly trained from rendering care or services within the scope of their usual professional activities which shall include the taking of blood, the giving of intravenous infusions and intravenous injections, and the insertion of tubes when performed under the orders of a person licensed to practice medicine or osteopathy, a *an advanced practice registered nurse practitioner*, or a physician assistant;

5. Any dentist, pharmacist or optometrist from rendering care or services within the scope of his

3107 usual professional activities;

3108 6. Any practitioner licensed or certified by the Board from delegating to personnel supervised by
3109 him, such activities or functions as are nondiscretionary and do not require the exercise of professional
3110 judgment for their performance and which are usually or customarily delegated to such persons by
3111 practitioners of the healing arts, if such activities or functions are authorized by and performed for such
3112 practitioners of the healing arts and responsibility for such activities or functions is assumed by such
3113 practitioners of the healing arts;

3114 7. The rendering of medical advice or information through telecommunications from a physician
3115 licensed to practice medicine in Virginia or an adjoining state, or from a licensed *advanced practice*
3116 *registered nurse practitioner*, to emergency medical personnel acting in an emergency situation;

3117 8. The domestic administration of family remedies;

3118 9. The giving or use of massages, steam baths, dry heat rooms, infrared heat or ultraviolet lamps in
3119 public or private health clubs and spas;

3120 10. The manufacture or sale of proprietary medicines in this Commonwealth by licensed pharmacists
3121 or druggists;

3122 11. The advertising or sale of commercial appliances or remedies;

3123 12. The fitting by nonitinerant persons or manufacturers of artificial eyes, limbs or other apparatus or
3124 appliances or the fitting of plaster cast counterparts of deformed portions of the body by a nonitinerant
3125 bracer or prosthetist for the purpose of having a three-dimensional record of the deformity, when
3126 such bracer or prosthetist has received a prescription from a licensed physician, licensed *advanced*
3127 *practice registered nurse practitioner*, or licensed physician assistant directing the fitting of such casts
3128 and such activities are conducted in conformity with the laws of Virginia;

3129 13. Any person from the rendering of first aid or medical assistance in an emergency in the absence
3130 of a person licensed to practice medicine or osteopathy under the provisions of this chapter;

3131 14. The practice of the religious tenets of any church in the ministration to the sick and suffering by
3132 mental or spiritual means without the use of any drug or material remedy, whether gratuitously or for
3133 compensation;

3134 15. Any legally qualified out-of-state or foreign practitioner from meeting in consultation with legally
3135 licensed practitioners in this Commonwealth;

3136 16. Any practitioner of the healing arts licensed or certified and in good standing with the applicable
3137 regulatory agency in another state or Canada when that practitioner of the healing arts is in Virginia
3138 temporarily and such practitioner has been issued a temporary authorization by the Board from
3139 practicing medicine or the duties of the profession for which he is licensed or certified (i) in a summer
3140 camp or in conjunction with patients who are participating in recreational activities, (ii) while
3141 participating in continuing educational programs prescribed by the Board, or (iii) by rendering at any
3142 site any health care services within the limits of his license, voluntarily and without compensation, to
3143 any patient of any clinic which is organized in whole or in part for the delivery of health care services
3144 without charge as provided in § 54.1-106;

3145 17. The performance of the duties of any active duty health care provider in active service in the
3146 army, navy, coast guard, marine corps, air force, or public health service of the United States at any
3147 public or private health care facility while such individual is so commissioned or serving and in
3148 accordance with his official military duties;

3149 18. Any masseur, who publicly represents himself as such, from performing services within the scope
3150 of his usual professional activities and in conformance with state law;

3151 19. Any person from performing services in the lawful conduct of his particular profession or
3152 business under state law;

3153 20. Any person from rendering emergency care pursuant to the provisions of § 8.01-225;

3154 21. Qualified emergency medical services personnel, when acting within the scope of their
3155 certification, and licensed health care practitioners, when acting within their scope of practice, from
3156 following Durable Do Not Resuscitate Orders issued in accordance with § 54.1-2987.1 and Board of
3157 Health regulations, or licensed health care practitioners from following any other written order of a
3158 physician not to resuscitate a patient in the event of cardiac or respiratory arrest;

3159 22. Any commissioned or contract medical officer of the army, navy, coast guard or air force
3160 rendering services voluntarily and without compensation while deemed to be licensed pursuant to
3161 § 54.1-106;

3162 23. Any provider of a chemical dependency treatment program who is certified as an "acupuncture
3163 detoxification specialist" by the National Acupuncture Detoxification Association or an equivalent
3164 certifying body, from administering auricular acupuncture treatment under the appropriate supervision of
3165 a National Acupuncture Detoxification Association certified licensed physician or licensed acupuncturist;

3166 24. Any employee of any assisted living facility who is certified in cardiopulmonary resuscitation
3167 (CPR) acting in compliance with the patient's individualized service plan and with the written order of

the attending physician not to resuscitate a patient in the event of cardiac or respiratory arrest;

25. Any person working as a health assistant under the direction of a licensed medical or osteopathic doctor within the Department of Corrections, the Department of Juvenile Justice or local correctional facilities;

26. Any employee of a school board, authorized by a prescriber and trained in the administration of insulin and glucagon, when, upon the authorization of a prescriber and the written request of the parents as defined in § 22.1-1, assisting with the administration of insulin or administering glucagon to a student diagnosed as having diabetes and who requires insulin injections during the school day or for whom glucagon has been prescribed for the emergency treatment of hypoglycemia;

27. Any practitioner of the healing arts or other profession regulated by the Board from rendering free health care to an underserved population of Virginia who (i) does not regularly practice his profession in Virginia, (ii) holds a current valid license or certificate to practice his profession in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of the Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certification issued in such other jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any practitioner of the healing arts whose license or certificate has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow a practitioner of the healing arts who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state;

28. Any registered nurse, acting as an agent of the Department of Health, from obtaining specimens of sputum or other bodily fluid from persons in whom the diagnosis of active tuberculosis disease, as defined in § 32.1-49.1, is suspected and submitting orders for testing of such specimens to the Division of Consolidated Laboratories or other public health laboratories, designated by the State Health Commissioner, for the purpose of determining the presence or absence of tubercle bacilli as defined in § 32.1-49.1;

29. Any physician of medicine or osteopathy or *advanced practice registered nurse practitioner* from delegating to a registered nurse under his supervision the screening and testing of children for elevated blood-lead levels when such testing is conducted (i) in accordance with a written protocol between the physician or *advanced practice registered nurse practitioner* and the registered nurse and (ii) in compliance with the Board of Health's regulations promulgated pursuant to §§ 32.1-46.1 and 32.1-46.2. Any follow-up testing or treatment shall be conducted at the direction of a physician or *an advanced practice registered nurse practitioner*;

30. Any practitioner of one of the professions regulated by the Board of Medicine who is in good standing with the applicable regulatory agency in another state or Canada from engaging in the practice of that profession when the practitioner is in Virginia temporarily with an out-of-state athletic team or athlete for the duration of the athletic tournament, game, or event in which the team or athlete is competing;

31. Any person from performing state or federally funded health care tasks directed by the consumer, which are typically self-performed, for an individual who lives in a private residence and who, by reason of disability, is unable to perform such tasks but who is capable of directing the appropriate performance of such tasks;

32. Any practitioner of one of the professions regulated by the Board of Medicine who is in good standing with the applicable regulatory agency in another state from engaging in the practice of that profession in Virginia with a patient who is being transported to or from a Virginia hospital for care;

33. Any doctor of medicine or osteopathy, physician assistant, or *advanced practice registered nurse practitioner* who would otherwise be subject to licensure by the Board who holds an active, unrestricted license in another state, the District of Columbia, or a United States territory or possession and who is in good standing with the applicable regulatory agency in that state, the District of Columbia, or that United States territory or possession who provides behavioral health services, as defined in § 37.2-100, from engaging in the practice of his profession and providing behavioral health services to a patient located in the Commonwealth in accordance with the standard of care when (i) such practice is for the purpose of providing continuity of care through the use of telemedicine services as defined in § 38.2-3418.16 and (ii) the practitioner has previously established a practitioner-patient relationship with the patient and has performed an in-person evaluation of the patient within the previous year. A

practitioner who provides behavioral health services to a patient located in the Commonwealth through use of telemedicine services pursuant to this subdivision may provide such services for a period of no more than one year from the date on which the practitioner began providing such services to such patient;

34. Any employee of a program licensed by the Department of Behavioral Health and Developmental Services who is certified in cardiopulmonary resuscitation from acting in compliance with a program participant's valid written order not to resuscitate issued in accordance with § 54.1-2987.1 if such valid written order not to resuscitate is included in the program participant's individualized service plan; or

35. Any practitioner of a profession regulated by the Board of Medicine who is licensed in another state or the District of Columbia and who is in good standing with the applicable regulatory agency in that state or the District of Columbia from engaging in the practice of that profession in the Commonwealth with a patient located in the Commonwealth when (i) such practice is for the purpose of providing continuity of care through the use of telemedicine services as defined in § 38.2-3418.16 and (ii) the patient is a current patient of the practitioner with whom the practitioner has previously established a practitioner-patient relationship and the practitioner has performed an in-person examination of the patient within the previous 12 months. For the purposes of this subdivision, if a patient is (a) an enrollee of a health maintenance organization that contracts with a multispecialty group of practitioners, each of whom is licensed by the Board of Medicine, and (b) a current patient of at least one practitioner who is a member of the multispecialty group with whom such practitioner has previously established a practitioner-patient relationship and of whom such practitioner has performed an in-person examination within the previous 12 months, the patient shall be deemed to be a current patient of each practitioner in the multispecialty group with whom each such practitioner has established a practitioner-patient relationship.

B. Notwithstanding any provision of law or regulation to the contrary, military medical personnel, as defined in § 2.2-2001.4, while participating in a program established by the Department of Veterans Services pursuant to § 2.2-2001.4, may practice under the supervision of a licensed physician or podiatrist or the chief medical officer of an organization participating in such program, or his designee who is a licensee of the Board and supervising within his scope of practice.

§ 54.1-2904. Biennial renewal of licenses; copies; fee; lapsed licenses; reinstatement; penalties.

A. Every license granted under the provisions of this chapter shall be renewed biennially as prescribed by the Board. The Board shall send by mail or electronically notice for renewal of a license to every licensee. Failure to receive such notice shall not excuse any licensee from the requirements of renewal. The person receiving such notice shall furnish the information requested and submit the prescribed renewal fee to the Board. Copies of licenses may be obtained as provided in the Board's regulations.

B. Any licensee who allows his license to lapse by failing to renew the license or failing to meet professional activity requirements stipulated in the regulations may be reinstated by the Board upon submission of evidence satisfactory to the Board that he is prepared to resume practice in a competent manner and upon payment of the prescribed fee.

C. Any person practicing during the time his license has lapsed shall be considered an illegal practitioner and shall be subject to the penalties for violation of this chapter.

D. When the Board of Health has issued an emergency order pursuant to § 32.1-13, the Board may waive (i) the requirement for submission of a fee for renewal or reinstatement of a license to practice medicine or osteopathic medicine or as a physician assistant or *an advanced practice registered nurse practitioner* and (ii) the requirement for submission of evidence satisfactory to the Board that a practitioner whose license was allowed to lapse for failure to meet professional activity requirements has satisfied such requirements and is prepared to resume practice in a competent manner for any person who held a valid, unrestricted, active license to practice such profession within the four-year period immediately prior to the application for renewal or reinstatement of such license.

§ 54.1-2910.5. (Effective July 1, 2023) Pediatric sexual assault survivor services; requirements.

Any health care practitioner licensed by the Board to practice medicine or osteopathy or as a physician assistant, or jointly licensed by the Board and the Board of Nursing as a *an advanced practice registered nurse practitioner*, who wishes to provide sexual assault survivor treatment services or sexual assault survivor transfer services, as defined in § 32.1-162.15:2, to pediatric survivors of sexual assault, as defined in § 32.1-162.15:2, shall comply with the provisions of Article 8 (§ 32.1-162.15:2 et seq.) of Chapter 5 of Title 32.1 applicable to pediatric medical care facilities.

§ 54.1-2927. Applicants from other states without reciprocity; temporary licenses or certificates for certain practitioners of the healing arts.

A. The Board, in its discretion, may issue certificates or licenses to applicants upon endorsement by boards or other appropriate authorities of other states or territories or the District of Columbia with which reciprocal relations have not been established if the credentials of such applicants are satisfactory

and the examinations and passing grades required by such other boards are fully equal to those required by the Virginia Board.

The Board may issue certificates or licenses to applicants holding certificates from the national boards of their respective branches of the healing arts if their credentials, schools of graduation and national board examinations and results are acceptable to the Board. The Board shall promulgate regulations in order to carry out the provisions of this section.

The Board of Medicine shall prioritize applicants for licensure as a doctor of medicine or osteopathic medicine, a physician assistant, or a *an advanced practice registered nurse practitioner* from such states that are contiguous with the Commonwealth in processing their applications for licensure by endorsement through a streamlined process, with a final determination regarding qualification to be made within 20 days of the receipt of a completed application.

B. The Board may issue authorization to practice valid for a period not to exceed three months to a practitioner of the healing arts licensed or certified and in good standing with the applicable regulatory agency in the state, District of Columbia, or Canada where the practitioner resides when the practitioner is in Virginia temporarily to practice the healing arts (i) in a summer camp or in conjunction with patients who are participating in recreational activities, (ii) in continuing education programs, or (iii) by rendering at any site any health care services within the limits of his license or certificate, voluntarily and without compensation, to any patient of any clinic that is organized in whole or in part for the delivery of health care services without charge as provided in § 54.1-106. A fee not to exceed \$25 may be charged by the Board for the issuance of authorization to practice pursuant to the provisions of this subsection.

§ 54.1-2957. Licensure and practice of advanced practice registered nurses.

A. As used in this section, "clinical experience" means the postgraduate delivery of health care directly to patients pursuant to a practice agreement with a patient care team physician.

B. The Board of Medicine and the Board of Nursing shall jointly prescribe the regulations governing the licensure of *nurse practitioners advanced practice registered nurses*. It is unlawful for a person to practice as a *an advanced practice registered nurse practitioner* in the Commonwealth unless he holds such a joint license.

C. Every nurse practitioner ~~other than a certified nurse midwife, certified registered nurse anesthetist, or clinical nurse specialist or a nurse practitioner~~ who meets the requirements of subsection I shall maintain appropriate collaboration and consultation, as evidenced in a written or electronic practice agreement, with at least one patient care team physician. A nurse practitioner who meets the requirements of subsection I may practice without a written or electronic practice agreement. A certified nurse midwife shall practice pursuant to subsection H. A *nurse practitioner who is licensed by the Boards of Medicine and Nursing* as a clinical nurse specialist shall practice pursuant to subsection J. A certified registered nurse anesthetist shall practice under the supervision of a licensed doctor of medicine, osteopathy, podiatry, or dentistry. ~~A An advanced practice registered nurse practitioner~~ who is appointed as a medical examiner pursuant to § 32.1-282 shall practice in collaboration with a licensed doctor of medicine or osteopathic medicine who has been appointed to serve as a medical examiner pursuant to § 32.1-282. Collaboration and consultation among *nurse practitioners advanced practice registered nurses* and patient care team physicians may be provided through telemedicine as described in § 38.2-3418.16.

Physicians on patient care teams may require that a *an advanced practice registered nurse practitioner* be covered by a professional liability insurance policy with limits equal to the current limitation on damages set forth in § 8.01-581.15.

Service on a patient care team by a patient care team member shall not, by the existence of such service alone, establish or create liability for the actions or inactions of other team members.

D. The Boards of Medicine and Nursing shall jointly promulgate regulations specifying collaboration and consultation among physicians and *nurse practitioners advanced practice registered nurses* working as part of patient care teams that shall include the development of, and periodic review and revision of, a written or electronic practice agreement; guidelines for availability and ongoing communications that define consultation among the collaborating parties and the patient; and periodic joint evaluation of the services delivered. Practice agreements shall include provisions for (i) periodic review of health records, which may include visits to the site where health care is delivered, in the manner and at the frequency determined by the *advanced practice registered nurse practitioner* and the patient care team physician and (ii) input from appropriate health care providers in complex clinical cases and patient emergencies and for referrals. Evidence of a practice agreement shall be maintained by a *an advanced practice registered nurse practitioner* and provided to the Boards upon request. For *nurse practitioners advanced practice registered nurses* providing care to patients within a hospital or health care system, the practice agreement may be included as part of documents delineating the *nurse practitioner's advanced practice registered nurse's* clinical privileges or the electronic or written delineation of duties and responsibilities

3351 in collaboration and consultation with a patient care team physician.

3352 E. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to
 3353 practice as a *an advanced practice registered nurse practitioner* if the applicant has been licensed as a
 3354 *an advanced practice registered nurse practitioner* under the laws of another state and, pursuant to
 3355 regulations of the Boards, the applicant meets the qualifications for licensure required of *nurse*
 3356 *practitioners advanced practice registered nurses* in the Commonwealth. A *An advanced practice*
 3357 *registered nurse practitioner* to whom a license is issued by endorsement may practice without a practice
 3358 agreement with a patient care team physician pursuant to subsection I if such application provides an
 3359 attestation to the Boards that the applicant has completed the equivalent of at least five years of
 3360 full-time clinical experience, as determined by the Boards, in accordance with the laws of the state in
 3361 which the nurse practitioner was licensed.

3362 F. Pending the outcome of the next National Specialty Examination, the Boards may jointly grant
 3363 temporary licensure to *nurse practitioners advanced practice registered nurses*.

3364 G. In the event a physician who is serving as a patient care team physician dies, becomes disabled,
 3365 retires from active practice, surrenders his license or has it suspended or revoked by the Board, or
 3366 relocates his practice such that he is no longer able to serve, and a *an advanced practice registered*
 3367 *nurse practitioner* is unable to enter into a new practice agreement with another patient care team
 3368 physician, the *advanced practice registered nurse practitioner* may continue to practice upon notification
 3369 to the designee or his alternate of the Boards and receipt of such notification. Such *advanced practice*
 3370 *registered nurse practitioner* may continue to treat patients without a patient care team physician for an
 3371 initial period not to exceed 60 days, provided that the *advanced practice registered nurse practitioner*
 3372 continues to prescribe only those drugs previously authorized by the practice agreement with such
 3373 physician and to have access to appropriate input from appropriate health care providers in complex
 3374 clinical cases and patient emergencies and for referrals. The designee or his alternate of the Boards shall
 3375 grant permission for the *advanced practice registered nurse practitioner* to continue practice under this
 3376 subsection for another 60 days, provided that the *advanced practice registered nurse practitioner*
 3377 provides evidence of efforts made to secure another patient care team physician and of access to
 3378 physician input.

3379 H. Every certified nurse midwife shall practice in accordance with regulations adopted by the Boards
 3380 and consistent with the Standards for the Practice of Midwifery set by the American College of
 3381 Nurse-Midwives governing such practice. A certified nurse midwife who has practiced fewer than 1,000
 3382 hours shall practice in consultation with a certified nurse midwife who has practiced for at least two
 3383 years prior to entering into the practice agreement or a licensed physician, in accordance with a practice
 3384 agreement. Such practice agreement shall address the availability of the certified nurse midwife who has
 3385 practiced for at least two years prior to entering into the practice agreement or the licensed physician for
 3386 routine and urgent consultation on patient care. Evidence of the practice agreement shall be maintained
 3387 by the certified nurse midwife and provided to the Boards upon request. A certified nurse midwife who
 3388 has completed 1,000 hours of practice as a certified nurse midwife may practice without a practice
 3389 agreement upon receipt by the certified nurse midwife of an attestation from the certified nurse midwife
 3390 who has practiced for at least two years prior to entering into the practice agreement or the licensed
 3391 physician with whom the certified nurse midwife has entered into a practice agreement stating (i) that
 3392 such certified nurse midwife or licensed physician has provided consultation to the certified nurse
 3393 midwife pursuant to a practice agreement meeting the requirements of this section and (ii) the period of
 3394 time for which such certified nurse midwife or licensed physician practiced in collaboration and
 3395 consultation with the certified nurse midwife pursuant to the practice agreement. A certified nurse
 3396 midwife authorized to practice without a practice agreement shall consult and collaborate with and refer
 3397 patients to such other health care providers as may be appropriate for the care of the patient.

3398 I. A nurse practitioner, ~~other than a nurse practitioner licensed by the Boards of Medicine and~~
 3399 ~~Nursing in the category of certified nurse midwife, certified registered nurse anesthetist, or clinical nurse~~
 3400 ~~specialist, who has completed the equivalent of at least five years of full-time clinical experience as a~~
 3401 ~~licensed nurse practitioner, as determined by the Boards, may practice in the practice category in which~~
 3402 ~~he is certified and licensed without a written or electronic practice agreement upon receipt by the nurse~~
 3403 ~~practitioner of an attestation from the patient care team physician stating (i) that the patient care team~~
 3404 ~~physician has served as a patient care team physician on a patient care team with the nurse practitioner~~
 3405 ~~pursuant to a practice agreement meeting the requirements of this section and § 54.1-2957.01; (ii) that~~
 3406 ~~while a party to such practice agreement, the patient care team physician routinely practiced with a~~
 3407 ~~patient population and in a practice area included within the category for which the nurse practitioner~~
 3408 ~~was certified and licensed; and (iii) the period of time for which the patient care team physician~~
 3409 ~~practiced with the nurse practitioner under such a practice agreement. A copy of such attestation shall be~~
 3410 ~~submitted to the Boards together with a fee established by the Boards. Upon receipt of such attestation~~
 3411 ~~and verification that a nurse practitioner satisfies the requirements of this subsection, the Boards shall~~

issue to the nurse practitioner a new license that includes a designation indicating that the nurse practitioner is authorized to practice without a practice agreement. In the event that a nurse practitioner is unable to obtain the attestation required by this subsection, the Boards may accept other evidence demonstrating that the applicant has met the requirements of this subsection in accordance with regulations adopted by the Boards.

A nurse practitioner authorized to practice without a practice agreement pursuant to this subsection shall (a) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (b) consult and collaborate with other health care providers based on the clinical conditions of the patient to whom health care is provided, and (c) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

J. A *clinical nurse practitioner specialist* licensed by the Boards of Medicine and Nursing in the category of *clinical nurse specialist* who does not prescribe controlled substances or devices may practice in the practice category in which he is certified and licensed without a written or electronic practice agreement. Such *clinical nurse practitioner specialist* shall (i) only practice within the scope of his clinical and professional training and limits of his knowledge and experience and consistent with the applicable standards of care, (ii) consult and collaborate with other health care providers based on the clinical condition of the patient to whom health care is provided, and (iii) establish a plan for referral of complex medical cases and emergencies to physicians or other appropriate health care providers.

A *clinical nurse practitioner specialist* licensed by the Boards in the category of *clinical nurse specialist* who prescribes controlled substances or devices shall practice in consultation with a licensed physician in accordance with a practice agreement between the *clinical nurse practitioner specialist* and the licensed physician. Such practice agreement shall address the availability of the physician for routine and urgent consultation on patient care. Evidence of a practice agreement shall be maintained by a *clinical nurse practitioner specialist* and provided to the Boards upon request. The practice of clinical nurse specialists shall be consistent with the standards of care for the profession and with applicable laws and regulations.

§ 54.1-2957.001. Restricted volunteer license for advanced practice registered nurses.

A. The Board of Medicine and the Board of Nursing may jointly issue a restricted volunteer license to a *an advanced practice registered nurse practitioner* who (i) within the past five years held an unrestricted license as a *an advanced practice registered nurse practitioner* in the Commonwealth or another state that was in good standing at the time the license expired or became inactive and (ii) holds an active license or a volunteer restricted license as a registered nurse or a multistate licensure privilege. *Nurse practitioners Advanced practice registered nurses* holding a restricted volunteer license issued pursuant to this section shall only practice in public health or community free clinics that provide services to underserved populations.

