4. Title: Abortion or other reproductive health care services; prohibitions on extradition for certain crimes.

- 5. Summary:** This bill establishes that no demand for extradition of a person charged with a criminal violation of law of another state shall be recognized by the Governor if such alleged violation involves the receipt of or assistance with reproductive health care services unless the alleged violation would also constitute a criminal offense under the laws of the Commonwealth. The substitute bill provides that an affirmation under oath by such person that he was present in the Commonwealth at the time of the commission of the offense creates a presumption that he was not present in the demanding state at the time of the commission of such alleged offense. Such presumption may be rebutted by clear and convincing evidence by the demanding state in the circuit court of the jurisdiction where such person subject to such demand is a resident or is being held pending extradition.

The bill adds obtaining, disclosing, selling, or disseminating certain personal reproductive or sexual health information without the consent of the consumer as a prohibited practice under the Virginia Consumer Protection Act.
