4. **Title:** Department of Education; uniform system of discipline for disruptive student behavior.

5. **Summary:** Requires the Department of Education to establish, within its regulations governing student conduct, and each school board to adhere to, a uniform system of discipline for disruptive behavior and the removal of a student from a class that includes, among other things, (i) criteria for teachers to remove disruptive students from their classes, including a requirement for a teacher to remove a disruptive student from a class if the disruptive behavior is violent and a requirement to implement a three-strike system for nonviolent disruptive behavior whereby a teacher is required to remove a student from a class if the student repeats or continues the nonviolent disruptive behavior after the teacher provides two warnings to the student and (ii) a prohibition against holding a teacher liable for taking reasonable actions or utilizing reasonable methods to control a physically disruptive or violently disruptive student.

6. **Budget Amendment Necessary:** Yes, Item 130.

**7a. Expenditure Impact:**

2028	\$278,384	2	General Fund
2029	\$278,384	2	General Fund

8. **Fiscal Implications:** The provisions of this bill would require the Department of Education (DOE) to establish new regulations and would require DOE to take increase responsibility for implementation of these regulations as well as monitoring, and compliance with the uniform system of discipline. DOE estimates that the Division of Special Education and Student

Services would need two additional staff members to support the establishment and implementation of the new regulations. Assuming a salary of \$85,000, with benefits and technology costs, DOE would need an additional \$278,384 in additional general fund support annually beginning in fiscal year 2024.

DOE also estimates a one time cost of \$15,000 in fiscal year 2024 to convene a stakeholder group to advise the Board of Education on the establishment of the regulation and guidance.

DOE can absorb any costs associated with data collection.

Local school divisions may experience increased costs to provide additional programming to students removed for disciplinary reasons in order to comply with the provision of education services. Any actual impact to local school divisions is indeterminate.
