The feasibility of increasing tax deductions or credits against Virginia's state income tax for gifts to charities and nonprofit organizations, including the advisability of a tax credit on a dollar-for-dollar basis of any donation above \$1,000 with a \$200 maximum credit limit for individual taxpayers and tax incentives for corporate and business entities;

2. Ways of promoting and facilitating "time dollars" to recognize individuals who contribute services to charitable and nonprofit organizations;

3. The possibility of establishing immunity or liability limitations to encourage individuals and organizations to provide volunteer services for charitable and nonprofit purposes;

4. Methods by which the role of community organizations may be enhanced in the delivery of services and meeting the needs of Virginia citizens; and

5. Any other matter that may encourage activities by charitable and nonprofit organizations.

The Secretary of Health and Human Resources shall complete his work in time to submit his findings and recommendations to the Governor and the 1997 Regular Session of the General Assembly as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents.
