§ 2.1-20.1. Health and related insurance for state employees.

A. 1. The Governor shall establish a plan for providing health insurance coverage, including

chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The Department of Personnel and Training shall administer this section. The plan chosen shall provide means whereby coverage for the families or dependents of state employees may be purchased. The Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

2. Such contribution shall be financed through appropriations provided by law.

B. 1. The plan shall include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. Such coverage shall make available one screening mammogram to persons age thirty-five through thirty-nine, one such mammogram biennially to persons age forty through forty-nine, one such mammogram annually to persons age fifty and over and may be limited to a benefit of fifty dollars per mammogram subject to such dollar limits, deductibles, and coinsurance factors as are no less favorable than for physical illness generally. The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

2. The plan shall include coverage for the treatment of breast cancer by dose-intensive chemotherapy with autologous bone marrow transplants or stem cell support when performed at a clinical program authorized to provide such therapies as a part of clinical trials sponsored by the National Cancer Institute. For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition.

C. Claims incurred during a fiscal year but not reported during that fiscal year shall be paid from such funds as shall be appropriated by law. Appropriations, premiums and other payments shall be deposited in the employee health insurance fund, from which payments for claims, premiums, cost containment programs and administrative expenses shall be withdrawn from time to time. The assets of the fund shall be held for the sole benefit of the employee health insurance program. The fund shall be held in the state treasury. Any interest on unused balances in the fund shall revert back to the credit of the fund.

D. For the purposes of this section, the term "state employee" means state employee as defined in § 51.1-124.3, employee as defined in § 51.1-201, the Governor, Lieutenant Governor and Attorney General, judge as defined in § 51.1-301 and judges, clerks and deputy clerks of regional juvenile and domestic relations, county juvenile and domestic relations, and district courts of the Commonwealth, ~~and~~ interns and residents employed by the ~~Medical College of Virginia of Virginia Commonwealth University~~ and the School of Medicine and Hospital of the University of Virginia, *and interns, residents, and employees of the Medical College of Virginia Hospitals Authority as provided in § 23-50.15:25.*

E. Provisions shall be made for retired employees to obtain coverage under the above plan. The Commonwealth may, but shall not be obligated to, pay all or any portion of the cost thereof.

F. Any self-insured group health insurance plan established by the Department of Personnel and Training which utilizes a network of preferred providers shall not exclude any physician solely on the basis of a reprimand or censure from the Board of Medicine, so long as the physician otherwise meets the plan criteria established by the Department.

§ 2.1-20.1. (Delayed effective date) Health and related insurance for state employees.

A. 1. The Governor shall establish a plan for providing health insurance coverage, including chiropractic treatment, hospitalization, medical, surgical and major medical coverage, for state employees and retired state employees with the Commonwealth paying the cost thereof to the extent of the coverage included in such plan. The Commonwealth may pay all or a portion of the cost thereof, and for such portion as the Commonwealth does not pay, the employee may purchase the coverage by paying the additional cost over the cost of coverage for an employee.

2. Such contribution shall be financed through appropriations provided by law.

B. 1. The plan shall include coverage for low-dose screening mammograms for determining the presence of occult breast cancer. The term "mammogram" shall mean an X-ray examination of the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray tube, filter, compression device, screens, film, and cassettes, with an average radiation exposure of less than one rad mid-breast, two views of each breast.

2. The plan shall include coverage for the treatment of breast cancer by dose-intensive chemotherapy with autologous bone marrow transplants or stem cell support when performed at a clinical program authorized to provide such therapies as a part of clinical trials sponsored by the National Cancer

Institute. For persons previously covered under the plan, there shall be no denial of coverage due to the existence of a preexisting condition.

F. Any self-insured group health insurance plan established by the Department of Personnel and Training which utilizes a network of preferred providers shall not exclude any physician solely on the basis of a reprimand or censure from the Board of Medicine, so long as the physician otherwise meets the plan criteria established by the Department.

§ 2.1-342. Official records to be open to inspection; procedure for requesting records and responding to request; charges; exceptions to application of chapter.

