HOUSE BILL NO. 98

Offered January 10, 2024 Prefiled December 30, 2023

A BILL to amend and reenact § 22.1-253.13:1, as it shall become effective, of the Code of Virginia, relating to public secondary schools; satisfaction of physical education requirements; participation in Junior Reserve Officers' Training Corps.

Patrons-Green, Cherry, Clark, Cole, Cordoza, Obenshain, Reid, Taylor and Walker; Senator: Diggs

Referred to Committee on Education

11 Be it enacted by the General Assembly of Virginia:

12 1. That § 22.1-253.13:1, as it shall become effective, of the Code of Virginia is amended and 13 reenacted as follows:

14 § 22.1-253.13:1. (For effective date, see Acts 2022, cc. 549, 550, cl. 2) Standard 1. Instructional 15 programs supporting the Standards of Learning and other educational objectives.

16 A. The General Assembly and the Board believe that the fundamental goal of the public schools of the Commonwealth must be to enable each student to develop the skills that are necessary for success in 17 school, preparation for life, and reaching their full potential. The General Assembly and the Board find 18 that the quality of education is dependent upon the provision of (i) the appropriate working environment, 19 benefits, and salaries necessary to ensure the availability of high-quality instructional personnel; (ii) the 20 21 appropriate learning environment designed to promote student achievement; (iii) quality instruction that 22 enables each student to become a productive and educated citizen of Virginia and the United States of 23 America; and (iv) the adequate commitment of other resources. In keeping with this goal, the General 24 Assembly shall provide for the support of public education as set forth in Article VIII, § 1 of the Constitution of Virginia. 25

B. The Board shall establish educational objectives known as the Standards of Learning, which shall
form the core of Virginia's educational program, and other educational objectives, which together are
designed to ensure the development of the skills that are necessary for success in school and for
preparation for life in the years beyond. At a minimum, the Board shall establish Standards of Learning
for English, mathematics, science, and history and social science. The Standards of Learning shall not be
construed to be regulations as defined in § 2.2-4001.

The Board shall seek to ensure that the Standards of Learning are consistent with a high-quality foundation educational program. The Standards of Learning shall include, but not be limited to, the basic skills of communication (listening, speaking, reading, and writing); computation and critical reasoning, including problem solving and decision making; proficiency in the use of computers and related technology; computer science and computational thinking, including computer coding; and the skills to manage personal finances and to make sound financial decisions.

38 The English Standards of Learning for reading in kindergarten through grade eight shall align with39 evidence-based literacy instruction and science-based reading research.

The Standards of Learning in all subject areas shall be subject to regular review and revision to maintain rigor and to reflect a balance between content knowledge and the application of knowledge in preparation for eventual employment and lifelong learning. The Board shall establish a regular schedule, in a manner it deems appropriate, for the review, and revision as may be necessary, of the Standards of Learning in all subject areas. Such review of each subject area shall occur at least once every seven years. Nothing in this section shall be construed to prohibit the Board from conducting such review and revision on a more frequent basis.

To provide appropriate opportunity for input from the general public, teachers, and local school boards, the Board shall conduct public hearings prior to establishing revised Standards of Learning. Thirty days prior to conducting such hearings, the Board shall give notice of the date, time, and place of the hearings to all local school boards and any other persons requesting to be notified of the hearings and publish notice of its intention to revise the Standards of Learning in the Virginia Register of Regulations. Interested parties shall be given reasonable opportunity to be heard and present information prior to final adoption of any revisions of the Standards of Learning.

In addition, the Department shall make available and maintain a website, either separately or through an existing website utilized by the Department, enabling public elementary, middle, and high school educators to submit recommendations for improvements relating to the Standards of Learning, when under review by the Board according to its established schedule, and related assessments required by the Standards of Quality pursuant to this chapter. Such website shall facilitate the submission of **59** recommendations by educators.

60 School boards shall implement the Standards of Learning or objectives specifically designed for their
61 school divisions that are equivalent to or exceed the Board's requirements. Students shall be expected to
62 achieve the educational objectives established by the school division at appropriate age or grade levels.
63 The curriculum adopted by the local school division shall be aligned to the Standards of Learning.

