VIRGINIA ACTS OF ASSEMBLY - CHAPTER

2 An Act to amend and reenact §§ 2.2-4378 through 2.2-4383 of the Code of Virginia, relating to Virginia 3 Public Procurement Act; construction management and design-build contracting; report.

4 5

9

30

Approved

6 Be it enacted by the General Assembly of Virginia:

7 1. That §§ 2.2-4378 through 2.2-4383 of the Code of Virginia are amended and reenacted as 8 follows:

§ 2.2-4378. Purpose; applicability.

10 A. The purpose of this chapter is to enunciate the public policies pertaining to governmental procurement of construction utilizing the construction management and design-build procurement 11 12 methods. A design-bid-build project delivery method that utilizes competitive sealed bidding is the default method of procurement for construction. Notwithstanding any other provision of law, the 13 Commonwealth may enter into contracts on a fixed price design-build basis or construction management 14 15 basis in accordance with the provisions of this chapter and § 2.2-1502.

B. Except as provided in subsection C, this chapter shall apply regardless of the source of financing, 16 17 whether it is general fund, nongeneral fund, federal trust fund, state debt, or institutional debt. 18

C. The following shall be exempt from the provisions of this chapter:

19 1. Projects of a covered institution that are to be funded exclusively by a foundation that (i) exists 20 for the primary purpose of supporting the covered institution and (ii) is exempt from taxation under 21 § 501(c)(3) of the Internal Revenue Code; and

22 2. Transportation construction projects procured and awarded by the Commonwealth Transportation 23 Board pursuant to subsection B of § 33.2-209.

24 D. The provisions of this chapter shall supplement the provisions of the Virginia Public Procurement 25 Act (§ 2.2-4300 et seq.), which provisions shall remain applicable. In the event of any conflict between 26 this chapter and the Virginia Public Procurement Act (§ 2.2-4300 et seq.), the Restructured Higher 27 Education Financial and Administrative Operations Act of 2005 (§ 23.1-1000 et seq.), or any other 28 provision of law, this chapter shall control. 29

§ 2.2-4379. Definitions.

As used in this chapter, unless the context requires a different meaning:

31 "Complex project" means a construction project that includes one or more of the following 32 significant components: difficult site location, unique equipment, specialized building systems, 33 multifaceted program, accelerated schedule, historic designation, or intricate phasing or some other 34 aspect that makes competitive sealed bidding the design-bid-build project delivery method not practical.

35 "Construction management contract" means a contract in which a party is retained by the owner to 36 coordinate and administer contracts for construction services for the benefit of the owner and may also 37 include, if provided in the contract, the furnishing of construction services to the owner.

38 "Covered institution" means a public institution of higher education operating (i) subject to a management agreement set forth in Article 4 (§ 23.1-1004 et seq.) of Chapter 10 of Title 23.1, (ii) under 39 40 a memorandum of understanding pursuant to § 23.1-1003, or (iii) under the pilot program authorized in 41 the appropriation act. 42

"Department" means the Department of General Services.

"Design-bid-build" means a project delivery method in which a public body sequentially awards two 43 44 separate contracts, the first for professional services to design the project and the second utilizing 45 competitive sealed bidding for construction of the project according to the design.

"Design-build contract" means a contract between a public body and another party in which the party 46 contracting with the public body agrees to both design and build the structure, or other item specified in 47 48 the contract.

"Division" means the Division of Engineering and Buildings of the Department of General Services 49 50 as established by § 2.2-1129. 51

"Public body" means the same as that term is defined in § 2.2-4301.

"State public body" means any authority, board, department, instrumentality, agency, or other unit of 52 53 state government. "State public body" does not include any covered institution; any county, city, or 54 town; or any local or regional governmental authority.

55 § 2.2-4380. Construction management or design-build contracts for state public bodies 56 authorized.

[S 18]

SB18ER

57 A. Any state public body may enter into a contract for construction on a fixed price or not-to-exceed 58 price construction management or design-build basis, provided that (i) the Department has approved the 59 use of construction management or design-build contracts and (ii) such public body complies with the 60 requirements of this article and the procedures adopted by the Secretary of Administration for using 61 construction management or design-build contracts.

