Every health insurance issuer shall, as a condition of transacting business in Virginia with small employers, offer to small employers the essential and standard plans, subject to the provisions of § 38.2-3432.2. However, any regulation adopted by the Commission shall contain a provision requiring all health insurance issuers to offer an option permitting a small employer electing to be covered under either an essential or standard health benefit plan to choose coverage that does not provide dental benefits. A health insurance issuer shall submit all policy forms, including applications, enrollment forms, policies, subscription contracts, certificates, evidences of coverage, riders, amendments, endorsements and disclosure plans to the Commission for approval in the same manner as required by § 38.2-316. The premium for such riders shall be determined in the same manner as the premiums are determined for the essential and standard plans. The Commission at any time may, after providing notice and an opportunity for a hearing to a health insurance issuer, disapprove the continued use by the health insurance issuer of an essential or standard health benefit plan on the grounds that such plan does not meet the requirements of this article.

5. No health insurance issuer offering group health insurance coverage is required to offer coverage or accept applications pursuant to subdivisions 3 and 4 of this subsection:

a. From a small employer already covered under a health benefit plan except for coverage that is to commence on the group's anniversary date, but this subsection shall not be construed to prohibit a group from seeking coverage or a health insurance issuer offering group health insurance coverage from issuing coverage to a group prior to its anniversary date; or

b. If the Commission determines that acceptance of an application or applications would result in the health insurance issuer being declared an impaired insurer.

A health insurance issuer offering group health insurance coverage that does not offer coverage pursuant to subdivision 5 b may not offer coverage to small employers until the Commission determines that the health insurance issuer is no longer impaired.

6. Every health insurance issuer offering group health insurance coverage shall uniformly apply the provisions of subdivision C 5 of this section and shall fairly market the essential and standard health benefit plans to all small employers in their service area of the Commonwealth. A health insurance issuer offering group health insurance coverage that fails to fairly market as required by this subdivision may not offer coverage in the Commonwealth to new small employers until the later of 180 days after the unfair marketing has been identified and proven to the Commission or the date on which the health insurance issuer submits and the Commission approves a plan to fairly market to the health insurance issuer's service area.

7. No health maintenance organization is required to offer coverage or accept applications pursuant to subdivisions 3 and 4 of this subsection in the case of any of the following:

a. To small employers, where the policy would not be delivered or issued for delivery in the health maintenance organization's approved service areas;

b. To an employee, where the employee does not reside or work within the health maintenance organization's approved service areas;

c. To small employers if the health maintenance organization is a federally qualified health maintenance organization and it demonstrates to the satisfaction of the Commission that the federally qualified health maintenance organization is prevented from doing so by federal requirement; however, any such exemption under this subdivision would be limited to the essential plan; or

d. Within an area where the health maintenance organization demonstrates to the satisfaction of the Commission, that it will not have the capacity within that area and its network of providers to deliver services adequately to the enrollees of those groups because of its obligations to existing group contract holders and enrollees. A health maintenance organization that does not offer coverage pursuant to this subdivision may not offer coverage in the applicable area to new employer groups with more than fifty eligible employees until the later of 180 days after closure to new applications or the date on which the health maintenance organization notifies the Commission that it has regained capacity to deliver services to small employers. In the case of a health maintenance organization doing business in the small employer market in one service area of this Commonwealth, the rules set forth in this subdivision shall apply to the health maintenance organization's operations in the service area, unless the provisions of subdivision 6 of this subsection apply.

8. In order to ensure the broadest availability of health benefit plans to small employers, the Commission shall set market conduct and other requirements for health insurance issuers, agents and third-party administrators, including requirements relating to the following:

a. Registration by each health insurance issuer offering group health insurance coverage with the Commission of its intention to offer health insurance coverage in the small group market under this article;

b. Publication by the Commission of a list of all health insurance issuers who offer coverage in the small group market, including a potential requirement applicable to agents, third-party administrators, and health insurance issuers that no health benefit plan may be sold to a small employer by a health insurance issuer not so identified as a health insurance issuer in the small group market;

c. The availability of a broadly publicized toll-free telephone number for the Commission's Bureau of Insurance for access by small employers to information concerning this article;