B. An applicant for a restricted volunteer license shall submit an application on a form provided by the Boards of Medicine and Nursing and attest that he will not receive remuneration directly or indirectly for providing nursing services.

C. A *An advanced practice registered nurse practitioner* holding a restricted volunteer license pursuant to this section may obtain prescriptive authority in accordance with the provisions of § 54.1-2957.01.

D. A *An advanced practice registered nurse practitioner* holding a restricted volunteer license pursuant to this section shall not be required to complete continuing competency requirements for the first renewal of such license. For subsequent renewals, a *an advanced practice registered nurse practitioner* holding a restricted volunteer license shall be required to complete the continuing competency requirements required for renewal of an active license.

E. A restricted volunteer license issued pursuant to this section may be renewed biennially in accordance with the renewal schedule established in regulations jointly promulgated by the Boards of Medicine and Nursing.

F. The application and biennial renewal fee for restricted volunteer licenses pursuant to this section shall be one-half of the fee for an active license.

G. A *An advanced practice registered nurse practitioner* holding a restricted volunteer license issued pursuant to this section shall be subject to the provisions of this chapter and all regulations applicable to *nurse practitioners advanced practice registered nurses* practicing in the Commonwealth.

§ 54.1-2957.01. Prescription of certain controlled substances and devices by licensed advanced practice registered nurses.

A. In accordance with the provisions of this section and pursuant to the requirements of Chapter 33 (§ 54.1-3300 et seq.), a licensed *advanced practice registered nurse practitioner* shall have the authority to prescribe Schedule II through Schedule VI controlled substances and devices as set forth in Chapter 34 (§ 54.1-3400 et seq.).

3473 B. A *an advanced practice registered nurse practitioner* who does not meet the requirements for
 3474 practice without a written or electronic practice agreement set forth in subsection I of § 54.1-2957 shall
 3475 prescribe controlled substances or devices only if such prescribing is authorized by a written or
 3476 electronic practice agreement entered into by the *advanced practice registered nurse practitioner* and a
 3477 patient care team physician or, if the *advanced practice registered nurse practitioner* is licensed by the
 3478 Boards of Medicine and Nursing in the category of clinical nurse specialist, the *advanced practice*
 3479 *registered nurse practitioner* and a licensed physician. Such *advanced practice registered nurse*
 3480 *practitioner* shall provide to the Boards of Medicine and Nursing such evidence as the Boards may
 3481 jointly require that the *advanced practice registered nurse practitioner* has entered into and is, at the
 3482 time of writing a prescription, a party to a written or electronic practice agreement with a patient care
 3483 team physician, or, if the *advanced practice registered nurse practitioner* is licensed by the Boards of
 3484 Medicine and Nursing in the category of clinical nurse specialist, a licensed physician, that clearly states
 3485 the prescriptive practices of the *advanced practice registered nurse practitioner*. Such written or
 3486 electronic practice agreements shall include the controlled substances the *advanced practice registered*
 3487 *nurse practitioner* is or is not authorized to prescribe and may restrict such prescriptive authority as
 3488 described in the practice agreement. Evidence of a practice agreement shall be maintained by a *an*
 3489 *advanced practice registered nurse practitioner* pursuant to § 54.1-2957. Practice agreements authorizing
 3490 a *an advanced practice registered nurse practitioner* to prescribe controlled substances or devices
 3491 pursuant to this section either shall be signed by the patient care team physician, or, if the *advanced*
 3492 *practice registered nurse practitioner* is licensed by the Boards of Medicine and Nursing in the category
 3493 of clinical nurse specialist, a licensed physician, or shall clearly state the name of the patient care team
 3494 physician, or, if the *advanced practice registered nurse practitioner* is licensed by the Boards of
 3495 Medicine and Nursing in the category of clinical nurse specialist, the name of the licensed physician,
 3496 who has entered into the practice agreement with the *advanced practice registered nurse practitioner*.

3497 It shall be unlawful for a *an advanced practice registered nurse practitioner* to prescribe controlled
 3498 substances or devices pursuant to this section unless (i) such prescription is authorized by the written or
 3499 electronic practice agreement or (ii) the *advanced practice registered nurse practitioner* is authorized to
 3500 practice without a written or electronic practice agreement pursuant to subsection I of § 54.1-2957.

3501 C. The Boards of Medicine and Nursing shall promulgate regulations governing the prescriptive
 3502 authority of *nurse practitioners advanced practice registered nurses* as are deemed reasonable and
 3503 necessary to ensure an appropriate standard of care for patients. Such regulations shall include
 3504 requirements as may be necessary to ensure continued *advanced practice registered nurse practitioner*
 3505 competency, which may include continuing education, testing, or any other requirement, and shall
 3506 address the need to promote ethical practice, an appropriate standard of care, patient safety, the use of
 3507 new pharmaceuticals, and appropriate communication with patients.

3508 D. This section shall not limit the functions and procedures of certified registered nurse anesthetists
 3509 or of any *nurse practitioners advanced practice registered nurses* which are otherwise authorized by law
 3510 or regulation.

3511 E. The following restrictions shall apply to any *advanced practice registered nurse practitioner*
 3512 authorized to prescribe drugs and devices pursuant to this section:

3513 1. The *advanced practice registered nurse practitioner* shall disclose to the patient at the initial
 3514 encounter that he is a licensed *advanced practice registered nurse practitioner*. Any party to a practice
 3515 agreement shall disclose, upon request of a patient or his legal representative, the name of the patient
 3516 care team physician, or, if the *advanced practice registered nurse practitioner* is licensed by the Boards
 3517 of Medicine and Nursing in the category of clinical nurse specialist, the name of the licensed physician,
 3518 and information regarding how to contact the patient care team physician or licensed physician.

3519 2. Physicians shall not serve as a patient care team physician on a patient care team or enter into a
 3520 practice agreement with more than six *nurse practitioners advanced practice registered nurses* at any one
 3521 time, except that a physician may serve as a patient care team physician on a patient care team with up
 3522 to 10 *nurse practitioners advanced practice registered nurses* licensed in the category of
 3523 psychiatric-mental health *advanced practice registered nurse practitioner*.

3524 F. This section shall not prohibit a licensed *advanced practice registered nurse practitioner* from
 3525 administering controlled substances in compliance with the definition of "administer" in § 54.1-3401 or
 3526 from receiving and dispensing manufacturers' professional samples of controlled substances in
 3527 compliance with the provisions of this section.

3528 G. Notwithstanding any provision of law or regulation to the contrary, a *certified nurse practitioner*
 3529 *midwife* licensed by the Boards of Medicine and Nursing in the category of *certified nurse midwife as*
 3530 *such* and holding a license for prescriptive authority may prescribe Schedules II through VI controlled
 3531 substances. However, if the *certified nurse practitioner midwife* licensed by the Boards of Medicine and
 3532 Nursing in the category of certified nurse midwife is required, pursuant to subsection H of § 54.1-2957,
 3533 to practice pursuant to a practice agreement, such prescribing shall also be in accordance with any

prescriptive authority included in such practice agreement.

H. Notwithstanding any provision of law or regulation to the contrary, a *certified registered nurse practitioner anesthetist* licensed by the Boards of Medicine and Nursing as a *certified registered nurse anesthetist* shall have the authority to prescribe Schedule II through Schedule VI controlled substances and devices in accordance with the requirements for practice set forth in subsection C of § 54.1-2957 to a patient requiring anesthesia, as part of the periprocedural care of such patient. As used in this subsection, "periprocedural" means the period beginning prior to a procedure and ending at the time the patient is discharged.

§ 54.1-2957.02. When advanced practice registered nurse signature accepted.

Whenever any law or regulation requires a signature, certification, stamp, verification, affidavit or endorsement by a physician, it shall be deemed to include a signature, certification, stamp, verification, affidavit or endorsement by a *an advanced practice registered nurse practitioner*.

§ 54.1-2957.03. Certified nurse midwives; required disclosures; liability.

A. As used in this section, "birthing center" means a facility outside a hospital that provides maternity services.

B. A certified nurse midwife who provides health care services to a patient outside of a hospital or birthing center shall disclose to that patient, when appropriate, information on health risks associated with births outside of a hospital or birthing center, including but not limited to risks associated with vaginal births after a prior cesarean section, breech births, births by women experiencing high-risk pregnancies, and births involving multiple gestation.

C. A certified nurse midwife who provides health care to a patient shall be liable for the midwife's negligent, grossly negligent, or willful and wanton acts or omissions. Except as otherwise provided by law, any (i) doctor of medicine or osteopathy who did not collaborate or consult with the midwife regarding the patient and who has not previously treated the patient for this pregnancy, (ii) physician assistant, (iii) *advanced practice registered nurse practitioner*, (iv) prehospital emergency medical personnel, or (v) hospital as defined in § 32.1-123, or any employee of, person providing services pursuant to a contract with, or agent of such hospital, that provides screening and stabilization health care services to a patient as a result of a certified nurse midwife's negligent, grossly negligent, or willful and wanton acts or omissions, shall be immune from liability for acts or omissions constituting ordinary negligence.

§ 54.1-2957.04. Licensure as a licensed certified midwife; practice as a licensed certified midwife; use of title; required disclosures.

A. It shall be unlawful for any person to practice or to hold himself out as practicing as a licensed certified midwife or use in connection with his name the words "Licensed Certified Midwife" unless he holds a license as such issued jointly by the Boards of Medicine and Nursing.

B. The Boards of Medicine and Nursing shall jointly adopt regulations for the licensure of licensed certified midwives, which shall include criteria for licensure and renewal of a license as a certified midwife that shall include a requirement that the applicant provide evidence satisfactory to the Boards of current certification as a certified midwife by the American Midwifery Certification Board and that shall be consistent with the requirements for certification as a certified midwife established by the American Midwifery Certification Board.

C. The Boards of Medicine and Nursing may issue a license by endorsement to an applicant to practice as a licensed certified midwife if the applicant has been licensed as a certified midwife under the laws of another state and, pursuant to regulations of the Boards, the applicant meets the qualifications for licensure as a licensed certified midwife in the Commonwealth.

D. Licensed certified midwives shall practice in consultation with a licensed physician in accordance with a practice agreement between the licensed certified midwife and the licensed physician. Such practice agreement shall address the availability of the physician for routine and urgent consultation on patient care. Evidence of a practice agreement shall be maintained by the licensed certified midwife and provided to the Board upon request. The Board shall adopt regulations for the practice of licensed certified midwives, which shall be in accordance with regulations jointly adopted by the Boards of Medicine and Nursing, which shall be consistent with the Standards for the Practice of Midwifery set by the American College of Nurse-Midwives governing the practice of midwifery.

E. Notwithstanding any provision of law or regulation to the contrary, a licensed certified midwife may prescribe Schedules II through VI controlled substances in accordance with regulations of the Boards of Medicine and Nursing.

F. A licensed certified midwife who provides health care services to a patient outside of a hospital or birthing center shall disclose to that patient, when appropriate, information on health risks associated with births outside of a hospital or birthing center, including but not limited to risks associated with vaginal births after a prior cesarean section, breech births, births by women experiencing high-risk pregnancies, and births involving multiple gestation. As used in this subsection, "birthing center" shall

3595 have the same meaning as in § 54.1-2957.03.

3596 G. A licensed certified midwife who provides health care to a patient shall be liable for the midwife's
 3597 negligent, grossly negligent, or willful and wanton acts or omissions. Except as otherwise provided by
 3598 law, any (i) doctor of medicine or osteopathy who did not collaborate or consult with the midwife
 3599 regarding the patient and who has not previously treated the patient for this pregnancy, (ii) physician
 3600 assistant, (iii) *advanced practice registered nurse practitioner*, (iv) prehospital emergency medical
 3601 personnel, or (v) hospital as defined in § 32.1-123, or any employee of, person providing services
 3602 pursuant to a contract with, or agent of such hospital, that provides screening and stabilization health
 3603 care services to a patient as a result of a licensed certified midwife's negligent, grossly negligent, or
 3604 willful and wanton acts or omissions shall be immune from liability for acts or omissions constituting
 3605 ordinary negligence.

3606 **§ 54.1-2970.1. Individual incapable of making informed decision; procedure for physical**
 3607 **evidence recovery kit examination; consent by minors.**

3608 A. A licensed physician, a physician assistant, *an advanced practice registered nurse practitioner*, or
 3609 a registered nurse may perform a physical evidence recovery kit examination for a person who is
 3610 believed to be the victim of a sexual assault and who is incapable of making an informed decision
 3611 regarding consent to such examination when:

3612 1. There is a need to conduct the examination before the victim is likely to be able to make an
 3613 informed decision in order to preserve physical evidence of the alleged sexual assault from degradation;

3614 2. No legally authorized representative or other person authorized to consent to medical treatment on
 3615 the individual's behalf is reasonably available to provide consent within the time necessary to preserve
 3616 physical evidence of the alleged sexual assault; and

3617 3. A capacity reviewer, as defined in § 54.1-2982, provides written certification that, based upon a
 3618 personal examination of the individual, the individual is incapable of making an informed decision
 3619 regarding the physical evidence recovery kit examination and that, given the totality of the
 3620 circumstances, the examination should be performed. The capacity reviewer who provides such written
 3621 certification shall not be otherwise currently involved in the treatment of the person assessed, unless an
 3622 independent capacity reviewer is not reasonably available.

3623 A1. For purposes of this section, if a parent or guardian of a minor refuses to consent to a physical
 3624 evidence recovery kit examination of the minor, the minor may consent.

3625 B. Any physical evidence recovery kit examination performed pursuant to this section shall be
 3626 performed in accordance with the requirements of §§ 19.2-11.2 and 19.2-165.1 and shall protect the
 3627 alleged victim's identity.

3628 C. A licensed physician, a physician assistant, *an advanced practice registered nurse practitioner*, or
 3629 a registered nurse who exercises due care under the provisions of this act shall not be liable for any act
 3630 or omission related to performance of an examination in accordance with this section.

3631 **§ 54.1-2972. When person deemed medically and legally dead; determination of death; nurses',**
 3632 **licensed practical nurses', physician assistants', or advanced practice registered nurses' authority to**
 3633 **pronounce death under certain circumstances.**

3634 A. As used in this section, "autonomous nurse practitioner" means a nurse practitioner who is
 3635 authorized to practice without a practice agreement pursuant to subsection I of § 54.1-2957.

3636 B. A person shall be medically and legally dead if:

3637 1. In the opinion of a physician duly authorized to practice medicine in the Commonwealth or
 3638 autonomous nurse practitioner, based on the ordinary standards of medical practice, there is the absence
 3639 of spontaneous respiratory and spontaneous cardiac functions and, because of the disease or condition
 3640 that directly or indirectly caused these functions to cease, or because of the passage of time since these
 3641 functions ceased, attempts at resuscitation would not, in the opinion of such physician or autonomous
 3642 nurse practitioner, be successful in restoring spontaneous life-sustaining functions, and, in such event,
 3643 death shall be deemed to have occurred at the time these functions ceased; or

3644 2. In the opinion of a physician, who shall be duly licensed to practice medicine in the
 3645 Commonwealth and board-eligible or board-certified in the field of neurology, neurosurgery, or critical
 3646 care medicine, when based on the ordinary standards of medical practice, there is irreversible cessation
 3647 of all functions of the entire brain, including the brain stem, and, in the opinion of such physician, based
 3648 on the ordinary standards of medical practice and considering the irreversible cessation of all functions
 3649 of the entire brain, including the brain stem, and the patient's medical record, further attempts at
 3650 resuscitation or continued supportive maintenance would not be successful in restoring such functions,
 3651 and, in such event, death shall be deemed to have occurred at the time when all such functions have
 3652 ceased.

3653 C. A registered nurse, a physician assistant, or *an advanced practice registered nurse practitioner*
 3654 who is not an autonomous nurse practitioner may pronounce death if the following criteria are satisfied:
 3655 (i) the nurse is employed by or the physician assistant or *advanced practice registered nurse practitioner*

who is not an autonomous nurse practitioner works at (a) a home care organization as defined in § 32.1-162.7, (b) a hospice as defined in § 32.1-162.1, (c) a hospital or nursing home as defined in § 32.1-123, including state-operated hospitals for the purposes of this section, (d) the Department of Corrections, or (e) a continuing care retirement community registered with the State Corporation Commission pursuant to Chapter 49 (§ 38.2-4900 et seq.) of Title 38.2; (ii) the nurse, physician assistant, or *advanced practice registered nurse practitioner* who is not an autonomous nurse practitioner is directly involved in the care of the patient; (iii) the patient's death has occurred; (iv) the patient is under the care of a physician or autonomous nurse practitioner when his death occurs; (v) the patient's death has been anticipated; and (vi) the physician or autonomous nurse practitioner is unable to be present within a reasonable period of time to determine death. A licensed practical nurse may pronounce death for a patient in hospice pursuant to a valid Do Not Resuscitate Order issued in accordance with § 54.1-2987.1. The nurse, licensed practical nurse, physician assistant, or *advanced practice registered nurse practitioner* who is not an autonomous nurse practitioner shall inform the patient's attending and consulting physician or autonomous nurse practitioner of the patient's death as soon as practicable.

The nurse, licensed practical nurse, physician assistant, or *advanced practice registered nurse practitioner* who is not an autonomous nurse practitioner shall have the authority to pronounce death in accordance with such procedural regulations, if any, as may be promulgated by the Board of Medicine; however, if the circumstances of the death are not anticipated or the death requires an investigation by the Office of the Chief Medical Examiner, such nurse, licensed practical nurse, physician assistant, or *advanced practice registered nurse practitioner* shall notify the Office of the Chief Medical Examiner of the death and the body shall not be released to the funeral director.

This subsection shall not authorize a nurse, licensed practical nurse, physician assistant, or *advanced practice registered nurse practitioner* who is not an autonomous nurse practitioner to determine the cause of death. Determination of cause of death shall continue to be the responsibility of the attending physician or autonomous nurse practitioner, except as provided in § 32.1-263. Further, this subsection shall not be construed to impose any obligation to carry out the functions of this subsection.

This subsection shall not relieve any registered nurse, licensed practical nurse, physician assistant, or nurse practitioner who is not an autonomous nurse practitioner from any civil or criminal liability that might otherwise be incurred for failure to follow statutes or Board of Nursing or Board of Medicine regulations.

D. The alternative definitions of death provided in subdivisions B 1 and 2 may be utilized for all purposes in the Commonwealth, including the trial of civil and criminal cases.

§ 54.1-2973.1. Practice of laser hair removal.

The practice of laser hair removal shall be performed by a properly trained person licensed to practice medicine or osteopathic medicine or a physician assistant as authorized pursuant to § 54.1-2952 or a *an advanced practice registered nurse practitioner* as authorized pursuant to § 54.1-2957 or by a properly trained person under the direction and supervision of a licensed doctor of medicine or osteopathic medicine or a physician assistant as authorized pursuant to § 54.1-2952 or a *an advanced practice registered nurse practitioner* as authorized pursuant to § 54.1-2957 who may delegate such practice in accordance with subdivision A 6 of § 54.1-2901.

§ 54.1-2983.2. Capacity; required determinations.

A. Every adult shall be presumed to be capable of making an informed decision unless he is determined to be incapable of making an informed decision in accordance with this article. A determination that a patient is incapable of making an informed decision may apply to a particular health care decision, to a specified set of health care decisions, or to all health care decisions. No person shall be deemed incapable of making an informed decision based solely on a particular clinical diagnosis.

B. Except as provided in subsection C, prior to providing, continuing, withholding, or withdrawing health care pursuant to an authorization that has been obtained or will be sought pursuant to this article and prior to, or as soon as reasonably practicable after initiating health care for which authorization has been obtained or will be sought pursuant to this article, and no less frequently than every 180 days while the need for health care continues, the attending physician shall certify in writing upon personal examination of the patient that the patient is incapable of making an informed decision regarding health care and shall obtain written certification from a capacity reviewer that, based upon a personal examination of the patient, the patient is incapable of making an informed decision. However, certification by a capacity reviewer shall not be required if the patient is unconscious or experiencing a profound impairment of consciousness due to trauma, stroke, or other acute physiological condition. The capacity reviewer providing written certification that a patient is incapable of making an informed decision, if required, shall not be otherwise currently involved in the treatment of the person assessed, unless an independent capacity reviewer is not reasonably available. The cost of the assessment shall be considered for all purposes a cost of the patient's health care.

3717 C. If a person has executed an advance directive granting an agent the authority to consent to the
 3718 person's admission to a facility as defined in § 37.2-100 for mental health treatment and if the advance
 3719 directive so authorizes, the person's agent may exercise such authority after a determination that the
 3720 person is incapable of making an informed decision regarding such admission has been made by (i) the
 3721 attending physician, (ii) a psychiatrist or licensed clinical psychologist, (iii) a licensed *advanced practice*
 3722 *registered nurse practitioner*, (iv) a licensed physician assistant, (v) a licensed clinical social worker, or
 3723 (vi) a designee of the local community services board as defined in § 37.2-809. Such determination shall
 3724 be made in writing following an in-person examination of the person and certified by the physician,
 3725 psychiatrist, licensed clinical psychologist, licensed *advanced practice registered nurse practitioner*,
 3726 licensed physician assistant, licensed clinical social worker, or designee of the local community services
 3727 board who performed the examination prior to admission or as soon as reasonably practicable thereafter.
 3728 Admission of a person to a facility as defined in § 37.2-100 for mental health treatment upon the
 3729 authorization of the person's agent shall be subject to the requirements of § 37.2-805.1. When a person
 3730 has been admitted to a facility for mental health treatment upon the authorization of an agent following
 3731 such a determination, such agent may authorize specific health care for the person, consistent with the
 3732 provisions of the person's advance directive, only upon a determination that the person is incapable of
 3733 making an informed decision regarding such health care in accordance with subsection B.

3734 D. If, at any time, a patient is determined to be incapable of making an informed decision, the
 3735 patient shall be notified, as soon as practical and to the extent he is capable of receiving such notice,
 3736 that such determination has been made before providing, continuing, withholding, or withdrawing health
 3737 care as authorized by this article. Such notice shall also be provided, as soon as practical, to the patient's
 3738 agent or person authorized by § 54.1-2986 to make health care decisions on his behalf.

3739 E. A single physician may, at any time, upon personal evaluation, determine that a patient who has
 3740 previously been determined to be incapable of making an informed decision is now capable of making
 3741 an informed decision, provided such determination is set forth in writing.

3742 **§ 54.1-2986.2. Health care decisions in the event of patient protest.**

3743 A. Except as provided in subsection B or C, the provisions of this article shall not authorize
 3744 providing, continuing, withholding or withdrawing health care if the patient's attending physician knows
 3745 that such action is protested by the patient.

3746 B. A patient's agent may make a health care decision over the protest of a patient who is incapable
 3747 of making an informed decision if:

3748 1. The patient's advance directive explicitly authorizes the patient's agent to make the health care
 3749 decision at issue, even over the patient's later protest, and an attending licensed physician, a licensed
 3750 clinical psychologist, a licensed physician assistant, a licensed *advanced practice registered nurse*
 3751 *practitioner*, a licensed professional counselor, or a licensed clinical social worker who is familiar with
 3752 the patient attested in writing at the time the advance directive was made that the patient was capable of
 3753 making an informed decision and understood the consequences of the provision;

3754 2. The decision does not involve withholding or withdrawing life-prolonging procedures; and

3755 3. The health care that is to be provided, continued, withheld or withdrawn is determined and
 3756 documented by the patient's attending physician to be medically appropriate and is otherwise permitted
 3757 by law.

