§ 2.2-2001.4. Military medical personnel; program.

A. For the purposes of this section, "military medical personnel" means an individual who has recently served as a medic in the United States Army, medical technician in the United States Air Force, *medical personnel in the United States Space Force*, or corpsman in the United States Navy or the United States Coast Guard and who was discharged or released from such service under conditions other than dishonorable.

B. The Department, in collaboration with the Department of Health Professions, shall establish a program in which military medical personnel may practice and perform certain delegated acts that constitute the practice of medicine or nursing in accordance with subsection B of § 54.1-2901 or subsection B of § 54.1-3001. Such activities shall reflect the level of training and experience of the military medical personnel. The supervising physician or podiatrist shall retain responsibility for the care of the patient.

C. Any licensed physician or podiatrist, professional corporation or partnership of any licensee, hospital, commercial enterprise having medical facilities for its employees that are supervised by one or more physicians or podiatrists, or facility that offers medical services to the public and that is supervised by one or more physicians or podiatrists may participate in such program.

D. The Department shall establish general requirements for military medical personnel, licensees, and employers participating in the military medical personnel program established pursuant to subsection B.

E. The Department shall assist veterans and other service members who are preparing for discharge or release and who have recently served in health care-related specialties but who do not meet the definition of "military medical personnel" in finding employment in the health care sector.

§ 8.01-337. Who liable to serve as jurors.

All citizens over 18 years of age who have been residents of the Commonwealth one year, and of the county, city, or town in which they reside six months next preceding their being summoned to serve as such, and competent in other respects, except as hereinafter provided, shall be liable to serve as jurors. No person shall be deemed incompetent to serve on any jury because of blindness or partial blindness. Military personnel of the United States Army, Air Force, Marine Corps, Coast Guard, *Space Force*, or Navy shall not be considered residents of this Commonwealth by reason of their being stationed herein.

§ 20-108. Revision and alteration of such decrees.

The court may, from time to time after decreeing as provided in § 20-107.2, on petition of either of the parents, or on its own motion or upon petition of any probation officer or the Department of Social Services, which petition shall set forth the reasons for the relief sought, revise and alter such decree concerning the care, custody, and maintenance of the children and make a new decree concerning the same, as the circumstances of the parents and the benefit of the children may require. The intentional withholding of visitation of a child from the other parent without just cause may constitute a material change of circumstances justifying a change of custody in the discretion of the court.

No support order may be retroactively modified, but may be modified with respect to any period during which there is a pending petition for modification in any court, but only from the date that notice of such petition has been given to the responding party.

Any member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, *Space Force*, National Guard, or any other reserve component thereof, who files a petition or is a party to a petition requesting the adjudication of the custody, visitation or support of a child based on a change of circumstances due to one of the parent's deployment, as that term is defined in § 20-124.7, shall be