A. Except as otherwise specifically provided by law, all official records shall be open to inspection and copying by any citizens of the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall not be denied to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth. The custodian of such records shall take all necessary precautions for their preservation and safekeeping. Any public body covered under the provisions of this chapter shall make an initial response to citizens requesting records open to inspection within five work days after the receipt of the request by the public body which is the custodian of the requested records. Such citizen request shall designate the requested records with reasonable specificity. A specific reference to this chapter by the requesting citizen in his request shall not be necessary to invoke the provisions of this chapter and the time limits for response by the public body. The response by the public body within such five work days shall be one of the following responses:

1. The requested records shall be provided to the requesting citizen.
2. If the public body determines that an exemption applies to all of the requested records, it may refuse to release such records and provide to the requesting citizen a written explanation as to why the records are not available with the explanation making specific reference to the applicable Code sections which make the requested records exempt.
3. If the public body determines that an exemption applies to a portion of the requested records, it may delete or excise that portion of the records to which an exemption applies, but shall disclose the remainder of the requested records and provide to the requesting citizen a written explanation as to why these portions of the record are not available to the requesting citizen with the explanation making specific reference to the applicable Code sections which make that portion of the requested records exempt. Any reasonably segregatable portion of an official record shall be provided to any person requesting the record after the deletion of the exempt portion.
4. If the public body determines that it is practically impossible to provide the requested records or to determine whether they are available within the five-work-day period, the public body shall so inform the requesting citizen and shall have an additional seven work days in which to provide one of the three preceding responses.

Nothing in this section shall prohibit any public body from petitioning the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with this petition, however, the public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

The public body may make reasonable charges for the copying, search time and computer time expended in the supplying of such records. The public body may also make a reasonable charge for preparing documents produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records or documents, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than fifty acres. Such charges for the supplying of requested records shall be estimated in advance at the request of the citizen. The public body may require the advance payment of charges which are subject to advance determination.

In any case where a public body determines in advance that search and copying charges for producing the requested documents are likely to exceed \$200, the public body may, before continuing to process the request, require the citizen requesting the information to agree to payment of an amount not to exceed the advance determination by five percent. The period within which the public body must respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the citizen requesting the information.

Official records maintained by a public body on a computer or other electronic data processing system which are available to the public under the provisions of this chapter shall be made reasonably accessible to the public at reasonable cost.

Public bodies shall not be required to create or prepare a particular requested record if it does not already exist. Public bodies may, but shall not be required to, abstract or summarize information from official records or convert an official record available in one form into another form at the request of the citizen. The public body shall make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

Failure to make any response to a request for records shall be a violation of this chapter and deemed a denial of the request.

B. The following records are excluded from the provisions of this chapter but may be disclosed by

the custodian in his discretion, except where such disclosure is prohibited by law:

1. Memoranda, correspondence, evidence and complaints related to criminal investigations; adult arrestee photographs when necessary to avoid jeopardizing an investigation in felony cases until such time as the release of such photograph will no longer jeopardize the investigation; reports submitted to the state and local police, to investigators authorized pursuant to § 53.1-16 and to the campus police departments of public institutions of higher education as established by Chapter 17 (§ 23-232 et seq.) of Title 23 in confidence; portions of records of local government crime commissions that would identify individuals providing information about crimes or criminal activities under a promise of anonymity; records of local police departments relating to neighborhood watch programs that include the names, addresses, and operating schedules of individual participants in the program that are provided to such departments under a promise of confidentiality; and all records of persons imprisoned in penal institutions in the Commonwealth provided such records relate to the imprisonment. Information in the custody of law-enforcement officials relative to the identity of any individual other than a juvenile who is arrested and charged, and the status of the charge or arrest, shall not be excluded from the provisions of this chapter.

Criminal incident information relating to felony offenses shall not be excluded from the provisions of this chapter; however, where the release of criminal incident information is likely to jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, such information may be withheld until the above-referenced damage is no longer likely to occur from release of the information.

2. (Effective until July 1, 1996) Confidential records of all investigations of applications for licenses and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department or the Virginia Racing Commission.

2. (Effective July 1, 1996) Confidential records of all investigations of applications for licenses and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department, the Virginia Racing Commission, or the Charitable Gaming Commission.

