According to the State Corporation Commission, qualified health plans (QHPs) sold through the Health Benefit Exchange are not impacted by the provisions of this bill. Section 38.2-6506 A 1, Code of Virginia, states that if services are identified in addition to the ones contained in the state's Benchmark Plan, QHPs sold through the Exchange would not be required to cover these services; therefore, the proposed legislation would not require defrayal of costs to insurers.
