

## Fiscal Impact Statement for Proposed Legislation

### Virginia Criminal Sentencing Commission

#### Senate Bill No. 903

#### Amendment in the Nature of a Substitute

(Patron Prior to Substitute – Hanger)

LD#: 23105394

Date: 02/25/2023

Topic: Marijuana; tetrahydrocannabinol; hemp products

#### Fiscal Impact Summary:

- **State Adult Correctional Facilities:**  
\$50,000 \*
- **Local Adult Correctional Facilities:**  
Cannot be determined
- **Adult Community Corrections Programs:**  
Cannot be determined

- **Juvenile Direct Care:**  
Cannot be determined \*\*
- **Juvenile Detention Facilities:**  
Cannot be determined \*\*

\*\* Provided by the Department of Juvenile Justice

\* The estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities; therefore, Chapter 2 of the Acts of Assembly of 2022, Special Session I, requires the Virginia Criminal Sentencing Commission to assign a minimum fiscal impact of \$50,000.

Pursuant to § 30-19.1:4, fiscal impact statements prepared by the Virginia Criminal Sentencing Commission only include the estimated increase in operating costs associated with additional state-responsible prison beds and do not reflect any other costs or savings that may be associated with the proposed legislation.

#### Summary of Proposed Legislation:

The proposal modifies the definition of "marijuana" in several *Code* sections to include any substance containing a total tetrahydrocannabinol (THC) concentration that exceeds 0.3 percent or more than two milligrams of total THC per package, including any hemp product or an industrial hemp extract as defined in the bill. The proposal defines "tetrahydrocannabinol" to include any naturally occurring synthetic tetrahydrocannabinol, including its salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation and any preparation, mixture, or substance containing, or mixed or infused with, any detectable amount of tetrahydrocannabinol. Furthermore, the proposal specifies that tetrahydrocannabinol includes delta-6a(10a), delta-7, delta-8, delta-9, and delta-10-tetrahydrocannabinol. The proposal removes tetrahydrocannabinol from the Schedule I list of controlled substances and permits the Board of Pharmacy to schedule, de-schedule, or reschedule a tetrahydrocannabinol isomer, except delta-9-tetrahydrocannabinol, or salts of such isomer in accordance with the provisions of the bill.

In addition, the proposal establishes provisions for the registration of a retail facility for regulated hemp products, as defined in the bill, establishes product packaging, labeling, and testing requirements for such products, and creates a civil penalty of up to \$10,000 for certain violations relating to such products. The proposal requires any person who manufactures an industrial hemp extract or food containing an industrial hemp extract to obtain a permit from the Commissioner of Agriculture and Consumer Services and creates a Class 1 misdemeanor and a civil penalty of up to \$10,000 for certain violations.

Legislation adopted by the 2021 General Assembly (Special Session I) legalized possession of up to one ounce of marijuana by persons who are 21 years of age or older and permitted persons 21 years of age or older to cultivate up to four marijuana plants for personal use, effective July 1, 2021. Possession of more than one ounce of marijuana by a person 21 or older is subject to a civil penalty of up to \$25. Possession of four ounces or more but not more than one pound of marijuana is a Class 3 misdemeanor or, for a second or subsequent offense, a Class 2 misdemeanor. Possession of more than one pound of marijuana on one's person or in a public place is a felony punishable by 1 to 10 years. Violation of the home cultivation law is a Class 6 felony if the individual is cultivating 50 to 100 plants or, if the individual is cultivating more than 100 plants, a felony punishable by imprisonment of 1 to 10 years.

Currently, under § 18.2-248.1, distribution of one ounce or less of marijuana is a Class 1 misdemeanor. Distribution of more than one ounce up to five pounds of marijuana is a Class 5 felony, while distribution of more than five pounds and manufacture of marijuana are both felonies punishable by up to 30 years in prison. A third or subsequent conviction for distribution of marijuana is punishable by up to life in prison and requires a five-year mandatory minimum prison sentence. The *Code* includes additional felonies for transporting certain amounts of marijuana into the Commonwealth, distributing marijuana to a minor, involving a minor in the distribution of marijuana, and distributing near schools or other specified properties.

### Analysis:

To the extent that the proposal expands the definition of marijuana to cover additional sources of THC, the proposal may expand the applicability of existing misdemeanor and felony offenses. The number of additional individuals who may be convicted of such offenses cannot be estimated with existing data; however, offenders affected by the proposed legislation may be sentenced similarly to those convicted under existing marijuana laws (see table below).

### Offenders Convicted of Select Marijuana Offenses (as the Most Serious Offense), FY2021-FY2022

Primary Offense	Total Number of Cases	Percent Sentenced to Probation	Percent Sentenced to Jail	Median Jail Sentence	Percent Sentenced to Prison	Median Prison Sentence
Distribution of marijuana as accommodation (§ 18.2- 248.1(a,3)) <sup>1</sup>	16	75.0%	25.0%	2.0 mos.	N/A	N/A
Distribution, etc., 1 oz. or less marijuana (§ 18.2-248.1(a,1)) <sup>1</sup>	693	63.9%	36.1%	1.0 mo.	N/A	N/A

**Impact of Proposed Legislation:**

**State adult correctional facilities.** By potentially expanding the applicability of existing felony provisions, the proposal may increase the state-responsible (prison) bed space needs of the Commonwealth. Since the number of individuals who may be convicted as a result of the proposal cannot be determined with available data, the net impact on prison beds cannot be quantified.

**Local adult correctional facilities.** Similarly, the net impact on local-responsible (jail) bed space needs cannot be estimated.

**Adult community corrections programs.** The proposal may potentially result in felony and misdemeanor convictions and subsequent supervision requirements for an additional number of offenders. If so, the proposal may increase the need for adult community corrections resources. Since the number of cases that may be affected cannot be determined, the potential impact on community corrections resources cannot be quantified.

**Virginia's Sentencing Guidelines.** Felony violations under § 18.2-248.1 related to the manufacture or distribution of marijuana (including possession with intent to distribute) are covered by the Sentencing Guidelines. No immediate adjustment to the Guidelines would be necessary under the proposal. However, if the proposal is enacted, the Sentencing Commission in the future would conduct detailed analyses of sentencing patterns to determine if revisions to the Guidelines were necessary.

**Juvenile direct care.** According to the Department of Juvenile Justice, the impact of the proposal on direct care (juvenile correctional center or alternative commitment placement) bed space needs cannot be determined.

**Juvenile detention facilities.** The Department of Juvenile Justice reports that the proposal's impact on the bed space needs of juvenile detention facilities cannot be determined.
