

VIRGINIA ACTS OF ASSEMBLY -- 1997 SESSION

CHAPTER 488

An Act to amend and reenact §§ 2.1-483.1, 11-35, and 62.1-132.6 of the Code of Virginia, relating to the Virginia Port Authority; capital projects; exemption from Public Procurement Act.

[H 2154]

Approved March 18, 1997

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.1-483.1, 11-35, and 62.1-132.6 of the Code of Virginia are amended and reenacted as follows:

§ 2.1-483.1. Administration of capital outlay construction.

The Department of General Services through its Division of Engineering and Buildings shall provide assistance in the administration of capital outlay construction projects set forth in the ~~Appropriations~~ *Appropriation Act*, other than highway construction undertaken by the Department of Transportation *and the acquisition or improvement of specialized, to include cargo-handling equipment and related port infrastructure including, but not limited to, port construction, renovation, and demolition which is required in a timely manner to meet market demands to enhance commerce through the Virginia Port Authority*, the review and approval of plans and specifications, and acceptance of completed projects.

The Department of General Services may also establish standards, as needed, for construction by the Commonwealth and may, with the advice of the Attorney General, establish standard contract provisions and procedures for the procurement and administration of construction and for the procurement and administration of architectural and engineering services relating to construction, which shall be used by all departments, agencies and institutions of the Commonwealth. Such standards may provide for incentive contracting which offers a contractor whose bid is accepted the opportunity to share in any cost savings realized by the Commonwealth when project costs are reduced by such contractor, without affecting project quality, during construction of the project. The fee, if any, charged by the project engineer or architect for determining such cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings.

The term "construction" as used in this section shall include new construction, reconstruction, renovation, restoration, major repair, demolition and all similar work upon buildings and ancillary facilities owned or to be acquired by the Commonwealth. It does not include buildings or other facilities ancillary to the use of state highways which are located within the right-of-way of any state highway, *or assets for use by the Virginia Port Authority within the boundaries of property owned or leased by the Virginia Port Authority.*

§ 11-35. Title; purpose; applicability.

A. This chapter may be cited as the Virginia Public Procurement Act.

B. The purpose of this chapter is to enunciate the public policies pertaining to governmental procurement from nongovernmental sources, to include governmental procurement which may or may not result in monetary consideration for either party. This chapter shall apply whether the consideration is monetary or nonmonetary and regardless of whether the public body, the contractor, or some third party is providing the consideration.

C. The provisions of this chapter, however, shall not apply, except as stipulated in the provisions of §§ 11-41.1, 11-49, 11-51, 11-54, 11-56 through 11-61 and 11-72 through 11-80, to any town with a population of less than 3,500 as determined by the last official United States census.

D. Except to the extent adopted by such governing body, the provisions of this chapter also shall not apply, except as stipulated in subsection E, to any county, city or town whose governing body adopts by ordinance or resolution alternative policies and procedures which are based on competitive principles and which are generally applicable to procurement of goods and services by such governing body and the agencies thereof. This exemption shall be applicable only so long as such policies and procedures, or other policies and procedures meeting the requirements of this section, remain in effect in such county, city or town. Such policies and standards may provide for incentive contracting which offers a contractor whose bid is accepted the opportunity to share in any cost savings realized by the locality when project costs are reduced by such contractor, without affecting project quality, during construction of the project. The fee, if any, charged by the project engineer or architect for determining such cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings.

Except to the extent adopted by such school board, the provisions of this chapter shall not apply, except as stipulated in subsection E, to any school division whose school board adopts by policy or regulation alternative policies and procedures which are based on competitive principles and which are generally applicable to procurement of goods and services by such school board. This exemption shall be applicable only so long as such policies and procedures, or other policies or procedures meeting the

requirements of this section, remain in effect in such school division. This provision shall not exempt any school division from any centralized purchasing ordinance duly adopted by a local governing body.

E. Notwithstanding the exemptions set forth in subsection D, the provisions of §§ 11-41 C, 11-41.1, 11-46 B, 11-49, 11-51, 11-54, 11-56 through 11-61 and 11-72 through 11-80 shall apply to all counties, cities and school divisions, and to all towns having a population greater than 3,500 in the Commonwealth. The method for procurement of professional services set forth in subdivision 3 a of § 11-37 in the definition of competitive negotiation shall also apply to all counties, cities and school divisions, and to all towns having a population greater than 3,500, where the cost of the professional service is expected to exceed \$20,000.

F. The provisions of this chapter shall not apply to those contracts entered into prior to January 1, 1983, which shall continue to be governed by the laws in effect at the time those contracts were executed.

G. To the end that public bodies in the Commonwealth obtain high quality goods and services at reasonable cost, that all procurement procedures be conducted in a fair and impartial manner with avoidance of any impropriety or appearance of impropriety, that all qualified vendors have access to public business and that no offeror be arbitrarily or capriciously excluded, it is the intent of the General Assembly that competition be sought to the maximum feasible degree, that individual public bodies enjoy broad flexibility in fashioning details of such competition, that the rules governing contract awards be made clear in advance of the competition, that specifications reflect the procurement needs of the purchasing body rather than being drawn to favor a particular vendor, and that purchaser and vendor freely exchange information concerning what is sought to be procured and what is offered.

H. Notwithstanding the foregoing provisions of this section, the selection of services by the Virginia Retirement System and the Board of the Virginia Higher Education Tuition Trust Fund related to the management, purchase or sale of authorized investments, including but not limited to actuarial services, shall be governed by the standards set forth in §§ 51.1-124.30 and 23-38.80, respectively, and shall not be subject to the provisions of this chapter.

I. The provisions of this chapter shall apply to procurement of any construction or planning and design services for construction by a Virginia not-for-profit corporation or organization not otherwise specifically exempted when the planning, design or construction is funded by state appropriations greater than \$10,000 unless the Virginia not-for-profit corporation or organization is obligated to conform to procurement procedures which are established by federal statutes or regulations, whether or not those federal procedures are in conformance with the provisions of this chapter.

J. The provisions of this chapter shall not apply to items purchased by public institutions of higher education for resale at retail bookstores and similar retail outlets operated by such institution. However, such purchase procedures shall provide for competition where practicable.

K. The provisions of this chapter shall not apply to the Virginia Port Authority in the exercise of any of its powers in accordance with Chapter 10 (§ 62.1-128 et seq.) of Title 62.1, provided the Authority implement, by policy or regulation adopted by the Board of Commissioners and approved by the Department of General Services, procedures to ensure fairness and competitiveness in the procurement of goods and services and in the administration of its capital outlay program. This exemption shall be applicable only so long as such policies and procedures meeting the requirements remain in effect.

§ 62.1-132.6. Powers not restrictive; exemption from Public Procurement Act.

The Authority shall have the power to perform any act or carry out any function not inconsistent with state law, whether included in the provisions of this chapter, which may be, or tend to be, useful in carrying out the provisions of this chapter. *The provisions of the Virginia Public Procurement Act (§ 11-35 et seq.) shall not apply to the Authority in the exercise of any of its powers in accordance with this chapter, provided the Authority implement, by policy or regulation adopted by the Board of Commissioners and approved by the Department of General Services, procedures to ensure fairness and competitiveness in the procurement of goods and services and in the administration of its capital outlay program. This exemption shall be applicable only so long as such policies and procedures meeting the requirements remain in effect.*
