AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the House Committee on Conservation and Natural Resources on February 5, 1999)

(Patron Prior to Substitute—Delegate Morgan)

A BILL to amend and reenact § 10.1-1455 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 10.1-1408.3, relating to solid waste management and enforcement; penalties.

Be it enacted by the General Assembly of Virginia:

1. That § 10.1-1455 the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 10.1-1408.3 as follows:

§ 10.1-1408.3. Special provisions regarding wetlands.

A. The Director shall not issue any solid waste permit for a new municipal solid waste landfill or the expansion of a municipal solid waste landfill that would be sited in a location which would qualify as a resource protection area under regulations developed by the Chesapeake Bay Local Assistance Board, whether or not the area is in "Tidewater Virginia" as defined in § 10.1-2101.

B. Ground water monitoring shall be conducted at least quarterly by the owner or operator of any existing solid waste management landfill, accepting municipal solid waste, that was constructed on a wetland, has a potential hydrologic connection to such a wetland in the event of an escape of liquids from the facility, or is within a mile of such a wetland. This provision shall not limit the authority of the Board or the Director to require that monitoring be conducted more frequently than quarterly. If the landfill is one that accepts only ash, ground water monitoring shall be conducted semiannually, unless more frequent monitoring is required by the Board or the Director. All results shall be reported to the Department of Environmental Quality.

C. This section shall not apply to landfills which impact less than 1.25 acres of nontidal wetlands.

D. For purposes of this section, "wetland" means any tidal wetland or nontidal wetland contiguous to any tidal wetland or surface water body.

§ 10.1-1455. Penalties and enforcement.

A. Any person who violates any provision of this chapter, any condition of a permit or certification, or any regulation or order of the Board shall, upon such finding by an appropriate circuit court, be assessed a civil penalty of not more than \$25,000 for each day of such violation. All civil penalties under this section shall be recovered in a civil action brought by the Attorney General in the name of the Commonwealth. Such civil penalties shall be paid into the state treasury and deposited by the State Treasurer into the Virginia Environmental Emergency Response Fund pursuant to Chapter 25 (§ 10.1-2500 et seq.) of this title.

B. In addition to the penalties provided above, any person who knowingly transports any hazardous waste to an unpermitted facility; who knowingly transports, treats, stores, or disposes of hazardous waste without a permit or in violation of a permit; or who knowingly makes any false statement or representation in any application, disclosure statement, label, manifest, record, report, permit, or other document filed, maintained, or used for purposes of hazardous waste program compliance shall be guilty of a felony punishable by a term of imprisonment of not less than one year nor more than five years and a fine of not more than \$25,000 for each violation, either or both. The provisions of this subsection shall be deemed to constitute a lesser included offense of the violation set forth under subsection H.

Each day of violation of each requirement shall constitute a separate offense.

C. The Board is authorized to issue orders to require any person to comply with the provisions of any law administered by the Board, the Director or the Department, any condition of a permit or certification, or any regulations promulgated by the Board or to comply with any case decision, as defined in § 9-6.14:4, of the Board or Director. Any such order shall be issued only after a hearing with at least thirty days' notice to the affected person of the time, place and purpose thereof. Such order shall become effective not less than fifteen days after mailing a copy thereof by certified mail to the last known address of such person. The provisions of this section shall not affect the authority of the Board to issue separate orders and regulations to meet any emergency as provided in § 10.1-1402.

D. Any person willfully violating or refusing, failing or neglecting to comply with any regulation or order of the Board or the Director, any condition of a permit or certification or any provision of this chapter shall be guilty of a Class 1 misdemeanor unless a different penalty is specified.

Any person violating or failing, neglecting, or refusing to obey any lawful regulation or order of the Board or the Director, any condition of a permit or certification or any provision of this chapter may be compelled in a proceeding instituted in an appropriate court by the Board or the Director to obey such regulation, permit, certification, order or provision of this chapter and to comply therewith by injunction,
