The owner or duly authorized agent of the owner of a parking space properly designated and clearly marked as reserved for use by persons with disabilities that limit or impair their ability to walk may have any vehicle not displaying disabled parking license plates, removable windshield placards, temporary removable windshield placards, or DV disabled parking license plates removed from the parking space and stored. The owner of a vehicle which has been removed and stored may regain possession of his vehicle on payment to the person or persons who removed and stored the vehicle all reasonable costs incidental to the removal and storage. The owner of the vehicle, on notice to the owner or duly authorized agent of the owner of the parking space, may also petition the general district court having jurisdiction over the location where the parking occurred for an immediate determination as to whether the removal of the vehicle was lawful. If the court finds that the removal was unlawful, the court shall direct the owner of the parking space to pay the costs incidental to the removal and storage of the vehicle and return the vehicle to its owner.

In any prosecution charging a violation of an ordinance adopted pursuant to this section, proof that the vehicle described in the complaint, summons, parking ticket, citation, or warrant was parked in violation of the ordinance, together with proof that the defendant was at the time the registered owner of the vehicle, as required by Chapter 6 of this title, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who committed the violation.

2. That §§ 46.2-1236 and 46.2-1238 of the Code of Virginia are repealed.