The Board shall include in the Standards of Learning for history and social science the study of contributions to society of diverse people. For the purposes of this subsection, "diverse" includes consideration of disability, ethnicity, race, and gender.

The Board shall include in the Standards of Learning for health instruction in emergency first aid, 67 68 cardiopulmonary resuscitation, and the use of an automated external defibrillator, including hands-on 69 practice of the skills necessary to perform cardiopulmonary resuscitation. Such instruction shall be based on the current national evidence-based emergency cardiovascular care guidelines for cardiopulmonary 70 71 resuscitation and the use of an automated external defibrillator, such as a program developed by the American Heart Association or the American Red Cross. No teacher who is in compliance with 72 73 subdivision D 3 of § 22.1-298.1 shall be required to be certified as a trainer of cardiopulmonary 74 resuscitation to provide instruction for non-certification.

With such funds as are made available for this purpose, the Board shall regularly review and revise
the competencies for career and technical education programs to require the full integration of English,
mathematics, science, and history and social science Standards of Learning. Career and technical
education programs shall be aligned with industry and professional standard certifications, where they
exist.

80 The Board shall establish content standards and curriculum guidelines for courses in career investigation in elementary school, middle school, and high school. Each school board shall (i) require 81 82 each middle school student to take at least one course in career investigation or (ii) select an alternate 83 means of delivering the career investigation course to each middle school student, provided that such 84 alternative is equivalent in content and rigor and provides the foundation for such students to develop 85 their academic and career plans. Any school board may require (a) such courses in career investigation at the high school level as it deems appropriate, subject to Board approval as required in subsection A 86 87 of § 22.1-253.13:4, and (b) such courses in career investigation at the elementary school level as it 88 deems appropriate. The Board shall develop and disseminate to each school board career investigation 89 resource materials that are designed to ensure that students have the ability to further explore interest in 90 career and technical education opportunities in middle and high school. In developing such resource 91 materials, the Board shall consult with representatives of career and technical education, industry, skilled 92 trade associations, chambers of commerce or similar organizations, and contractor organizations.

93 C. Local school boards shall develop and implement a program of instruction for grades K through 94 12 that is aligned to the Standards of Learning and meets or exceeds the requirements of the Board. The program of instruction shall emphasize reading, writing, speaking, mathematical concepts and 95 computations, proficiency in the use of computers and related technology, computer science and 96 97 computational thinking, including computer coding, and scientific concepts and processes; essential skills 98 and concepts of citizenship, including knowledge of Virginia history and world and United States 99 history, economics, government, foreign languages, international cultures, health and physical education, environmental issues, and geography necessary for responsible participation in American society and in 100 101 the international community; fine arts, which may include, but need not be limited to, music and art, and practical arts; knowledge and skills needed to qualify for further education, gainful employment, or 102 training in a career or technical field; and development of the ability to apply such skills and knowledge 103 in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency. 104

105 Local school boards shall also develop and implement programs of prevention, intervention, or 106 remediation for students who are educationally at risk including, but not limited to, those who fail to 107 achieve a passing score on any Standards of Learning assessment in grades three through eight or who 108 fail an end-of-course test required for the award of a verified unit of credit. Such programs shall include 109 components that are research-based.

110 Any student who achieves a passing score on one or more, but not all, of the Standards of Learning assessments for the relevant grade level in grades three through eight may be required to attend a remediation program.

Any student who fails to achieve a passing score on all of the Standards of Learning assessments for the relevant grade level in grades three through eight or who fails an end-of-course test required for the award of a verified unit of credit shall be required to attend a remediation program or to participate in another form of remediation. Division superintendents shall require such students to take special programs of prevention, intervention, or remediation, which may include attendance in public summer school programs, in accordance with clause (ii) of subsection A of § 22.1-254 and § 22.1-254.01.

119 Remediation programs shall include, when applicable, a procedure for early identification of students 120 who are at risk of failing the Standards of Learning assessments in grades three through eight or who

fail an end-of-course test required for the award of a verified unit of credit. Such programs may also 121 122 include summer school for all elementary and middle school grades and for all high school academic 123 courses, as defined by regulations promulgated by the Board, or other forms of remediation. Summer 124 school remediation programs or other forms of remediation shall be chosen by the division 125 superintendent to be appropriate to the academic needs of the student. Students who are required to 126 attend such summer school programs or to participate in another form of remediation shall not be 127 charged tuition by the school division.

