4. Title: Public elementary and secondary schools; possession and administration of undesignated glucagon.

5. Summary: Permits any local school board to adopt and implement policies for the possession and administration of undesignated nasal or injectable glucagon in each public elementary or secondary school in the local school division, provided that such policies are consistent with the guidance outlined in the most recent revision of the Diabetes Management In School: Manual for Unlicensed Personnel published by the Department of Education and include guidance on several items enumerated in the bill. The bill also permits any public elementary or secondary school to maintain a supply of nasal or injectable glucagon in any secure location that is immediately accessible to any school nurse or other employee trained in the administration of nasal and injectable glucagon prescribed to the school by a prescriber. The bill requires any such school to ensure that such a supply consists of at least two doses. The bill permits any school nurse or other authorized employee who is trained in the administration of nasal and injectable glucagon consistent with the guidance outlined in the most recent revision of the Diabetes Management In School: Manual for Unlicensed Personnel published by the Department to administer nasal or injectable glucagon from undesignated inventory with parental consent and if the student's prescribed glucagon is not available on school grounds or has expired. The bill permits any school board to accept donations of nasal or injectable glucagon from a wholesale distributor of glucagon or donations of money from any individual to purchase nasal or injectable glucagon for the purpose of maintenance and administration in a public school in the local school division as permitted pursuant to the aforementioned provisions of the bill.