3. State income, business, and estate tax returns, personal property tax returns, scholastic records and personnel records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, and medical and mental records, except that such records can be personally reviewed by the subject person or a physician of the subject person's choice; however, the subject person's mental records may not be personally reviewed by such person when the subject person's treating physician has made a part of such person's records a written statement that in his opinion a review of such records by the subject person would be injurious to the subject person's physical or mental health or well-being.

Where the person who is the subject of medical records is confined in a state or local correctional facility, the administrator or chief medical officer of such facility may assert such confined person's right of access to the medical records if the administrator or chief medical officer has reasonable cause to believe that such confined person has an infectious disease or other medical condition from which other persons so confined need to be protected. Medical records shall be reviewed only and shall not be copied by such administrator or chief medical officer. The information in the medical records of a person so confined shall continue to be confidential and shall not be disclosed to any person except the subject by the administrator or chief medical officer of the facility or except as provided by law.

For the purposes of this chapter such statistical summaries of incidents and statistical data concerning patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental Retardation and Substance Abuse Services shall be open to inspection and releasable as provided in subsection A of this section. No such summaries or data shall include any patient-identifying information. Where the person who is the subject of scholastic or medical and mental records is under the age of eighteen, his right of access may be asserted only by his guardian or his parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. In instances where the person who is the subject thereof is an emancipated minor or a student in a state-supported institution of higher education, such right of access may be asserted by the subject person.

4. Memoranda, working papers and correspondence (i) held by or requested from members of the General Assembly or the Division of Legislative Services or (ii) held or requested by the office of the Governor or Lieutenant Governor, Attorney General or the mayor or other chief executive officer of any political subdivision of the Commonwealth or the president or other chief executive officer of any state-supported institution of higher education. This exclusion shall not apply to memoranda, studies or other papers held or requested by the mayor or other chief executive officer of any political subdivision which are specifically concerned with the evaluation of performance of the duties and functions of any locally elected official and were prepared after June 30, 1992, nor shall this exclusion apply to agenda packets prepared and distributed to public bodies for use at a meeting.

Except as provided in § 30-28.18, memoranda, working papers and correspondence of a member of the General Assembly held by the Division of Legislative Services shall not be released by the Division

without the prior consent of the member.

9. Any test or examination used, administered or prepared by any public body for purposes of evaluation of (i) any student or any student's performance, (ii) any employee or employment seeker's qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license or certificate issued by any public body.

As used in this subdivision 9, "test or examination" shall include (i) any scoring key for any such test or examination, and (ii) any other document which would jeopardize the security of such test or examination. Nothing contained in this subdivision 9 shall prohibit the release of test scores or results as provided by law, or limit access to individual records as is provided by law. However, the subject of such employment tests shall be entitled to review and inspect all documents relative to his performance on such employment tests.

When, in the reasonable opinion of such public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, such test or examination shall be made available to the public. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

10. Applications for admission to examinations or for licensure and scoring records maintained by the Department of Health Professions or any board in that department on individual licensees or applicants. However, such material may be made available during normal working hours for copying, at the requester's expense, by the individual who is the subject thereof, in the offices of the Department of Health Professions or in the offices of any health regulatory board, whichever may possess the material.

11. Records of active investigations being conducted by the Department of Health Professions or by any health regulatory board in the Commonwealth.

For the purpose of this section, "vendor proprietary software" means computer programs acquired from a vendor for purposes of processing data for agencies or political subdivisions of the Commonwealth.

17. Data, records or information of a proprietary nature produced or collected by or for faculty or staff of state institutions of higher learning, other than the institutions' financial or administrative records, in the conduct of or as a result of study or research on medical, scientific, technical or scholarly issues, whether sponsored by the institution alone or in conjunction with a governmental body or a private concern, where such data, records or information has not been publicly released, published, copyrighted or patented.

18. Financial statements not publicly available filed with applications for industrial development financings.

19. Lists of registered owners of bonds issued by a political subdivision of the Commonwealth, whether the lists are maintained by the political subdivision itself or by a single fiduciary designated by the political subdivision.