3758 C. In cases in which a patient has not explicitly authorized his agent to make the health care decision
 3759 at issue over the patient's later protest, a patient's agent or person authorized to make decisions pursuant
 3760 to § 54.1-2986 may make a decision over the protest of a patient who is incapable of making an
 3761 informed decision if:

3762 1. The decision does not involve withholding or withdrawing life-prolonging procedures;

3763 2. The decision does not involve (i) admission to a facility as defined in § 37.2-100 or (ii) treatment
 3764 or care that is subject to regulations adopted pursuant to § 37.2-400;

3765 3. The health care decision is based, to the extent known, on the patient's religious beliefs and basic
 3766 values and on any preferences previously expressed by the patient in an advance directive or otherwise
 3767 regarding such health care or, if they are unknown, is in the patient's best interests;

3768 4. The health care that is to be provided, continued, withheld, or withdrawn has been determined and
 3769 documented by the patient's attending physician to be medically appropriate and is otherwise permitted
 3770 by law; and

3771 5. The health care that is to be provided, continued, withheld, or withdrawn has been affirmed and
 3772 documented as being ethically acceptable by the health care facility's patient care consulting committee,
 3773 if one exists, or otherwise by two physicians not currently involved in the patient's care or in the
 3774 determination of the patient's capacity to make health care decisions.

3775 D. A patient's protest shall not revoke the patient's advance directive unless it meets the requirements
 3776 of § 54.1-2985.

3777 E. If a patient protests the authority of a named agent or any person authorized to make health care

decisions by § 54.1-2986, except for the patient's guardian, the protested individual shall have no authority under this article to make health care decisions on his behalf unless the patient's advance directive explicitly confers continuing authority on his agent, even over his later protest. If the protested individual is denied authority under this subsection, authority to make health care decisions shall be determined by any other provisions of the patient's advance directive, or in accordance with § 54.1-2986 or in accordance with any other provision of law.

§ 54.1-3000. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Advanced practice registered nurse" means a ~~registered nurse who~~ *certified nurse midwife, certified registered nurse anesthetist, clinical nurse specialist, or nurse practitioner who is jointly licensed by the Boards of Medicine and Nursing pursuant to § 54.1-2957*, has completed an advanced graduate-level education program in a specialty category of nursing, and has passed a national certifying examination for that specialty.

"Board" means the Board of Nursing.

"Certified nurse aide" means a person who meets the qualifications specified in this article and who is currently certified by the Board.

"Massage therapist" means a person who meets the qualifications specified in this chapter and who is currently licensed by the Board.

"Massage therapy" means the treatment of soft tissues for therapeutic purposes by the application of massage and bodywork techniques based on the manipulation or application of pressure to the muscular structure or soft tissues of the human body. The term "massage therapy" does not include the diagnosis or treatment of illness or disease or any service or procedure for which a license to practice medicine, nursing, midwifery, chiropractic, physical therapy, occupational therapy, acupuncture, athletic training, or podiatry is required by law or any service described in subdivision A 18 of § 54.1-3001.

"Massage therapy" shall not include manipulation of the spine or joints.

"Nurse practitioner" means an advanced practice registered nurse who is jointly licensed by the Boards of Medicine and Nursing pursuant to § 54.1-2957.

"Practical nurse" or "licensed practical nurse" means a person who is licensed or holds a multistate licensure privilege under the provisions of this chapter to practice practical nursing as defined in this section. Such a licensee shall be empowered to provide nursing services without compensation. The abbreviation "L.P.N." shall stand for such terms.

"Practical nursing" or "licensed practical nursing" means the performance for compensation of selected nursing acts in the care of individuals or groups who are ill, injured, or experiencing changes in normal health processes; in the maintenance of health; in the prevention of illness or disease; or, subject to such regulations as the Board may promulgate, in the teaching of those who are or will be nurse aides. Practical nursing or licensed practical nursing requires knowledge, judgment and skill in nursing procedures gained through prescribed education. Practical nursing or licensed practical nursing is performed under the direction or supervision of a licensed medical practitioner, a professional nurse, registered nurse or registered professional nurse or other licensed health professional authorized by regulations of the Board.

"Practice of a nurse aide" or "nurse aide practice" means the performance of services requiring the education, training, and skills specified in this chapter for certification as a nurse aide. Such services are performed under the supervision of a dentist, physician, podiatrist, professional nurse, licensed practical nurse, or other licensed health care professional acting within the scope of the requirements of his profession.

"Professional nurse," "registered nurse" or "registered professional nurse" means a person who is licensed or holds a multistate licensure privilege under the provisions of this chapter to practice professional nursing as defined in this section. Such a licensee shall be empowered to provide professional services without compensation, to promote health and to teach health to individuals and groups. The abbreviation "R.N." shall stand for such terms.

"Professional nursing," "registered nursing" or "registered professional nursing" means the performance for compensation of any nursing acts in the observation, care and counsel of individuals or groups who are ill, injured or experiencing changes in normal health processes or the maintenance of health; in the prevention of illness or disease; in the supervision and teaching of those who are or will be involved in nursing care; in the delegation of selected nursing tasks and procedures to appropriately trained unlicensed persons as determined by the Board; or in the administration of medications and treatments as prescribed by any person authorized by law to prescribe such medications and treatment. Professional nursing, registered nursing and registered professional nursing require specialized education, judgment, and skill based upon knowledge and application of principles from the biological, physical, social, behavioral and nursing sciences.

§ 54.1-3002. Board of Nursing; membership; terms; meetings; quorum; administrative officer.

3839 The Board of Nursing shall consist of 14 members as follows: eight registered nurses, at least two of
 3840 whom are licensed ~~nurse practitioners~~ *advanced practice registered nurses*; two licensed practical nurses;
 3841 three citizen members; and one member who shall be a registered nurse or a licensed practical nurse.
 3842 The terms of office of the Board shall be four years.

3843 The Board shall meet at least annually and shall elect officers from its membership. It may hold such
 3844 other meetings as may be necessary to perform its duties. A majority of the Board including one of its
 3845 officers shall constitute a quorum for the conduct of business at any meeting. Special meetings of the
 3846 Board shall be called by the administrative officer upon written request of two members.

3847 The Board shall have an administrative officer who shall be a registered nurse.

3848 **§ 54.1-3005. Specific powers and duties of Board.**

3849 In addition to the general powers and duties conferred in this title, the Board shall have the
 3850 following specific powers and duties:

3851 1. To prescribe minimum standards and approve curricula for educational programs preparing persons
 3852 for licensure, certification, or registration under this chapter;

3853 2. To approve programs that meet the requirements of this chapter and of the Board;

3854 3. To provide consultation service for educational programs as requested;

3855 4. To provide for periodic surveys of educational or training programs;

3856 5. To deny or withdraw approval from educational or training programs for failure to meet prescribed
 3857 standards;

3858 6. To provide consultation regarding nursing practice for institutions and agencies as requested and
 3859 investigate illegal nursing practices;

3860 7. To keep a record of all its proceedings;

3861 8. To certify and maintain a registry of all certified nurse aides and to promulgate regulations
 3862 consistent with federal law and regulation. The Board shall require all schools to demonstrate their
 3863 compliance with § 54.1-3006.2 upon application for approval or reapproval, during an on-site visit, or in
 3864 response to a complaint or a report of noncompliance. The Board may impose a fee pursuant to
 3865 § 54.1-2401 for any violation thereof. Such regulations may include standards for the authority of
 3866 licensed practical nurses to teach nurse aides;

3867 9. To maintain a registry of clinical nurse specialists and to promulgate regulations governing clinical
 3868 nurse specialists;

3869 10. To license and maintain a registry of all licensed massage therapists and to promulgate
 3870 regulations governing the criteria for licensure as a massage therapist and the standards of professional
 3871 conduct for licensed massage therapists;

3872 11. To promulgate regulations for the delegation of certain nursing tasks and procedures not
 3873 involving assessment, evaluation or nursing judgment to an appropriately trained unlicensed person by
 3874 and under the supervision of a registered nurse, who retains responsibility and accountability for such
 3875 delegation;

3876 12. To develop and revise as may be necessary, in coordination with the Boards of Medicine and
 3877 Education, guidelines for the training of employees of a school board in the administration of insulin
 3878 and glucagon for the purpose of assisting with routine insulin injections and providing emergency
 3879 treatment for life-threatening hypoglycemia. The first set of such guidelines shall be finalized by
 3880 September 1, 1999, and shall be made available to local school boards for a fee not to exceed the costs
 3881 of publication;

3882 13. To enter into the Nurse Licensure Compact as set forth in this chapter and to promulgate
 3883 regulations for its implementation;

3884 14. To collect, store and make available nursing workforce information regarding the various
 3885 categories of nurses certified, licensed or registered pursuant to § 54.1-3012.1;

3886 15. To expedite application processing, to the extent possible, pursuant to § 54.1-119 for an applicant
 3887 for licensure or certification by the Board upon submission of evidence that the applicant, who is
 3888 licensed or certified in another state, is relocating to the Commonwealth pursuant to a spouse's official
 3889 military orders;

3890 16. To register medication aides and promulgate regulations governing the criteria for such
 3891 registration and standards of conduct for medication aides;

3892 17. To approve training programs for medication aides to include requirements for instructional
 3893 personnel, curriculum, continuing education, and a competency evaluation;

3894 18. To set guidelines for the collection of data by all approved nursing education programs and to
 3895 compile this data in an annual report. The data shall include but not be limited to enrollment, graduation
 3896 rate, attrition rate, and number of qualified applicants who are denied admission;

3897 19. To develop, in consultation with the Board of Pharmacy, guidelines for the training of employees
 3898 of child day programs as defined in § 22.1-289.02 and regulated by the Board of Education in the
 3899 administration of prescription drugs as defined in the Drug Control Act (§ 54.1-3400 et seq.). Such

training programs shall be taught by a registered nurse, licensed practical nurse, doctor of medicine or osteopathic medicine, or pharmacist;

20. In order to protect the privacy and security of health professionals licensed, registered or certified under this chapter, to promulgate regulations permitting use on identification badges of first name and first letter only of last name and appropriate title when practicing in hospital emergency departments, in psychiatric and mental health units and programs, or in health care facility units offering treatment for patients in custody of state or local law-enforcement agencies;

21. To revise, as may be necessary, guidelines for seizure management, in coordination with the Board of Medicine, including the list of rescue medications for students with epilepsy and other seizure disorders in the public schools. The revised guidelines shall be finalized and made available to the Board of Education by August 1, 2010. The guidelines shall then be posted on the Department of Education's website; and

22. To promulgate, together with the Board of Medicine, regulations governing the licensure of ~~nurse practitioners~~ *advanced practice registered nurses* pursuant to § 54.1-2957 and the licensure of licensed certified midwives pursuant to § 54.1-2957.04.

§ 54.1-3016.1. Correctional health assistants.

Licensed practical nurses, registered nurses, and ~~nurse practitioners~~ *advanced practice registered nurses* may practice as correctional health assistants pursuant to § 54.1-2901.

§ 54.1-3300. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Board" means the Board of Pharmacy.

"Collaborative agreement" means a voluntary, written, or electronic arrangement between one pharmacist and his designated alternate pharmacists involved directly in patient care at a single physical location where patients receive services and (i) any person licensed to practice medicine, osteopathy, or podiatry together with any person licensed, registered, or certified by a health regulatory board of the Department of Health Professions who provides health care services to patients of such person licensed to practice medicine, osteopathy, or podiatry; (ii) a physician's office as defined in § 32.1-276.3, provided that such collaborative agreement is signed by each physician participating in the collaborative agreement; (iii) any licensed physician assistant working under the supervision of a person licensed to practice medicine, osteopathy, or podiatry; or (iv) any licensed *advanced practice registered nurse practitioner* working in accordance with the provisions of § 54.1-2957, involved directly in patient care which authorizes cooperative procedures with respect to patients of such practitioners. Collaborative procedures shall be related to treatment using drug therapy, laboratory tests, or medical devices, under defined conditions or limitations, for the purpose of improving patient outcomes. A collaborative agreement is not required for the management of patients of an inpatient facility.

"Dispense" means to deliver a drug to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including the prescribing and administering, packaging, labeling, or compounding necessary to prepare the substance for delivery.

"Pharmacist" means a person holding a license issued by the Board to practice pharmacy.

"Pharmacy" means every establishment or institution in which drugs, medicines, or medicinal chemicals are dispensed or offered for sale, or a sign is displayed bearing the word or words "pharmacist," "pharmacy," "apothecary," "drugstore," "druggist," "drugs," "medicine store," "drug sundries," "prescriptions filled," or any similar words intended to indicate that the practice of pharmacy is being conducted.

"Pharmacy intern" means a student currently enrolled in or a graduate of an approved school of pharmacy who is registered with the Board for the purpose of gaining the practical experience required to apply for licensure as a pharmacist.

"Pharmacy technician" means a person registered with the Board to assist a pharmacist under the pharmacist's supervision.

"Pharmacy technician trainee" means a person registered with the Board for the purpose of performing duties restricted to a pharmacy technician as part of a pharmacy technician training program in accordance with the provisions of subsection G of § 54.1-3321.

"Practice of pharmacy" means the personal health service that is concerned with the art and science of selecting, procuring, recommending, administering, preparing, compounding, packaging, and dispensing of drugs, medicines, and devices used in the diagnosis, treatment, or prevention of disease, whether compounded or dispensed on a prescription or otherwise legally dispensed or distributed, and shall include (i) the proper and safe storage and distribution of drugs; (ii) the maintenance of proper records; (iii) the responsibility of providing information concerning drugs and medicines and their therapeutic values and uses in the treatment and prevention of disease; (iv) the management of patient care under the terms of a collaborative agreement as defined in this section; and (v) the initiating of treatment with or dispensing or administering of certain drugs, devices, or controlled paraphernalia in

3961 accordance with the provisions of § 54.1-3303.1.

3962 "Supervision" means the direction and control by a pharmacist of the activities of a pharmacy intern
 3963 or a pharmacy technician whereby the supervising pharmacist is physically present in the pharmacy or in
 3964 the facility in which the pharmacy is located when the intern or technician is performing duties
 3965 restricted to a pharmacy intern or technician, respectively, and is available for immediate oral
 3966 communication.

3967 Other terms used in the context of this chapter shall be defined as provided in Chapter 34
 3968 (§ 54.1-3400 et seq.) unless the context requires a different meaning.

3969 **§ 54.1-3300.1. Participation in collaborative agreements; regulations to be promulgated by the**
 3970 **Boards of Medicine and Pharmacy.**

3971 A. A pharmacist and his designated alternate pharmacists involved directly in patient care may
 3972 participate with (i) any person licensed to practice medicine, osteopathy, or podiatry together with any
 3973 person licensed, registered, or certified by a health regulatory board of the Department of Health
 3974 Professions who provides health care services to patients of such person licensed to practice medicine,
 3975 osteopathy, or podiatry; (ii) a physician's office as defined in § 32.1-276.3, provided that such
 3976 collaborative agreement is signed by each physician participating in the collaborative agreement; (iii) any
 3977 licensed physician assistant working in accordance with the provisions of § 54.1-2951.1; or (iv) any
 3978 licensed *advanced practice registered nurse practitioner* working in accordance with the provisions of
 3979 § 54.1-2957, involved directly in patient care in collaborative agreements which authorize cooperative
 3980 procedures related to treatment using drug therapy, laboratory tests, or medical devices, under defined
 3981 conditions or limitations, for the purpose of improving patient outcomes for patients who meet the
 3982 criteria set forth in the collaborative agreement. However, no person licensed to practice medicine,
 3983 osteopathy, or podiatry, or licensed as a *an advanced practice registered nurse practitioner* or physician
 3984 assistant, shall be required to participate in a collaborative agreement with a pharmacist and his
 3985 designated alternate pharmacists, regardless of whether a professional business entity on behalf of which
 3986 the person is authorized to act enters into a collaborative agreement with a pharmacist and his
 3987 designated alternate pharmacists.

3988 B. A patient who meets the criteria for inclusion in the category of patients whose care is subject to
 3989 a collaborative agreement and who chooses to not participate in a collaborative procedure shall notify
 3990 the prescriber of his refusal to participate in such collaborative procedure. A prescriber may elect to
 3991 have a patient not participate in a collaborative procedure by contacting the pharmacist or his designated
 3992 alternative pharmacists or by documenting the same on the patient's prescription.

3993 C. Collaborative agreements may include the implementation, modification, continuation, or
 3994 discontinuation of drug therapy pursuant to written or electronic protocols, provided implementation of
 3995 drug therapy occurs following diagnosis by the prescriber; the ordering of laboratory tests; or other
 3996 patient care management measures related to monitoring or improving the outcomes of drug or device
 3997 therapy. No such collaborative agreement shall exceed the scope of practice of the respective parties.
 3998 Any pharmacist who deviates from or practices in a manner inconsistent with the terms of a
 3999 collaborative agreement shall be in violation of § 54.1-2902; such violation shall constitute grounds for
 4000 disciplinary action pursuant to §§ 54.1-2400 and 54.1-3316.

4001 D. Collaborative agreements may only be used for conditions which have protocols that are clinically
 4002 accepted as the standard of care, or are approved by the Boards of Medicine and Pharmacy. The Boards
 4003 of Medicine and Pharmacy shall jointly develop and promulgate regulations to implement the provisions
 4004 of this section and to facilitate the development and implementation of safe and effective collaborative
 4005 agreements between the appropriate practitioners and pharmacists. The regulations shall include
 4006 guidelines concerning the use of protocols, and a procedure to allow for the approval or disapproval of
 4007 specific protocols by the Boards of Medicine and Pharmacy if review is requested by a practitioner or
 4008 pharmacist.

4009 E. Nothing in this section shall be construed to supersede the provisions of § 54.1-3303.

4010 **§ 54.1-3301. Exceptions.**

4011 This chapter shall not be construed to:

4012 1. Interfere with any legally qualified practitioner of dentistry, or veterinary medicine or any
 4013 physician acting on behalf of the Virginia Department of Health or local health departments, in the
 4014 compounding of his prescriptions or the purchase and possession of drugs as he may require;

4015 2. Prevent any legally qualified practitioner of dentistry, or veterinary medicine or any prescriber, as
 4016 defined in § 54.1-3401, acting on behalf of the Virginia Department of Health or local health
 4017 departments, from administering or supplying to his patients the medicines that he deems proper under
 4018 the conditions of § 54.1-3303 or from causing drugs to be administered or dispensed pursuant to
 4019 §§ 32.1-42.1 and 54.1-3408, except that a veterinarian shall only be authorized to dispense a
 4020 compounded drug, distributed from a pharmacy, when (i) the animal is his own patient, (ii) the animal is
 4021 a companion animal as defined in regulations promulgated by the Board of Veterinary Medicine, (iii) the

quantity dispensed is no more than a seven-day supply, (iv) the compounded drug is for the treatment of an emergency condition, and (v) timely access to a compounding pharmacy is not available, as determined by the prescribing veterinarian;

3. Prohibit the sale by merchants and retail dealers of proprietary medicines as defined in Chapter 34 (§ 54.1-3400 et seq.) of this title;

4. Prevent the operation of automated drug dispensing systems in hospitals pursuant to Chapter 34 (§ 54.1-3400 et seq.) of this title;

5. Prohibit the employment of ancillary personnel to assist a pharmacist as provided in the regulations of the Board;

6. Interfere with any legally qualified practitioner of medicine, osteopathy, or podiatry from purchasing, possessing or administering controlled substances to his own patients or providing controlled substances to his own patients in a bona fide medical emergency or providing manufacturers' professional samples to his own patients;

7. Interfere with any legally qualified practitioner of optometry, certified or licensed to use diagnostic pharmaceutical agents, from purchasing, possessing or administering those controlled substances as specified in § 54.1-3221 or interfere with any legally qualified practitioner of optometry certified to prescribe therapeutic pharmaceutical agents from purchasing, possessing, or administering to his own patients those controlled substances as specified in § 54.1-3222 and the TPA formulary, providing manufacturers' samples of these drugs to his own patients, or dispensing, administering, or selling ophthalmic devices as authorized in § 54.1-3204;

8. Interfere with any physician assistant with prescriptive authority receiving and dispensing to his own patients manufacturers' professional samples of controlled substances and devices that he is authorized, in compliance with the provisions of § 54.1-2952.1, to prescribe according to his practice setting and a written agreement with a physician or podiatrist;

9. Interfere with any licensed *advanced practice registered nurse practitioner* with prescriptive authority receiving and dispensing to his own patients manufacturers' professional samples of controlled substances and devices that he is authorized, in compliance with the provisions of § 54.1-2957.01, to prescribe;

10. Interfere with any legally qualified practitioner of medicine or osteopathy participating in an indigent patient program offered by a pharmaceutical manufacturer in which the practitioner sends a prescription for one of his own patients to the manufacturer, and the manufacturer donates a stock bottle of the prescription drug ordered at no cost to the practitioner or patient. The practitioner may dispense such medication at no cost to the patient without holding a license to dispense from the Board of Pharmacy. However, the container in which the drug is dispensed shall be labeled in accordance with the requirements of § 54.1-3410, and, unless directed otherwise by the practitioner or the patient, shall meet standards for special packaging as set forth in § 54.1-3426 and Board of Pharmacy regulations. In lieu of dispensing directly to the patient, a practitioner may transfer the donated drug with a valid prescription to a pharmacy for dispensing to the patient. The practitioner or pharmacy participating in the program shall not use the donated drug for any purpose other than dispensing to the patient for whom it was originally donated, except as authorized by the donating manufacturer for another patient meeting that manufacturer's requirements for the indigent patient program. Neither the practitioner nor the pharmacy shall charge the patient for any medication provided through a manufacturer's indigent patient program pursuant to this subdivision. A participating pharmacy, including a pharmacy participating in bulk donation programs, may charge a reasonable dispensing or administrative fee to offset the cost of dispensing, not to exceed the actual costs of such dispensing. However, if the patient is unable to pay such fee, the dispensing or administrative fee shall be waived;

11. Interfere with any legally qualified practitioner of medicine or osteopathy from providing controlled substances to his own patients in a free clinic without charge when such controlled substances are donated by an entity other than a pharmaceutical manufacturer as authorized by subdivision 10. The practitioner shall first obtain a controlled substances registration from the Board and shall comply with the labeling and packaging requirements of this chapter and the Board's regulations; or

12. Prevent any pharmacist from providing free health care to an underserved population in Virginia who (i) does not regularly practice pharmacy in Virginia, (ii) holds a current valid license or certificate to practice pharmacy in another state, territory, district or possession of the United States, (iii) volunteers to provide free health care to an underserved area of this Commonwealth under the auspices of a publicly supported all volunteer, nonprofit organization that sponsors the provision of health care to populations of underserved people, (iv) files a copy of the license or certificate issued in such other jurisdiction with the Board, (v) notifies the Board at least five business days prior to the voluntary provision of services of the dates and location of such service, and (vi) acknowledges, in writing, that such licensure exemption shall only be valid, in compliance with the Board's regulations, during the limited period that such free health care is made available through the volunteer, nonprofit organization

on the dates and at the location filed with the Board. The Board may deny the right to practice in Virginia to any pharmacist whose license has been previously suspended or revoked, who has been convicted of a felony or who is otherwise found to be in violation of applicable laws or regulations. However, the Board shall allow a pharmacist who meets the above criteria to provide volunteer services without prior notice for a period of up to three days, provided the nonprofit organization verifies that the practitioner has a valid, unrestricted license in another state.

This section shall not be construed as exempting any person from the licensure, registration, permitting and record keeping requirements of this chapter or Chapter 34 of this title.

§ 54.1-3303. Prescriptions to be issued and drugs to be dispensed for medical or therapeutic purposes only.

A. A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances, a licensed *advanced practice registered nurse* practitioner pursuant to § 54.1-2957.01, a licensed certified midwife pursuant to § 54.1-2957.04, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32.

B. A prescription shall be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship or veterinarian-client-patient relationship. If a practitioner is providing expedited partner therapy consistent with the recommendations of the Centers for Disease Control and Prevention, then a bona fide practitioner-patient relationship shall not be required.

A bona fide practitioner-patient relationship shall exist if the practitioner has (i) obtained or caused to be obtained a medical or drug history of the patient; (ii) provided information to the patient about the benefits and risks of the drug being prescribed; (iii) performed or caused to be performed an appropriate examination of the patient, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically; and (iv) initiated additional interventions and follow-up care, if necessary, especially if a prescribed drug may have serious side effects. Except in cases involving a medical emergency, the examination required pursuant to clause (iii) shall be performed by the practitioner prescribing the controlled substance, a practitioner who practices in the same group as the practitioner prescribing the controlled substance, or a consulting practitioner.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient.

