Referred to Committee on Health and Human Services

**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Article 2 of Chapter 3 of Title 32.1 a section numbered 32.1-78.1 as follows:**

**§ 32.1-78.1. Stillbirth Support Grant Program.**

A. As used in this section, "stillborn child" means a child (i) of an individual who suffered an unintended, intrauterine fetal death after a gestational period of 20 weeks, (ii) for whom a Certificate of Birth Resulting in Stillbirth has been requested and issued pursuant to § 32.1-258.1, and (iii) whose death was not the result of an induced termination of the pregnancy

B. With all funds appropriated for such purpose and any gifts, donations, grants, bequests, and other funds received on its behalf, the Stillbirth Support Grant Program (the Program) is hereby established to provide grants to individuals who deliver a stillborn child to assist with out-of-pocket expenses associated with such delivery. An application under this section must be submitted within one year of such delivery of a stillborn child. The total value of a grant awarded to any such individual shall be \$1,500. To apply for a grant as authorized by this section, the individual shall apply to the Board and attach to such application a Certificate of Birth Resulting in Stillbirth issued pursuant to § 32.1-258.1.

C. The Program shall be administered by the Board. The Board may issue guidelines for the administration of the Program as it deems appropriate. The Board shall establish procedures for grant applications and determining amounts and prioritizing the award of such grants if the moneys appropriated to the Program are not sufficient to provide each applicant the full grant amount for which such applicant is eligible.