20. 26. Fisheries data which would permit identification of any person or vessel, except when required by court order as specified in § 28.2-204.
27. Records of active investigations being conducted by the Department of Medical Assistance Services pursuant to Chapter 10 (§ 32.1-323 et seq.) of Title 32.1.

## CHAPTER 6.2.

### MEDICAL COLLEGE OF VIRGINIA HOSPITALS AUTHORITY.

§ 23-50.15:2. Short title.

*This chapter shall be known and may be cited as the "Medical College of Virginia Hospitals Authority Act."*

§ 23-50.15:3. Findings and declaration of necessity.

*The General Assembly finds that:*

- 1. Provision of health care, including indigent care, is an essential governmental function protecting and promoting the health and welfare of the citizens of the Commonwealth;*
- 2. Education of medical and health sciences professionals and the performance of medical and related research are essential to promote such health care;*
- 3. Teaching hospitals and related facilities of high quality are essential both to provide high levels of health care and to promote medical and health sciences education, because such hospitals and related facilities (i) provide facilities necessary to train physicians and other health sciences professionals, (ii) provide medical services not generally available at other hospitals, and (iii) treat patients of the type and on the scale necessary to facilitate medical research and to attract physicians, faculty members, researchers and other persons necessary to maintain quality medical and health sciences education;*
- 4. The missions of the Medical College of Virginia Hospitals are to (i) serve as a general hospital and health care facility, (ii) facilitate and support the health education, research and public service activities of the Health Sciences Schools of the Medical College of Virginia, Health Sciences Division of Virginia Commonwealth University, (iii) provide high quality patient care and other specialized health services not widely available in the Commonwealth, including the provision of medical care to indigent patients, (iv) serve as the principal teaching and training hospital for undergraduate and graduate students of the Schools of the Health Sciences Division of Virginia Commonwealth University, and (v) provide a site for faculty members of the Health Sciences Division of Virginia Commonwealth University to conduct medical and biomedical research, all of which missions constitute essential governmental functions for protecting and promoting the health and welfare of the citizens of the Commonwealth;*
- 5. Such hospital, health care and related facilities require specialized management and operation to remain economically viable, to earn revenues necessary for their operation, and to engage in arrangements with public and private entities and other activities, taking into account changes that have occurred or may occur in the future in the provision of health care and related services; and*
- 6. The needs of the citizens of the Commonwealth and the needs of the Health Sciences Division of Virginia Commonwealth University will best be served if the Medical College of Virginia Hospitals are transferred to and operated by an independent public authority charged with the missions of operating such Hospitals as teaching hospitals for the benefit of the Schools of the Health Sciences Division of Virginia Commonwealth University, providing high quality patient care, and providing a site for medical and biomedical research, all in close affiliation with the Health Sciences Division of Virginia Commonwealth University so that the public authority does not duplicate or compete with the undergraduate and graduate programs, research, training and teaching facilities offered at or operated by the University.*

*The exercise of the powers permitted by this chapter shall be deemed the performance of essential governmental functions and matters of public necessity for the entire Commonwealth in the provision of health care, medical and health sciences education and research, for which public moneys may be borrowed, loaned, spent or otherwise utilized and for which private property may be utilized or acquired.*

§ 23-50.15:4. Authority created; purposes.

hereby constituted a public instrumentality, exercising public and essential governmental functions with the power and purpose to provide for the health, welfare, convenience, knowledge, benefit and prosperity of the residents of the Commonwealth and such other persons who might be served by the Authority by delivering and supporting the delivery of medical care and related services to such residents and persons, by providing educational opportunities in the medical field and related disciplines, by conducting and facilitating research in the medical field and related disciplines, and by enhancing the delivery of health care and related services to the Commonwealth's indigent population.