A practitioner who has established a bona fide practitioner-patient relationship with a patient in accordance with the provisions of this subsection may prescribe Schedule II through VI controlled substances to that patient via telemedicine if such prescribing is in compliance with federal requirements for the practice of telemedicine and, in the case of the prescribing of a Schedule II through V controlled substance, the prescriber maintains a practice at a physical location in the Commonwealth or is able to make appropriate referral of patients to a licensed practitioner located in the Commonwealth in order to ensure an in-person examination of the patient when required by the standard of care.

A prescriber may establish a bona fide practitioner-patient relationship for the purpose of prescribing Schedule II through VI controlled substances by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies when all of the following conditions are met: (a) the patient has provided a medical history that is available for review by the prescriber; (b) the prescriber obtains an updated medical history at the time of prescribing; (c) the prescriber makes a diagnosis at the time of prescribing; (d) the prescriber conforms to the standard of care expected of in-person care as appropriate to the patient's age and presenting condition, including when the standard of care requires the use of diagnostic testing and performance of a physical examination, which may be carried out through the use of peripheral devices appropriate to the patient's condition; (e) the prescriber is actively licensed in the Commonwealth and authorized to prescribe; (f) if the patient is a member or enrollee of a health plan or carrier, the prescriber has been credentialed by the health plan or carrier as a participating provider and the diagnosing and prescribing meets the qualifications for reimbursement by the health plan or carrier pursuant to § 38.2-3418.16; (g) upon request, the prescriber provides patient records in a timely manner in accordance with the provisions of § 32.1-127.1:03 and all other state and federal laws and regulations; (h) the establishment of a bona fide practitioner-patient relationship via telemedicine is consistent with the standard of care, and the standard of care does not require an in-person examination for the purpose of diagnosis; and (i) the establishment of a bona fide practitioner patient relationship via telemedicine is consistent with federal law and regulations and any waiver thereof. Nothing in this paragraph shall apply to (1) a prescriber providing on-call coverage per an agreement with another prescriber or his prescriber's professional entity or employer; (2) a prescriber consulting with another prescriber regarding a patient's care; or (3) orders of prescribers for hospital out-patients or in-patients.

For purposes of this section, a bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal as defined in § 3.2-6500, other than an equine as defined in § 3.2-6200, a group of agricultural animals as defined in § 3.2-6500, or bees as defined in § 3.2-4400, and a client who is the owner or other caretaker of the animal, group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian. Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian (A) has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees; (B) has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and (C) is available to provide follow-up care.

C. A prescription shall only be issued for a medicinal or therapeutic purpose in the usual course of treatment or for authorized research. A prescription not issued in the usual course of treatment or for authorized research is not a valid prescription. A practitioner who prescribes any controlled substance with the knowledge that the controlled substance will be used otherwise than for medicinal or therapeutic purposes shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the distribution or possession of controlled substances.

D. No prescription shall be filled unless a bona fide practitioner-patient-pharmacist relationship exists. A bona fide practitioner-patient-pharmacist relationship shall exist in cases in which a practitioner prescribes, and a pharmacist dispenses, controlled substances in good faith to a patient for a medicinal or therapeutic purpose within the course of his professional practice.

In cases in which it is not clear to a pharmacist that a bona fide practitioner-patient relationship exists between a prescriber and a patient, a pharmacist shall contact the prescribing practitioner or his agent and verify the identity of the patient and name and quantity of the drug prescribed.

Any person knowingly filling an invalid prescription shall be subject to the criminal penalties provided in § 18.2-248 for violations of the provisions of law relating to the sale, distribution or possession of controlled substances.

E. Notwithstanding any provision of law to the contrary and consistent with recommendations of the Centers for Disease Control and Prevention or the Department of Health, a practitioner may prescribe Schedule VI antibiotics and antiviral agents to other persons in close contact with a diagnosed patient when (i) the practitioner meets all requirements of a bona fide practitioner-patient relationship, as defined in subsection B, with the diagnosed patient and (ii) in the practitioner's professional judgment, the practitioner deems there is urgency to begin treatment to prevent the transmission of a communicable disease. In cases in which the practitioner is an employee of or contracted by the Department of Health or a local health department, the bona fide practitioner-patient relationship with the diagnosed patient, as required by clause (i), shall not be required.

F. A pharmacist may dispense a controlled substance pursuant to a prescription of an out-of-state practitioner of medicine, osteopathy, podiatry, dentistry, optometry, or veterinary medicine, a *an advanced practice registered nurse practitioner*, or a physician assistant authorized to issue such prescription if the prescription complies with the requirements of this chapter and the Drug Control Act (§ 54.1-3400 et seq.).

G. A licensed *advanced practice registered nurse practitioner* who is authorized to prescribe controlled substances pursuant to § 54.1-2957.01 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

H. A licensed physician assistant who is authorized to prescribe controlled substances pursuant to § 54.1-2952.1 may issue prescriptions or provide manufacturers' professional samples for controlled substances and devices as set forth in the Drug Control Act (§ 54.1-3400 et seq.) in good faith to his patient for a medicinal or therapeutic purpose within the scope of his professional practice.

I. A TPA-certified optometrist who is authorized to prescribe controlled substances pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 may issue prescriptions in good faith or provide manufacturers' professional samples to his patients for medicinal or therapeutic purposes within the scope of his professional practice for the drugs specified on the TPA-Formulary, established pursuant to

§ 54.1-3223, which shall be limited to (i) analgesics included on Schedule II controlled substances as defined in § 54.1-3448 of the Drug Control Act (§ 54.1-3400 et seq.) consisting of hydrocodone in combination with acetaminophen; (ii) oral analgesics included in Schedules III through VI, as defined in §§ 54.1-3450 and 54.1-3455 of the Drug Control Act (§ 54.1-3400 et seq.), which are appropriate to relieve ocular pain; (iii) other oral Schedule VI controlled substances, as defined in § 54.1-3455 of the Drug Control Act, appropriate to treat diseases and abnormal conditions of the human eye and its adnexa; (iv) topically applied Schedule VI drugs, as defined in § 54.1-3455 of the Drug Control Act; and (v) intramuscular administration of epinephrine for treatment of emergency cases of anaphylactic shock.

J. The requirement for a bona fide practitioner-patient relationship shall be deemed to be satisfied by a member or committee of a hospital's medical staff when approving a standing order or protocol for the administration of influenza vaccinations and pneumococcal vaccinations in a hospital in compliance with § 32.1-126.4.

K. Notwithstanding any other provision of law, a prescriber may authorize a registered nurse or licensed practical nurse to approve additional refills of a prescribed drug for no more than 90 consecutive days, provided that (i) the drug is classified as a Schedule VI drug; (ii) there are no changes in the prescribed drug, strength, or dosage; (iii) the prescriber has a current written protocol, accessible by the nurse, that identifies the conditions under which the nurse may approve additional refills; and (iv) the nurse documents in the patient's chart any refills authorized for a specific patient pursuant to the protocol and the additional refills are transmitted to a pharmacist in accordance with the allowances for an authorized agent to transmit a prescription orally or by facsimile pursuant to subsection C of § 54.1-3408.01 and regulations of the Board.

§ 54.1-3304.1. Authority to license and regulate practitioners; permits.

A. The Board of Pharmacy shall have the authority to license and regulate the dispensing of controlled substances by practitioners of the healing arts. Except as prescribed in this chapter or by Board regulations, it shall be unlawful for any practitioner of the healing arts to dispense controlled substances within the Commonwealth unless licensed by the Board to sell controlled substances.

B. Facilities from which practitioners of the healing arts dispense controlled substances shall obtain a permit from the Board and comply with the regulations for practitioners of the healing arts to sell controlled substances. Facilities in which only one practitioner of the healing arts is licensed by the Board to sell controlled substances shall be exempt from fees associated with obtaining and renewing such permit.

C. The Board of Pharmacy may issue a limited-use license for the purpose of dispensing Schedule VI controlled substances, excluding the combination of misoprostol and methotrexate, and hypodermic syringes and needles for the administration of prescribed controlled substances to a doctor of medicine, osteopathic medicine, or podiatry, a *an advanced practice registered nurse practitioner*, or a physician assistant, provided that such limited-use licensee is practicing at a nonprofit facility. Such facility shall obtain a limited-use permit from the Board and comply with regulations for such a permit.

§ 54.1-3401. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Administer" means the direct application of a controlled substance, whether by injection, inhalation, ingestion, or any other means, to the body of a patient or research subject by (i) a practitioner or by his authorized agent and under his direction or (ii) the patient or research subject at the direction and in the presence of the practitioner.

"Advertisement" means all representations disseminated in any manner or by any means, other than by labeling, for the purpose of inducing, or which are likely to induce, directly or indirectly, the purchase of drugs or devices.

"Agent" means an authorized person who acts on behalf of or at the direction of a manufacturer, distributor, or dispenser. It does not include a common or contract carrier, public warehouseman, or employee of the carrier or warehouseman.

"Anabolic steroid" means any drug or hormonal substance, chemically and pharmacologically related to testosterone, other than estrogens, progestins, corticosteroids, and dehydroepiandrosterone.

"Animal" means any nonhuman animate being endowed with the power of voluntary action.

"Automated drug dispensing system" means a mechanical or electronic system that performs operations or activities, other than compounding or administration, relating to pharmacy services, including the storage, dispensing, or distribution of drugs and the collection, control, and maintenance of all transaction information, to provide security and accountability for such drugs.

"Biological product" means a virus, therapeutic serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allergenic product, protein other than a chemically synthesized polypeptide, or analogous product, or arsphenamine or any derivative of arsphenamine or any other trivalent organic arsenic compound, applicable to the prevention, treatment, or cure of a disease or condition of human

beings.

"Biosimilar" means a biological product that is highly similar to a specific reference biological product, notwithstanding minor differences in clinically inactive compounds, such that there are no clinically meaningful differences between the reference biological product and the biological product that has been licensed as a biosimilar pursuant to 42 U.S.C. § 262(k) in terms of safety, purity, and potency of the product.

"Board" means the Board of Pharmacy.

"Bulk drug substance" means any substance that is represented for use, and that, when used in the compounding, manufacturing, processing, or packaging of a drug, becomes an active ingredient or a finished dosage form of the drug; however, "bulk drug substance" shall not include intermediates that are used in the synthesis of such substances.

"Change of ownership" of an existing entity permitted, registered, or licensed by the Board means (i) the sale or transfer of all or substantially all of the assets of the entity or of any corporation that owns or controls the entity; (ii) the creation of a partnership by a sole proprietor, the dissolution of a partnership, or change in partnership composition; (iii) the acquisition or disposal of 50 percent or more of the outstanding shares of voting stock of a corporation owning the entity or of the parent corporation of a wholly owned subsidiary owning the entity, except that this shall not apply to any corporation the voting stock of which is actively traded on any securities exchange or in any over-the-counter market; (iv) the merger of a corporation owning the entity or of the parent corporation of a wholly-owned subsidiary owning the entity with another business or corporation; or (v) the expiration or forfeiture of a corporation's charter.

"Co-licensed partner" means a person who, with at least one other person, has the right to engage in the manufacturing or marketing of a prescription drug, consistent with state and federal law.

"Compounding" means the combining of two or more ingredients to fabricate such ingredients into a single preparation and includes the mixing, assembling, packaging, or labeling of a drug or device (i) by a pharmacist, or within a permitted pharmacy, pursuant to a valid prescription issued for a medicinal or therapeutic purpose in the context of a bona fide practitioner-patient-pharmacist relationship, or in expectation of receiving a valid prescription based on observed historical patterns of prescribing and dispensing; (ii) by a practitioner of medicine, osteopathy, podiatry, dentistry, or veterinary medicine as an incident to his administering or dispensing, if authorized to dispense, a controlled substance in the course of his professional practice; or (iii) for the purpose of, or as incident to, research, teaching, or chemical analysis and not for sale or for dispensing. The mixing, diluting, or reconstituting of a manufacturer's product drugs for the purpose of administration to a patient, when performed by a practitioner of medicine or osteopathy licensed under Chapter 29 (§ 54.1-2900 et seq.), a person supervised by such practitioner pursuant to subdivision A 6 or 19 of § 54.1-2901, or a person supervised by such practitioner or a licensed *advanced practice registered nurse practitioner* or physician assistant pursuant to subdivision A 4 of § 54.1-2901 shall not be considered compounding.

"Controlled substance" means a drug, substance, or immediate precursor in Schedules I through VI of this chapter. The term shall not include distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Title 3.2 or Title 4.1. The term "controlled substance" includes a controlled substance analog that has been placed into Schedule I or II by the Board pursuant to the regulatory authority in subsection D of § 54.1-3443.

"Controlled substance analog" means a substance the chemical structure of which is substantially similar to the chemical structure of a controlled substance in Schedule I or II and either (i) which has a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance in Schedule I or II or (ii) with respect to a particular person, which such person represents or intends to have a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance in Schedule I or II. "Controlled substance analog" does not include (a) any substance for which there is an approved new drug application as defined under § 505 of the federal Food, Drug, and Cosmetic Act (21 U.S.C. § 355) or that is generally recognized as safe and effective pursuant to §§ 501, 502, and 503 of the federal Food, Drug, and Cosmetic Act (21 U.S.C. §§ 351, 352, and 353) and 21 C.F.R. Part 330; (b) with respect to a particular person, any substance for which an exemption is in effect for investigational use for that person under § 505 of the federal Food, Drug, and Cosmetic Act to the extent that the conduct with respect to that substance is pursuant to such exemption; or (c) any substance to the extent not intended for human consumption before such an exemption takes effect with respect to that substance.

"DEA" means the Drug Enforcement Administration, U.S. Department of Justice, or its successor agency.

"Deliver" or "delivery" means the actual, constructive, or attempted transfer of any item regulated by

4327 this chapter, whether or not there exists an agency relationship, including delivery of a Schedule VI
 4328 prescription device to an ultimate user or consumer on behalf of a medical equipment supplier by a
 4329 manufacturer, nonresident manufacturer, wholesale distributor, nonresident wholesale distributor,
 4330 warehouse, nonresident warehouse, third-party logistics provider, or nonresident third-party logistics
 4331 provider at the direction of a medical equipment supplier in accordance with § 54.1-3415.1.

4332 "Device" means instruments, apparatus, and contrivances, including their components, parts, and
 4333 accessories, intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in
 4334 man or animals or to affect the structure or any function of the body of man or animals.

4335 "Dialysis care technician" or "dialysis patient care technician" means an individual who is certified
 4336 by an organization approved by the Board of Health Professions pursuant to Chapter 27.01
 4337 (§ 54.1-2729.1 et seq.) and who, under the supervision of a licensed physician, *an advanced practice*
 4338 *registered nurse practitioner*, a physician assistant, or a registered nurse, assists in the care of patients
 4339 undergoing renal dialysis treatments in a Medicare-certified renal dialysis facility.

4340 "Dialysis solution" means either the commercially available, unopened, sterile solutions whose
 4341 purpose is to be instilled into the peritoneal cavity during the medical procedure known as peritoneal
 4342 dialysis, or commercially available solutions whose purpose is to be used in the performance of
 4343 hemodialysis not to include any solutions administered to the patient intravenously.

4344 "Dispense" means to deliver a drug to an ultimate user or research subject by or pursuant to the
 4345 lawful order of a practitioner, including the prescribing and administering, packaging, labeling, or
 4346 compounding necessary to prepare the substance for that delivery. However, dispensing shall not include
 4347 the transportation of drugs mixed, diluted, or reconstituted in accordance with this chapter to other sites
 4348 operated by such practitioner or that practitioner's medical practice for the purpose of administration of
 4349 such drugs to patients of the practitioner or that practitioner's medical practice at such other sites. For
 4350 practitioners of medicine or osteopathy, "dispense" shall only include the provision of drugs by a
 4351 practitioner to patients to take with them away from the practitioner's place of practice.

4352 "Dispenser" means a practitioner who dispenses.

4353 "Distribute" means to deliver other than by administering or dispensing a controlled substance.

4354 "Distributor" means a person who distributes.

4355 "Drug" means (i) articles or substances recognized in the official United States Pharmacopoeia
 4356 National Formulary or official Homeopathic Pharmacopoeia of the United States, or any supplement to
 4357 any of them; (ii) articles or substances intended for use in the diagnosis, cure, mitigation, treatment, or
 4358 prevention of disease in man or animals; (iii) articles or substances, other than food, intended to affect
 4359 the structure or any function of the body of man or animals; (iv) articles or substances intended for use
 4360 as a component of any article specified in clause (i), (ii), or (iii); or (v) a biological product. "Drug"
 4361 does not include devices or their components, parts, or accessories.

4362 "Drug product" means a specific drug in dosage form from a known source of manufacture, whether
 4363 by brand or therapeutically equivalent drug product name.

4364 "Electronic prescription" means a written prescription that is generated on an electronic application
 4365 and is transmitted to a pharmacy as an electronic data file; Schedule II through V prescriptions shall be
 4366 transmitted in accordance with 21 C.F.R. Part 1300.

4367 "Facsimile (FAX) prescription" means a written prescription or order that is transmitted by an
 4368 electronic device over telephone lines that sends the exact image to the receiving pharmacy in hard copy
 4369 form.

4370 "FDA" means the U.S. Food and Drug Administration.

4371 "Immediate precursor" means a substance which the Board of Pharmacy has found to be and by
 4372 regulation designates as being the principal compound commonly used or produced primarily for use,
 4373 and which is an immediate chemical intermediary used or likely to be used in the manufacture of a
 4374 controlled substance, the control of which is necessary to prevent, curtail, or limit manufacture.

4375 "Interchangeable" means a biosimilar that meets safety standards for determining interchangeability
 4376 pursuant to 42 U.S.C. § 262(k)(4).

4377 "Label" means a display of written, printed, or graphic matter upon the immediate container of any
 4378 article. A requirement made by or under authority of this chapter that any word, statement, or other
 4379 information appear on the label shall not be considered to be complied with unless such word,
 4380 statement, or other information also appears on the outside container or wrapper, if any, of the retail
 4381 package of such article or is easily legible through the outside container or wrapper.

4382 "Labeling" means all labels and other written, printed, or graphic matter on an article or any of its
 4383 containers or wrappers, or accompanying such article.

4384 "Manufacture" means the production, preparation, propagation, conversion, or processing of any item
 4385 regulated by this chapter, either directly or indirectly by extraction from substances of natural origin, or
 4386 independently by means of chemical synthesis, or by a combination of extraction and chemical
 4387 synthesis, and includes any packaging or repackaging of the substance or labeling or relabeling of its

container. This term does not include compounding.

"Manufacturer" means every person who manufactures, a manufacturer's co-licensed partner, or a repackager.

"Marijuana" means any part of a plant of the genus *Cannabis* whether growing or not, its seeds, or its resin; and every compound, manufacture, salt, derivative, mixture, or preparation of such plant, its seeds, its resin, or any extract containing one or more cannabinoids. Marijuana does not include the mature stalks of such plant, fiber produced from such stalk, or oil or cake made from the seeds of such plant, unless such stalks, fiber, oil, or cake is combined with other parts of plants of the genus *Cannabis*. Marijuana does not include (i) industrial hemp, as defined in § 3.2-4112, that is possessed by a person registered pursuant to subsection A of § 3.2-4115 or his agent, (ii) industrial hemp, as defined in § 3.2-4112, that is possessed by a person who holds a hemp producer license issued by the U.S. Department of Agriculture pursuant to 7 C.F.R. Part 990, or (iii) a hemp product, as defined in § 3.2-4112, containing a tetrahydrocannabinol concentration of no greater than 0.3 percent that is derived from industrial hemp, as defined in § 3.2-4112, that is grown, dealt, or processed in compliance with state or federal law.

"Medical equipment supplier" means any person, as defined in § 1-230, engaged in the delivery to the ultimate consumer, pursuant to the lawful order of a practitioner, of hypodermic syringes and needles, medicinal oxygen, Schedule VI controlled devices, those Schedule VI controlled substances with no medicinal properties that are used for the operation and cleaning of medical equipment, solutions for peritoneal dialysis, and sterile water or saline for irrigation.

"Narcotic drug" means any of the following, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis: (i) opium, opiates, and any salt, compound, derivative, or preparation of opium or opiates; (ii) any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in clause (i), but not including the isoquinoline alkaloids of opium; (iii) opium poppy and poppy straw; (iv) coca leaves and any salt, compound, derivative, or preparation of coca leaves, and any salt, compound, isomer, derivative, or preparation thereof which is chemically equivalent or identical with any of these substances, but not including decocainized coca leaves or extraction of coca leaves which do not contain cocaine or ecgonine.

"New drug" means (i) any drug, except a new animal drug or an animal feed bearing or containing a new animal drug, the composition of which is such that such drug is not generally recognized, among experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs, as safe and effective for use under the conditions prescribed, recommended, or suggested in the labeling, except that such a drug not so recognized shall not be deemed to be a "new drug" if at any time prior to the enactment of this chapter it was subject to the Food and Drugs Act of June 30, 1906, as amended, and if at such time its labeling contained the same representations concerning the conditions of its use, or (ii) any drug, except a new animal drug or an animal feed bearing or containing a new animal drug, the composition of which is such that such drug, as a result of investigations to determine its safety and effectiveness for use under such conditions, has become so recognized, but which has not, otherwise than in such investigations, been used to a material extent or for a material time under such conditions.

"Nuclear medicine technologist" means an individual who holds a current certification with the American Registry of Radiological Technologists or the Nuclear Medicine Technology Certification Board.

"Official compendium" means the official United States Pharmacopoeia National Formulary, official Homeopathic Pharmacopoeia of the United States, or any supplement to any of them.

"Official written order" means an order written on a form provided for that purpose by the U.S. Drug Enforcement Administration, under any laws of the United States making provision therefor, if such order forms are authorized and required by federal law, and if no such order form is provided then on an official form provided for that purpose by the Board of Pharmacy.

"Opiate" means any substance having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having such addiction-forming or addiction-sustaining liability. It does not include, unless specifically designated as controlled under Article 4 (§ 54.1-3437 et seq.), the dextrorotatory isomer of 3-methoxy-n-methylmorphinan and its salts (dextromethorphan). It does include its racemic and levorotatory forms.

"Opium poppy" means the plant of the species *Papaver somniferum* L., except the seeds thereof.

"Original package" means the unbroken container or wrapping in which any drug or medicine is enclosed together with label and labeling, put up by or for the manufacturer, wholesaler, or distributor for use in the delivery or display of such article.

"Outsourcing facility" means a facility that is engaged in the compounding of sterile drugs and is

4449 currently registered as an outsourcing facility with the U.S. Secretary of Health and Human Services and
 4450 that complies with all applicable requirements of federal and state law, including the Federal Food,
 4451 Drug, and Cosmetic Act.

4452 "Person" means both the plural and singular, as the case demands, and includes an individual,
 4453 partnership, corporation, association, governmental agency, trust, or other institution or entity.

4454 "Pharmacist-in-charge" means the person who, being licensed as a pharmacist, signs the application
 4455 for a pharmacy permit and assumes full legal responsibility for the operation of the relevant pharmacy in
 4456 a manner complying with the laws and regulations for the practice of pharmacy and the sale and
 4457 dispensing of controlled substances; the "pharmacist-in-charge" shall personally supervise the pharmacy
 4458 and the pharmacy's personnel as required by § 54.1-3432.

4459 "Poppy straw" means all parts, except the seeds, of the opium poppy, after mowing.

4460 "Practitioner" means a physician, dentist, licensed *advanced practice registered nurse practitioner*
 4461 pursuant to § 54.1-2957.01, licensed physician assistant pursuant to § 54.1-2952.1, pharmacist pursuant
 4462 to § 54.1-3300, TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32,
 4463 veterinarian, scientific investigator, or other person licensed, registered, or otherwise permitted to
 4464 distribute, dispense, prescribe and administer, or conduct research with respect to a controlled substance
 4465 in the course of professional practice or research in the Commonwealth.