128 The requirement for remediation may, however, be satisfied by the student's attendance in a program 129 of prevention, intervention or remediation that has been selected by his parent, in consultation with the 130 division superintendent or his designee, and is either (i) conducted by an accredited private school or (ii) 131 a special program that has been determined to be comparable to the required public school remediation 132 program by the division superintendent. The costs of such private school remediation program or other 133 special remediation program shall be borne by the student's parent.

134 The Board shall establish standards for full funding of summer remedial programs that shall include, 135 but not be limited to, the minimum number of instructional hours or the equivalent thereof required for 136 full funding and an assessment system designed to evaluate program effectiveness. Based on the number 137 of students attending and the Commonwealth's share of the per pupil instructional costs, state funds shall 138 be provided for the full cost of summer and other remediation programs as set forth in the appropriation 139 act, provided such programs comply with such standards as shall be established by the Board, pursuant 140 to § 22.1-199.2.

D. Local school boards shall also implement the following:

141

142 1. Programs in grades K through three that emphasize developmentally appropriate learning to 143 enhance success.

144 2. Programs based on prevention, intervention, or remediation designed to increase the number of 145 students who earn a high school diploma and to prevent students from dropping out of school. Such 146 programs shall include components that are research-based.

147 3. Career and technical education programs incorporated into the K through 12 curricula that include: 148 a. Knowledge of careers and all types of employment opportunities, including, but not limited to, 149 apprenticeships, entrepreneurship and small business ownership, the military, and the teaching 150 profession, and emphasize the advantages of completing school with marketable skills; 151

b. Career exploration opportunities in the middle school grades;

152 c. Competency-based career and technical education programs that integrate academic outcomes, 153 career guidance, and job-seeking skills for all secondary students. Programs shall be based upon labor 154 market needs and student interest. Career guidance shall include counseling about available employment 155 opportunities and placement services for students exiting school. Each school board shall develop and implement a plan to ensure compliance with the provisions of this subdivision. Such plan shall be 156 developed with the input of area business and industry representatives and local comprehensive 157 158 community colleges and shall be submitted to the Superintendent in accordance with the timelines 159 established by federal law;

160 d. Annual notice on its website to enrolled high school students and their parents of (i) the 161 availability of the postsecondary education and employment data published by the State Council of 162 Higher Education on its website pursuant to § 23.1-204.1 and (ii) the opportunity for such students to 163 obtain a nationally recognized career readiness certificate at a local public high school, comprehensive 164 community college, or workforce center; and

165 e. As part of each student's academic and career plan, a list of (i) the top 100 professions in the Commonwealth by median pay and the education, training, and skills required for each such profession 166 167 and (ii) the top 10 degree programs at institutions of higher education in the Commonwealth by median 168 pay of program graduates. The Department shall annually compile such lists and provide them to each local school board. 169

170 4. Educational objectives in middle and high school that emphasize economic education and financial 171 literacy pursuant to § 22.1-200.03.

172 5. Early identification of students with disabilities and enrollment of such students in appropriate 173 instructional programs consistent with state and federal law.

174 6. Early identification of gifted students and enrollment of such students in appropriately 175 differentiated instructional programs.

176 7. Educational alternatives for students whose needs are not met in programs prescribed elsewhere in 177 these standards. Such students shall be counted in average daily membership (ADM) in accordance with 178 the regulations of the Board.

179 8. Adult education programs for individuals functioning below the high school completion level. 180 Such programs may be conducted by the school board as the primary agency or through a collaborative 181 arrangement between the school board and other agencies.

182 9. A plan to make achievements for students who are educationally at risk a divisionwide priority183 that shall include procedures for measuring the progress of such students.

184 10. An agreement for postsecondary degree attainment with a comprehensive community college in
185 the Commonwealth specifying the options for students to complete an associate degree or a one-year
186 Uniform Certificate of General Studies from a comprehensive community college concurrent with a high
187 school diploma. Such agreement shall specify the credit available for dual enrollment courses and
188 Advanced Placement courses with qualifying exam scores of three or higher.