**§ 23-50.15:22. Assignment of agreements.**

The University may assign, and the Authority may accept the rights and assume the obligations under, any contracts or other agreements of any type relating to the financing or the operating of the hospital facilities. Upon evidence that such assignment and acceptance have been made, all agencies and instrumentalities of the Commonwealth are directed to consent to such assignment and to accept the substitution of the Authority for the University as a party to such agreements to the extent that the University's obligations thereunder relate to the ownership, operation or financing of the hospital facilities. Indebtedness previously incurred by the Commonwealth, the Virginia Public Building Authority, the Virginia College Building Authority and any other agencies and instrumentalities of the Commonwealth to finance the hospital facilities may continue to remain outstanding after the transfer and the assignment of the agreements relating thereto by the University to the Authority.

**§ 23-50.15:23. Licenses and permits.**

The transfer of the hospital facilities from the University to the Authority shall not require a certificate of public need pursuant to Article 1.1 (§ 32.1-102.1 *et seq.*) of Chapter 4 of Title 32.1. All licenses, permits, certificates of public need or other authorizations of the Commonwealth or any agency thereof or of any county, city or town held by the University in connection with the ownership or operation of the hospital facilities shall be deemed to be transferred, without further action, to the Authority as and to the extent the Authority undertakes the activity thereby permitted. All agencies and officers of the Commonwealth and all agencies and officers of counties, cities and towns are directed to confirm such transfer by the issuance of new or amended licenses, permits, certificates of public need or other authorizations upon the request of the University and the Authority.

**§ 23-50.15:24. Agent for University.**

If for any reason the Authority cannot replace the University as a party to any agreement in connection with the financing, ownership or operation of the hospital facilities, the Authority and the University may provide that the Authority shall act as agent for the University in carrying out its obligations under such agreement or in receiving the benefits thereunder, or both.

*§ 23-50.15:25. Employees of the Authority.*

A. Until July 1, 2001, employees of the Authority shall be considered employees of the Commonwealth. Any grievance procedure adopted by the Board other than that contained in Chapter 10.01 (§ 2.1-116.01 et seq.) of Title 2.1 shall take effect no earlier than July 1, 1997; however, such grievance procedure shall not take effect unless the Authority delivers copies of such grievance procedure to the chairmen of the House Committee on Appropriations and the Senate Committee on Finance on or before January 1, 1997.

B. The Authority shall issue a written notice to all persons whose employment will be transferred to the Authority. The date upon which such written notice is issued shall be referred to herein as the "Option Date." Each person whose employment will be transferred to the Authority may, by written request made within 180 days of the Option Date, elect not to become employed by the Authority. Any employee of the Medical College of Virginia Hospitals who: (i) elects not to become employed by the Authority and who is not reemployed by any department, institution, board, commission or agency of the Commonwealth; (ii) is not offered the opportunity to transfer to employment by the Authority; or (iii) is not offered a position with the Authority for which the employee is qualified or is offered a position that requires relocation or a reduction in salary, shall be eligible for the severance benefits conferred by the provisions of the Workforce Transition Act (§ 2.1-116.20 et seq.). Any employee who accepts employment with the Authority shall not be considered to be involuntarily separated from state employment and shall not be eligible for the severance benefits conferred by the provisions of the Workforce Transition Act.

C. Without limiting its power generally with respect to employees, the Authority may employ any person employed by the University in the operation of the hospital facilities and may assume obligations under any employment agreement for such person and the University may assign any such contract to the Authority.

D. The Authority and the University may also enter into agreements providing for the purchase of services of employees of the University utilized in the operation of the hospital facilities by payment of such amounts as may be agreed upon to cover all or part of the salaries and other costs of such employees.

E. Notwithstanding any other provision of law to the contrary, any person whose employment is transferred to the Authority as a result of this chapter and who is a member of any plan for providing health insurance coverage pursuant to Chapter 2 (§ 2.1-11.1 et seq.) of Title 2.1, shall continue to be a member of such health insurance plan under the same terms and conditions as if no transfer had occurred. Notwithstanding subdivision A 2 of § 2.1-20.1, the costs of providing health insurance coverage to such employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority. Alternatively, an employee may elect to become a member of any health insurance plan established by the Authority. The Authority is authorized to (i) establish a health insurance plan for the benefit of its employees, residents and interns and (ii) enter into agreements with the Department of Personnel and Training providing for the coverage of its employees, interns and residents under the state employees' health insurance plan, provided that such agreement shall require the Authority to pay the costs of providing health insurance coverage under such plan.