4466 "Prescriber" means a practitioner who is authorized pursuant to §§ 54.1-3303 and 54.1-3408 to issue
 4467 a prescription.

4468 "Prescription" means an order for drugs or medical supplies, written or signed or transmitted by word
 4469 of mouth, telephone, telegraph, or other means of communication to a pharmacist by a duly licensed
 4470 physician, dentist, veterinarian, or other practitioner authorized by law to prescribe and administer such
 4471 drugs or medical supplies.

4472 "Prescription drug" means any drug required by federal law or regulation to be dispensed only
 4473 pursuant to a prescription, including finished dosage forms and active ingredients subject to § 503(b) of
 4474 the Federal Food, Drug, and Cosmetic Act (21 U.S.C. § 353(b)).

4475 "Production" or "produce" includes the manufacture, planting, cultivation, growing, or harvesting of a
 4476 controlled substance or marijuana.

4477 "Proprietary medicine" means a completely compounded nonprescription drug in its unbroken,
 4478 original package which does not contain any controlled substance or marijuana as defined in this chapter
 4479 and is not in itself poisonous, and which is sold, offered, promoted, or advertised directly to the general
 4480 public by or under the authority of the manufacturer or primary distributor, under a trademark, trade
 4481 name, or other trade symbol privately owned, and the labeling of which conforms to the requirements of
 4482 this chapter and applicable federal law. However, this definition shall not include a drug that is only
 4483 advertised or promoted professionally to licensed practitioners, a narcotic or drug containing a narcotic,
 4484 a drug that may be dispensed only upon prescription or the label of which bears substantially the
 4485 statement "Warning — may be habit-forming," or a drug intended for injection.

4486 "Radiopharmaceutical" means any drug that exhibits spontaneous disintegration of unstable nuclei
 4487 with the emission of nuclear particles or photons and includes any non-radioactive reagent kit or
 4488 radionuclide generator that is intended to be used in the preparation of any such substance, but does not
 4489 include drugs such as carbon-containing compounds or potassium-containing salts that include trace
 4490 quantities of naturally occurring radionuclides. The term also includes any biological product that is
 4491 labeled with a radionuclide or intended solely to be labeled with a radionuclide.

4492 "Reference biological product" means the single biological product licensed pursuant to 42 U.S.C.
 4493 § 262(a) against which a biological product is evaluated in an application submitted to the U.S. Food
 4494 and Drug Administration for licensure of biological products as biosimilar or interchangeable pursuant to
 4495 42 U.S.C. § 262(k).

4496 "Sale" includes barter, exchange, or gift, or offer therefor, and each such transaction made by any
 4497 person, whether as an individual, proprietor, agent, servant, or employee.

4498 "Therapeutically equivalent drug products" means drug products that contain the same active
 4499 ingredients and are identical in strength or concentration, dosage form, and route of administration and
 4500 that are classified as being therapeutically equivalent by the U.S. Food and Drug Administration
 4501 pursuant to the definition of "therapeutically equivalent drug products" set forth in the most recent
 4502 edition of the Approved Drug Products with Therapeutic Equivalence Evaluations, otherwise known as
 4503 the "Orange Book."

4504 "Third-party logistics provider" means a person that provides or coordinates warehousing of or other
 4505 logistics services for a drug or device in interstate commerce on behalf of a manufacturer, wholesale
 4506 distributor, or dispenser of the drug or device but does not take ownership of the product or have
 4507 responsibility for directing the sale or disposition of the product.

4508 "USP-NF" means the current edition of the United States Pharmacopeia-National Formulary.

4509 "Warehouser" means any person, other than a wholesale distributor, manufacturer, or third-party

logistics provider, engaged in the business of (i) selling or otherwise distributing prescription drugs or devices to any person who is not the ultimate user or consumer and (ii) delivering Schedule VI prescription devices to the ultimate user or consumer pursuant to § 54.1-3415.1. No person shall be subject to any state or local tax by reason of this definition.

"Wholesale distribution" means (i) distribution of prescription drugs to persons other than consumers or patients and (ii) delivery of Schedule VI prescription devices to the ultimate user or consumer pursuant to § 54.1-3415.1, subject to the exemptions set forth in the federal Drug Supply Chain Security Act.

"Wholesale distributor" means any person other than a manufacturer, a manufacturer's co-licensed partner, a third-party logistics provider, or a repackager that engages in wholesale distribution.

The words "drugs" and "devices" as used in Chapter 33 (§ 54.1-3300 et seq.) and in this chapter shall not include surgical or dental instruments, physical therapy equipment, X-ray apparatus, or glasses or lenses for the eyes.

The terms "pharmacist," "pharmacy," and "practice of pharmacy" as used in this chapter shall be defined as provided in Chapter 33 (§ 54.1-3300 et seq.) unless the context requires a different meaning.

§ 54.1-3408. Professional use by practitioners.

A. A practitioner of medicine, osteopathy, podiatry, dentistry, or veterinary medicine, a licensed *advanced practice registered nurse* practitioner pursuant to § 54.1-2957.01, a licensed certified midwife pursuant to § 54.1-2957.04, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 shall only prescribe, dispense, or administer controlled substances in good faith for medicinal or therapeutic purposes within the course of his professional practice.

B. The prescribing practitioner's order may be on a written prescription or pursuant to an oral prescription as authorized by this chapter. The prescriber may administer drugs and devices, or he may cause drugs or devices to be administered by:

1. A nurse, physician assistant, or intern under his direction and supervision;
2. Persons trained to administer drugs and devices to patients in state-owned or state-operated hospitals or facilities licensed as hospitals by the Board of Health or psychiatric hospitals licensed by the Department of Behavioral Health and Developmental Services who administer drugs under the control and supervision of the prescriber or a pharmacist;

3. Emergency medical services personnel certified and authorized to administer drugs and devices pursuant to regulations of the Board of Health who act within the scope of such certification and pursuant to an oral or written order or standing protocol; or

4. A licensed respiratory therapist as defined in § 54.1-2954 who administers by inhalation controlled substances used in inhalation or respiratory therapy.

C. Pursuant to an oral or written order or standing protocol, the prescriber, who is authorized by state or federal law to possess and administer radiopharmaceuticals in the scope of his practice, may authorize a nuclear medicine technologist to administer, under his supervision, radiopharmaceuticals used in the diagnosis or treatment of disease.

D. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize registered nurses and licensed practical nurses to possess (i) epinephrine and oxygen for administration in treatment of emergency medical conditions and (ii) heparin and sterile normal saline to use for the maintenance of intravenous access lines.

Pursuant to the regulations of the Board of Health, certain emergency medical services technicians may possess and administer epinephrine in emergency cases of anaphylactic shock.

Pursuant to an order or standing protocol issued by the prescriber within the course of his professional practice, any school nurse, school board employee, employee of a local governing body, or employee of a local health department who is authorized by a prescriber and trained in the administration of epinephrine may possess and administer epinephrine.

Pursuant to an order or standing protocol that shall be issued by the local health director within the course of his professional practice, any school nurse, school board employee, employee of a local governing body, or employee of a local health department who is authorized by the local health director and trained in the administration of albuterol inhalers and valved holding chambers or nebulized albuterol may possess or administer an albuterol inhaler and a valved holding chamber or nebulized albuterol to a student diagnosed with a condition requiring an albuterol inhaler or nebulized albuterol when the student is believed to be experiencing or about to experience an asthmatic crisis.

Pursuant to an order or a standing protocol issued by the prescriber within the course of his professional practice, any employee of a school for students with disabilities, as defined in § 22.1-319 and licensed by the Board of Education, or any employee of a private school that is accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education who is authorized by a

prescriber and trained in the administration of (a) epinephrine may possess and administer epinephrine and (b) albuterol inhalers or nebulized albuterol may possess or administer an albuterol inhaler or nebulized albuterol to a student diagnosed with a condition requiring an albuterol inhaler or nebulized albuterol when the student is believed to be experiencing or about to experience an asthmatic crisis.

Pursuant to an order or a standing protocol issued by the prescriber within the course of his professional practice, any nurse at an early childhood care and education entity, employee at the entity, or employee of a local health department who is authorized by a prescriber and trained in the administration of epinephrine may possess and administer epinephrine.

Pursuant to an order or a standing protocol issued by the prescriber within the course of his professional practice, any employee of a public institution of higher education or a private institution of higher education who is authorized by a prescriber and trained in the administration of epinephrine may possess and administer epinephrine.

Pursuant to an order or a standing protocol issued by the prescriber within the course of his professional practice, any employee of an organization providing outdoor educational experiences or programs for youth who is authorized by a prescriber and trained in the administration of epinephrine may possess and administer epinephrine.

Pursuant to an order or a standing protocol issued by the prescriber within the course of his professional practice, and in accordance with policies and guidelines established by the Department of Health, such prescriber may authorize any employee of a restaurant licensed pursuant to Chapter 3 (§ 35.1-18 et seq.) of Title 35.1 to possess and administer epinephrine on the premises of the restaurant at which the employee is employed, provided that such person is trained in the administration of epinephrine.

Pursuant to an order issued by the prescriber within the course of his professional practice, an employee of a provider licensed by the Department of Behavioral Health and Developmental Services or a person providing services pursuant to a contract with a provider licensed by the Department of Behavioral Health and Developmental Services may possess and administer epinephrine, provided such person is authorized and trained in the administration of epinephrine.

Pursuant to an order or standing protocol issued by the prescriber within the course of his professional practice, any employee of a public place, as defined in § 15.2-2820, who is authorized by a prescriber and trained in the administration of epinephrine may possess and administer epinephrine.

Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize pharmacists to possess epinephrine and oxygen for administration in treatment of emergency medical conditions.

E. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize licensed physical therapists to possess and administer topical corticosteroids, topical lidocaine, and any other Schedule VI topical drug.

F. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize licensed athletic trainers to possess and administer topical corticosteroids, topical lidocaine, or other Schedule VI topical drugs; oxygen for use in emergency situations; epinephrine for use in emergency cases of anaphylactic shock; and naloxone or other opioid antagonist for overdose reversal.

G. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, and in accordance with policies and guidelines established by the Department of Health pursuant to § 32.1-50.2, such prescriber may authorize registered nurses or licensed practical nurses under the supervision of a registered nurse to possess and administer tuberculin purified protein derivative (PPD) in the absence of a prescriber. The Department of Health's policies and guidelines shall be consistent with applicable guidelines developed by the Centers for Disease Control and Prevention for preventing transmission of mycobacterium tuberculosis and shall be updated to incorporate any subsequently implemented standards of the Occupational Safety and Health Administration and the Department of Labor and Industry to the extent that they are inconsistent with the Department of Health's policies and guidelines. Such standing protocols shall explicitly describe the categories of persons to whom the tuberculin test is to be administered and shall provide for appropriate medical evaluation of those in whom the test is positive. The prescriber shall ensure that the nurse implementing such standing protocols has received adequate training in the practice and principles underlying tuberculin screening.

The Health Commissioner or his designee may authorize registered nurses, acting as agents of the Department of Health, to possess and administer, at the nurse's discretion, tuberculin purified protein derivative (PPD) to those persons in whom tuberculin skin testing is indicated based on protocols and policies established by the Department of Health.

H. Pursuant to a written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize, with the consent of the parents as defined in

§ 22.1-1, an employee of (i) a school board, (ii) a school for students with disabilities as defined in § 22.1-319 licensed by the Board of Education, or (iii) a private school accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education who is trained in the administration of insulin and glucagon to assist with the administration of insulin or administer glucagon to a student diagnosed as having diabetes and who requires insulin injections during the school day or for whom glucagon has been prescribed for the emergency treatment of hypoglycemia. Such authorization shall only be effective when a licensed nurse, *an advanced practice registered nurse practitioner*, a physician, or a physician assistant is not present to perform the administration of the medication.

Pursuant to a written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize an employee of a public institution of higher education or a private institution of higher education who is trained in the administration of insulin and glucagon to assist with the administration of insulin or administration of glucagon to a student diagnosed as having diabetes and who requires insulin injections or for whom glucagon has been prescribed for the emergency treatment of hypoglycemia. Such authorization shall only be effective when a licensed nurse, *an advanced practice registered nurse practitioner*, a physician, or a physician assistant is not present to perform the administration of the medication.

Pursuant to a written order issued by the prescriber within the course of his professional practice, such prescriber may authorize an employee of a provider licensed by the Department of Behavioral Health and Developmental Services or a person providing services pursuant to a contract with a provider licensed by the Department of Behavioral Health and Developmental Services to assist with the administration of insulin or to administer glucagon to a person diagnosed as having diabetes and who requires insulin injections or for whom glucagon has been prescribed for the emergency treatment of hypoglycemia, provided such employee or person providing services has been trained in the administration of insulin and glucagon.

I. A prescriber may authorize, pursuant to a protocol approved by the Board of Nursing, the administration of vaccines to adults for immunization, when a practitioner with prescriptive authority is not physically present, by (i) licensed pharmacists, (ii) registered nurses, or (iii) licensed practical nurses under the supervision of a registered nurse. A prescriber acting on behalf of and in accordance with established protocols of the Department of Health may authorize the administration of vaccines to any person by a pharmacist, nurse, or designated emergency medical services provider who holds an advanced life support certificate issued by the Commissioner of Health under the direction of an operational medical director when the prescriber is not physically present. The emergency medical services provider shall provide documentation of the vaccines to be recorded in the Virginia Immunization Information System.

J. A dentist may cause Schedule VI topical drugs to be administered under his direction and supervision by either a dental hygienist or by an authorized agent of the dentist.

Further, pursuant to a written order and in accordance with a standing protocol issued by the dentist in the course of his professional practice, a dentist may authorize a dental hygienist under his general supervision, as defined in § 54.1-2722, or his remote supervision, as defined in subsection E or F of § 54.1-2722, to possess and administer topical oral fluorides, topical oral anesthetics, topical and directly applied antimicrobial agents for treatment of periodontal pocket lesions, and any other Schedule VI topical drug approved by the Board of Dentistry.

In addition, a dentist may authorize a dental hygienist under his direction to administer Schedule VI nitrous oxide and oxygen inhalation analgesia and, to persons 18 years of age or older, Schedule VI local anesthesia.

K. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize registered professional nurses certified as sexual assault nurse examiners-A (SANE-A) under his supervision and when he is not physically present to possess and administer preventive medications for victims of sexual assault as recommended by the Centers for Disease Control and Prevention.

L. This section shall not prevent the administration of drugs by a person who has satisfactorily completed a training program for this purpose approved by the Board of Nursing and who administers such drugs in accordance with a prescriber's instructions pertaining to dosage, frequency, and manner of administration, and in accordance with regulations promulgated by the Board of Pharmacy relating to security and record keeping, when the drugs administered would be normally self-administered by (i) an individual receiving services in a program licensed by the Department of Behavioral Health and Developmental Services; (ii) a resident of the Virginia Rehabilitation Center for the Blind and Vision Impaired; (iii) a resident of a facility approved by the Board or Department of Juvenile Justice for the placement of children in need of services or delinquent or alleged delinquent youth; (iv) a program participant of an adult day-care center licensed by the Department of Social Services; (v) a resident of any facility authorized or operated by a state or local government whose primary purpose is not to

provide health care services; (vi) a resident of a private children's residential facility, as defined in § 63.2-100 and licensed by the Department of Social Services, Department of Education, or Department of Behavioral Health and Developmental Services; or (vii) a student in a school for students with disabilities, as defined in § 22.1-319 and licensed by the Board of Education.

In addition, this section shall not prevent a person who has successfully completed a training program for the administration of drugs via percutaneous gastrostomy tube approved by the Board of Nursing and been evaluated by a registered nurse as having demonstrated competency in administration of drugs via percutaneous gastrostomy tube from administering drugs to a person receiving services from a program licensed by the Department of Behavioral Health and Developmental Services to such person via percutaneous gastrostomy tube. The continued competency of a person to administer drugs via percutaneous gastrostomy tube shall be evaluated semiannually by a registered nurse.

M. Medication aides registered by the Board of Nursing pursuant to Article 7 (§ 54.1-3041 et seq.) of Chapter 30 may administer drugs that would otherwise be self-administered to residents of any assisted living facility licensed by the Department of Social Services. A registered medication aide shall administer drugs pursuant to this section in accordance with the prescriber's instructions pertaining to dosage, frequency, and manner of administration; in accordance with regulations promulgated by the Board of Pharmacy relating to security and recordkeeping; in accordance with the assisted living facility's Medication Management Plan; and in accordance with such other regulations governing their practice promulgated by the Board of Nursing.

N. In addition, this section shall not prevent the administration of drugs by a person who administers such drugs in accordance with a physician's instructions pertaining to dosage, frequency, and manner of administration and with written authorization of a parent, and in accordance with school board regulations relating to training, security and record keeping, when the drugs administered would be normally self-administered by a student of a Virginia public school. Training for such persons shall be accomplished through a program approved by the local school boards, in consultation with the local departments of health.

O. In addition, this section shall not prevent the administration of drugs by a person to (i) a child in a child day program as defined in § 22.1-289.02 and regulated by the Board of Education or a local government pursuant to § 15.2-914, or (ii) a student of a private school that is accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education, provided such person (a) has satisfactorily completed a training program for this purpose approved by the Board of Nursing and taught by a registered nurse, *a* licensed practical nurse, *an advanced practice registered nurse practitioner*, *a* physician assistant, *a* doctor of medicine or osteopathic medicine, or *a* pharmacist; (b) has obtained written authorization from a parent or guardian; (c) administers drugs only to the child identified on the prescription label in accordance with the prescriber's instructions pertaining to dosage, frequency, and manner of administration; and (d) administers only those drugs that were dispensed from a pharmacy and maintained in the original, labeled container that would normally be self-administered by the child or student, or administered by a parent or guardian to the child or student.

P. In addition, this section shall not prevent the administration or dispensing of drugs and devices by persons if they are authorized by the State Health Commissioner in accordance with protocols established by the State Health Commissioner pursuant to § 32.1-42.1 when (i) the Governor has declared a disaster or a state of emergency, the United States Secretary of Health and Human Services has issued a declaration of an actual or potential bioterrorism incident or other actual or potential public health emergency, or the Board of Health has made an emergency order pursuant to § 32.1-13 for the purpose of suppressing nuisances dangerous to the public health and communicable, contagious, and infectious diseases and other dangers to the public life and health and for the limited purpose of administering vaccines as an approved countermeasure for such communicable, contagious, and infectious diseases; (ii) it is necessary to permit the provision of needed drugs or devices; and (iii) such persons have received the training necessary to safely administer or dispense the needed drugs or devices. Such persons shall administer or dispense all drugs or devices under the direction, control, and supervision of the State Health Commissioner.

Q. Nothing in this title shall prohibit the administration of normally self-administered drugs by unlicensed individuals to a person in his private residence.

R. This section shall not interfere with any prescriber issuing prescriptions in compliance with his authority and scope of practice and the provisions of this section to a Board agent for use pursuant to subsection G of § 18.2-258.1. Such prescriptions issued by such prescriber shall be deemed to be valid prescriptions.

S. Nothing in this title shall prevent or interfere with dialysis care technicians or dialysis patient care technicians who are certified by an organization approved by the Board of Health Professions or persons authorized for provisional practice pursuant to Chapter 27.01 (§ 54.1-2729.1 et seq.), in the ordinary course of their duties in a Medicare-certified renal dialysis facility, from administering heparin, topical

needle site anesthetics, dialysis solutions, sterile normal saline solution, and blood volumizers, for the purpose of facilitating renal dialysis treatment, when such administration of medications occurs under the orders of a licensed physician, *an advanced practice registered nurse practitioner*, or a physician assistant and under the immediate and direct supervision of a licensed registered nurse. Nothing in this chapter shall be construed to prohibit a patient care dialysis technician trainee from performing dialysis care as part of and within the scope of the clinical skills instruction segment of a supervised dialysis technician training program, provided such trainee is identified as a "trainee" while working in a renal dialysis facility.

The dialysis care technician or dialysis patient care technician administering the medications shall have demonstrated competency as evidenced by holding current valid certification from an organization approved by the Board of Health Professions pursuant to Chapter 27.01 (§ 54.1-2729.1 et seq.).

T. Persons who are otherwise authorized to administer controlled substances in hospitals shall be authorized to administer influenza or pneumococcal vaccines pursuant to § 32.1-126.4.

U. Pursuant to a specific order for a patient and under his direct and immediate supervision, a prescriber may authorize the administration of controlled substances by personnel who have been properly trained to assist a doctor of medicine or osteopathic medicine, provided the method does not include intravenous, intrathecal, or epidural administration and the prescriber remains responsible for such administration.

V. A physician assistant, nurse, dental hygienist, or authorized agent of a doctor of medicine, osteopathic medicine, or dentistry may possess and administer topical fluoride varnish pursuant to an oral or written order or a standing protocol issued by a doctor of medicine, osteopathic medicine, or dentistry.

W. A prescriber, acting in accordance with guidelines developed pursuant to § 32.1-46.02, may authorize the administration of influenza vaccine to minors by a licensed pharmacist, registered nurse, licensed practical nurse under the direction and immediate supervision of a registered nurse, or emergency medical services provider who holds an advanced life support certificate issued by the Commissioner of Health when the prescriber is not physically present.

X. Notwithstanding the provisions of § 54.1-3303, pursuant to an oral, written, or standing order issued by a prescriber or a standing order issued by the Commissioner of Health or his designee authorizing the dispensing of naloxone or other opioid antagonist used for overdose reversal in the absence of an oral or written order for a specific patient issued by a prescriber, and in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health, a pharmacist, a health care provider providing services in a hospital emergency department, and emergency medical services personnel, as that term is defined in § 32.1-111.1, may dispense naloxone or other opioid antagonist used for overdose reversal and a person to whom naloxone or other opioid antagonist has been dispensed pursuant to this subsection may possess and administer naloxone or other opioid antagonist used for overdose reversal to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose. Law-enforcement officers as defined in § 9.1-101, employees of the Department of Forensic Science, employees of the Office of the Chief Medical Examiner, employees of the Department of General Services Division of Consolidated Laboratory Services, employees of the Department of Corrections designated as probation and parole officers or as correctional officers as defined in § 53.1-1, employees of the Department of Juvenile Justice designated as probation and parole officers or as juvenile correctional officers, employees of regional jails, school nurses, local health department employees that are assigned to a public school pursuant to an agreement between the local health department and the school board, other school board employees or individuals contracted by a school board to provide school health services, and firefighters who have completed a training program may also possess and administer naloxone or other opioid antagonist used for overdose reversal and may dispense naloxone or other opioid antagonist used for overdose reversal pursuant to an oral, written, or standing order issued by a prescriber or a standing order issued by the Commissioner of Health or his designee in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health.

Notwithstanding the provisions of § 54.1-3303, pursuant to an oral, written, or standing order issued by a prescriber or a standing order issued by the Commissioner of Health or his designee authorizing the dispensing of naloxone or other opioid antagonist used for overdose reversal in the absence of an oral or written order for a specific patient issued by a prescriber, and in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health, an employee or other person acting on behalf of a public place who has completed a training program may also possess and administer naloxone or other opioid antagonist used for overdose reversal other than naloxone in an injectable formulation with a hypodermic needle or syringe in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health.

Notwithstanding any other law or regulation to the contrary, an employee or other person acting on behalf of a public place may possess and administer naloxone or other opioid antagonist, other than naloxone in an injectable formulation with a hypodermic needle or syringe, to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose if he has completed a training program on the administration of such naloxone and administers naloxone in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health.

For the purposes of this subsection, "public place" means any enclosed area that is used or held out for use by the public, whether owned or operated by a public or private interest.