B. Procedures adopted by a state public body pursuant to this article shall include the following 62 63 requirements:

64 1. A written determination is made in advance by the state public body that competitive sealed 65 bidding the design-bid-build project delivery method is not practicable or fiscally advantageous, and such 66 writing shall document the basis for the determination to use construction management or design-build. 67 The determination shall be included in the Request for Qualifications and maintained in the procurement 68 file;

69 2. Prior to making a determination as to the use of construction management or design-build for a 70 specific construction project, a state public body shall have in its employ or under contract a licensed 71 architect or engineer with professional competence appropriate to the project who shall (i) advise the 72 public body regarding the use of construction management or design-build for that project and (ii) assist 73 the public body with the preparation of the Request for Proposal and the evaluation of such proposals;

74 3. Public notice of the Request for Qualifications is posted on the Department's central electronic 75 procurement website, known as eVA, at least 30 days prior to the date set for receipt of qualification 76 proposals;

77 4. For construction management contracts, the contract is entered into no later than the completion of 78 the schematic phase of design, unless prohibited by authorization of funding restrictions;

79 5. Prior construction management or design-build experience or previous experience with the Department's Bureau of Capital Outlay Management Division shall not be required considered as a 80 prerequisite or factor considered for prequalification or award of a contract. However, in the selection 81 of a contractor, a state public body may consider the experience of each contractor on comparable 82 83 projects of similar complexity and size;

84 6. Construction management contracts shall require that (i) no more than 10 percent of the 85 construction work, as measured by the cost of the work, be performed by the construction manager with its own forces and (ii) the remaining 90 percent of the construction work, as measured by the cost of 86 the work, be performed by subcontractors of the construction manager, which the construction manager 87 88 shall procure by publicly advertised, competitive sealed bidding to the maximum extent practicable; and 89

7. The procedures allow for a two-step competitive negotiation process; and

90 8. The procedures allow the state public body to post on the Department's central electronic 91 procurement website known as eVA when and where the general contractor plans to advertise bid 92 packages for subcontracting opportunities when appropriate.

93 C. The Department shall evaluate the proposed procurement method selected by the state public body 94 and make its recommendation as to whether the use of the construction management or design-build 95 procurement method is appropriate for the specific project. In its review, the Department shall also 96 consider:

97 1. The written determination of the state public body;

98 2. The compliance by the state public body with subdivisions B 1, 2, and 7;

99 3. The project cost, expected timeline, and use;

100 4. Whether the project is a complex project; and

5. Any other criteria established by the Department to evaluate the proposed procurement method for 101 the project. 102

103 D. The Department shall conduct its review within five working days after receipt of the written 104 determination and render its written recommendation approval or denial within such five-working-day 105 period. The written recommendation approval or denial of the Department shall be maintained in the 106 procurement file.

107 E. If a state public body elects to proceed with the project using a construction management or 108 design build procurement method despite the recommendation of the Department to the contrary, such 109 state public body shall state in writing its reasons therefor and any justification for not following the 110 recommendation of the Department and submit same to the Department. The written statement of a state public body's decision to not follow the recommendation of the Department shall be maintained in the 111 procurement file. All documents open to public inspection pursuant to § 2.2-4342 that are issued or 112 received by the Department shall be posted on the Department's central electronic procurement website 113 114 known as eVA.

115 § 2.2-4381. Construction management or design-build contracts for covered institutions 116 authorized.

117 A. Any covered institution may enter into a contract for construction on a fixed price or

SB18ER

118 not-to-exceed price construction management or design-build basis, provided that (i) the Department 119 approves the use of construction management or design-build or, in the case of a denial by the 120 Department, such institution receives approval as set forth in subsection F and (ii) such institution complies with the requirements of this article and with the procedures adopted by the Secretary of 121 122 Administration for using construction management or design-build contracts.

123 B. Covered institutions shall:

124 1. Develop procedures for determining the selected procurement method which, at a minimum, shall 125 consider cost, schedule, complexity, and building use;

126 2. Submit such procedures, and any subsequent changes to adopted procedures, to the Department for 127 review and comment; and

128 3. Post all documents open to public inspection pursuant to § 2.2-4342 that are exchanged between 129 the covered institution and the Department on the Department's central electronic procurement website, 130 known as eVA, prior to the date of submission of proposals; and

131 4. Submit Department-reviewed procedures to its board of visitors or governing board for adoption.