F. Notwithstanding any other provision of law to the contrary, any person whose employment is transferred to the Authority as a result of this chapter and who is a member of the Virginia Retirement System, or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1, shall continue to be a member of the Virginia Retirement System or other such authorized retirement plan under the same terms and conditions as if no transfer had occurred. Alternatively, such employee may elect to become a member of the retirement program established by the Authority for the benefit of its employees pursuant to § 51.1-126.2. The following rules shall apply:

1. With respect to any transferred employee who elects to remain a member of the Virginia Retirement System or other such authorized retirement plan, the Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or other such authorized retirement plan for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ 51.1-124.1 et seq.) of Title 51.1 for such transferred employees.

2. Transferred employees who elect to become members of the retirement program established by the Authority for the benefit of its employees shall be given full credit for their creditable service as defined in § 51.1-124.3, vesting and benefit accrual under the retirement program established by the Authority. For any such employee, employment with the Authority shall be treated as employment with any nonparticipating employer for purposes of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ 51.1-125 et seq.) of Chapter 1 of Title 51.1.

3. For transferred employees who elect to become members of the retirement program established by the Authority, the Virginia Retirement System or other such authorized plan shall transfer to the

retirement plan established by the Authority assets equal to the actuarially determined present value of the accrued basic benefit as of the transfer date. For purposes hereof, the basic benefits shall be the benefit accrued under the Virginia Retirement System or other such authorized retirement plan, based on creditable service and average final compensation as defined in § 51.1-124.3 and determined as of the transfer date. The actuarial present value shall be determined on the same basis, using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or other such authorized retirement plan, so that the transfer of assets to the retirement plan established by the Authority will have no effect on the funded status and financial stability of the Virginia Retirement System or other such authorized retirement plan.

§ 23-50.15:26. Power to issue bonds.

The Authority may issue bonds from time to time for any of its purposes, including financing or refinancing all or any part of its programs or general operations, costs of any project, including the hospital facilities, whether or not owned by the Authority, or to refund bonds or other obligations issued therefor by or on behalf of the Authority, the University or otherwise, including bonds or obligations not then subject to redemption, and may guarantee, assume or otherwise agree to pay, in whole or in part, indebtedness issued by the University or any other party resulting in the acquisition or construction of facilities for the benefit of the Authority or the refinancing thereof. Notwithstanding Article 2 (§ 2.1-177 et seq.) of Chapter 14 of Title 2.1, bonds may be issued under the provisions of this chapter without obtaining the consent of any commission, board, bureau or agency of the Commonwealth or of any political subdivision, and without any proceedings or the happening of conditions or things other than those proceedings, conditions or things that are specifically required by this chapter; however, each debt offering shall be submitted to the State Treasurer sufficiently prior to the sale of such offering to allow the State Treasurer to undertake a review for the sole purposes of determining (i) whether the offering may constitute tax-supported debt of the Commonwealth and (ii) the potential impact of the offering on the debt capacity of the Commonwealth. After such review, the State Treasurer shall determine if the offering constitutes tax-supported debt of the Commonwealth and the potential impact of the offering on the debt capacity of the Commonwealth. If the State Treasurer determines that the debt offering may constitute tax-supported debt of the Commonwealth, or may have an adverse impact on the debt capacity of the Commonwealth, then the debt offering shall be submitted to the Treasury Board for review and approval of the terms and structure of the offering in a manner consistent with § 2.1-179. The Authority may issue such types of bonds as it may determine, including, without limitation, bonds payable as to principal and interest from any one or more of the following sources: (i) its revenues generally; (ii) income and revenues derived from the operation, sale or lease of a particular project or projects, whether or not they are financed or refinanced from the proceeds of such bonds; (iii) funds realized from the enforcement of security interests or other liens or obligations securing such bonds; (iv) proceeds from the sale of bonds; (v) payments under letters of credit, policies of municipal bond insurance, guarantees or other credit enhancements; (vi) any reserve or sinking funds created to secure such payment; (vii) accounts receivable of the Authority; or (viii) other available funds of the Authority.

