4. Title: Revocation of postrelease supervision.

5. Summary: Under current law, post-release supervision programs are operated through the probation and parole districts established pursuant to § 53.1-141 and the conditions of post-release supervision are established by the Virginia Parole Board. The substitute bill provides that any failure to successfully complete a period of probation imposed by a court is subject to revocation pursuant to §§ 19.2-306 and 19.2-306.1 (govern revocation of suspended sentences and technical probation violations).

Current law places certain conditions on people who are released on parole or post-release supervision when such people have been committed to the Department of Behavioral Health and Developmental Services. Current law also allows for the revocation and reincarceration of parolees or felons serving a period of post-release supervision. The substitute bill removes references in these sections to those on post-release supervision.