Y. Notwithstanding any other law or regulation to the contrary, a person who is acting on behalf of an organization that provides services to individuals at risk of experiencing an opioid overdose or training in the administration of naloxone for overdose reversal may dispense naloxone to a person who has received instruction on the administration of naloxone for opioid overdose reversal, provided that such dispensing is (i) pursuant to a standing order issued by a prescriber and (ii) in accordance with protocols developed by the Board of Pharmacy in consultation with the Board of Medicine and the Department of Health. If the person acting on behalf of an organization dispenses naloxone in an injectable formulation with a hypodermic needle or syringe, he shall first obtain authorization from the Department of Behavioral Health and Developmental Services to train individuals on the proper administration of naloxone by and proper disposal of a hypodermic needle or syringe, and he shall obtain a controlled substance registration from the Board of Pharmacy. The Board of Pharmacy shall not charge a fee for the issuance of such controlled substance registration. The dispensing may occur at a site other than that of the controlled substance registration provided the entity possessing the controlled substances registration maintains records in accordance with regulations of the Board of Pharmacy. No person who dispenses naloxone on behalf of an organization pursuant to this subsection shall charge a fee for the dispensing of naloxone that is greater than the cost to the organization of obtaining the naloxone dispensed. A person to whom naloxone has been dispensed pursuant to this subsection may possess naloxone and may administer naloxone to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

Z. A person who is not otherwise authorized to administer naloxone or other opioid antagonist used for overdose reversal may administer naloxone or other opioid antagonist used for overdose reversal to a person who is believed to be experiencing or about to experience a life-threatening opioid overdose.

AA. Pursuant to a written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize, with the consent of the parents as defined in § 22.1-1, an employee of (i) a school board, (ii) a school for students with disabilities as defined in § 22.1-319 licensed by the Board of Education, or (iii) a private school accredited pursuant to § 22.1-19 as administered by the Virginia Council for Private Education who is trained in the administration of injected medications for the treatment of adrenal crisis resulting from a condition causing adrenal insufficiency to administer such medication to a student diagnosed with a condition causing adrenal insufficiency when the student is believed to be experiencing or about to experience an adrenal crisis. Such authorization shall be effective only when a licensed nurse, *an advanced practice registered nurse practitioner*, a physician, or a physician assistant is not present to perform the administration of the medication.

§ 54.1-3408.3. Certification for use of cannabis oil for treatment.

A. As used in this section:

"Botanical cannabis" means cannabis that is composed wholly of usable cannabis from the same parts of the same chemovar of cannabis plant.

"Cannabis oil" means any formulation of processed Cannabis plant extract, which may include industrial hemp extracts, including isolates and distillates, acquired by a pharmaceutical processor pursuant to § 54.1-3442.6, or a dilution of the resin of the Cannabis plant that contains no more than 10 milligrams of delta-9-tetrahydrocannabinol per dose. "Cannabis oil" does not include industrial hemp, as defined in § 3.2-4112, that is grown, dealt, or processed in compliance with state or federal law, unless it has been grown and processed in the Commonwealth by a registered industrial hemp processor and acquired and formulated by a pharmaceutical processor.

"Cannabis product" means a product that is (i) produced by a pharmaceutical processor, registered with the Board, and compliant with testing requirements and (ii) composed of cannabis oil or botanical cannabis.

"Designated caregiver facility" means any hospice or hospice facility licensed pursuant to § 32.1-162.3, or home care organization as defined in § 32.1-162.7 that provides pharmaceutical services or home health services, private provider licensed by the Department of Behavioral Health and Developmental Services pursuant to Article 2 (§ 37.2-403 et seq.) of Chapter 4 of Title 37.2, assisted living facility licensed pursuant to § 63.2-1701, or adult day care center licensed pursuant to

§ 63.2-1701.

"Practitioner" means a practitioner of medicine or osteopathy licensed by the Board of Medicine, a physician assistant licensed by the Board of Medicine, or *an advanced practice registered nurse practitioner* jointly licensed by the Board of Medicine and the Board of Nursing.

"Registered agent" means an individual designated by a patient who has been issued a written certification, or, if such patient is a minor or a vulnerable adult as defined in § 18.2-369, designated by such patient's parent or legal guardian, and registered with the Board pursuant to subsection G.

"Usable cannabis" means any cannabis plant material, including seeds, but not (i) resin that has been extracted from any part of the cannabis plant, its seeds, or its resin; (ii) the mature stalks, fiber produced from the stalks, or any other compound, manufacture, salt, or derivative, mixture, or preparation of the mature stalks; or (iii) oil or cake made from the seeds of the plant.

B. A practitioner in the course of his professional practice may issue a written certification for the use of cannabis products for treatment or to alleviate the symptoms of any diagnosed condition or disease determined by the practitioner to benefit from such use. The practitioner shall use his professional judgment to determine the manner and frequency of patient care and evaluation and may employ the use of telemedicine, provided that the use of telemedicine includes the delivery of patient care through real-time interactive audio-visual technology. If a practitioner determines it is consistent with the standard of care to dispense botanical cannabis to a minor, the written certification shall specifically authorize such dispensing. If not specifically included on the initial written certification, authorization for botanical cannabis may be communicated verbally or in writing to the pharmacist at the time of dispensing.

C. The written certification shall be on a form provided by the Board of Pharmacy. Such written certification shall contain the name, address, and telephone number of the practitioner; the name and address of the patient issued the written certification; the date on which the written certification was made; and the signature or authentic electronic signature of the practitioner. Such written certification issued pursuant to subsection B shall expire no later than one year after its issuance unless the practitioner provides in such written certification an earlier expiration. A written certification shall not be issued to a patient by more than one practitioner during any given time period.

D. No practitioner shall be prosecuted under § 18.2-248 or 18.2-248.1 for the issuance of a certification for the use of cannabis products for the treatment or to alleviate the symptoms of a patient's diagnosed condition or disease pursuant to a written certification issued pursuant to subsection B. Nothing in this section shall preclude the Board of Medicine from sanctioning a practitioner for failing to properly evaluate or treat a patient's medical condition or otherwise violating the applicable standard of care for evaluating or treating medical conditions.

E. A practitioner who issues a written certification to a patient pursuant to this section shall register with the Board and shall hold sufficient education and training to exercise appropriate professional judgment in the certification of patients. The Board shall not limit the number of patients to whom a practitioner may issue a written certification. The Board may report information to the applicable licensing board on unusual patterns of certifications issued by a practitioner.

F. No patient shall be required to physically present the written certification after the initial dispensing by any pharmaceutical processor or cannabis dispensing facility under each written certification, provided that the pharmaceutical processor or cannabis dispensing facility maintains an electronic copy of the written certification. Pharmaceutical processors and cannabis dispensing facilities shall electronically transmit, on a monthly basis, all new written certifications received by the pharmaceutical processor or cannabis dispensing facility to the Board.

G. A patient, or, if such patient is a minor or a vulnerable adult as defined in § 18.2-369, such patient's parent or legal guardian, may designate an individual to act as his registered agent for the purposes of receiving cannabis products pursuant to a valid written certification. Such designated individual shall register with the Board. The Board may set a limit on the number of patients for whom any individual is authorized to act as a registered agent.

H. Upon delivery of a cannabis product by a pharmaceutical processor or cannabis dispensing facility to a designated caregiver facility, any employee or contractor of a designated caregiver facility, who is licensed or registered by a health regulatory board and who is authorized to possess, distribute, or administer medications, may accept delivery of the cannabis product on behalf of a patient or resident for subsequent delivery to the patient or resident and may assist in the administration of the cannabis product to the patient or resident as necessary.

I. Information obtained under the registration process shall be confidential and shall not be subject to the disclosure provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.). However, reasonable access to registry information shall be provided to (i) the Chairmen of the House Committee for Courts of Justice and the Senate Committee on the Judiciary, (ii) state and federal agencies or local law enforcement for the purpose of investigating or prosecuting a specific individual for a specific

violation of law, (iii) licensed practitioners or pharmacists, or their agents, for the purpose of providing patient care and drug therapy management and monitoring of drugs obtained by a patient, (iv) a pharmaceutical processor or cannabis dispensing facility involved in the treatment of a patient, or (v) a registered agent, but only with respect to information related to such patient.

§ 54.1-3482. Practice of physical therapy; certain experience and referrals required; physical therapist assistants.

A. It shall be unlawful for a person to engage in the practice of physical therapy except as a licensed physical therapist, upon the referral and direction of a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician, except as provided in this section.

B. A physical therapist who has completed a doctor of physical therapy program approved by the Commission on Accreditation of Physical Therapy Education or who has obtained a certificate of authorization pursuant to § 54.1-3482.1 may evaluate and treat a patient for no more than 60 consecutive days after an initial evaluation without a referral under the following conditions: (i) the patient is not receiving care from any licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician for the symptoms giving rise to the presentation at the time of the presentation to the physical therapist for physical therapy services or (ii) the patient is receiving care from a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician at the time of his presentation to the physical therapist for the symptoms giving rise to the presentation for physical therapy services and (a) the patient identifies a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician from whom he is currently receiving care; (b) the patient gives written consent for the physical therapist to release all personal health information and treatment records to the identified practitioner; and (c) the physical therapist notifies the practitioner identified by the patient no later than 14 days after treatment commences and provides the practitioner with a copy of the initial evaluation along with a copy of the patient history obtained by the physical therapist. Treatment for more than 60 consecutive days after evaluation of such patient shall only be upon the referral and direction of a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician. A physical therapist may contact the practitioner identified by the patient at the end of the 60-day period to determine if the practitioner will authorize additional physical therapy services until such time as the patient can be seen by the practitioner. After discharging a patient, a physical therapist shall not perform an initial evaluation of a patient under this subsection without a referral if the physical therapist has performed an initial evaluation of the patient under this subsection for the same condition within the immediately preceding 60 days.

C. A physical therapist who has not completed a doctor of physical therapy program approved by the Commission on Accreditation of Physical Therapy Education or who has not obtained a certificate of authorization pursuant to § 54.1-3482.1 may conduct a one-time evaluation that does not include treatment of a patient without the referral and direction of a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician; if appropriate, the physical therapist shall immediately refer such patient to the appropriate practitioner.

D. Invasive procedures within the scope of practice of physical therapy shall at all times be performed only under the referral and direction of a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician.

E. It shall be unlawful for any licensed physical therapist to fail to immediately refer any patient to a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, or a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957 when such patient's medical condition is determined, at the time of evaluation or treatment, to be beyond the physical therapist's scope of practice. Upon determining that the patient's medical condition is beyond the scope of practice of a physical therapist, a physical therapist shall immediately refer such patient to an appropriate practitioner.

F. Any person licensed as a physical therapist assistant shall perform his duties only under the direction and control of a licensed physical therapist.

G. However, a licensed physical therapist may provide, without referral or supervision, physical therapy services to (i) a student athlete participating in a school-sponsored athletic activity while such student is at such activity in a public, private, or religious elementary, middle or high school, or public or private institution of higher education when such services are rendered by a licensed physical therapist who is certified as an athletic trainer by the National Athletic Trainers' Association Board of Certification or as a sports certified specialist by the American Board of Physical Therapy Specialties; (ii) employees solely for the purpose of evaluation and consultation related to workplace ergonomics; (iii) special education students who, by virtue of their individualized education plans (IEPs), need physical therapy services to fulfill the provisions of their IEPs; (iv) the public for the purpose of wellness, fitness, and health screenings; (v) the public for the purpose of health promotion and education; and (vi) the public for the purpose of prevention of impairments, functional limitations, and disabilities.

§ 54.1-3482.1. Certain certification required.

A. The Board shall promulgate regulations establishing criteria for certification of physical therapists to provide certain physical therapy services pursuant to subsection B of § 54.1-3482 without referral from a licensed doctor of medicine, osteopathy, chiropractic, podiatry, or dental surgery, a licensed *advanced practice registered nurse practitioner* practicing in accordance with the provisions of § 54.1-2957, or a licensed physician assistant acting under the supervision of a licensed physician. The regulations shall include but not be limited to provisions for (i) the promotion of patient safety; (ii) an application process for a one-time certification to perform such procedures; and (iii) minimum education, training, and experience requirements for certification to perform such procedures.

B. The minimum education, training, and experience requirements for certification shall include evidence that the applicant has successfully completed (i) a transitional program in physical therapy as recognized by the Board or (ii) at least three years of active practice with evidence of continuing education relating to carrying out direct access duties under § 54.1-3482.

§ 54.1-3812. Release of records.

A. A veterinarian licensed by the Board shall release or authorize the release of rabies immunization records and other relevant treatment data of an animal under his care to (i) a requesting physician, physician assistant, or *advanced practice registered nurse practitioner* who is contemplating the administration of the rabies treatment protocol to any person under his care who has been the victim of a bite or other possible rabies exposure from such animal; (ii) a requesting animal control officer or law-enforcement officer who needs to identify the owner of such animal or verify the rabies vaccination history of such animal; or (iii) a requesting animal control officer or an official of the Department of Health who is investigating the incident.

B. Any veterinarian licensed by the Board who in good faith releases or authorizes the release of an animal's rabies immunization records and other relevant data pursuant to this section shall not be liable for civil damages resulting from the release of such information.

§ 58.1-439.22. Donations of professional services.

A. A sole proprietor, partnership or limited liability company engaged in the business of providing professional services shall be eligible for a tax credit under this article based on the time spent by the proprietor or a partner or member, respectively, who renders professional services to a program that has received an allocation of tax credits from the Superintendent of Public Instruction or the Commissioner of Social Services. The value of the professional services, for purposes of determining the amount of the tax credit allowable, rendered by the proprietor or a partner or member to an approved program shall not exceed the lesser of (i) the reasonable cost for similar services from other providers or (ii) \$125 per hour.

B. A business firm shall be eligible for a tax credit under this article for the time spent by a salaried employee who renders professional services to an approved program. The value of the professional services, for purposes of determining the amount of tax credit allowed to a business firm for time spent by its salaried employee in rendering professional services to an approved project, shall be equal to the salary that such employee was actually paid for the period of time that such employee rendered professional services to the approved program.

C. Notwithstanding any provision of this article limiting eligibility for tax credits to business firms, physicians, chiropractors, dentists, nurses, ~~nurse practitioners~~ *advanced practice registered nurses*, physician assistants, optometrists, dental hygienists, professional counselors, clinical social workers, clinical psychologists, marriage and family therapists, physical therapists, and pharmacists licensed pursuant to Title 54.1 who provide health care services within the scope of their licensure, without charge, to patients of a clinic operated by an organization that has received an allocation of tax credits from the Commissioner of Social Services and such clinic is organized in whole or in part for the

5059 delivery of health care services without charge, or to a clinic operated not for profit providing health
 5060 care services for charges not exceeding those set forth in a scale prescribed by the State Board of Health
 5061 pursuant to § 32.1-11 for charges to be paid by persons based upon ability to pay, shall be eligible for a
 5062 tax credit pursuant to § 58.1-439.21 based on the time spent in providing health care services to patients
 5063 of such clinic, regardless of where the services are delivered.

5064 Notwithstanding any provision of this article limiting eligibility for tax credits, a pharmacist who
 5065 donates pharmaceutical services to patients of a free clinic, which clinic is an organization exempt from
 5066 taxation under the provisions of § 501(c)(3) of the Internal Revenue Code, with such pharmaceutical
 5067 services performed at the direction of an approved neighborhood organization that has received an
 5068 allocation of tax credits from the Commissioner of Social Services, shall be eligible for tax credits under
 5069 this article based on the time spent in providing such pharmaceutical services, regardless of where the
 5070 services are delivered.

5071 Notwithstanding any provision of this article limiting eligibility for tax credits, mediators certified
 5072 pursuant to guidelines promulgated by the Judicial Council of Virginia who provide services within the
 5073 scope of such certification, without charge, at the direction of an approved neighborhood organization
 5074 that provides court-referred mediation services and that has received an allocation of tax credits from the
 5075 Commissioner of Social Services shall be eligible for tax credits under this article based on the time
 5076 spent in providing such mediation services, regardless of where the services are delivered.

5077 The value of such services, for purposes of determining the amount of the tax credit allowable,
 5078 rendered by the physician, chiropractor, dentist, nurse, *advanced practice registered nurse practitioner*,
 5079 physician assistant, optometrist, dental hygienist, professional counselor, clinical social worker, clinical
 5080 psychologist, marriage and family therapist, physical therapist, pharmacist, or mediator shall not exceed
 5081 the lesser of (i) the reasonable cost for similar services from other providers or (ii) \$125 per hour.

5082 D. Notwithstanding any provision of this article limiting eligibility for tax credits and for tax credit
 5083 allocations beginning with fiscal year 2015-2016, a physician specialist who donates specialty medical
 5084 services to patients referred from an approved neighborhood organization (i) that has received an
 5085 allocation of tax credits from the Commissioner of Social Services, (ii) whose sole purpose is to provide
 5086 specialty medical referral services to patients of participating clinics or federally qualified health centers,
 5087 and (iii) that is exempt from taxation under the provisions of § 501(c)(3) of the Internal Revenue Code
 5088 shall be eligible for tax credits under this article issued to such organization regardless of where the
 5089 specialty medical services are delivered.

5090 The value of such services, for purposes of determining the amount of tax credit allowable, rendered
 5091 by the physician specialist shall not exceed the lesser of (a) the reasonable cost for similar services from
 5092 other providers or (b) \$125 per hour.

5093 **§ 58.1-609.10. Miscellaneous exemptions.**

5094 The tax imposed by this chapter or pursuant to the authority granted in §§ 58.1-605 and 58.1-606
 5095 shall not apply to the following:

5096 1. Artificial or propane gas, firewood, coal or home heating oil used for domestic consumption.
 5097 "Domestic consumption" means the use of artificial or propane gas, firewood, coal or home heating oil
 5098 by an individual purchaser for other than business, commercial or industrial purposes. The Tax
 5099 Commissioner shall establish by regulation a system for use by dealers in classifying individual
 5100 purchases for domestic or nondomestic use based on the principal usage of such gas, wood, coal or oil.
 5101 Any person making a nondomestic purchase and paying the tax pursuant to this chapter who uses any
 5102 portion of such purchase for domestic use may, between the first day of the first month and the fifteenth
 5103 day of the fourth month following the year of purchase, apply for a refund of the tax paid on the
 5104 domestic use portion.

5105 2. An occasional sale, as defined in § 58.1-602. A nonprofit organization that is eligible to be granted
 5106 an exemption on its purchases pursuant to § 58.1-609.11, and that is otherwise eligible for the exemption
 5107 pursuant to this subdivision, shall be exempt pursuant to this subdivision on its sales of (i) food,
 5108 prepared food and meals and (ii) tickets to events that include the provision of food, prepared food and
 5109 meals, so long as such sales take place on fewer than 24 occasions in a calendar year.

5110 3. Tangible personal property for future use by a person for taxable lease or rental as an established
 5111 business or part of an established business, or incidental or germane to such business, including a
 5112 simultaneous purchase and taxable leaseback.

5113 4. Delivery of tangible personal property outside the Commonwealth for use or consumption outside
 5114 of the Commonwealth. Delivery of goods destined for foreign export to a factor or export agent shall be
 5115 deemed to be delivery of goods for use or consumption outside of the Commonwealth.

5116 5. Tangible personal property purchased with food coupons issued by the United States Department
 5117 of Agriculture under the Food Stamp Program or drafts issued through the Virginia Special
 5118 Supplemental Food Program for Women, Infants, and Children.

5119 6. Tangible personal property purchased for use or consumption in the performance of maintenance

and repair services at Nuclear Regulatory Commission-licensed nuclear power plants located outside the Commonwealth.

7. Beginning July 1, 1997, and ending July 1, 2006, a professional's provision of original, revised, edited, reformatted or copied documents, including but not limited to documents stored on or transmitted by electronic media, to its client or to third parties in the course of the professional's rendition of services to its clientele.

8. School lunches sold and served to pupils and employees of schools and subsidized by government; school textbooks sold by a local board or authorized agency thereof; and school textbooks sold for use by students attending a college or other institution of learning, when sold (i) by such institution of learning or (ii) by any other dealer, when such textbooks have been certified by a department or instructor of such institution of learning as required textbooks for students attending courses at such institution.

9. Medicines, drugs, hypodermic syringes, artificial eyes, contact lenses, eyeglasses, eyeglass cases, and contact lens storage containers when distributed free of charge, all solutions or sterilization kits or other devices applicable to the wearing or maintenance of contact lenses or eyeglasses when distributed free of charge, and hearing aids dispensed by or sold on prescriptions or work orders of licensed physicians, dentists, optometrists, ophthalmologists, opticians, audiologists, hearing aid dealers and fitters, ~~nurse practitioners~~ *advanced practice registered nurses*, physician assistants, and veterinarians; controlled drugs purchased for use by a licensed physician, optometrist, licensed *advanced practice registered nurse practitioner*, or licensed physician assistant in his professional practice, regardless of whether such practice is organized as a sole proprietorship, partnership, or professional corporation, or any other type of corporation in which the shareholders and operators are all licensed physicians, optometrists, licensed ~~nurse practitioners~~ *advanced practice registered nurses*, or licensed physician assistants engaged in the practice of medicine, optometry, or nursing; medicines and drugs purchased for use or consumption by a licensed hospital, nursing home, clinic, or similar corporation not otherwise exempt under this section; and samples of prescription drugs and medicines and their packaging distributed free of charge to authorized recipients in accordance with the federal Food, Drug, and Cosmetic Act (21 U.S.C.A. § 301 et seq., as amended).

10. Wheelchairs and parts therefor, braces, crutches, prosthetic devices, orthopedic appliances, catheters, urinary accessories, other durable medical equipment and devices, and related parts and supplies specifically designed for those products; and insulin and insulin syringes, and equipment, devices or chemical reagents that may be used by a diabetic to test or monitor blood or urine, when such items or parts are purchased by or on behalf of an individual for use by such individual. Durable medical equipment is equipment that (i) can withstand repeated use, (ii) is primarily and customarily used to serve a medical purpose, (iii) generally is not useful to a person in the absence of illness or injury, and (iv) is appropriate for use in the home.

11. Drugs and supplies used in hemodialysis and peritoneal dialysis.

12. Special equipment installed on a motor vehicle when purchased by a handicapped person to enable such person to operate the motor vehicle.

13. Special typewriters and computers and related parts and supplies specifically designed for those products used by handicapped persons to communicate when such equipment is prescribed by a licensed physician.

14. a. (i) Any nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings and (ii) any samples of nonprescription drugs and proprietary medicines distributed free of charge by the manufacturer, including packaging materials and constituent elements and ingredients.

b. The terms "nonprescription drugs" and "proprietary medicines" shall be defined pursuant to regulations promulgated by the Department of Taxation. The exemption authorized in this subdivision shall not apply to cosmetics.

15. Tangible personal property withdrawn from inventory and donated to (i) an organization exempt from taxation under § 501(c)(3) of the Internal Revenue Code or (ii) the Commonwealth, any political subdivision of the Commonwealth, or any school, agency, or instrumentality thereof.

16. Tangible personal property purchased by nonprofit churches that are exempt from taxation under § 501(c)(3) of the Internal Revenue Code, or whose real property is exempt from local taxation pursuant to the provisions of § 58.1-3606, for use (i) in religious worship services by a congregation or church membership while meeting together in a single location and (ii) in the libraries, offices, meeting or counseling rooms or other rooms in the public church buildings used in carrying out the work of the church and its related ministries, including kindergarten, elementary and secondary schools. The exemption for such churches shall also include bulletins, programs, newspapers and newsletters that do not contain paid advertising and are used in carrying out the work of the church; gifts including food for distribution outside the public church building; food, disposable serving items,

cleaning supplies and teaching materials used in the operation of camps or conference centers by the church or an organization composed of churches that are exempt under this subdivision and which are used in carrying out the work of the church or churches; and property used in caring for or maintaining property owned by the church including, but not limited to, mowing equipment; and building materials installed by the church, and for which the church does not contract with a person or entity to have installed, in the public church buildings used in carrying out the work of the church and its related ministries, including, but not limited to worship services; administrative rooms; and kindergarten, elementary, and secondary schools.