132 C. Procedures adopted by a board of visitors pursuant to this article shall include the following 133 requirements:

134 1. A written determination is made in advance by the covered institution that competitive sealed 135 bidding the design-bid-build project delivery method is not practicable or fiscally advantageous, and such 136 writing shall document the basis for the determination to use construction management or design-build. 137 The determination shall be included in the Request for Qualifications and maintained in the procurement 138 file;

139 2. Prior to making a determination as to the use of construction management or design-build for a 140 specific construction project, a covered institution shall have in its employ or under contract a licensed architect or engineer with professional competence appropriate to the project who shall (i) advise the 141 142 covered institution regarding the use of construction management or design-build for that project and (ii) 143 assist the covered institution with the preparation of the Request for Proposal and the evaluation of such 144 proposals;

145 3. Public notice of the Request for Qualifications is posted on the Department's central electronic 146 procurement website, known as eVA, at least 30 days prior to the date set for receipt of qualification 147 proposals;

148 4. For construction management contracts, the contract is entered into no later than the completion of 149 the schematic phase of design, unless prohibited by authorization of funding restrictions;

150 5. Prior construction management or design-build experience or previous experience with the 151 Department's Bureau of Capital Outlay Management Division shall not be required considered as a 152 prerequisite or factor considered for prequalification or award of a contract. However, in the selection 153 of a contractor, a covered institution may consider the experience of each contractor on comparable 154 projects of similar complexity and size;

155 6. Construction management contracts shall require that (i) no more than 10 percent of the 156 construction work, as measured by the cost of the work, be performed by the construction manager with 157 its own forces and (ii) the remaining 90 percent of the construction work, as measured by the cost of 158 the work, be performed by subcontractors of the construction manager, which the construction manager 159 shall procure by publicly advertised, competitive sealed bidding to the maximum extent practicable; and 160

7. The procedures allow for a two-step competitive negotiation process;

161 8. The procedures allow the covered institution to post on the Department's central electronic 162 procurement website known as eVA when and where the general contractor plans to advertise bid 163 packages for subcontracting opportunities when appropriate; and

164 9. The procedures require the covered institution to provide documentation to all of the unsuccessful 165 proposers, upon request, of the processes used in awarding the contract.

D. The Department shall evaluate the proposed procurement method selected by a covered institution 166 and make offer its recommendation approval or denial as to whether the use of the construction 167 168 management or design-build procurement method is appropriate for the specific project. In its review, 169 the Department shall also consider:

- 170 1. The written determination of the covered institution;
- 171 2. The compliance by the covered institution with subdivisions C 1, 2, and 7;

172 3. The project cost, expected timeline, and use;

173 4. Whether the project is a complex project; and

174 5. Any other criteria established by the Department to evaluate the proposed procurement method for 175 the project.

176 E. The Department shall conduct its review within five working days after receipt of the written 177 determination and render its written recommendation approval or denial within such five-working-day

178 period. The written recommendation approval or denial of the Department shall be maintained in the **179** procurement file.

180 F. If a covered institution elects to proceed with the project using a construction management or 181 design-build procurement method despite the recommendation decision of the Department to the 182 contrary, such covered institution shall state in writing its reasons therefor and any justification for not 183 following the recommendation of the Department and submit same to the Department. The the 184 Department shall present the written denial issued pursuant to subsection E to the board of visitors or governing board of such covered institution and the covered institution shall obtain approval by a 185 majority vote of such board for (i) projects funded by funds other than those provided to such covered 186 187 institution from the state general fund or (ii) projects of \$65 million or more funded in whole or in part 188 from state general funds. If the project is funded in whole or in part from state general funds, a 189 representative from the Department, to the extent the Department deems practicable, shall be included 190 in the process for the selection of a contractor following such approval by the board of visitors or 191 governing board. For projects under \$65 million funded in whole or in part from state general funds, the covered institution shall obtain approval from the Chairmen of the House Committee on 192 193 Appropriations and the Senate Committee on Finance and Appropriations, or their designees, and a 194 representative of the Department.

A written statement of a covered institution's decision to not follow the recommendation decision of
the Department, its reasons therefor, and the vote of the board of visitors or governing board shall be
maintained in the procurement file.

198 § 2.2-4382. Design-build or construction management contracts for local public bodies 199 authorized.

A. Any local public body may enter into a contract for construction on a fixed price or not-to-exceed price construction management or design-build basis, provided that the local public body (i) *receives approval, if required, as provided in subsection B, (ii)* complies with the requirements of this article, and (ii) (iii) has by ordinance or resolution implemented procedures consistent with the procedures adopted by the Secretary of Administration for utilizing construction management or design-build contracts.

B. If a local public body is required to obtain approval from its local governing body to enter into a contract for construction using construction management or design-build, then the local governing body
shall adopt a resolution or motion on a per project basis in a public forum to that effect prior to issuing a Request for Qualifications.