Any bonds may be additionally guaranteed by, or secured by a pledge of, any grant, contribution or appropriation from a participating political subdivision, the University, the Commonwealth or any political subdivision, agency or instrumentality thereof, any federal agency or any unit, private corporation, partnership, association or individual.

§ 23-50.15:27. Liability on bonds.

No member of the Board of Directors or officer, employee or agent of the Authority or any person executing bonds of the Authority shall be liable personally on the bonds by reason of their issuance or execution. Bonds of the Authority shall not be a debt of the Commonwealth or any political subdivision thereof other than the Authority and shall so state on their face. Neither the Commonwealth nor any political subdivision thereof other than the Authority shall be liable for payment of bonds of the Authority, nor shall such bonds be payable out of any funds or properties of the Commonwealth or any political subdivision thereof other than those of the Authority, except as permitted by § 23-50.15:26. Bonds of the Authority are declared to be issued for an essential public and governmental purpose.

§ 23-50.15:28. Form of bonds.

Bonds of the Authority shall be authorized by resolution setting forth the maximum principal amount issuable and may be issued in one or more series, shall be dated, shall mature at such time or times not exceeding forty years from their date and may be made redeemable or subject to tender before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority or its agents prior to issuance. Bonds of the Authority shall bear interest payable at such times and at such rates as may be determined by the Authority, or as may be determined in such manner as the Authority or its agents may provide, including rates approved by officers of the Authority under authorization of the Board, rates tied to indices, rates of other securities or other standards and determinations by agents designated by the Authority under guidelines established by the Authority.

The Authority shall determine the form of its bonds and the manner of execution and shall fix the denominations thereof and the place or places of payment of principal and interest, which may be at

any bank or trust company or securities depository within or without the Commonwealth. The bonds may be issued in coupon or registered form, or both, and provision may be made for their registration in whole or in part. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payments thereon. If any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bond, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes. The Authority may contract for the services of one or more banks, trust companies, financial institutions or other entities or persons, within or outside the Commonwealth, for the authentication, registration, transfer, exchange and payment of bonds, or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine.

Notwithstanding any of the other provisions of this chapter or any recitals in any bonds issued under the provisions of this chapter, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth.

Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary bonds, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any mutilated, destroyed, stolen or lost bonds.

*§ 23-50.15:29. Trust indentures and mortgages; security for the bonds.*

Any bond issued under this chapter may be issued pursuant to or secured by a trust indenture, deed of trust or mortgage of any project or projects or any other property of the Authority, whether or not financed, in whole or in part, from the proceeds of such bonds, by a trust or other agreement with a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth, or other agent for bondholders, or any combination thereof. Any such trust indenture or other agreement, or the resolution providing for the issuance of bonds, may pledge or assign fees, rents and other charges to be received and may contain provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law. Such provisions may include covenants: (i) providing for the collection and application of revenues and the repossession and sale by the Authority, or any trustees under any trust indenture or agreement, of any project or other property upon default; (ii) setting forth duties of the Authority in relation to the acquisition, construction, maintenance, operation and insurance of any project or other property of the Authority and the amounts of fees, rents and other charges to be charged; (iii) providing for the collection of such fees, rents and other charges, and the custody, safeguarding and application of all moneys of the Authority; (iv) providing for the creation of sinking funds and the creation and maintenance of reserves; and (v) setting forth conditions or limitations with respect to the incurrence of indebtedness or the granting of mortgages or other liens. Such trust indenture, trust or other agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee or other agent for bondholders and may restrict the individual right of action by bondholders.

In addition, the Authority may grant mortgages, deeds of trust, security interests and other liens on its real and personal property, including its accounts receivable, to secure bonds. All pledges of revenues of the Authority for payment of bonds shall be valid and binding from the time when the pledge is made, and the revenues pledged and thereafter received by the Authority shall be subject immediately to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. The Authority may also provide for the recording or filing of any mortgage, deed of trust, security interest or other lien, or any financing statement or other instrument, necessary or desirable to create, perfect or evidence any lien created pursuant to this chapter.