d. To the extent deemed to be necessary to ensure the fair distribution of small employers among carriers, periodic reports by health insurance issuers about plans issued to small employers; provided that reporting requirements shall be limited to information concerning case characteristics and numbers of health benefit plans in various categories marketed or issued to small employers. Health insurance issuers shall maintain data relating to the essential and standard benefit plans separate from data relating to additional benefits made available by rider for the purpose of complying with the reporting requirements of this section; and

e. Methods concerning periodic demonstration by health insurance issuers offering group health insurance coverage that they are marketing and issuing health benefit plans to small employers in fulfillment of the purposes of this article.

9. All essential and standard health benefits plans contracts delivered, issued for delivery, reissued, renewed, or extended in this Commonwealth on or after July 1, 1997, shall include coverage for 365 days of inpatient hospitalization for each covered individual during a twelve-month period. If coverage under the essential or standard health benefits plan terminates while a covered person is hospitalized, the inpatient hospital benefits shall continue to be provided until the earliest of (i) the day the maximum amount of benefit has been provided or (ii) the day the covered person is no longer hospitalized as an inpatient.

~~2.~~ *3.* Such exclusion extends for a period of not more than twelve months (or ~~eighteen~~ *twelve* months in the case of a late enrollee) after the enrollment date; and

D. For purposes of subdivision B 4 and subsection C, any period that an individual is in a waiting period for any coverage under a group health plan (or for group health insurance coverage) or is in an affiliation period shall not be taken into account in determining the continuous period under subsection C.

In the case of an election with respect to a group plan under subdivision 2 of this subsection (whether or not health insurance coverage is provided in connection with such plan), the plan shall: (i) prominently state in any disclosure statements concerning the plan, and state to each enrollee at the time of enrollment under the plan, that the plan has made such election, and (ii) include in such statements a description of the effect of this election; and

4. In the case of an election under subdivision 2 of this subsection with respect to health insurance coverage offered by a health insurance issuer in the small or large group market, the health insurance issuer shall: (i) prominently state in any disclosure statements concerning the coverage, and to each employer at the time of the offer or sale of the coverage, that the health insurance issuer has made such election; and (ii) include in such statements a description of the effect of such election.

F. Periods of creditable coverage with respect to an individual shall be established through presentation of certifications described in subsection G or in such other manner as may be specified in federal regulations.

G. A health insurance issuer offering group health insurance coverage, shall provide for certification of the period of creditable coverage:

1. At the time an individual ceases to be covered under the plan or otherwise becomes covered under a COBRA continuation provision;

2. In the case of an individual becoming covered under a COBRA continuation provision, at the time the individual ceases to be covered under such provision; and

3. At the request, or on behalf of, an individual made not later than twenty-four months after the date of cessation of the coverage described in subdivision 1 or 2 of this subsection, whichever is later. The certification under subdivision 1 of this subsection may be provided, to the extent practicable, at a

time consistent with notices required under any applicable COBRA continuation provision.

H. To the extent that medical care under a group health plan consists of group health insurance coverage, the plan is deemed to have satisfied the certification requirement under this section if the health insurance issuer offering the coverage provides for such certification in accordance with this section.

I. In the case of an election described in subdivision E 2 by a health insurance issuer, if the health insurance issuer enrolls an individual for coverage under the plan and the individual provides a certification of coverage of the individual under subsection F:

1. Upon request of such health insurance issuer, the entity which issued the certification provided by the individual shall promptly disclose to such requesting group insurance issuer information on coverage of classes and categories of health benefits available under such entity's plan or coverage; and

2. Such entity may charge the requesting health insurance issuer for the reasonable cost of disclosing such information.

J. A health insurance issuer offering group health insurance coverage, shall permit an employee who is eligible, but not enrolled, for coverage under the terms of the plan (or a dependent of such an employee if the dependent is eligible, but not enrolled, for coverage under such terms) to enroll for coverage under the terms of the plan if each of the following conditions is met:

1. The employee or dependent was covered under a group health plan or had health insurance coverage at the time coverage was previously offered to the employee or dependent;

