- 8. Fiscal Implications:** The proposal expands the applicability and statute of limitations a Class 1 misdemeanor. Anyone convicted of a Class 1 misdemeanor is subject to a sentence of up to 12 months in jail and a fine of not more than \$2,500, either or both. However, there is not enough information available to reliably estimate the increase in jail population as a result of this proposal.

Any increase in jail population will increase costs to the state. The Commonwealth currently pays localities \$5.00 a day for each misdemeanant or otherwise local-responsible prisoner held in a jail. It also funds a large portion of the jails' operating costs, e.g., correctional officers. The state's share of these costs on a per prisoner, per day basis varies from locality to locality. However, according to the Compensation Board's most recent Jail Cost Report (November 2023), the estimated total state support for local jails averaged \$45.76 per inmate, per day in FY 2022.

**9. Specific Agency or Political Subdivisions Affected:** State and local law enforcement agencies, Courts, and regional and local jails.

**10. Technical Amendment Necessary:** No.

**11. Other Comments:** None.