It shall be lawful for any bank or trust company within or without the Commonwealth to serve as depository of the proceeds of bonds or of other revenues of the Authority and to furnish indemnifying bonds or to pledge such securities as may be required by the Authority.

All expenses incurred in carrying out the provisions of such trust indenture or agreement or resolution or other agreements relating to any project, including those to which the Authority may not be a party, may be treated as a part of the costs of a project.

*§ 23-50.15:30. Remedies of obligees of Authority.*

Except to the extent that the rights herein given may be restricted by such trust indenture or trust or other agreement, any holder of bonds or coupons issued under the provisions of this chapter and the trustee or other agent for bondholders under any trust indenture or trust or other agreement may, either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this chapter or under such trust indenture, trust or other agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this chapter or by such trust indenture, trust or other agreement or resolution to be performed by the Authority or by any officer or agent thereof, including the fixing, charging and collecting of fees, rents and other charges.

*§ 23-50.15:31. Bonds to be legal investments.*

*Bonds issued by the Authority under the provisions of this chapter are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law.*

*§ 23-50.15:32. Existing bonds.*

*The Authority may assume, or may agree to make payments in amounts sufficient for the University to pay, some or all of the hospital obligations incurred under resolutions previously adopted by the University with respect to the hospital facilities and may issue bonds to refund bonds issued under such resolutions or to refinance such payment obligations. If the Authority has assumed all hospital obligations under any such bond resolution and commenced its operation of substantially all of the hospital facilities financed or refinanced thereby, the University, the State Treasurer, the Virginia Public Building Authority and the Virginia College Building Authority shall take such steps as are appropriate to provide for the substitution of the Authority for the University under such resolution and to transfer to the Authority any funds payable to the University under the terms of such resolution.*

*§ 23-50.15:33. Confidential and public information.*

*A. The Authority shall be subject to the provisions of the Freedom of Information Act (§ 2.1-340 et seq.), which shall include the exceptions set forth in subdivision 62 of subsection B of § 2.1-342 and subdivision 24 of subsection A of § 2.1-344.*

*B. For purposes of the Freedom of Information Act (§ 2.1-340 et seq.), meetings of the Board shall not be considered meetings of the Board of Visitors of the University. Meetings of the Board may be conducted through telephonic or video means as provided in § 2.1-343.1 C through F or similar provisions of any successor law.*

*§ 23-50.15:34. Chapter liberally construed.*

*This chapter shall constitute full and complete authority, without regard to the provisions of any other law, for the doing of the acts and things herein authorized and shall be liberally construed to effect the purposes hereof. Insofar as the provisions of this chapter are inconsistent with the provisions of any other law, general, specific or local, the provisions of this chapter shall be controlling.*

*§ 23-50.15:35. Exemption of Authority from Personnel Act, Workforce Transition Act, Administrative Process Act, and Public Procurement Act.*

*The provisions of Chapter 10 (§ 2.1-110 et seq.) of Title 2.1, Chapter 10.5 (§ 2.1-116.20 et seq.) of Title 2.1, Chapter 1.1:1 (§ 9-6.14:1 et seq.) of Title 9, and Chapter 7 (§ 11-35 et seq.) of Title 11 shall not apply to the Authority in the exercise of any power conferred under this chapter.*

*§ 23-50.15:36. Reversion to University.*

*Upon dissolution of the Authority, all assets of the Authority, after satisfaction of creditors, shall revert to the University.*

*§ 23-232. Establishment authorized; employment of officers.*

*A. The governing board of each public institution of higher learning named in § 23-14, hereafter sometimes referred to in this chapter as "institution," is authorized to establish a campus police department and to employ campus police officers and auxiliary forces upon appointment as provided in §§ 23-233 and 23-233.1. Such employment shall be governed by the Virginia Personnel Act, as set forth in Chapter 10 (§ 2.1-110 et seq.) of Title 2.1.*

*B. The Medical College of Virginia Hospitals Authority shall be authorized to employ police officers and auxiliary forces as provided in this chapter and in § 23-50.15:11, except that the employment of such officers and forces shall not be governed by the Virginia Personnel Act (§ 2.1-110 et seq.).*

*§ 32.1-85. Adoption.*