2. The employee stated in writing at such time that coverage under a group health plan or health insurance coverage was the reason for declining enrollment, but only if the plan sponsor or health insurance issuer (if applicable) required such a statement at such time and provided the employee with notice of such requirement (and the consequences of such requirement) at such time;

3. The employee's or dependent's coverage described in subdivision 1 of this subsection: (i) was under a COBRA continuation provision and the coverage under such provision was exhausted; or (ii) was not under such a provision and either the coverage was terminated as a result of loss of eligibility for the coverage (including as a result of legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment) or employer contributions towards such coverage were terminated; and

4. Under the terms of the plan, the employee requests such enrollment not later than thirty days after the date of exhaustion of coverage described in subdivision 3 (i) of this subsection or termination of coverage or employer contribution described in subdivision 3 (ii) of this subsection.

K. If: (i) a health insurance issuer makes coverage available with respect to a dependent of an individual; (ii) the individual is a participant under the plan (or has met any waiting period applicable to becoming a participant under the plan and is eligible to be enrolled under the plan but for a failure to enroll during a previous enrollment period); and (iii) a person becomes such a dependent of the individual through marriage, birth, or adoption or placement for adoption, the health insurance issuer shall provide for a dependent special enrollment period described in subsection L of this subsection during which the person (or, if not otherwise enrolled, the individual) may also be enrolled under the plan as a dependent of the individual, and in the case of the birth or adoption of a child, the spouse of the individual may also be enrolled as a dependent of the individual if such spouse is otherwise eligible for coverage.

L. A dependent special enrollment period under this subsection shall be a period of not less than thirty days and shall begin on the later of:

1. The date dependent coverage is made available; or

2. The date of the marriage, birth, or adoption or placement for adoption (as the case may be) described in subsection K.

M. If an individual seeks to enroll a dependent during the first thirty days of such a dependent special enrollment period, the coverage of the dependent shall become effective:

1. In the case of marriage, not later than the first day of the first month beginning after the date the completed request for enrollment is received;

2. In the case of a dependent's birth, as of the date of such birth; or

3. In the case of a dependent's adoption or placement for adoption, the date of such adoption or placement for adoption.

N. A late enrollee may be excluded from coverage for up to eighteen months or may have a preexisting condition limitation apply for up to eighteen months; however, in no case shall a late enrollee be excluded from some or all coverage for more than eighteen months. An eligible employee or dependent shall not be considered a late enrollee if all of the conditions set forth below in subdivisions 1 through 4 are met or one of the conditions set forth below in subdivision 5 or 6 is met:

1. The individual was covered under a public or private health benefit plan at the time the individual was eligible to enroll.

2. The individual certified at the time of initial enrollment that coverage under another health benefit plan was the reason for declining enrollment.

4. The individual requests enrollment within thirty days after termination of coverage provided under a public or private health benefit plan.

5. The individual is employed by a small employer that offers multiple health benefit plans and the individual elects a different plan offered by that small employer during an open enrollment period.

6. A court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan, the minor is eligible for coverage and is a dependent, and the request for enrollment is made within thirty days after issuance of such court order.

However, such individual may be considered a late enrollee for benefit riders or enhanced coverage levels not covered under the enrollee's prior plan.

§ 38.2-3514.1. Preexisting conditions provisions.

A. In determining whether a preexisting conditions provision applies to an insured, all coverage shall credit the time the person was covered under previous individual or group policies providing hospital, medical and surgical or major medical coverage on an expense incurred basis if the previous coverage was continuous to a date not more than thirty days prior to the effective date of the new coverage, exclusive of any applicable waiting period under such coverage.

B. As used herein, a "preexisting conditions provision" means a policy provision that limits, denies, or excludes coverage for charges or expenses incurred during a twelve-month period following the insured's effective date of coverage, for a condition that, during a twelve-month period immediately preceding the effective date of coverage, had manifested itself in such a manner as would cause an ordinarily prudent person to seek diagnosis, care, or treatment, or for which medical advice, diagnosis, care, or treatment was recommended or received within twelve months immediately preceding the effective date of coverage or as to pregnancy existing on the effective date of coverage.
