4. Title: Medical marijuana program; product requirements; certifications; reporting.

5. Summary: Requires cannabis product and botanical cannabis labels to be complete, accurate, easily discernable, and uniform among different products and brands and that each label, which shall be included on the product and on the pharmaceutical processor's website, include (i) the product name, (ii) all active and inactive ingredients, (iii) the total percentage and milligrams of tetrahydrocannabinol and cannabidiol included in the product and the number of milligrams of tetrahydrocannabinol and cannabidiol in each serving, (iv) the amount of product that constitutes a single serving and the amount recommended for use by the practitioner or dispensing pharmacist, (v) information regarding the product's purpose and detailed usage directions, and (vi) child and safety warnings in a conspicuous font. A pharmaceutical processor or cannabis dispensing facility shall maintain an adequate supply of cannabis products that (a) contain cannabidiol as its primary cannabinoid and (b) have low levels of or no tetrahydrocannabinol. The bill provides that a patient's registered agent shall not be required to register with the Board of Pharmacy when such registered agent is listed on the patient's written certification pursuant to the patient's request and in the discretion of the practitioner based on medical need. The bill also requires that, in the case of cannabis products, the Prescription Monitoring Program include only the information specified in law, which is amended by the bill.

6. Budget Amendment Necessary: No.

7. Fiscal Impact Estimates: Final.

8. Fiscal Implications: The provisions of this legislation, as amended, would not have a fiscal impact on the Department of Health Professions or the Virginia Cannabis Control Authority.