189 11. A plan to notify students and their parents of the availability of dual enrollment and advanced placement classes; career and technical education programs, including internships, externships, 190 191 apprenticeships, credentialing programs, certification programs, licensure programs, and other work-based 192 learning experiences; the International Baccalaureate Program and Academic Year Governor's School 193 Programs; the qualifications for enrolling in such classes, programs, and experiences; and the availability 194 of financial assistance to low-income and needy students to take the advanced placement and 195 International Baccalaureate examinations. This plan shall include notification to students and parents of 196 the agreement with a comprehensive community college in the Commonwealth to enable students to 197 complete an associate degree or a one-year Uniform Certificate of General Studies concurrent with a 198 high school diploma.

199 12. Identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs, which programs may include dual language programs whereby such students receive instruction in English and in a second language.

202 13. Early identification, diagnosis, and assistance for students with mathematics problems and
 203 provision of instructional strategies and mathematics practices that benefit the development of
 204 mathematics skills for all students.

Local school divisions shall provide algebra readiness intervention services to students in grades six 205 206 through nine who are at risk of failing the Algebra I end-of-course test, as demonstrated by their 207 individual performance on any diagnostic test that has been approved by the Department. Local school 208 divisions shall report the results of the diagnostic tests to the Department on an annual basis, at a time 209 to be determined by the Superintendent. Each student who receives algebra readiness intervention 210 services will be assessed again at the end of that school year. Funds appropriated for prevention, 211 intervention, and remediation; summer school remediation; at-risk; or algebra readiness intervention 212 services may be used to meet the requirements of this subdivision.

14. Incorporation of art, music, and physical education as a part of the instructional program at theelementary school level.

215 15. A program of physical activity available to all students in grades kindergarten through five 216 consisting of at least 20 minutes per day or an average of 100 minutes per week during the regular 217 school year and available to all students in grades six through 12 with a goal of at least 150 minutes per 218 week on average during the regular school year. Such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical 219 220 activities deemed appropriate by the local school board. Each local school board shall implement such 221 program during the regular school year. Any physical education class offered to students in grades seven 222 and eight shall include at least one hour of personal safety training per school year in each such grade 223 level that is developed and delivered in partnership with the local law-enforcement agency and consists 224 of situational safety awareness training and social media education. Each local school board shall accept 225 participation in the Junior Reserve Officers' Training Corps as fulfillment of any physical education 226 requirements applicable to students in grades nine through 12.

16. A program of student services for kindergarten through grade 12 that shall be designed to aidstudents in their educational, social, and career development.

17. The collection and analysis of data and the use of the results to evaluate and make decisionsabout the instructional program.

18. A program of instruction in the high school Virginia and U.S. Government course on allinformation and concepts contained in the civics portion of the U.S. Naturalization Test.

233 E. From such funds as may be appropriated or otherwise received for such purpose, there shall be 234 established within the Department a unit to (i) conduct evaluative studies; (ii) provide the resources and 235 technical assistance to increase the capacity for school divisions to deliver quality instruction; and (iii) 236 assist school divisions in implementing those programs and practices that will enhance pupil academic 237 performance and improve family and community involvement in the public schools. Such unit shall 238 identify and analyze effective instructional programs and practices and professional development initiatives; evaluate the success of programs encouraging parental and family involvement; assess 239 changes in student outcomes prompted by family involvement; and collect and disseminate among school divisions information regarding effective instructional programs and practices, initiatives 240 241 242 promoting family and community involvement, and potential funding and support sources. Such unit 243 may also provide resources supporting professional development for administrators and teachers. In

244 providing such information, resources, and other services to school divisions, the unit shall give priority 245 to those divisions demonstrating a less than 70 percent passing rate on the Standards of Learning 246 assessments.