C. Prior to making a determination as to the use of construction management or design-build for a
 specific construction project, a local public body shall have in its employ or under contract a licensed
 architect or engineer with professional competence appropriate to the project who shall (i) advise such
 public body regarding the use of construction management or design-build for that project and (ii) assist
 such public body with the preparation of the Request for Proposal and the evaluation of such proposals.

215 C. D. A written determination shall be made in advance by the local public body that competitive
 216 sealed bidding the design-bid-build project delivery method is not practicable or fiscally advantageous,
 217 and such writing shall document the basis for the determination to utilize construction management or
 218 design-build, including the determination of the project's complexity. The determination shall be included
 219 in the Request for Qualifications and be maintained in the procurement file.

220 D. E. Procedures adopted by a local public body for construction management or design-build
 221 pursuant to this article shall include the following requirements:

1. Construction management *or design-build* may be utilized on projects where the project cost is expected to be less than the project cost threshold established in the procedures adopted by the Secretary of Administration for utilizing construction management contracts, provided that (i) the project is a complex project and (ii) the project procurement method *for the project* is approved by the local governing body. The written approval of the governing body shall be maintained in the procurement file;

227 2. Public notice of the Request for Qualifications is posted on the Department's central electronic
228 procurement website, known as eVA, or the local public body's own website, at least 30 days prior to
229 the date set for receipt of qualification proposals;

3. The construction management contract is entered into no later than the completion of theschematic phase of design, unless prohibited by authorization of funding restrictions;

4. Prior construction management or design-build experience or previous experience with the
 Department's Bureau of Capital Outlay Management Division shall not be required considered as a
 prerequisite or factor considered for award prequalification of a contract. However, in the selection of a
 contractor, the local public body may consider the experience of each contractor on comparable
 construction management or design-build projects;

237 5. Construction management contracts shall require that (i) no more than 10 percent of the
238 construction work, as measured by the cost of the work, be performed by the construction manager with
239 its own forces and (ii) the remaining 90 percent of the construction work, as measured by the cost of

SB18ER

240 the work, be performed by subcontractors of the construction manager, which the construction manager 241 shall procure by publicly advertised, competitive sealed bidding to the maximum extent practicable. The 242 provisions of this subdivision shall not apply to construction management contracts involving 243 infrastructure projects;

- 244 6. The procedures allow for a two-step competitive negotiation process; and 245
 - 7. Price is a critical basis for award of the contract; and

246 8. The procedures allow the local public body to post on the Department's central electronic procurement website known as eVA, or the local public body's own website, when and where the 247 248 general contractor plans to advertise bid packages for subcontracting opportunities when appropriate.

249 E. F. Procedures adopted by a local public body for design-build construction projects shall include a 250 two-step competitive negotiation process consistent with the standards established by the Division of 251 Engineering and Buildings of the Department for state public bodies. 252

§ 2.2-4383. Reporting requirements.

253 A. The Department shall report by December 1 of each year to the Governor and the Chairmen of 254 the House Committee on Appropriations, the House Committee on General Laws, the Senate Committee 255 on Finance and Appropriations, and the Senate Committee on General Laws and Technology the 256 following information: (i) the number of projects reviewed pursuant to Articles 2 (§ 2.2-4380) and 3 257 (§ 2.2-4381) and (ii) for each project (a) the identity of the state public body or covered institution and a 258 description of each such project, (b) the estimated cost of the project at the time of the Department's 259 review, (c) the recommendation decision made by the Department concerning the proposed procurement 260 method, and (d) if such project was a construction management or design-build project, the 261 qualifications that made such project complex, and (e) the final procurement method used by the state 262 public body or covered institution.

263 B. All public bodies subject to the provisions of this chapter shall report no later than November 1 264 of each year to the Director of the Department on all completed capital projects in excess of \$2 million, 265 which report shall include at a minimum (i) the procurement method utilized, (ii) the project budget, (iii) the actual project cost, (iv) the expected timeline, (v) the actual completion time, and (vi) if such project 266 267 was a construction management or design-build project, the qualifications that made the project 268 complex, and (vii) any post-project issues.

The Department shall consolidate received report data and submit the consolidated data to the 269 270 Governor and Chairmen of the House Committee on Appropriations and the Senate Committee on 271 Finance and Appropriations by December 1 of each year.

2. That the Department of General Services, with the assistance of staff of the House Committee 272 273 on Appropriations and the Senate Committee on Finance and Appropriations, shall assess the 274 implementation and administration of the provisions of §§ 2.2-4378 through 2.2-4383 of the Code 275 of Virginia, as amended by this act, and report its findings and recommendations to the General 276 Assembly by November 1, 2029.