17. Medical products and supplies, which are otherwise taxable, such as bandages, gauze dressings, incontinence products and wound-care products, when purchased by a Medicaid recipient through a Department of Medical Assistance Services provider agreement.

18. Beginning July 1, 2007, and ending July 1, 2012, multifuel heating stoves used for heating an individual purchaser's residence. "Multifuel heating stoves" are stoves that are capable of burning a wide variety of alternative fuels, including, but not limited to, shelled corn, wood pellets, cherry pits, and olive pits.

19. Fabrication of animal meat, grains, vegetables, or other foodstuffs when the purchaser (i) supplies the foodstuffs and they are consumed by the purchaser or his family, (ii) is an organization exempt from taxation under § 501(c)(3) or (c)(4) of the Internal Revenue Code, or (iii) donates the foodstuffs to an organization exempt from taxation under § 501(c)(3) or (c)(4) of the Internal Revenue Code.

20. Beginning July 1, 2018, and ending July 1, 2025, parts, engines, and supplies used for maintaining, repairing, or reconditioning aircraft or any aircraft's avionics system, engine, or component parts. This exemption shall not apply to tools and other equipment not attached to or that does not become a part of the aircraft. For purposes of this subdivision, "aircraft" shall include both manned and unmanned systems. However, for manned systems, "aircraft" shall include only aircraft with a maximum takeoff weight of at least 2,400 pounds.

21. A gun safe with a selling price of \$1,500 or less. For purposes of this subdivision, "gun safe" means a safe or vault that is (i) commercially available, (ii) secured with a digital or dial combination locking mechanism or biometric locking mechanism, and (iii) designed for the storage of a firearm or of ammunition for use in a firearm. "Gun safe" does not include a glass-faced cabinet. Any discount, coupon, or other credit offered by the retailer or a vendor of the retailer to reduce the final price to the customer shall be taken into account in determining the selling price for purposes of this exemption.

22. Beginning July 1, 2022, and ending July 1, 2025, prescription medicines and drugs purchased by veterinarians and administered or dispensed to patients within a veterinarian-client-patient relationship as defined in § 54.1-3303.

§ 59.1-297. Right of cancellation.

A. Every health club contract for the sale of health club services may be cancelled under the following circumstances:

1. A buyer may cancel the contract without penalty within three business days of its making and, upon notice to the health club of the buyer's intent to cancel, shall be entitled to receive a refund of all moneys paid under the contract.

2. A buyer may cancel the contract if the facility relocates or goes out of business and the health club fails to provide comparable alternate facilities within five driving miles of the location designated in the health club contract. Upon receipt of notice of the buyer's intent to cancel, the health club shall refund to the buyer funds paid or accepted in payment of the contract in an amount computed as prescribed in § 59.1-297.1.

3. The contract may be cancelled if the buyer dies or becomes physically unable to use a substantial portion of the services for 30 or more consecutive days. If the buyer becomes physically unable to use a substantial portion of the services for 30 or more consecutive days and wishes to cancel his contract, he must provide the health club with a signed statement from his doctor, physician assistant, or *advanced practice registered nurse practitioner* verifying that he is physically unable to use a substantial portion of the health club services for 30 or more consecutive days. Upon receipt of notice of the buyer's intent to cancel, the health club shall refund to the buyer funds paid or accepted in payment of the contract in an amount computed as prescribed in § 59.1-297.1. In the case of disability, the health club may require the buyer to submit to a physical examination by a doctor, a physician assistant, or *an advanced practice registered nurse practitioner* agreeable to the buyer and the health club within 30 days of receipt of notice of the buyer's intent to cancel. The cost of the examination shall be borne by the health club.

B. The buyer shall notify the health club of cancellation in writing, by certified mail, return receipt requested, or personal delivery, to the address of the health club as specified in the health club contract.

C. If the customer has executed any credit or lien agreement with the health club or its representatives or agents to pay for all or part of health club services, any such negotiable instrument executed by the buyer shall be returned to the buyer within 30 days after such cancellation.

D. If the club agrees to allow a consumer to cancel for any other reason not outlined in this section, upon receipt of notice of cancellation by the buyer, the health club shall refund to the buyer funds paid or accepted in payment of the contract in an amount computed as prescribed in § 59.1-297.1.

§ 59.1-298. Notice to buyer.

A copy of the executed health club contract shall be delivered to the buyer at the time the contract is executed. All health club contracts shall (i) be in writing, (ii) state the name and physical address of the health club, (iii) be signed by the buyer, (iv) designate the date on which the buyer actually signed the contract, (v) state the starting and expiration dates of the initial membership period, (vi) separately identify any initiation fee, (vii) either in the contract itself or in a separate notice provided to the buyer at the time the contract is executed, notify each buyer that the buyer should attempt to resolve with the health club any complaint the buyer has with the health club, and that the Virginia Department of Agriculture and Consumer Services regulates health clubs in the Commonwealth pursuant to the provisions of the Virginia Health Club Act, and (viii) contain the provisions set forth in § 59.1-297 under a conspicuous caption: "BUYER'S RIGHT TO CANCEL" that shall read substantially as follows:

If you wish to cancel this contract, you may cancel by making or delivering written notice to this health club. The notice must say that you do not wish to be bound by the contract and must be delivered or mailed before midnight of the third business day after you sign this contract. The notice must be delivered or mailed to _____ (Health club shall insert its name and mailing address).

If canceled within three business days, you will be entitled to a refund of all moneys paid. You may also cancel this contract if this club goes out of business or relocates and fails to provide comparable alternate facilities within five driving miles of the facility designated in this contract. You may also cancel if you become physically unable to use a substantial portion of the health club services for 30 or more consecutive days, and your estate may cancel in the event of your death. You must prove you are unable to use a substantial portion of the health club services by a doctor's, a physician assistant's, or nurse practitioner's *an advanced practice registered nurse's* certificate, and the health club may also require that you submit to a physical examination, within 30 days of the notice of cancellation, by a doctor, a physician assistant, or *an advanced practice registered nurse practitioner* agreeable to you and the health club. If you cancel after the three business days, the health club may retain or collect a portion of the contract price equal to the proportionate value of the services or use of facilities you have already received. Any refund due to you shall be paid within 30 days of the effective date of cancellation.

§ 59.1-310.4. Warning signs.

A. A tanning facility shall post a warning sign in a conspicuous location where it is readily readable by persons entering the establishment. The sign shall contain the following warning:

DANGER: ULTRAVIOLET RADIATION

Repeated exposure to ultraviolet radiation may cause chronic sun damage to the skin characterized by wrinkling, dryness, fragility, and bruising of the skin, and skin cancer.

Failure to use protective eyewear may result in severe burns or permanent injury to the eyes.

Medications or cosmetics may increase your sensitivity to ultraviolet radiation. Consult a physician or *an advanced practice registered nurse practitioner* before using a sunlamp if you are using medications, have a history of skin problems, or believe you are especially sensitive to sunlight. Pregnant women or women taking oral contraceptives who use this product may develop discolored skin.

IF YOU DO NOT TAN IN THE SUN, YOU WILL NOT TAN FROM USE OF AN ULTRAVIOLET SUNLAMP.

B. A tanning facility shall post a warning sign, one sign for each tanning device, in a conspicuous location that is readily readable to a person about to use the device. The sign shall contain the following:

DANGER: ULTRAVIOLET RADIATION

1. Follow the manufacturer's instructions for use of this device.

2. Avoid too frequent or lengthy exposure. As with natural sunlight, exposure can cause serious eye and skin injuries and allergic reactions. Repeated exposure may cause skin cancer.

3. Wear protective eyewear. Failure to use protective eyewear may result in severe burns or permanent damage to the eyes.

4. Do not sunbathe before or after exposure to ultraviolet radiation from sunlamps.

5. Medications or cosmetics may increase your sensitivity to ultraviolet radiation. Consult a physician or *an advanced practice registered nurse practitioner* before using a sunlamp if you are using medication, have a history of skin problems, or believe you are especially sensitive to sunlight. Pregnant women or women using oral contraceptives who use this product may develop discolored skin.

IF YOU DO NOT TAN IN THE SUN, YOU WILL NOT TAN FROM USE OF THIS DEVICE.

§ 63.2-1808. Rights and responsibilities of residents of assisted living facilities; certification of

5303 licensure.

5304 A. Any resident of an assisted living facility has the rights and responsibilities enumerated in this
5305 section. The operator or administrator of an assisted living facility shall establish written policies and
5306 procedures to ensure that, at the minimum, each person who becomes a resident of the assisted living
5307 facility:

5308 1. Is fully informed, prior to or at the time of admission and during the resident's stay, of his rights
5309 and of all rules and expectations governing the resident's conduct, responsibilities, and the terms of the
5310 admission agreement; evidence of this shall be the resident's written acknowledgment of having been so
5311 informed, which shall be filed in his record;

5312 2. Is fully informed, prior to or at the time of admission and during the resident's stay, of services
5313 available in the facility and of any related charges; this shall be reflected by the resident's signature on a
5314 current resident's agreement retained in the resident's file;

5315 3. Unless a committee or conservator has been appointed, is free to manage his personal finances and
5316 funds regardless of source; is entitled to access to personal account statements reflecting financial
5317 transactions made on his behalf by the facility; and is given at least a quarterly accounting of financial
5318 transactions made on his behalf when a written delegation of responsibility to manage his financial
5319 affairs is made to the facility for any period of time in conformance with state law;

5320 4. Is afforded confidential treatment of his personal affairs and records and may approve or refuse
5321 their release to any individual outside the facility except as otherwise provided in law and except in case
5322 of his transfer to another care-giving facility;

5323 5. Is transferred or discharged only when provided with a statement of reasons, or for nonpayment
5324 for his stay, and is given reasonable advance notice; upon notice of discharge or upon giving reasonable
5325 advance notice of his desire to move, shall be afforded reasonable assistance to ensure an orderly
5326 transfer or discharge; such actions shall be documented in his record;

5327 6. In the event a medical condition should arise while he is residing in the facility, is afforded the
5328 opportunity to participate in the planning of his program of care and medical treatment at the facility
5329 and the right to refuse treatment;

5330 7. Is not required to perform services for the facility except as voluntarily contracted pursuant to a
5331 voluntary agreement for services that states the terms of consideration or remuneration and is
5332 documented in writing and retained in his record;

5333 8. Is free to select health care services from reasonably available resources;

5334 9. Is free to refuse to participate in human subject experimentation or to be party to research in
5335 which his identity may be ascertained;

5336 10. Is free from mental, emotional, physical, sexual, and economic abuse or exploitation; is free from
5337 forced isolation, threats or other degrading or demeaning acts against him; and his known needs are not
5338 neglected or ignored by personnel of the facility;

5339 11. Is treated with courtesy, respect, and consideration as a person of worth, sensitivity, and dignity;

5340 12. Is encouraged, and informed of appropriate means as necessary, throughout the period of stay to
5341 exercise his rights as a resident and as a citizen; to this end, he is free to voice grievances and
5342 recommend changes in policies and services, free of coercion, discrimination, threats or reprisal;

5343 13. Is permitted to retain and use his personal clothing and possessions as space permits unless to do
5344 so would infringe upon rights of other residents;

5345 14. Is encouraged to function at his highest mental, emotional, physical and social potential;

5346 15. Is free of physical or mechanical restraint except in the following situations and with appropriate
5347 safeguards:

5348 a. As necessary for the facility to respond to unmanageable behavior in an emergency situation,
5349 which threatens the immediate safety of the resident or others;

5350 b. As medically necessary, as authorized in writing by a physician, to provide physical support to a
5351 weakened resident;

5352 16. Is free of prescription drugs except where medically necessary, specifically prescribed, and
5353 supervised by the attending physician, physician assistant, or *advanced practice registered nurse*
5354 ~~practitioner~~;

5355 17. Is accorded respect for ordinary privacy in every aspect of daily living, including but not limited
5356 to the following:

5357 a. In the care of his personal needs except as assistance may be needed;

5358 b. In any medical examination or health-related consultations the resident may have at the facility;

5359 c. In communications, in writing or by telephone;

5360 d. During visitations with other persons;

5361 e. In the resident's room or portion thereof; residents shall be permitted to have guests or other
5362 residents in their rooms unless to do so would infringe upon the rights of other residents; staff may not
5363 enter a resident's room without making their presence known except in an emergency or in accordance

with safety oversight requirements included in regulations of the Board;

f. In visits with his spouse; if both are residents of the facility they are permitted but not required to share a room unless otherwise provided in the residents' agreements;

18. Is permitted to meet with and participate in activities of social, religious, and community groups at his discretion unless medically contraindicated as documented by his physician, physician assistant, or *advanced practice registered nurse practitioner* in his medical record;

19. Is fully informed, as evidenced by the written acknowledgment of the resident or his legal representative, prior to or at the time of admission and during his stay, that he should exercise whatever due diligence he deems necessary with respect to information on any sex offenders registered pursuant to Chapter 9 (§ 9.1-900 et seq.) of Title 9.1, including how to obtain such information. Upon request, the assisted living facility shall assist the resident, prospective resident, or the legal representative of the resident or prospective resident in accessing this information and provide the resident, prospective resident, or the legal representative of the resident or prospective resident with printed copies of the requested information; and

20. Is informed, in writing and upon request, of whether the assisted living facility maintains the minimum liability coverage, as established by the Board pursuant to subdivision A 10 of § 63.2-1805.

B. If the resident is unable to fully understand and exercise the rights and responsibilities contained in this section, the facility shall require that a responsible individual, of the resident's choice when possible, designated in writing in the resident's record, be made aware of each item in this section and the decisions that affect the resident or relate to specific items in this section; a resident shall be assumed capable of understanding and exercising these rights unless a physician determines otherwise and documents the reasons for such determination in the resident's record.

C. The rights and responsibilities of residents shall be printed in at least 12-point type and posted conspicuously in a public place in all assisted living facilities. The facility shall also post the name and telephone number of the regional licensing supervisor of the Department, the Adult Protective Services' toll-free telephone number, as well as the toll-free telephone number for the Virginia Long-Term Care Ombudsman Program, any sub-state ombudsman program serving the area, and the toll-free number of the Commonwealth's designated protection and advocacy system.

D. The facility shall make its policies and procedures for implementing this section available and accessible to residents, relatives, agencies, and the general public.

E. The provisions of this section shall not be construed to restrict or abridge any right that any resident has under law.

F. Each facility shall provide appropriate staff training to implement each resident's rights included in this section.

G. The Board shall adopt regulations as necessary to carry out the full intent of this section.

H. It shall be the responsibility of the Commissioner to ensure that the provisions of this section are observed and implemented by assisted living facilities as a condition to the issuance, renewal, or continuation of the license required by this article.

§ 63.2-1808.1. Life-sharing communities.

A. For the purposes of this section:

"Life-sharing community" means a residential setting, operated by a nonprofit organization, that (i) offers a safe environment in free standing, self-contained homes for residents that have been determined by a licensed health-care professional as having at least one developmental disability; (ii) is an environment located in a community setting where residents participate in therapeutic activities including artistic crafts, stewardship of the land, and agricultural activities; (iii) consists of the residents as well as staff and volunteers who live together in residential homes; (iv) operates at a ratio of at least one staff member, volunteer, or supervising personnel for every three residents in each self-contained home household; and (v) has at least one supervisory staff member on premises to be responsible for the care, safety, and supervision of the residents at all times.

"Resident" means an individual who has been determined by a physician or *an advanced practice registered nurse practitioner* to have at least one developmental disability and who resides at the life-sharing community on a full-time basis.

"Volunteer" means an individual who resides in the life-sharing community on a full-time basis and who assists residents with their daily activities and receives no wages. A volunteer may receive a small stipend for personal expenses.

B. Any facility seeking to operate as a life-sharing community shall file with the Commissioner: (i) a statement of intent to operate as a life-sharing community; (ii) a certification that at the time of admission, a contract and written notice was provided to each resident and his legally authorized representative that includes a statement of disclosure that the facility is exempt from licensure as an "assisted living facility," and (iii) documentary evidence that such life-sharing community is a private nonprofit organization in accordance with 501(c)(3) of the Internal Revenue Code of 1954, as amended.

C. Upon filing an initial statement of intent to operate as a life-sharing community, and every two years thereafter, the life-sharing community shall certify that the local health department, building inspector, fire marshal, or other local official designated by the locality to enforce the Statewide Fire Prevention Code, and any other local official required by law to inspect the premises, have inspected the physical facilities of the life-sharing community and have determined that the facility is in compliance with all applicable laws and regulations with regard to food service activities, health and sanitation, water supply, building codes, and the Statewide Fire Prevention Code and the Uniform Statewide Building Code.

D. Upon filing an initial statement of intent to operate as a life-sharing community, and every two years thereafter, the life-sharing community shall provide the Commissioner documentary evidence that:

1. Life-sharing community staff and volunteers have completed a training program that includes instruction in personal care of residents, house management, and therapeutic activities;

2. Volunteers and staff have completed first aid and Cardio-Pulmonary Resuscitation training;

3. Each resident's needs are evaluated using the Uniform Assessment Instrument, and Individual Service Plans are developed for each resident annually;

4. The residents of the life-sharing community are each 21 years of age or older;

5. A criminal background check through the Criminal Records Exchange has been completed for each (i) full-time salaried staff member and (ii) volunteer as defined in this section.

E. A residential facility operating as a life-sharing facility shall be exempt from the licensing requirements of Article 1 (§ 63.2-1800 et seq.) of Chapter 18 of Title 63.2 applicable to assisted living facilities.

F. The Commissioner may perform unannounced on-site inspections of a life-sharing community to determine compliance with the provisions of this section and to investigate any complaint that the life-sharing community is not in compliance with the provisions of this section, or to otherwise ensure the health, safety, and welfare of the life-sharing community residents. The Commissioner may revoke the exemption from licensure pursuant to this chapter for any life-sharing community for serious or repeated violation of the requirements of this section and order that the facility cease operations or comply with the licensure requirements of an assisted living facility. If a life-sharing community does not file the statement and documentary evidence required by this section, the Commissioner shall give reasonable notice to such life-sharing community of the nature of its noncompliance and may thereafter take action as he determines appropriate, including a suit to enjoin the operation of the life-sharing community.

G. All life-sharing communities shall provide access to their facilities and residents by staff of community services boards and behavioral health authorities as defined in § 37.2-100 for the purpose of (i) assessing or evaluating, (ii) providing case management or other services or assistance, or (iii) monitoring the care of individuals receiving services who are residing in the facility. Such staff or contractual agents also shall be given reasonable access to other facility residents who have previously requested their services.

H. Any residents of any life-sharing community shall be accorded the same rights and responsibilities as residents in assisted living facilities as provided in subsections A through F of § 63.2-1808.

I. A life-sharing community shall not admit or retain individuals with any of the conditions or care needs as provided in subsection C of § 63.2-1805.

J. Notwithstanding § 63.2-1805, at the request of the resident, hospice care may be provided in a life-sharing community under the same requirements for hospice programs provided in Article 7 (§ 32.1-162.1 et seq.) of Chapter 5 of Title 32.1 if the hospice program determines that such a program is appropriate for the resident.

§ 63.2-2203. Grant application process; administration.

A. Grant applications shall be submitted by caregivers to the Department between February 1 and May 1 of the year following the calendar year in which the care for a mentally or physically impaired person was provided. Failure to meet the application deadline shall render the caregiver ineligible to receive a grant for care provided during such calendar year. For filings by mail, the postmark cancellation shall govern the date of the filing determination.

B. Applications for grants shall include (i) proof of the caregiver's income and that of the caregiver's spouse, if applicable; (ii) certification by the private physician, licensed physician assistant pursuant to § 54.1-2951.2, or *advanced practice registered nurse practitioner* pursuant to § 54.1-2957.02 who has screened the mentally or physically impaired person and found him to be eligible, in accordance with relevant state regulations, for placement in an assisted-living facility or a nursing home or for receiving community long-term care services; (iii) the mentally or physically impaired person's place of residence; and (iv) such other relevant information as the Department may reasonably require. Any caregiver applying for the grant pursuant to this chapter shall affirm, by signing and submitting his application for a grant, that the mentally or physically impaired person for whom he provided care and the care

provided meet the criteria set forth in this chapter. As a condition of receipt of a grant, a caregiver shall agree to make available to the Department for inspection, upon request, all relevant and applicable documents to determine whether the caregiver meets the requirements for the receipt of grants as set forth in this chapter, and to consent to the use by the Department of all relevant information relating to eligibility for the requested grant.

C. The Department shall review applications for grants and determine eligibility and the amount of the grant to be allocated to each eligible caregiver. If the moneys in the Fund are less than the amount of grants to which applicants are eligible for caregiver services provided in the preceding calendar year, the moneys in the Fund shall be apportioned among eligible applicants pro rata, based upon the amount of the grant for which an applicant is eligible and the amount of money in the Fund.

D. The Department shall certify to the Comptroller the amount of grant to be allocated to eligible caregiver applicants. Payments shall be made by check issued by the State Treasurer on warrant of the Comptroller. The Comptroller shall not draw any warrants to issue checks for this program without a specific legislative appropriation as specified in conditions and restrictions on expenditures in the appropriation act.

E. Actions of the Department relating to the review, allocation and awarding of grants shall be exempt from the provisions of the Administrative Process Act (§ 2.2-4000 et seq.) pursuant to subdivision B 4 of § 2.2-4002. Decisions of the Department shall be final and not subject to review or appeal.

§ 65.2-402.1. Presumption as to death or disability from infectious disease.

A. Hepatitis, meningococcal meningitis, tuberculosis or HIV causing the death of, or any health condition or impairment resulting in total or partial disability of, any (i) salaried or volunteer firefighter, or salaried or volunteer emergency medical services personnel; (ii) member of the State Police Officers' Retirement System; (iii) member of county, city, or town police departments; (iv) sheriff or deputy sheriff; (v) Department of Emergency Management hazardous materials officer; (vi) city sergeant or deputy city sergeant of the City of Richmond; (vii) Virginia Marine Police officer; (viii) conservation police officer who is a full-time sworn member of the enforcement division of the Department of Wildlife Resources; (ix) Capitol Police officer; (x) special agent of the Virginia Alcoholic Beverage Control Authority appointed under the provisions of Chapter 1 (§ 4.1-100 et seq.) of Title 4.1; (xi) for such period that the Metropolitan Washington Airports Authority voluntarily subjects itself to the provisions of this chapter as provided in § 65.2-305, officer of the police force established and maintained by the Metropolitan Washington Airports Authority; (xii) officer of the police force established and maintained by the Norfolk Airport Authority; (xiii) conservation officer of the Department of Conservation and Recreation commissioned pursuant to § 10.1-115; (xiv) sworn officer of the police force established and maintained by the Virginia Port Authority; (xv) campus police officer appointed under Article 3 (§ 23.1-809 et seq.) of Chapter 8 of Title 23.1 and employed by any public institution of higher education; (xvi) correctional officer as defined in § 53.1-1; or (xvii) full-time sworn member of the enforcement division of the Department of Motor Vehicles who has a documented occupational exposure to blood or body fluids shall be presumed to be occupational diseases, suffered in the line of government duty, that are covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For purposes of this subsection, an occupational exposure occurring on or after July 1, 2002, shall be deemed "documented" if the person covered under this subsection gave notice, written or otherwise, of the occupational exposure to his employer, and an occupational exposure occurring prior to July 1, 2002, shall be deemed "documented" without regard to whether the person gave notice, written or otherwise, of the occupational exposure to his employer. For any correctional officer as defined in § 53.1-1 or full-time sworn member of the enforcement division of the Department of Motor Vehicles, the presumption shall not apply if such individual was diagnosed with hepatitis, meningococcal meningitis, or HIV before July 1, 2020.

B. 1. COVID-19 causing the death of, or any health condition or impairment resulting in total or partial disability of, any health care provider, as defined in § 8.01-581.1, who as part of the provider's employment is directly involved in diagnosing or treating persons known or suspected to have COVID-19, shall be presumed to be an occupational disease that is covered by this title unless such presumptions are overcome by a preponderance of competent evidence to the contrary. For the purposes of this section, the COVID-19 virus shall be established by a positive diagnostic test for COVID-19 and signs and symptoms of COVID-19 that require medical treatment, as described in subdivision F 2.