247 F. Each local school board may enter into agreements for postsecondary course credit, credential, 248 certification, or license attainment, hereinafter referred to as College and Career Access Pathways 249 Partnerships (Partnerships), with comprehensive community colleges or other public institutions of higher 250 education or educational institutions established pursuant to Title 23.1 that offer a career and technical 251 education curriculum. Such Partnerships shall (i) specify the options for students to take courses as part 252 of the career and technical education curriculum that lead to course credit or an industry-recognized 253 credential, certification, or license concurrent with a high school diploma; (ii) specify the credit, 254 credentials, certifications, or licenses available for such courses; and (iii) specify available options for 255 students to participate in pre-apprenticeship and apprenticeship programs at comprehensive community 256 colleges concurrent with the pursuit of a high school diploma and receive college credit and high school 257 credit for successful completion of any such program.

258 G. Each local school board shall provide a program of literacy instruction that is aligned with 259 science-based reading research and provides evidenced-based literacy instruction to students in 260 kindergarten through grade eight and is consistent with the school board's literacy plan as required by 261 subsection B of § 22.1-253.13:6. Pursuant to such program:

262 1. Each local school board shall provide reading intervention services to students in kindergarten 263 through grade eight who demonstrate substantial deficiencies based on their individual performance on 264 the Standards of Learning reading assessment or a literacy screener provided or approved by the 265 Department. Such reading intervention services shall consist of evidence-based literacy instruction, align 266 with science-based reading research, and be documented for each student in a written student reading 267 plan, consistent with the requirements in subdivision 2 and the list developed by the Department 268 pursuant to subdivision H 2.

269 2. A reading specialist, in collaboration with the teacher of any student who receives reading 270 intervention services pursuant to subdivision 1, shall develop, oversee implementation of, and monitor 271 student progress on a student reading plan. The parent of each student who receives reading intervention 272 services pursuant to subdivision 1 shall receive notice of and have the opportunity to participate in the 273 development of the student reading plan. Each student reading plan (i) shall follow the Department 274 template created pursuant to subdivision H 3; (ii) shall document such reading intervention services; (iii) 275 shall include, at a minimum, (a) the student's specific, diagnosed reading skill deficiencies as determined 276 or identified by diagnostic assessment data or the literacy screener provided or approved by the 277 Department; (b) the goals and benchmarks for student growth in reading; (c) a description of the specific 278 measures that will be used to evaluate and monitor the student's reading progress; (d) the specific 279 evidence-based literacy instruction that the student will receive; (e) the strategies, resources, and 280 materials that will be provided to the student's parent to support the student to make reading progress; 281 and (f) any additional services the teacher deems available and appropriate to accelerate the student's 282 reading skill development; and (iv) may include the following services for the student: instruction from 283 a reading specialist, trained aide, computer-based reading tutorial program, or classroom teacher with 284 support from an aide, extended instructional time in the school day or school year, or, for students in 285 grades six through eight, a literacy course, in addition to the course required by the Standards of 286 Learning in English, that provides the specific evidence-based literacy instruction identified in the 287 student's reading plan. In accordance with § 22.1-215.2, the parent of each student shall receive notice 288 before services begin and a copy of the student reading plan.

289 3. Each student who receives such reading intervention services shall be assessed utilizing either the 290 literacy screener provided or approved by the Department or the grade-level reading Standards of 291 Learning assessment again at the end of that school year.

292 Funds appropriated for prevention, intervention, and remediation, summer school remediation, the 293 at-risk add-on, or early intervention reading may be used to meet the requirements of this subsection.

294 H. In order to assist local school boards to implement the provisions of subsection G: 295

1. The Board shall provide guidance on the content of student reading plans;

296 2. The Department shall develop a list of core literacy curricula, supplemental instruction practices 297 and programs, and intervention programs that consist of evidence-based literacy instruction aligned with 298 science-based reading research for students in kindergarten through grade eight. The list shall be 299 approved by the Board;

300 3. The Department shall develop a template for student reading plans that aligns with the 301 requirements of subsection G;

302 4. The Department shall develop and implement a plan for the annual collection and public reporting 303 of division-level and school-level literacy data, at a time to be determined by the Superintendent, to include results on the literacy screeners provided or approved by the Department and the reading 304

305

Standards of Learning assessments; and5. The Department shall provide free online evidence-based literacy instruction resources that can be accessed by parents and local school boards to support student literacy development at home. 306 307