2. COVID-19 causing the death of, or any health condition or impairment resulting in total or partial disability of, any (i) firefighter, as defined in § 65.2-102; (ii) law-enforcement officer, as defined in § 9.1-101; (iii) correctional officer, as defined in § 53.1-1; or (iv) regional jail officer shall be presumed to be an occupational disease, suffered in the line of duty, as applicable, that is covered by this title unless such presumption is overcome by a preponderance of competent evidence to the contrary. For the purposes of this section, the COVID-19 virus shall be established by a positive diagnostic test for

5547 COVID-19, an incubation period consistent with COVID-19, and signs and symptoms of COVID-19 that
 5548 require medical treatment.

5549 C. As used in this section:

5550 "Blood or body fluids" means blood and body fluids containing visible blood and other body fluids
 5551 to which universal precautions for prevention of occupational transmission of blood-borne pathogens, as
 5552 established by the Centers for Disease Control, apply. For purposes of potential transmission of hepatitis,
 5553 meningococcal meningitis, tuberculosis, or HIV the term "blood or body fluids" includes respiratory,
 5554 salivary, and sinus fluids, including droplets, sputum, saliva, mucous, and any other fluid through which
 5555 infectious airborne or blood-borne organisms can be transmitted between persons.

5556 "Hepatitis" means hepatitis A, hepatitis B, hepatitis non-A, hepatitis non-B, hepatitis C, or any other
 5557 strain of hepatitis generally recognized by the medical community.

5558 "HIV" means the medically recognized retrovirus known as human immunodeficiency virus, type I or
 5559 type II, causing immunodeficiency syndrome.

5560 "Occupational exposure," in the case of hepatitis, meningococcal meningitis, tuberculosis or HIV,
 5561 means an exposure that occurs during the performance of job duties that places a covered employee at
 5562 risk of infection.

5563 D. Persons covered under this section who test positive for exposure to the enumerated occupational
 5564 diseases, but have not yet incurred the requisite total or partial disability, shall otherwise be entitled to
 5565 make a claim for medical benefits pursuant to § 65.2-603, including entitlement to an annual medical
 5566 examination to measure the progress of the condition, if any, and any other medical treatment,
 5567 prophylactic or otherwise.

5568 E. 1. Whenever any standard, medically-recognized vaccine or other form of immunization or
 5569 prophylaxis exists for the prevention of a communicable disease for which a presumption is established
 5570 under this section, if medically indicated by the given circumstances pursuant to immunization policies
 5571 established by the Advisory Committee on Immunization Practices of the United States Public Health
 5572 Service, a person subject to the provisions of this section may be required by such person's employer to
 5573 undergo the immunization or prophylaxis unless the person's physician determines in writing that the
 5574 immunization or prophylaxis would pose a significant risk to the person's health. Absent such written
 5575 declaration, failure or refusal by a person subject to the provisions of this section to undergo such
 5576 immunization or prophylaxis shall disqualify the person from any presumption established by this
 5577 section.

5578 2. The presumptions described in subdivision B 1 shall not apply to any person offered by such
 5579 person's employer a vaccine for the prevention of COVID-19 with an Emergency Use Authorization
 5580 issued by the U.S. Food and Drug Administration, unless the person is immunized or the person's
 5581 physician determines in writing that the immunization would pose a significant risk to the person's
 5582 health. Absent such written declaration, failure or refusal by a person subject to the provisions of this
 5583 section to undergo such immunization shall disqualify the person from the presumptions described in
 5584 subdivision B 1.

5585 F. 1. The presumptions described in subsection A shall only apply if persons entitled to invoke them
 5586 have, if requested by the appointing authority or governing body employing them, undergone
 5587 preemployment physical examinations that (i) were conducted prior to the making of any claims under
 5588 this title that rely on such presumptions; (ii) were performed by physicians whose qualifications are as
 5589 prescribed by the appointing authority or governing body employing such persons; (iii) included such
 5590 appropriate laboratory and other diagnostic studies as the appointing authorities or governing bodies may
 5591 have prescribed; and (iv) found such persons free of hepatitis, meningococcal meningitis, tuberculosis or
 5592 HIV at the time of such examinations. The presumptions described in subsection A shall not be effective
 5593 until six months following such examinations, unless such persons entitled to invoke such presumption
 5594 can demonstrate a documented exposure during the six-month period.

5595 2. The presumptions described in subdivision B 1 shall apply to any person entitled to invoke them
 5596 for any death or disability occurring on or after March 12, 2020, caused by infection from the
 5597 COVID-19 virus, provided that for any such death or disability that occurred on or after March 12,
 5598 2020, and prior to December 31, 2022, and;

5599 a. Prior to July 1, 2020, the claimant received a positive diagnosis of COVID-19 from a licensed
 5600 physician, *an advanced practice registered nurse practitioner*, or a physician assistant after either (i) a
 5601 presumptive positive test or a laboratory-confirmed test for COVID-19 and presenting with signs and
 5602 symptoms of COVID-19 that required medical treatment, or (ii) presenting with signs and symptoms of
 5603 COVID-19 that required medical treatment absent a presumptive positive test or a laboratory-confirmed
 5604 test for COVID-19; or

5605 b. On or after July 1, 2020, and prior to December 31, 2022, the claimant received a positive
 5606 diagnosis of COVID-19 from a licensed physician, *an advanced practice registered nurse practitioner*, or
 5607 a physician assistant after a presumptive positive test or a laboratory-confirmed test for COVID-19 and

presented with signs and symptoms of COVID-19 that required medical treatment.

3. The presumptions described in subdivision B 2 shall apply to any person entitled to invoke them for any death or disability occurring on or after July 1, 2020, caused by infection from the COVID-19 virus, provided that for any such death or disability that occurred on or after July 1, 2020, and prior to December 31, 2021, the claimant received a diagnosis of COVID-19 from a licensed physician, after either a presumptive positive test or a laboratory confirmed test for COVID-19, and presented with signs and symptoms of COVID-19 that required medical treatment.

G. Persons making claims under this title who rely on such presumption shall, upon the request of appointing authorities or governing bodies employing such persons, submit to physical examinations (i) conducted by physicians selected by such appointing authorities or governing bodies or their representatives and (ii) consisting of such tests and studies as may reasonably be required by such physicians. However, a qualified physician, selected and compensated by the claimant, may, at the election of such claimant, be present at such examination.

§ 65.2-605. Liability of employer for medical services ordered by Commission; fee schedules for medical services; malpractice; assistants-at-surgery; coding.

A. As used in this section, unless the context requires a different meaning:

"Burn center" means a treatment facility designated as a burn center pursuant to the verification program jointly administered by the American Burn Association and the American College of Surgeons and verified by the Commonwealth.

"Categories of providers of fee scheduled medical services" means:

1. Physicians exclusive of surgeons;
2. Surgeons;
3. Type One teaching hospitals;
4. Hospitals, exclusive of Type One teaching hospitals;
5. Ambulatory surgical centers;
6. Providers of outpatient medical services not covered by subdivision 1, 2, or 5; and
7. Purveyors of miscellaneous items and any other providers not described in subdivisions 1 through 6, as established by the Commission in regulations adopted pursuant to subsection C.

"Codes" means, as applicable, CPT codes, HCPCS codes, DRG classifications, or revenue codes.

"CPT codes" means the medical and surgical identifying codes using the Physicians' Current Procedural Terminology published by the American Medical Association.

"Diagnosis related group" or "DRG" means the system of classifying in-patient hospital stays adopted for use with the Inpatient Prospective Payment System.

"Fee scheduled medical service" means a medical service exclusive of a medical service provided in the treatment of a traumatic injury or serious burn.

"Health Care Common Procedure Coding System codes" or "HCPCS codes" means the medical coding system, including all subsets of codes by alphabetical letter, used to report hospital outpatient and certain physician services as published by the National Uniform Billing Committee, including Temporary National Code (Non-Medicare) S0000-S-9999.

"Level I or Level II trauma center" means a hospital in the Commonwealth designated by the Board of Health as a Level I trauma center or a Level II trauma center pursuant to the Statewide Emergency Medical Services Plan developed in accordance with § 32.1-111.3.

"Medical community" means one of the following six regions of the Commonwealth:

1. Northern region, consisting of the area for which three-digit ZIP code prefixes 201 and 220 through 223 have been assigned by the U.S. Postal Service.
2. Northwest region, consisting of the area for which three-digit ZIP code prefixes 224 through 229 have been assigned by the U.S. Postal Service.
3. Central region, consisting of the area for which three-digit ZIP code prefixes 230, 231, 232, 238, and 239 have been assigned by the U.S. Postal Service.
4. Eastern region, consisting of the area for which three-digit ZIP code prefixes 233 through 237 have been assigned by the U.S. Postal Service.
5. Near Southwest region, consisting of the area for which three-digit ZIP code prefixes 240, 241, 244, and 245 have been assigned by the U.S. Postal Service.
6. Far Southwest region, consisting of the area for which three-digit ZIP code prefixes 242, 243, and 246 have been assigned by the U.S. Postal Service.

The applicable community for providers of medical services rendered in the Commonwealth shall be determined by the zip code of the location where the services were rendered. The applicable community for providers of medical services rendered outside of the Commonwealth shall be determined by the zip code of the principal place of business of the employer if located in the Commonwealth or, if no such location exists, the zip code of the location where the Commission hearing regarding a dispute concerning the services would be conducted.

5669 "Medical service" means any medical, surgical, or hospital service required to be provided to an
 5670 injured person pursuant to this title.

5671 "Medical service provided for the treatment of a serious burn" includes any professional service
 5672 rendered during the dates of service of the admission or transfer to a burn center.

5673 "Medical service provided for the treatment of a traumatic injury" includes any professional service
 5674 rendered during the dates of service of the admission or transfer to a Level I or Level II trauma center.

5675 "Miscellaneous items" means medical services provided under this title that are not included within
 5676 subdivisions 1 through 6 of the definition of categories of providers of fee scheduled medical services.

5677 "Miscellaneous items" does not include (i) pharmaceuticals that are dispensed by providers, other than
 5678 hospitals or Type One teaching hospitals as part of inpatient or outpatient medical services, or dispensed
 5679 as part of fee scheduled medical services at an ambulatory surgical center or (ii) durable medical
 5680 equipment dispensed at retail.

5681 "New type of technology" means an item resulting or derived from an advance in medical
 5682 technology, including an implantable medical device or an item of medical equipment, that is supplied
 5683 by a third party, provided that the item has been cleared or approved by the federal Food and Drug
 5684 Administration (FDA) after the transition date and prior to the date of the provision of the medical
 5685 service using the item.

5686 "Physician" means a person licensed to practice medicine or osteopathy in the Commonwealth
 5687 pursuant to Chapter 29 (§ 54.1-2900 et seq.) of Title 54.1.

5688 "Professional service" means any medical or surgical service required to be provided to an injured
 5689 person pursuant to this title that is provided by a physician or any health care practitioner licensed,
 5690 accredited, or certified to perform the service consistent with state law.

5691 "Provider" means a person licensed by the Commonwealth to provide a medical service to a claimant
 5692 under this title.

5693 "Reimbursement objective" means the average of all reimbursements and other amounts paid to
 5694 providers in the same category of providers of fee scheduled medical services in the same medical
 5695 community for providing a fee scheduled medical service to a claimant under this title during the most
 5696 recent period preceding the transition date for which statistically reliable data is available as determined
 5697 by the Commission.

5698 "Revenue codes" means a method of coding used by hospitals or health care systems to identify the
 5699 department in which medical service was rendered to the patient or the type of item or equipment used
 5700 in the delivery of medical services.

5701 "Serious burn" means a burn for which admission or transfer to a burn center is medically necessary.

5702 "Transition date" means the date the regulations of the Commission adopting initial Virginia fee
 5703 schedules for medical services pursuant to subsection C become effective.

5704 "Traumatic injury" means an injury for which admission or transfer to a Level I or Level II trauma
 5705 center is medically necessary and that is assigned a DRG number of 003, 004, 011, 012, 013, 025
 5706 through 029, 082, 085, 453, 454, 455, 459, 460, 463, 464, 465, 474, 475, 483, 500, 507, 510, 515, 516,
 5707 570, 856, 857, 862, 901, 904, 907, 908, 955 through 959, 963, 998, or 999. Claimants who die in an
 5708 emergency room of trauma or burn before admission shall be deemed to be claimants who incurred a
 5709 traumatic injury.

5710 "Type One teaching hospital" means a hospital that was a state-owned teaching hospital on January
 5711 1, 1996.

5712 "Virginia fee schedule" means a schedule of maximum fees for fee scheduled medical services for
 5713 the medical community where the fee scheduled medical service is provided, as initially adopted by the
 5714 Commission pursuant to subsection C and as adjusted as provided in subsection D.

5715 B. The pecuniary liability of the employer for a:

5716 1. Medical, surgical, and hospital service herein required when ordered by the Commission that is
 5717 provided to an injured person prior to the transition date, regardless of the date of injury, shall be
 5718 limited absent a contract providing otherwise, to such charges as prevail in the same community for
 5719 similar treatment when such treatment is paid for by the injured person. As used in this subdivision,
 5720 "same community" for providers of medical services rendered outside of the Commonwealth shall be
 5721 deemed to be the principal place of business of the employer if located in the Commonwealth or, if no
 5722 such location exists, the location where the Commission hearing regarding the dispute is conducted;

5723 2. Fee scheduled medical service provided on or after the transition date, regardless of the date of
 5724 injury, shall be limited to:

5725 a. The amount provided for the payment for the fee scheduled medical service as set forth in a
 5726 contract under which the provider has agreed to accept a specified amount in payment for the service
 5727 provided, which amount may be less than or exceed the maximum amount for the service as set forth in
 5728 the applicable Virginia fee schedule;

5729 b. In the absence of a contract described in subdivision 2 a, the lesser of the billing amount or the

amount for the fee scheduled medical service as set forth in the applicable Virginia fee schedule that is in effect on the date the service is provided, subject to an increase approved by the Commission pursuant to subsection H; or

c. In the absence of (i) a contract described in subdivision 2 a and (ii) a provision in a Virginia fee schedule that sets forth a maximum amount for the medical service on the date it is provided, the maximum amount determined by the Commission as provided in subsection E; and

3. Medical service provided on or after the transition date for the treatment of a traumatic injury or serious burn, regardless of the date of injury, shall be limited to:

a. The amount provided for the payment for the medical service provided for the treatment of the traumatic injury or serious burn as set forth in a contract under which the provider has agreed to accept a specified amount in payment for the service provided, which amount may be less than or exceed the maximum amount for the service calculated pursuant to subdivision 3 b; or

b. In the absence of a contract described in subdivision 3 a, an amount equal to 80 percent of the provider's charge for the service based on the provider's charge master or schedule of fees; however, if the compensability under this title of a claim for traumatic injury or serious burn is contested and after a hearing on the claim on its merits or after abandonment of a defense by the employer or insurance carrier, benefits for medical services are awarded and inure to the benefit of a third-party insurance carrier or health care provider and the Commission awards to the claimant's attorney a fee pursuant to subsection B of § 65.2-714, then the pecuniary liability of the employer for the service provided shall be limited to 100 percent of the provider's charge for the service based on the provider's charge master or schedule of fees.

C. The Commission shall adopt regulations establishing initial Virginia fee schedules for fee scheduled medical services as follows:

1. The Commission's regulations that establish the initial Virginia fee schedules shall be effective on January 1, 2018.

2. Separate initial Virginia fee schedules shall be established for fee scheduled medical services (i) provided by each category of providers of fee scheduled medical services and (ii) within each of the medical communities to reflect the variations among the medical communities as provided in subdivision 3, for each category of providers of fee scheduled medical services.

3. The Virginia fee schedules for each medical community shall reflect variations among medical communities in (i) all reimbursements and other amounts paid to providers for fee scheduled medical services among the medical communities and (ii) the extent to which the number of providers within the various medical communities is adequate to meet the needs of injured workers.

4. In establishing the initial Virginia fee schedules for fee scheduled medical services, the Commission shall establish the maximum fee for each fee scheduled medical service at a level that approximates the reimbursement objective for each category of providers of fee scheduled medical services among the medical communities. The Commission shall retain a firm with nationwide experience and actuarial expertise in the development of workers' compensation fee schedules to assist the Commission in establishing the initial Virginia fee schedules. The Commission shall consult with the regulatory advisory panel established pursuant to subdivision F 2 prior to retaining such firm. Such firm shall be retained to assist the Commission in developing the Virginia fee schedules by recommending a methodology that will provide, at reasonable cost to the Commission, statistically valid estimates of the reimbursement objective for fee scheduled medical services within the medical communities, based on available data or, if the necessary data is not available, by recommending the optimal methodology for obtaining the necessary data. The Commission shall consult with the regulatory advisory panel prior to adopting any such methodology. Such methodology may, but is not required to, be based on applicable codes. The estimates of the reimbursement objective for fee scheduled medical services shall be derived from data on all reimbursements and other amounts paid to providers for fee scheduled medical services provided pursuant to this title during 2014 and 2015, to the extent available.

D. The Commission shall review Virginia fee schedules during the year that follows the transition date and biennially thereafter and, if necessary, adjust the Virginia fee schedules in order to address (i) inflation or deflation as reflected in the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U) for the South as published by the Bureau of Labor Statistics of the U.S. Department of Labor; (ii) access to fee scheduled medical services; (iii) errors in calculations made in preparing the Virginia fee schedules; and (iv) incentives for providers. The Commission shall not adjust a Virginia fee schedule in a manner that reduces fees on an existing schedule unless such a reduction is based on deflation or a finding by the Commission that advances in technology or errors in calculations made in preparing the Virginia fee schedules justify a reduction in fees.

E. The maximum pecuniary liability of the employer for a fee scheduled medical service that is not included in a Virginia fee schedule when it is provided shall be determined by the Commission. The Commission's determination of the employer's maximum pecuniary liability for such fee scheduled

5791 medical service shall be effective until the Commission sets a maximum fee for the fee scheduled
 5792 medical service and incorporates such maximum fee into an adjusted Virginia fee schedule adopted
 5793 pursuant to subsection D. If the fee scheduled medical service is not included in a Virginia fee schedule
 5794 because it is:

5795 1. A new type of technology, the employer's maximum pecuniary liability shall not exceed 130
 5796 percent of the provider's invoiced cost for such device, as evidenced by a copy of the invoice. If the
 5797 new type of technology has not been cleared or approved by the FDA prior to such date, then the
 5798 provider shall not be entitled to payment or reimbursement therefor unless the employer or its insurer
 5799 agree; or

5800 2. A new type of procedure that has not been assigned a billing code, the employer's maximum
 5801 pecuniary liability shall not exceed 80 percent of the provider's charge for the service based on the
 5802 provider's charge master or schedule of fees, provided the employer and the provider mutually agree to
 5803 the provision of such procedure.

5804 F. The Commission shall:

5805 1. Provide public access to information regarding the Virginia fee schedules for medical services, by
 5806 categories of providers of fee scheduled medical services and for each medical community, through the
 5807 Commission's website. No information provided on the website shall be provider-specific or disclose or
 5808 release the identity of any provider; and

5809 2. Utilize a 10-member regulatory advisory panel to assist in the development of regulations adopting
 5810 initial Virginia fee schedules pursuant to subsection C, in adjusting initial Virginia fee schedules
 5811 pursuant to subsection D, and on all matters involving or related to the fee schedule as deemed
 5812 necessary by the Commission. One member of the regulatory advisory panel shall be selected by the
 5813 Commission from each of the following: (i) the American Insurance Association; (ii) the Property and
 5814 Casualty Insurers Association of America; (iii) the Virginia Self-Insurers Association, Inc.; (iv) the
 5815 Medical Society of Virginia; (v) the Virginia Hospital and Healthcare Association; (vi) a Type One
 5816 teaching hospital; (vii) the Virginia Orthopaedic Society; (viii) the Virginia Trial Lawyers Association;
 5817 (ix) a group self-insurance association representing employers; and (x) a local government group
 5818 self-insurance pool formed under Chapter 27 (§ 15.2-2700 et seq.) of Title 15.2. The Commission shall
 5819 meet with the regulatory advisory panel and consider the recommendations of its members in its
 5820 development of the Virginia fee schedules pursuant to subsections C and D.

5821 G. The Commission's retaining of a firm with nationwide experience and actuarial expertise in the
 5822 development of workers' compensation fee schedules to assist the Commission in developing the
 5823 Virginia fee schedules pursuant to subsections C and D shall be exempt from the provisions of the
 5824 Virginia Public Procurement Act (§ 2.2-4300 et seq.), provided the Commission shall issue a request for
 5825 proposals that requires submission by a bidder of evidence that it satisfies the conditions for eligibility
 5826 established in this subsection and in subdivision C 4. Records and information relating to payments or
 5827 reimbursements to providers that is obtained by or furnished to the Commission by such firm or any
 5828 other person shall (i) be for the exclusive use of the Commission in the course of the Commission's
 5829 development of fee schedules and related regulations and (ii) shall remain confidential and shall not be
 5830 subject to the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

5831 H. When the total charges of a hospital or Type One teaching hospital, based on such provider's
 5832 charge master, for inpatient hospital services covered by a DRG code exceed the charge outlier
 5833 threshold, then the Commission shall establish the maximum fee for such scheduled inpatient hospital
 5834 services at an amount equal to the total of (i) the maximum fee for the service as set forth in the
 5835 applicable fee schedule and (ii) initially equal to 80 percent of the provider's total charges for the service
 5836 in excess of the charge outlier threshold. The charge outlier threshold for such services initially shall
 5837 equal 300 percent of the maximum fee for the service set forth in the applicable fee schedule; however,
 5838 the Commission, in consultation with the firm retained pursuant to subdivision C 4, is authorized on a
 5839 biennial basis to adjust such percentage if it finds that the number of such claims for which the total
 5840 charges of the hospital or Type One teaching hospital exceed the charge outlier threshold is less than
 5841 five percent or to increase such percentage if such number is greater than 10 percent of all such claims.

5842 I. No provider shall use a different charge master or schedule of fees for any medical service
 5843 provided under this title than the provider uses for health care services provided to patients who are not
 5844 claimants under this title.

5845 J. The employer shall not be liable in damages for malpractice by a physician or surgeon furnished
 5846 by him pursuant to the provisions of § 65.2-603, but the consequences of any such malpractice shall be
 5847 deemed part of the injury resulting from the accident and shall be compensated for as such.

5848 K. The Commission shall determine the number and geographic area of communities across the
 5849 Commonwealth. In establishing the communities, the Commission shall consider the ability to obtain
 5850 relevant data based on geographic area and such other criteria as are consistent with the purposes of this
 5851 title. The Commission shall use the communities established pursuant to this subsection in determining

charges that prevail in the same community for treatment provided prior to the transition date.

L. The pecuniary liability of the employer for treatment of a medical service that is rendered on or after July 1, 2014, by:

1. ~~A~~ *An advanced practice registered nurse practitioner* or physician assistant serving as an assistant-at-surgery shall be limited to no more than 20 percent of the reimbursement due to the physician performing the surgery; and

2. An assistant surgeon in the same specialty as the primary surgeon shall be limited to no more than 50 percent of the reimbursement due to the primary physician performing the surgery.

M. Multiple procedures completed on a single surgical site associated with a medical service rendered on or after July 1, 2014, shall be coded and billed with appropriate CPT codes and modifiers and paid according to the National Correct Coding Initiative rules and the CPT codes as in effect at the time the health care was provided to the claimant.

N. The CPT code and National Correct Coding Initiative rules, as in effect at the time a medical service was provided to the claimant, shall serve as the basis for processing a health care provider's billing form or itemization for such items as global and comprehensive billing and the unbundling of medical services. Hospital in-patient medical services shall be coded and billed through the International Statistical Classification of Diseases and Related Health Problems as in effect at the time the medical service was provided to the claimant.
